field Township.

His House. Twenty-One Ladies Thrown from the Wagon but Not Seriously Injured

Mr. John Fiegel, a highly respected farmer of Pittsfield, was killed last evening by a very sad and unexpected acciddent. The ladies of Zion church, of this city, had been holding their regular weekly social at his house. When the ladies were ready to return home at about half past five o'clock, Mr. Fiegel appeared with his team to take them as far as the motor line. He had a hay-rack on the wagon with seats along the sides and twenty-one ladies and two children were loaded in the wagon. Mr. Fiegel then got up on the front seat. One of the lines either dropped or lay on the whiffletree and Mr. Fiegel did so, the cushion on which he was seated slipped and he fell, striking country has lost the services of Judge his neck. One of the horses kicked him, nearly severing the right ear. The horses then turned around and started to run, bringing up between the barn and fence. Most of the ladies were thrown out. Some fell beneath the wagon. One lady was thrown over a high board fence. Mrs. Fred Schlanderer fell under the horses heels, out of the front tee. end of the wagon, but escaped injury; Mrs. Ludwig Walz was bruised about the shoulder and wrist. No one was seriously injured, though several fainted.

Mr. Fiegel has twice been elected treasurer of Pittsfield township on the democratic ticket and was treasurer at the time of his death. His popularity among his neighbors in this strong republican town is thus strongly attested. He leaves a wife get along till there was more money and seven children, the oldest daughter having been married but three weeks. The funeral will be held Sunday.

The blow fell so suddenly that the wife could hardly believe her husband dead, and the scene was a most pitiful one.

Death of Astronomer Brunnow.

condition this year than before. Gov ernor Winans and Thomas W. Palmer, president of the World's Fair Commission, will be among the speakers on Sad Accident to Treasurer John Fiegel of Pitts- Thursday, and on that day, also, the Ann Arbor Light Infantry will give an exhibition drill. The Superior grange band has been engaged to furnish music three days of the fair. A pond is now being excavated for an exhibition of fish. There are very many other attractions besides the fine display of stock, grains, fruits, vegetables, etc., which the best farmers of the county can raise. A fare of one and one-third for the round trip has been given by the Michigan Central and the Toledo, Ann Arbor & Northern roads. The entries in the live stock department close September 22.

A Warm Meeting.

The council meeting Monday night was more than usually warm. The full proceedings are found in four pages in this issue. The first excitement was created by a motion to take the sewerage report from the table. A discussion ensued between Alds. Martin and Herz on the second wards support of sewerage, Ald. Herz claiming that his constituents didn't want it. After others had spoken Ald. Herz spoke of the bringing the matter up when three members were away, as a nice little trick. Ald. Kitson asked Ald. Herz to name the three absent members. Two only were actually absent but the alderman very cleverly got out of it by naming the two and exclaiming "And I counted you in, Ald. Kitson, because you promised to vote with us and didn't do it." Ald. Wines, Martin and others repudiated the suggestion of any trickery in bringing the matter up. It was finally decided to print the report of the sewer commit-

The next subject for excitement was the disposition of the mayor's vetoes. A determined effort was made to pass the appropriation for the map over the mayor's veto. The talking was nearly all on the side of the map. Ald. Wines spoke three times aggregating twenty minutes. Ald. Martin thought the lowest bid hadn't been accepted. Ald. O'Hearn thought they had got along so far without a map and could in the treasury. Ald. Wines, Hall and Pres. Cooley argued the necessity and utility of the map and came within one vote of passing it over the veto. The other vetoes were nearly unanimously sustained-

ARSENIC AND AMMONIA.

Remarkable Contrast in the Effect of Two Poisons on the Complexion.

The slow absorption of many poisons changes in some more or less modified form the complexion, but arsenic and ammonia show their effect 1854 to 1863 in the University of Michabout as quickly as any. The popular gan, and afterwards in the Dublin belief that arsenic clears the comcannot identify the straw, even.

COMMUNICATIONS FROM THE MAYOR. CITY OF ANN ARBOR, MAYOR'S OFFICE. August 19, 1891.

To the Honorable, the Common Council: I herewith return to you, with my disapproval, so much of the record of your proceedings at your last stated meeting as relates to the purchase of a map for the walls of the Council Room at an expense of

one hundred and sixty dollars. The contingent fund, out of which this expense must be borne, is althis expense must be borne, is already overdrawn and I respectfully ask your honorable body to forego your personal convenience in this matter until such time as the city's financial condition will warrant so large an outlay for objects which are undoubtedly artistic, but whose utility is not always measured by the cost of their production.

Respectfully,

WM. G. Doty, Mayor.

Ald Vitage word that the agent of the Common Council and City officers thereunder is respectfully submitted to your honorable body with the recommendation that the aldermen individually and the Council as a body take such proper proceedings in the premises as are required by law.

WILLIAM G. Doty, Mayor.

Respectfully, Wm. G. Doty, Mayor. Ald. Kitson moved that the communication be laid on the table, to be taken up later in the evening, which motion prevailed.

CITY OF ANN ARBOR, MAYOR'S OFFICE, August 19, 1891. To the Honorable, the Common Council:

"By Ald. Wines.—Resolved, that the sum of three hundred and fifty dollars be and the same is hereby appropriated from the street fund for coping on South University ave-

While I am of the opinion from personal inspection that the expenditure of this sum of money would materially add to the attractiveness of that beautiful avenue, I am yet reminded that the condition of the city's funds, as shown by the last report of the Treasurer, is not such

In this connection I take the liberty to quote from the Report of your Committee on Streets, made to your honorable body at your meeting August 3rd inst. and adopted by you the same evening:
"The coping on South University

avenue is a matter which may be deferred until next year to advan-

I am convinced that your Street Committee gave the subject their careful attention and that their expert opinion is worthy of your thoughtful consideration.

A perusal of your late proceedings discloses the fact that your honorable body reconsidered the vote by which the said Committee A perusal of your late proceed-

erate judgment would, again, have been adverse to the appropriation.

Respectfully,

WM. G. DOTY, Mayor. Ald. Hall moved that the communication be layed on the table, to be may do now what the law made it taken up later in the evening, which their duty to do at another time.

stated meeting, as relates to your action in regard to culverts on Hill the money on the then next city roll.

Street Fifth street and Felch street Many of the cities and probably all street, Fifth street, and Felch street in said city.

Street Committee made to your required for this particular fund was honorable body August 3, inst., and thus required to be on file in time to be made a part of the regular city to be made a part of the regular city to be made a part of the regular city to be made a part of the regular city to be made a part of the regular city to be made as part of the regular city adopted by you the same evening, levy discloses the following statement in regard to these culverts:

"In regard to the culverts, we think that inasmuch as the streets therefore of the opinion that if the esare little frequented and a small outlay for planks and timbers would put them (the culverts) in as good a regular city tax levy, put them (the culverts) in as good a regular and the tax for this particular regular regular

proceedings any reversal of your deliberate, legislative judgment of August 3, the vote by which that report was adopted having only been reconsidered and not the report itself. To my mind the record does self. To my mind the record does not show even a substantial com- mitted. pliance with the provisions of Section 137 of the Charter in regard to public improvements and the expen-

diture of money therefor.

In view of the large overdraf upon the street fund, now amounting to over \$5,000.00 (a pleasant To the Common Council: fiction for a debt of that amount in

ANN ARBOR, MICH., Aug. 29, 1891.

Hon. Ezra B. Norris, City Attorney: Sir: Certain warrants upon the Soldiers Relief Fund in the city treasury, having been presented to me for my countersignature, and I being of the opinion that the provisions of the statute (Act 193 Laws of 1889) have not the provision and the statute (Act 193 Laws of 1889) have not to To the Honorable, the Common Council:

GENTLEMEN:—I herewith return to you with my disapproval so much of the record of your action at your last stated meeting as relates to the following resolution:

"By Ald. Wines.—Resolved, that the sum of three hundred and fifty dollars be and the same is hereby."

Statute (Act 193 Laws of 1889) have not been sufficiently observed as yet to authorize the legal issuance of such warrants, I respectfully refer said act to your notice and ask your official opinion as the city Counseller as to the duty of the Common Council and the city officers in the premises.

Respectfully,

WM. G. Doty, Mayor.

CITY ATTORNEYS OFFICE, ANN ARBOR, Sept. 5, 1891. Hon. Wm. G. Doty, Mayor:

DEAR SIR: Your note of Aug. 29th, calling my attention to act No, 193, Session Laws of 1889, relating to the relief of honorably discharged and indigent Union soldiers, sailors and marines outside of the Soldiers Home, and requesting a short statement of the manner of its execution has been duly considered.

duly considered.
Section 3 of said act requires that during the month of May the aldermen of each ward shall make a list of public money during the remainder of the fiscal year for objects which are more largely ornamental than necessary. who shall meet with the Soldiers Relief Commission of the county, and together certify such list to the Common Council, along with their estimate of the money required for such fund during the year. That thereafter the Commission and Council are required to meet and jointly determine from such certified list who are entitled to relief and fix the amount per month. After such determination it is a duty of the Council to certify to the list and of the Council to certify to the list so determined to the City Clerk, who is then and only then authorized to draw his warrant on the Relief fund in favor of the persons named in such certificate and for the particular sum stated therein.

There is also a provision in the statute for emergency relief so called, which is not important in this con-

report had been adopted, but I find no record of the reconsideration of the report itself.

Had such action been had, I am confident that your wise and deliberate independent would again be reate independent would again be restered. your communication.

This state of facts raises the single question, can the aldermen, Commission and Council now authorize relief, they having neglected to make the list during the month of May as required by law? I do not doubt but that they

motion prevailed.

CITY OF ANN ARBOR, MAYOR'S OFFICE, August 19, 1891.

To the Honorable, the Common Council:

GENTLEMEN:—I herewith return to you with my disapproval so much of the record of the proceedings of your honorable body, at your last stated meeting, as relates to your action in regard to culverts on Hill the money on the law made it their duty to do at another time.

There can be no question but that in so far as to the money which is now in the fund it could be lawfully paid out of a list made at this late day. It could be of no importance when the list was in fact made; the only important thing in this connection being that it be made by the proper officers.

The reason for requiring the list to be made in the month of May was doubtless for the purpose of collecting.

villages of the state collect their city Reference to the report of your tax during the summer months and the estimate of the amount of money made a part of the regular city tax

The city of Ann Arbor, as you are advised, collects its city tax at the same time and on the same roll with the state and county taxes. I am condition as new, it is not advisable at this time to undertake the construction of entirely new culverts."

The Certification will be in all things regular and the tax for this particular fund a legal one. I am also of the opinion that the various officers and boards charged with the execution of I fail to find in the record of your said Act may now lawfully proceed to

All of which is respectfully sub-

WATER.

The petition for a fire hydrant on Brooks street, third ward, was denied for the reason that all property was fully protected.

The Committee on Water recommended that the six-inch water main fourth ward, and a fire hydrant placed at the north end of each extension above named.

UNFINISHED BUSINESS.

Ald. Martin moved that the report of the Sewerage Committee be now taken from the table, which motion prevailed by a yea and nay vote as

Yeas-Ald. Mann, Wines, Martin, Taylor, Hall, Kitson and Pres. Cooley Nays-Ald. Herz, Allmendinger,

Fillmore, O'Hearn-4.

By Alderman Martin:

Resolved, That the report of the Sewerage Committee be received and spread on the record.

Yeas-Ald. Mann, Wines, Martin, Allmendinger, Fillmore, O'Hearn, Taylor, Hall, Kitson, Pres. Cooley-10. Nays-None.

The report of the Committee is as

To the Common Council of the City of Ann

Your committee on sewerage appointed to act jointly with the Board of Public Works and a committee of five from the Business Men's Association, would respectfully submit that they have had the subject under consideration and hereby present the following report:

are early convinced that the report submitted to the Common Council in March 1890, by Prof. Charles E. Greene, was the only system of sewerage to adopt in this city, and in view of the fact that he then made a thorough study of the subject in connection with a proper survey of the city, we did not deem it necessary that the same preliminary work should be done over again, and accordingly resubmit his report to this council as a part of our own report. We therefore attach his original report and sewerage map to this report.

original report and sewerage map to this report.

Your committee wishes to call special attention to several parts of Prof. Greene's report, as well as to some of the matter contained in the report of the committee on sewerage made to the council March 17, 1891, when Prof. Greene's report was made.

In view of the improved methods of caring for sewage in towns of moderate population it is clear that a large amount of money is not needed either in laying the main sewer or in the construction of the laterals. As an illustration we wish to quote the cost of the sewers in the city of Schenectady, New York, a place whose population in 1880 was 15,320.

will have an opportunity of earning many times the amount of his increase of taxes due to a main sewer.

That it is necessary to tax this City anywhere from one hundred thousand to two hundred thousand dollars, with which to build sewers, is in our judgment without foundation, and the continued prevalence of the idea as opposed to the judgment of Prof. Greene, one of the foremost engineers in this country, seems unwarrantable and calculated to put in jeopardy the good health and deservedly enviable reputation of our city.

"Your Committee is of the opinion that the yearly cost of building vaults and cesspools in this city and of keeping the same in proper condition will range in amount from \$5,000 to \$10,000. While this work is of but temporary value, its cost would in three, or at most four years time pay the entire expense of the main sewer, which the city must build." It is well known that Ann Arbor is this year building between 200 and 300 new houses. Taking the lowest estimate, 200 houses, one can easily determine the minimum expense of building vaults and cesspools during the present season.

THE SONG OF THE "No. 9."

My dress is of fine polished oak, As rich as the finest fur cloak. And for handsome design You just should see mine No. 9, No. 9.

I'm beloved by the poor and the rich, For both I impartially stitch; In the mansion I'm fine-

No. 9, No. 9.

I never get surly nor tired, With zeal I always am fired; To hard work I incline,

I am easily purchased by all, With instalments that monthly do fall;

To the Paris Exposition I went, Upon getting the Grand Prize intent:

The Grand Prize was mine-No. 9, No. 9.

At the Universal Exposition of 1889, at Paris, France, the best sewing machines of the world, including those of America, were in competition. They were passed upon by a jury composed of the best foreign mechanical experts, two of whom were the leading sewing machine manufacturers of France. This jury, after exhaustive examination and tests, adjudged that the Wheeler & Wilson machines were the best of all, and awarded that company the highest prize offered—the GRAND PRIZE—giving other companies only gold, silver and bronze medals.

The French government, as a further recognition of superiority, decorated Mr. Nathaniel Wheeler, president of the company, with the Cross of the Legion of Honor—the most prized honor of France.

The No. 9, for family use, and the No. 12, for

Cross of the Legion honor of France.

The No. 9, for family use, and the No. 12, for manufacturing uses, are the best in the world

manufacturing uses, are the best in to-day.

And now, when you want a sewing machine, if you do not get the best it will be your own fault.

Ask your sewing machine dealer for the No. 9 Wheeler & Wilson machine. If he doesn't keep them, write to us for descriptive catalogue and terms. Agents wanted in all unoccupied territory.

OFFICIAL PAPER OF THE CITY.

Entered at the Post-Office, in Ann Arbor, Mich. as second-class matter.

FRIDAY, SEPTEMBER 11, 1891.

THE Courier acknowledges that a sound currency and honest money is not purely a Republican idea. And nobody ever dreamed that it

this week published a cock and bull story about dissensions in the Democratic party in this county. Washtenaw will show up as usual with a heavy Democratic majority as the parties to the gauzy dissension story will testify when asked. If the Republicans have nothing more to console themselves with than Democratic dissensions in Washtenaw, they must be in a very bad shape in-

THE SEWERAGE REPORT. The report of the council committee on sewerage, found on another page of this paper, is a wellwritten paper. Its one weak spot can very quickly be pointed out. L. E. Cooley, chief engineer of the sanitary district of Chicago, and a very competent authority, makes an mill having 50 feet horse power with 11 feet head and the Superior mills, seventy-five horse power with 16 feet head, that the water would carry off the sewerage of a population of the owner of the dogs. 16,000. Evidently Mr. Cooley was not informed that on Sundays Swift's mill is closed down and on many other occasions during the dry season, during which the water is collected in the dam. On such occasions the water which would carry off the sewerage for only 16, ooo people when allowed to pass through the race, would be clearly inadequate. Then again, the bed for a river of ten times its size. The wider the bed of the river, the less depth of water and the less capacity for carrying off the large quantities of sewerage, for as Prof. Greene in his report says, "the transporting as well as its velocity." In dry Leader. weather there are places below the to take up the bed of a trickling stream on the comparatively flat bottom of the large sewer, accumulate by reason of the sluggishness of the flow, and decomposition would set in and continue until a shower of rain should flush the quired a couple of stitches. Dr. sewer." This is the argument against using the Huron. The water chester Enterprise. is shallow. Stones rise above the which grow higher than the water. This certainly would retard the sewage. These are factors evidently not taken into consideration in the computations, and destroy the entire value of them. For, if the premises are wrong, the entire argument is invalid.

GOOD LUCK.

Dr. Price's Cream Baking Powder is often called the Good-Luck Baking Powder.

Owing to the fact that good luck always attends the use of Dr. Price's, it is not essential to use it the moment it is mixed nor is it required to have the oven always just so, as in the case with ammonia or alum powders. It is not luck after all, but the exact accuracy and care exercised in the preparation and combination of all the ingredients of Dr. Price's Cream Baking Powder. Competent chemists are employed to test the strength and purity of each ingredient. Nothing is trusted to chance. Hence; it is always uniform in its work.

House wives never fail to have "good luck" in making most delicious bread, biscuit, pastry and cakes that remain moist and sweet. Only Baking Powder that contains the white of eggs.

Dr. Price's Cream Baking Powder is reported by all authorities as free from Ammonia, Alum, or any other adulterant. In fact, the purity of this ideal powder has never been ques-

SYRUPOFIGS

STRUPOFIGS

SPRUPOFIGS

SPRUPO

The amount of sewage derived from the drainage of houses, public institutions and manufacturing establishments may be approximately taken as equal to the water supply, at that season of the year when water is not used for streets and lawn sprinkling. At present, for Ann Arbor, that amount may be put at from 500,000 to 750,000 gallons daily. The maximum flow is in the morning, and allowance for such flow is to be made in proportioning the sewers. Future growth of population and extensions of the system must also be provided of the system must also be provided for, and such provision I have en-

to some other place for purposes ing to some other place for purposes of irrigation or otherwise, the sewage must first be collected, and such bringing of it together will be accomplished at the lower levels of the city. Hence the system of pipes laid down on the accompanying map will be necessary, either as a whole or for the main part, whatever disposition is made of the sewage.

sewage. In any case except that of direct dis-In any case except that of direct discharge into the Huron river, the storm water should be excluded, or should be diverted at proper points by storm water overflows or wasteways, to obviate the necessity of, at times, dealing with such a large volume of water. If it becomes necessary to pump the sewage to some other place, for disposal by irrigation or filtration, it is enough of a task to pump an amount equal to the water supply; for that work alone an outfit nearly if not quite equal to that employed by the water works would be required and an annual expense for pumping and management which would probably amount to \$2,500 or \$3,000.

No sewage farm that I am aware of has proved a pecuniary success, although promising crops may have been raised, but only an annual expense. From 40 to 80 acres of sandy land, susceptible of drainage, would be required for irrigation. Where filtration, irrigation or chemical precipitation must be resorted to, no adequate return can be counted on from crops or from the sale of sludge and crops or from the sale of sludge and such products, but an annual outgo for maintenance and running expenses may be confidently expected.

We come, then, to the consideration of the direct discharge of the sale of sludge and such products of the sale of sludge and such products of the sale of sludge and such products of the sale of sludge and such products, but an annual outgo for maintenance and running expenses.

penses may be confidently expected.

We come, then, to the consideration of the direct discharge of the sewage into the river. Sewage from the mouth of a sewer properly built, which conveys the flow through the city with reasonable velocity, so that, from the remotest part, the sewage passes to the outfall before putrifaction sets in, is not offensive to the senses, looks much like moderately dirty washing-water, and is diluted with the contents of the fulsh tanks, and such ground water as leaks in at the slight imperfections in the many joints. The household wastes ought to flow at least one and one-half miles per hour, and will soon reach the river. Observers and inspectors of well constructed sewers, workmen in manholes and at the outfall, all experience no inconvenience and notice very little odor. My experience as a city engineer and my inspection of work in other cities, enables me to speak from positive knowledge on this point.

The contemplated outfall, is 22 inch-

about 0.85 of the diameter. The outfall sewer below the city can run full without harm.

A system of sewers branches and tapers like the trunk and limbs of a tree. The main or trunk sewer may empty, 1st, at the first railroad bridge below the city; 2d, at the highway bridge at the east end of Wall street; or, 3d, opposite the slaughter-houses near the foot of Thirteenth street, where the university sewer now discharges. It passes by the side of the Michigan Central railroad, crosses under the railroad at Fifth street to Summit street, and thence west to Allen's creek, up which it runs, partly through streets and partly through private property, to Madison street. Whether it is better to go through private property as shown on the plan (although only indicated approximately as to location), or to excavate to the depth required in certain streets, as at the lower end of Main and in First street is a question of cost. Its proposed sizes and lengths are as follows: From the outfall at the railroad bridge, to Main st., at cost. Its proposed sizes and lengths are as follows: From the outfall at the railroad bridge, to Main st., at corner of Summit, 22 inches, length, 6,200 feet; from Summit st. up Allen's creek to Catharine, 18 inches, 2,300 feet; from Catharine to foot of William st., 15 inches, 2,200 feet; from William st. to Hill st. at crossing of creek, 12 inches, 3,500 feet; from Hill street to Grove st., 10 inches, 700 feet.

for, and such provision I have endeavored to keep in view. The calculations have been based upon 15 persons per 100 feet of sewer, or five persons to a house on each lot of 66 feet, through the outlying residence portion of the city, and double that number in the central part, with an allowance equivalent to some 60 persons per 100 feet in business streets. The quantity of sewage calculated for is 75 gallons per capita, average daily flow, and a maximum discharge at times at the rate of 150 gallons.

Whatever the plan finally adopted for the disposal of sewage, whether by immediate discharge into the river, or by filtration or by chemical precipitation, after which the effluent finds its way to the same channel, or by pumping to some other place for purposes mit of imspection and removal of accidental obstructions. At each dead-end or upper terminus of lateral sew-ers where the grade is moderate, auto-matic flush-tanks will be provided supplied from the city water pipes, and

matic flush-tanks will be provided supplied from the city water pipes, and discharging rapidly as a flush from 125 to 150 gallons of water, once or twice in twenty-four hours, to thoroughly flush the laterals. All of the pipes except those of the main sewer above mentioned will be eight inches and six inches in diameter.

The cost of the sewers, exclusive of lower portion of the main or trunk sewer, including everything complete, may be put at from \$1.00 to \$1.20 per linear foot, or \$6.000 per mile. The city engineer of Kalamazoo reports for the year 1887, 7,129 1-2 feet of laterals, six and eight inches in diameter; cost, \$5,851.49; average cut 8.56 feet, and average cost per foot, eighty-three cents. The average cost is considerably in excess of that for several years previous. This is due chiefly to the more than ordinarily difficult trenching, a considerable advance in cost of sewer-pipe, and less competition on the part of bidders. The total extent of the separate sewerage systems was then twelve miles built at a total cost of \$69,256.13, and an average cost of \$1.09 per ft. Total cost of annual maintenance, with semi-weekly inspection, \$204.97. The main sewers have never been cleaned except by regular flushing, The main sewers have never been cleaned except by regular flushing, and the pipe upon examination has been found in perfect order. If any one desires to estimate in detail, sewer one desires to estimate in detail, sewer pipe may be figured at the following prices per foot: 6 inch, 15 cents; 8 inch, 25 cents; 10 inch, 35 cents; 12 inch, 50 cents; 15 inch, 65 cents; 18 inch, 85 cents; 20 inch, \$1.10; 22 inch, \$1.35; 24 inch, \$1.60. Cement, gasket and laying at from four to 12 cents. Excavation and re-filling for six inch pipe, seven feet deep, 35 cents; 12 to 15 feet deep, \$1.05; 12 inch pipe, 7 feet deep, 70 cents; 12 to 15 feet deep, \$1.50. Manholes, \$35.00 each. Flush-tanks, \$50.00 each.

00 each.

The trunk sewer at lower end, as far such ground water as leaks in at the slight imperfections in the many joints. The household wastes ought to flow at least one and one-half miles per hour, and will soon reach the river. Observers and inspectors of well constructed sewers, workmen in manholes and at the outfall, all experience no inconvenience and notice very little odor. My experience as a city engineer and my inspection of work in other cities, enables me to speak from positive knowledge on the sin diameter, to flow half full. Can one anticipate that the amount of sewage discharged by such a pipe will be noticeable in the Huron river below the city? It will bear but a moderate ratio to the water which runs through one wheel at Swift's mill.

The water of the Huron river has been comparatively low during the past and preceding year; the small

There's a patent medicine which is not a patent medicine -paradoxical as that may sound. It's a discovery! the golden discovery of medical science! It's the medicine for you-tired, run-down, exhausted, nerve - wasted men and women; for you sufferers from diseases of skin or scalp, liver or lungs—it's chance is with every one, it's season always, because it aims to purify the fountain of life—the blood upon which all such diseases depend.

The medicine is Dr. Pierce's Golden Medical Discovery.

The makers of it have enough confidence in it to sell it on trial.

That is—you can get it from your druggist, and if it doesn't do what it's claimed to do, you can get your money back, every cent of it.

That's what its makers call taking the risk of their words.

Tiny, little, sugar-coated granules, are what Dr. Pierce's Pleasant Pellets are. The best Liver Pills ever invented; active, yet mild in operation; cure sick and bilious headaches. One a dose.

plans adopted for assessing the cost of sewers: The following are some of the many

of sewers:

1. By a general sewer tax, paying for the sewers as fast as built.

2. By issuing bonds and providing for their gradual payment by general By assessing the property bene-

fited.

4. By paying for sewers by a general tax, and charging for permits to enter private drains.

5. By assessing property adjoining sewers in proportion to the frontage sewer and lot.

of each lot.
6. By assessing adjoining property in proportion to the area of each lot.
7. By assessing adjoining property in proportion to the value of each

By assessing a certain part of the cost (varying from one-fourth to three-fourths) on the adjoining property, in proportion to the frontage, area, value, and raising the remainder by

or value, and raising the remainder by a general tax.

9. By assessing a certain uniform amount per foot front on adjoining property, and paying the remainder by a general tax.

The method of assessing the cost of assessing the cost of assessing the property benefited.

The method of assessing the cost of a sewer upon "the property benefited" gives rise to perplexing questions. The judgement of different individuals will differ widely as to the limits of the district benefited, the proportion of benefit derived by each lot owner, and the relative value of the lots. In assessing the cost of sewers in any secof benefit derived by each tot owner, and the relative value of the lots. In assessing the cost of sewers in any section on the abutting property, a dificulty arises from the fact that some parts of any system will be much more expensive than others, and the extracost will not be justly chargeable to the adjoining property. In designing any system of sewers, the sewerage of a whole town, and the convenience of all the citizens, will require the construction of mains costing from two to four times as much as the laterals; and the conformation of the ground may necessitate much deeper cuts in some localities than in others. To compel the owners of lots adjoining the mains and deep cuts to pay all the cost of them, when the extra expense is incurred to benefit distant territory, is a manifest injustice. The burden of expense may be more nearly ritory, is a manifest injustice. The burden of expense may be more nearly equalized, either by paying for the whole system by a general tax, or by assessing upon the lots a uniform amount per foot front (or in proportion to area, etc.), and paying the remainder by a general tax.

The ordinance now in force at Kala-

The ordinance now in force at Kala-The ordinance now in force at Kalamazoo, as amended after experience, stands as follows: "In the construction of 'lateral sewers,' all property adjoining or abutting upon that portion of a street or alley through or along which the lateral sewer shall extend, shall be assessed at the rate of 33 1-3 cents per foot front, and at the rate of 33 1-3 cents for each foot of connecting sewer that may be necessary (or that may be desired by the property owner) to connect said lateral sewer with said property, and the city shall assume and defray all other city shall assume and defray all other expenses incident to the laying of such lateral and connecting sewers." On corner lots, not exceeding four rods by eight rods, when a sewer is built on two sides, the two sides are added together and divided by two to determine the frontage.

Respectfully submitted,

CHAS, E. GREENE.

And Arbor, Feb. 26th, 1890.

MOTIONS AND RESOLUTIONS.

By Ald. Martin: Resolved, That the plans and specification of the new bridge to be constructed at Bridge No. 3, submitted by the Board of Public Works be and the same are in all things approved and Board is hereby directed to advertise for bids for the construction thereof according to the same.

Which resolution prevailed by yeas and navs as follows:

Yeas-Ald. Mann, Wines, Martin, Allmendinger, Fillmore, O'Hearn, Taylor, Hall, Kitson and President Cooley.—10.

Nays-None.

By Ald. Wines: Resolved, That the Board of Public Works is hereby instructed to determine the amount necessary to grade the streets of South and East University avenues, so as to secure the build-ing of sidewalks on said streets by the University authorities, the council deeming such grading to be a necessary public improvement.

Which resolution prevailed by yeas

and nays as follows: Yeas-Ald. Mann, Wines, Martin, Allmendinger. Fillmore, O'Hearn, Taylor, Hall, Kitson and President Cooley.-10.

Nays-None. By Ald. Taylor:

The Board of Public Works having submitted the bids for the repairs of Bridge No. 2 with recommendation that all of said repairs be made under the direction of the Street Commissioner, therefore Resolved, That all of said bids be re-

jected and said Board of Public Works cause said repairs made under the direction of the Street Commissioner.

Which resolution prevailed by yeas and nays, as follows:

Yeas-Ald. Mann, Wines, Martin, Allmendinger, Fillmore, O'Hearn, Taylor, Hall, Kitson and President Cooley-10.

Nays-None.

By Ald. Martin: Resolved. That the several Aldermen do proceed without delay, to make a list of all persons residing in their respective wards who are entitled to re-lief under Act No. 193 of session laws of 1889, and that the Soldiers' Relief Commission are requested to appoint an early day for a meeting with the Aldermen for the purpose of certifying a list of such persons to the Coun-Nays—Ald. Yeas-Ald. Mann, Wines, Martin, was called for. The question being, Allmendinger, Fillmore, O'Hearn, shall the action of the Council regard- Taylor, Hall, Kitson and President Cooley-10.

Nays-None. By Alderman Hall:

Whereas, The Committee on Streets, after full consideration, have reported Yeas—None.
Nays—Ald. Mann, Wines, Martin,
Allmendinger, Fillmore, O'Hearn,
Taylor, Hall, Kitson, Pres. Cooley—10.
The greating half of the petition of G. F. Allmendinger, J. W.
Rogers, and more than ten other free-laying out of a street on the lines of English average from Medicer street to Fourth avenue, from Madison street to Hill street, to be called Fourth ave-

nue. Therefore, Resolved, That this Council do deem or's veto notwithstanding, the motion was lost, two-thirds of the aldermen and hereby give-notice to all persons interested therein of the pendency of elect not voting therefor, by yeas and the same; That the Common Council will meet at the Council Rooms on the 21st day of September next at eight o'clock p. m., of said day, for the purpose of determining the question of or Allmendinger, Fillmore, O'Hearn, dering the laying out of such proposed

> 2d, The City Clerk is hereby ordered and required to cause due notice of the pendency of such proposed improvement, as well as the time, when and place where this Council will meet to determine the question of ordering the same, to be duly served on all persons interested therein.

Which resolution prevailed by a yea and nay vote as follows:

Yeas-Ald. Mann, Wines, Martin. Allmendinger, Fillmore, O'Hearn, Taylor, Hall, Kitson, and Pres. Cooley-10.

Nays-None. On motion, the Council then adjourned. W. J. MILLER,

City Clerk.

The question of the hour-What

It is pastime when one misses the train, although it may be difficult to determine where the fun comes in.

Entitled to the Best.

All are entitled to the best that their money will buy, so every family should have at once, a bottle of the best family remedy, Syrup of Figs, to cleanse the system when costive or bilious. For sale in 50c and \$1.00 bottles by all leading druggists.

Nothing iu the world will produce such activity in real estate as an earthquake.

Cleanses The Whole System.

During the last half century there has been a wonderful development in what is known as sanitary science. It is a science that looks to the prevention of diseases in communities through the medium of cleanliness, and it commends itself most urgently to the common sense of the people. Meanwhile, it should be borne in mind that the human system stands in need of sanitation, and requires even more care than the municipal body. It is pre-cisely here that S. S. S. takes up the work of the sanitary scientists. It cleanses the whole system, purifies the blood, disinfects the channels through which it flows, and destroys the germs of disease. It is a harmless medicine, and yet a most powerful one. It is nature's tonic remedy.

"A maiden fair to sea," is what the young man remarked when he met his affinity on an ocean voyage.

Stop and Think

How much money you have thrown a-way buying worthless medicines, pre-pared by unprincipled parties, who care not what harm they may do to your system, You can depend on every bottle of Sulphur Bitters as being a reliable medicine, It searches out and cleanses from the blood all impure matter, and makes you feel like a dow?" new person. - Boston Daily Globe.

The Cheapest Way. -"Don't you find yachting expensive?" 'Oh, no. Inever try it except as an invited guest."

ed her head.

And blistored her back till 'twas smarting and red, Tried tonics, elixirs, pain-killers and salves,

(Though grandma declared it was nothing but "nerves.) The poor woman thought she must

certainly die,
"Favorite Prescription" she

she happened to try.—
No wonder its praises so loudly they speak:

She grew better at once, and was well in a week. The torturing pains and distressing nervonsness which accompany, at

times, certain forms of female weak-ness. yield like magic to Dr. Pierce's Favorite Prescription. It is purely vegetable, perfectly harmless, and adapted to the delicate organization of woman. It allays and subdues the nervous symptoms and relieves the pain accompanying functional and organic troubles. Guarantee printed on bottle-wrapper, and faithfully carried out for

The counterfeiter is satisfied if he can spend money as fast he can

Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. tion, Dr.King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. Eberbach & Son, Ann Arbor; Geo. Haussler, Manchester, druggists.

Restaurants are so crowded nowadays that none but the brave obtain the fare.

A Safe Investment.

Is one which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertised druggist a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case, when used for any affection of Throat, Lungs or Chest, such as Consumption, Inflammation of Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc., etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon. Trial bottles free at Eberbach &

Son's, Ann Arbor; and Geo. Haussler's Manchester, drugstores.

The bee lulls himself to sleep in the buzz'em of his family.

Miles' Nerve and Liver Pills Act on a new principle—regulating the liver, stomach and bowels through the nerves. A new discovery. Dr Miles' pills speedily cure biliousness bad taste, torpid liver, piles, consti-tion. Unequalled for men, women, and children. Smallest, mildest, surest! 50 doses, 25 cts. CHEATING IN HORSE

Nearly every pattern of 1/A Horse Blanket is imitated in color and style. In most cases the imitation looks just as good as the genuine, but it hasn't the warp threads, and so lacks strength, and while it sells for only a little less than the genuine it isn't worth one-half as much. The fact that 5/A Horse Blankets are copied is strong evidence that they are THE STANDARD, and every buyer should see that the % trade mark is sewed on the inside of the Blanket.

Five Mile Boss Electric Extra Test Baker HORSE BLANKETS

> Pronounced Perfect by a Practical Engineer.

I have been a great sufferer from rheumatism for seven years, and hearing of the success of Hibbard's Rheumatic Syrup, concluded to give it a trial. I have tested the curative prop-erties of the mineral springs without finding relief from that or any other source until I tried Hibbard's Rhumatic Syrup, which has done wonders for me. I can now walk with entire freedom from pain and my general health is very much improved. It is a splendid remedy for the blood and the debiliated system. The girl of the period: The lady compositor.

The Greatest Strike.

Among the great strikes that of Dr. Miles in discovering his New Heart Cure has proven itself to be one of the most important. The demand for it has become astonishing. Already the treatment of heart disease is being revolutionized, and many unexpected cures effected. It soon relieves short breath, fluttering, pains in side, arm, shoulder, weak and hungry spells, oppression, swelling of ankles, smothering and heart dropsy. Dr. Miles' book on Heart and Nervous Diseases, free. The unequaled New Heart Cure is sold and guaranteed by Eberbach & Son; also his Restorative Nervine for headache. fits, sprees, hot flashes, nervous chils, opium habit, etc.

When the Japanese hitch a horse in the street they accomplish it by tying his forelegs together.

Mortgage Sale.

On the sixth day of May, A D. 18-8, Sarah Zimmerman mortgaged to Emma Smalley all that certain piece or parcel of land situate in the township of York in the county of Washtenaw, and State of Michigan, described as follows, to-wit: Commencing at a point seventeen rods and nine feet north of the southwest corner of the northwest quarter of section four, town four south, range six east, running east fourteen rods and eight feet, thence north fifteen rods and fourteen feet, thence west fourteen rods and fourteen feet, thence west fourteen rods and eight feet, thence south to the place of beginning, containing one and one-half acre of land, be the same more or less. Said mortgage was recorded in the office of the Register of deeds in and for said county on the 21st day of April, 1891, in Liber 75 of mortgages on page 342. Default has been made in the conditions of said mortgage by the non-payment of the moneys due thereon by which the power of sale therein comtained has become operative. There is now claimed to be due and unpaid on said mortgage the sum of four hundred and eighty-nine and 75-100 dollars, and no proceedings at law or in chancery have been instituted to recover the same or any part thereof. Notice is therefore hereby given that, by virtue of the power of sale in said mortgage contained and of the statute in such case made and provided, I shall sell the said premises above and in said mortgage described at public auction to the highest bidder on Monday, the 21st day of September, 1891, at the south front door of the Court House, in the city of Ann Arbor, in said county, to make and satisfy the amount then due on said mortgage, the cost and charges of this foreclosure and sale and twenty-wive dollars attorney fee as provided for in said mortgage.

The Coroner's Inquest.

Coroner Clark held the inquest Saturday in the case of John M. Kearney, whose death was described last week. The evidence was as fol-

Clarence Powell, the ticket clerk, testified that the deceased was standing on the platform about seven o'clock, and was intoxicated. He discovered that by his breath. He could walk well enough. After the train arrived I told him if he were going on that train he must get on at once. He was then about three steps from the car platform. It was three minutes after that that the car started. He was talking with me in an intelligent manner until the train arrived. I knew him. His name is John M. Kearney, of Pinck-

Frank Camp, express driver, testified that he was about fifteen feet tified that he was about fifteen feet for the iron bridge over the Huron from the train when the accident river at Bridge No. 3, be transmitted to the Council with a recommendation happened and saw Kearney when he started to get on the train The train was moving when he started to get on the steps. He missed the step and fell under the front wheel. The train had gone about three car lengths when he attempted to get on the train. He walked right to the cars without any trouble. He had

time to get on the cars, had he started when the conductor called "all aboard." When he took hold of the handle on the car he walked one or two steps before he tried to get on.

George F. Renshaw, the conductor on the train, talked with Kearnev at the office window and discovered liquor on his breath. I called "all aboard" and then helped to unload a load of express. I think we had gone a coach length and a half when the train stopped and we found Kearney under the oil-box at the front end of the first passenger coach. He had been dragged eight

N. M. Hall, train baggagemaster, saw Kearney when he was coming to get on the train, and testified: When he reached for the railing on the platform, I pulled the bell cord and stopped the train. He was about two feet from the platform of the car when I pulled the rope. The train was just pulling out. I heard the conductor call out "all aboard" twice before the train started.

John Conely, baggage-master, testified that Kearney was at the depot twenty-five minutes before the train came in. He walked lame. The cars had started. He took hold of the handle on the body of the Mr. A. L. Noble left yesterday car. His foot reached the first step for the east to purchase a line of of the car platform. He slipped off. The train had gone a car length and a half. His body was found eight feet from where he tried to get on.

Clarence Tice, patrolman, testified that he had a long conversation with Kearney early that morning and he was not drunk or intoxicated.

John Martin, laborer, was at the aboard." The train had started when Kearney, who had been at the depot forty minutes, reached the been visiting Mrs. Stephen Mills, of cars. He took hold of the handle with his left hand and reached for President Angell is expected the step with his foot. He went

The jury's verdict was as follows: That the said John M. Kearney was Fred Brown, the Main street res- killed at the T., A. A. & N. M. taurateur, is spending the week at depot at Ann Arbor on the morning the Oakland, Mt. Clemens, for the of Sept. 3, 1891, by the 7:40 north bound passenger train, No. 2, by Chas. F. Dietas, an employee of attempting to get aboard the train the firm of Gulley, Bornmann & Co., and falling under the wheels of car while the train was in motion.
