Burglars in the City.

Burglars were at work in this city last Sunday evening. They entered three places and secured considerable booty. At the hardware store of Schumacher Bros., on Main street, they opened the safe and secured about \$30 in money. They entered the store of Wadhams, Ryan & Reule, through a back door, and stole an overcoat, and probably some other goods. They also entered the residence of Stephen D. Allen, 90 East Washington street, through a bedroom window and stole about \$200 worth of goods from two lady students who were rooming there, including a lady's gold watch and chain, a diamond ring, \$4 in money and other articles. It behooves everyone to be careful about how they leave their rooms open, as it may be accepted as a fact that these burglars are yet in the city and will soon be heard from again.

Three More Divorces Wanted.

Mrs. Louise Englehard, of this city, asks for a divorce from her husband, Dr. Ferdinand Englehard, to whom she was married in Illinois in 1869. She came to Ann Arbor in 1891, for the purpose of educating her children after she had been deserted by her husband, as she claims. They have five children, from ten to twenty-three years of age, the three youngest of whom are living with their mother and being supported by her. Mrs. Englehard claims that her husband is in Nebraska, and is worth \$20,000, while she is worth \$10,000. The divorce is asked for on the ground of desertion.

Mrs. Emma Graham of Dexter township, also wants a divorce from George Graham, to whom she was married in October, 1885, on the ground of extreme cruelty and desertion.

Mrs. Mary Kaercher asks for a divorce from Frederick Kaercher on the ground of extreme cruelty. They are Lima parties and were married in 1880 and have four little girls. She asks for alimony and the guardianship of the children.

Held His Wife on a Burning Stove.

Deputy Sheriff Smith went to Whitaker, Wednesday, to arrest George Bryant on a charge of assault and battery. The offence, however, was an extraordinary one. It seems that Bryant is very much inclined to demonstrate his superiority of muscular power over those whom he thinks he can conquer, and has been in trouble before. This time his wife was the victim of his prowess. The two had a quarrel over some trifling matter, and Bryant grabbed her roughly and held her to a burning, hot stove, in consequence of which she has been laid up for a week, until she could get to this city and swear out a warrant. Her chest is in a frightful condition, and she certainly must have suffered excruciating pain. When Mr. Smith ar-

rived, Bryant immediately used his legs to advantage, and having a good lead on the officer, secreted himself in a swamp. Mr. Smith tracked him for two hours, but finally was obliged to give it up, but has left a man in the vicinity with full powers to secure Bryant if he shows up. This he will undoubtedly do, as he has about 20 acres of land and some stock to take care of. It is to be hoped that he will not escape the justice the people demand.—Ypsilanti Correspondence of the Times.

Progress of the Sewer.

Work on the Ann Arbor sewers was resumed last Wednesday, and fifty-five men were employed on the work that day. Only forty men were at work yesterday, as that was all that could be handled to advantage with the limited amount of tile on hand. Yesterday 144 feet of 24-inch tile was laid, which makes 400 feet of sewer now laid. The excavation now is about eight feet, and the men are bothered a great deal by water from springs which they strike. Four carloads of tile have been received, which is only sufficient to lay about 700 feet. More tile is on the way, and when received will permit of more men being put at work. The deepest excavation to be made is 27 feet deep.

Only residents of the city of Ann Arbor are permitted to work on the sewers. If the applicant for work is not personally known to the St. commissioner as a resident, he is obliged to get a certificate from one of the aldermen that he is a resident of the city. But not all the men who want work can be given it. One man made his appearance yesterday who demanded to be set at work. When his services were declined he said he was going to work digging anyway, and it was only by threatening to throw him out of the ditch that he was kept away. Last night he was threatening to be on hand this morning with fifty of his comrades, who were going to work on the sewers, he said, if they had to fight to do it. Only the lack of tile has prevented the placing of a large force at work, and it is to be hoped that the Ohio Valley Fire Clay Company will hurry up their shipments and keep their agreement in this regard.

The Circuit Court in Session.

The October term of the circuit court began Monday with 105 cases on the docket. The first move was the striking of one of the cases off the docket, the announcement that two cases were settled and application for the continuance of two more cases.

The case against Miles Linklater, charged with stealing bicycles, was called up. He pleaded not guilty and gave \$400 trial to appear for trial Oct. 9 and from day to day thereafter, with George Stevens as surety.

Fred Brown and Emil Golz pleaded quietly of violating the liquor laws and were fined \$25 each, which fines were paid. Another case against Emil Golz was nolle prossed.

The appeal of Robert Sherwood, of Superior, convicted in Justice Bogardus' court of the larceny of some sheep, came up and Sherwood furnished \$300 bail with Thomas Newton as surety.

In the murder trial of James Clifford Hand, of Ypsilanti, Thomas A. Bogle was appointed to assist the prosecuting attorney and the case was set for trial for Monday next.

The cases of the highway commissioners of Ann Arbor vs. James Smith,

and of William Biggs vs. Schuh & Muehlig, were continued on application of the defendants.

The Antelife cases were announced to have been settled out of court.

Twenty additional jurors were ordered to be drawn on account of the Hand murder case. The court then adjourned until Monday to give Judge Kinne an opportunity to close up the business of the Monroe term of court.

A Humorous Reply.

Not all legal documents are dry. One was filled in the Register case, rather out of the ordinary run of such documents. It was the answer of assignee Bennett to the petition of Moran and Koch & Henne for his removal. It comes to us like a refreshing breeze after the ugly charges made against each other by the various parties to the Register embroglio. Assignee Bennett says:

"In answer to the allegations of a conspiracy between A. B. Stevens and N. D. Corbin, in the second paragraph of the said petition set forth, this defendant says that he has no knowledge or information whatever, but this defendant ventures to express his firm belief that the financial stringency of the times is a thing of the past and exists only in the memory of said petitioners, that the recent legislation accomplished by the Republican party in congress assembled, aided and abetted by a few recalcitrant members of the Democratic wing, has infused new life and vigor into the vitals of the business world, and that the noble ship of state may now be trusted to sail serenely into the harbor of plenty and prosperity. And this defendant deplores the ill-advised comments upon the evil times, interjected into the ordinary papers of a law suit, as tending to intensify the gloomy feeling of the petitioner. This defendant fears that the references in said petition contained to the 'mistrust prevalent in the business world' unless promptly denied may carry dismay into the homes of the humble toilers all over our smiling land.

The defendant denies that he has been retained by the said Corbin and Stevens as the professional adviser or attorney or solicitor for either of them, and he denies that he was ever paid a fee by said Corbin and Stevens for any professional services rendered for them or either of them in any matter wherein the said Register Publishing Co., was in any way involved, or was the confidential professional adviser of the said Stevens and Corbin or either of them or has advised with them except as to the best interests of the said Register Publishing Co. by whom he was retained.

He denies that the appraisal of the property was made at too low a figure and denies that he instructed the said appraisers to place a low estimate upon the said property and effects and he disputes the charge that the appraisers of said property were so ignorant and silly as to suppose that the pretended instructions, if any, were of more importance than their sacred oaths.

The defendant, so he was informed, says that the inventory was made carefully and conscientiously, "and after its completion no change was made in the same except to add thereto one article of property for their appraisal which had nearly escaped the grasp of the said company, namely, The Ann Arbor Register, a newspaper published and claimed by Selby A. Moran, but which belongs soul, body and breeches to the said Register Publishing Co., as this defendant is informed and believes, and charges the fact to be."

In the fifth paragraph he does not deny that he may have suggested to divers persons that there might be a shadow of a doubt of the validity of the said chattel mortgage given to the petitioners, John Koch and William G. Henne. But he denies that the relation that he sustained towards the said company before the making of the said assignment disqualifies him from acting as the assignee of said company.

"And the defendant respectfully refers the said petitioners to the legislature of the state of Michigan if they desire amendments and alterations made in the laws of this state to defer the sales of property under the provisions of the assignment laws."

The New Recitation Building.

The growth of the University has been so phenomenal in the past few years that the buildings at the disposal of the Regents were found last year to be entirely inadequate to accommodate the number of students enrolled. Steps were at once taken, and the Recitation Building at present under construction in the south-west portion of the campus is the result. The building when completed will face the tennis courts, with a frontage of 110 feet. It will

be two stories high, with a basement and attic, and will be composed of brick, with pressed brick and stone trimmings. There will be twelve large recitation rooms, six of which will be on each floor. One of those on the second story will be a large double room, suitable for lectures. Three of the rooms down stairs have small hall rooms attached, which will probably be used by the instructors as private offices. All the rooms open upon a broad hall running through the center of the building almost its entire depth, a distance of 75 feet. The latest methods will be used in heating and ventilating, and an abundance of light will be secured through over a hundred and twenty windows. The general impression conveyed is that of utility and convenience, rather than beauty or novelty of architectural design. The building is to be finished by July 1.

A New Fraternity House.

The new Sigma Alpha Epsilon house is to be ready for occupancy on October 10, and will be probably without any exception the finest and most modern home owned by any U. of M. fraternity, and the most conveniently arranged for the purposes for which it is intended. It is unusually large, handsome and elegant, and is completely provided with every possible improvement, both for comfort and pleasure. Thirteen suites and two single rooms will accommodate twenty-eight members, while the apartments for the housekeeper, cook and other servants are in the basement.

The reception rooms, parlors, and other rooms on the first floor are so arranged that they can all be thrown together, and will make one of the finest dancing halls in Ann Arbor. The house is to be heated with steam and lighted by electricity. There are bath rooms in the basement, and also in the second and third stories.

The lower part of the building is of stone and the upper part artistically shingled, presenting a fine architectural appearance. The inside is to be most elaborately finished, and furnished in the most luxurious style. The grounds surrounding the house are quite spacious, and the members will indulge in the luxury of several tennis courts on their own grounds.

The local chapter of Sigma Alpha Epsilon was granted a charter in 1889, and deserves a great deal of credit for the standing it has attained for so young a fraternity, and the members are to be heartily congratulated on the elegant new home of which they are about to take possession.

Finnigan's Ball.

One of the best performances ever given in this city was presented by Murray and Mack in "Finnigan's Ball" last night. The musical part of the entertainment and the specialties were all good, new, and well done. The play is from the pen of that clever young author, Geo. H. Emrick, and a piece with wittier lines and funnier situations has never been presented here. It is a great relief to see a comedy interpreted by a company of comedians that know their business and do not act as if they were sawing wood. Too much praise can not be given Manager Merritt for surrounding his stars with such people. Each and every member of the company is an artist, and their comedy bubbles forth pure and natural like laughter from children at play. To say anything about Murray and Mack would be libel, as it is like seeing the World's Fair. You can't take it all in a week; but judging from the way the audience laughed, they were the funniest gentlemen ever seen at our theatre. In a word, "Finnigan's Ball" is an assured success, a roaring hit, and a work of unquestionable merit. At the Grand Opera House, Saturday evening.

"Nora Machree."

"Nora Machree" has taken the country by storm. Henry N. Henderson has given this great romantic play a fine scenic production, and deserves the success which has crowned his business sagacity and lavish outlay. The theatres everywhere are packed with audiences most enthusiastic, who are completely carried away with the beauties of the pretty play. The success of "Nora Machree" is not to be wondered at, as Mr. Henderson has utilized every essential to make the production pleasing. A bright galaxy of artists give a living representation of stirring events, every member of the company being peculiarly adapted for each distinctive part. Interspersed throughout the play a number of unique and novel specialties are cleverly introduced. Songs and choruses, and graceful dancing, together with beautiful panoramic scenes, are also interwoven in a most delightful and pleasing manner. Without the least doubt the appearance of this successful play here will meet with a hearty reception. To see the famed team of Shetland ponies, the smallest of their kind in the world, are in themselves alone well worth the price of admission. These little mites are great favorites with the children. At the Opera House next Tuesday evening.

Thos. Moran, who has for some time been in Minnesota, is in town, making his parents a visit before going to Baltimore to attend Johns Hopkins university.

A gloom of sadness was cast over the entire community last Sunday on hearing of the death of Postmaster Nestell. He had been ill for some time, although death came sooner than expected. The funeral was held at the house last Wednesday afternoon. Mr. Nestell was a much esteemed citizen. He leaves a wife and daughter to mourn his loss.

There can be no health for either mind or body so long as the blood is vitiated. Cleanse the vital current from all impurities by the use of Ayer's Sarsaparilla. This medicine recruits the wasted energies, strengthens the nerves, and restores health to the debilitated system.

A Strange Freak.

The wife of our esteemed citizen, Mr. John Rowell, while suffering under the severe attack of the blues, tried to commit the crime of infanticide, but was prevented by the opportune arrival of a neighbor. Her case has been considered by the best doctors incurable, but her husband was highly pleased, after using a course of Sulphur Bitters, to find that she was entirely cured.—Kingston Herald.

Going to Buy a Watch?

If so, buy one that cannot be stolen. The only thief-proof Watches are those with

BOWS.
Here's the idea: The bow has a groove on each end. A collar runs down inside the pendent (stem) and fits into the grooves, firmly locking the bow to the pendent, so that it cannot be pulled or twisted off.

To be sure of getting a Non-pull-out, see that the case is stamped with this trade mark. It cannot be had with any other kind.

Ask your jeweler for pamphlet, or send for one to the famous Boss Fillet Case makers.

NEVER A FAILURE.

The Red River Valley of Minnesota and North Dakota has never had a failure of crops. It produced 30,000,000 bushels of wheat besides other cereals in 1890. Farms can be had on the crop plan, or long time cash payments. It is not an uncommon thing to pay for a farm from the proceeds of one crop. It has all of the advantages of an old country in the shape of school, church, market, postal & railway facilities and all the chances of a new country in the way of cheap lands, rich soil, and increase in values. It is one of the most fertile and promising regions in America not yet fully occupied. In the rush to the far west, however, this rich valley has been over-looked. It has room for a million more people. Write to F. I. WHITNEY, St. Paul, Minn. for particulars. Publications sent free.

Fixed just right—Liver, Stomach, and Bowels, by Dr. Pierce's Pleasant Pellets. They do it in just the right way, too—by using Nature's own methods. That's why they're better than the dreadful old-fashioned pills, with their griping and violence. But they're better in every way. In size, for instance, and dose. They're the smallest and the easiest to take; only one little Pellet is needed for a laxative—three for a cathartic. They cleanse and regulate the system thoroughly—but it's done easily and naturally. Sick and Bilious Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels are prevented, relieved, and cured. They're the cheapest pill you can buy, for they're guaranteed to give satisfaction, or your money is returned. You pay only for value received. Something else, that pays the dealer better, may be offered as "just as good." Perhaps it is, for him, but it can't be, for you.

Removal.

We take pleasure in announcing that after this date Park's Sure Cure will remove all traces of Rheumatism, Kidney trouble or Liver complaint from the user. It is to-day the only medicine that is guaranteed to cure these diseases or no pay. Park's Sure Cure is sold by Eberbach Drug and Chemical Co.

For the cure of Piles is always painful, often dangerous and useless, and invariably expensive; on the other hand there is a new certain cure, perfectly painless, gives instant relief and permanent cure and costs but a trifle. It is the Pyramid Pile Cure. It is a more certain cure than a surgical operation, without any of the intense pain, expense and danger of an operation. Any druggist will get it for you.

A YOUNG GIRL'S FORTUNE.

AN INTERESTING SKETCH.

Nothing appeals so strongly to a mother's affection as her daughter just budding into womanhood. Following is an instance: "Our daughter, Blanche, now 15 years of age, had been terribly afflicted with nervousness, and had lost the entire use of her right arm. She was in such a condition that we had to keep her from school and abandon her music lessons. In fact, we feared St. Vitus dance, and are positive but for an invaluable remedy she would have had that terrible affliction. We had employed physicians, but she received no benefit from them. The first of last August she weighed but 75 pounds, and although she has taken only three bottles of Nerveine she now weighs 103 pounds; her nervousness and symptoms of St. Vitus dance are entirely gone, she attends school regularly, and studies with comfort and ease. She has recovered complete use of her arm, her appetite is splendid, and no money could procure for our daughter the health Dr. Miles' Nerveine has brought her. When my brother recommended the remedy I had no faith in patent medicines, and would not listen to him, but as a last resort he sent us a bottle, we began giving it to Blanche, and the effect was almost immediate."—Mrs. R. R. Bullock, Brighton, N. Y.

Dr. Miles' Restorative Nerveine is sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid. It is positively free from opiates or dangerous drugs.

The Ann Arbor Argus.

TERMS.—\$1.00 PER YEAR IN ADVANCE.

OFFICIAL PAPER OF THE CITY.

Entered at the Post-Office, in Ann Arbor, Mich. as second-class matter.

FRIDAY, OCTOBER 6, 1893.

The Washtenaw Evening Times seems to be laboring under the sad delusion that the University of Michigan and the Normal School belong to Washtenaw county and that any appropriation made by the state for them is made for Washtenaw county. These two noble institutions belong not to the county but to the state. The increase in state taxes this year is not due to any large extent to the increased appropriations for state institutions. Much of it went towards creating and maintaining positions for party patriots. Too many of the legislators had sons whom they wanted placed on the rolls as pages at \$2.00 a day to swell their father's salaries. So far was this mania for pages carried, that the attorney general was given a page for which he had no use as he distinctly told the legislature, to provide a place for a senator's son.

It might be well for the republican party of the increased taxes was for state institutions, but it is not. As will be seen in our local columns the increase of the state tax in this county over two years ago is \$13,355.25 divided in the apportionment into 26 items, and the increase in one single item, that of general purposes is \$11,990.38. This is the fund out of which the pages are paid, the fund out of which the republican state officials draw their increased salaries, the fund out of which the large number of extra clerks in the state offices are paid. The Times twaddles about the Argus depending upon the ignorance of its county subscribers. The farmers of the county read more carefully and digest what they read more thoroughly than do many of the city readers, and they are usually pretty well informed regarding politics. They can see that the Times in its effort to shield the republican party should desire the ARGUS to cease calling attention to the \$500,000 increase in state taxes under the republican administration. When any fact develops which hurts the republican party, the Times may be relied upon to come to its rescue.

Proceedings of the Board of Public Works.

[OFFICIAL.]

OFFICE OF THE BOARD OF PUBLIC WORKS, 1 ANN ARBOR, Sept. 28, 1893.

Regular meeting.

Called to order by Pres. Keech.

Roll called.

Present—Messrs. Keech and McIntyre.

Absent—Mr. Schuh.

Minutes of previous meeting read and approved.

The street and sewer bills for the month of September were read and audited by the Board.

The Sidewalk Inspector reported that he had personally inspected the sidewalks which had not as yet been constructed, on the south side of West Huron St., in front of the property of Mrs. Anna B. Bach and Ellen Godfrey, Fred Besimer, Henry Matthews, and Lyman D. James; on the east side of Ashley street, in front of the property of Hiram Kittredge and Michael Kenny; on East Catherine street, the south side, in front of the property of Mrs. Mary L. Reeve, Mrs. James B. Smith and Joseph Clark; and that such sidewalks ought to be built without delay.

Mr. Keech moved that the report be received and filed, and the Street Commissioner is hereby ordered to take the necessary steps to build all sidewalks so reported not built to this Board.

Yeas—Messrs. Keech and McIntyre.

The City Engineer submitted the following center grades, with profiles: Prospect street, from East University avenue to Wells street; Michigan avenue, from East University avenue to Wells street; Wells street, from Packard to Prospect streets; East University avenue, from Packard street to angle in street.

On motion the grades were approved and recommended to the Common Council for approval.

On motion the Board adjourned.

W. J. MILLER, Clerk.

DEADLY DYNAMITE.

ABOUT TEN POUNDS FOUND IN A HAYLOFT AT MONROE.

Attorney General Ellis Will Ask For the Appointment of a Receiver For the Michigan Mutual Livestock Insurance Company of Cadillac.

MONROE, Oct. 5.—When one of the men at Foster's livery stable went to the hayloft Wednesday evening to feed his horses he dug out of the hay a large black satchel. He carried his find downstairs, and those who gathered around to investigate its contents were nearly paralyzed with fear when, on opening the satchel, out rolled 20 sticks of dynamite, aggregating about 10 pounds of the terrible stuff, a quantity of fuse, caps, matches, and everything necessary to its most approved and destructive use.

There is considerable speculation as to how the satchel got there, some inclining to the opinion that it was left there by some telephoniemen several months ago, while others shake their heads, and all turn pale at the thought of the awful destruction an explosion would have wrought, the stable being in the heart of the city.

WANTS A RECEIVER

Eor the Michigan Mutual Livestock Insurance Company of Cadillac.

LANSING, Oct. 5.—Attorney General Ellis will apply to the circuit court for Wexford county for the appointment of a receiver to wind up the affairs of the Michigan Mutual Livestock Insurance company of Cadillac. Insurance Commissioner Giddings recently investigated the affairs of the company and found the following facts, which are admitted by the secretary:

Cash on hand, nothing; on assessment made for February, March and April, 50 per cent unpaid; assessment for June, July and August, 65 per cent unpaid; assessment for August and September, 80 per cent unpaid; notes practically worthless, \$1,924.80. Seven unpaid losses due Jan. 1, and aggregating \$1,060; resisted claims to the amount of \$1,292, and other claims, making a total of \$2,490, constitute most of its liabilities. This is the second Michigan mutual livestock insurance company which has gone to the wall within the year.

FARMERS' ALLIANCE CONVENTION.

Delegates Were In Attendance From Forty-Five Counties.

JACKSON, Oct. 4.—When the state convention of the Farmers' Alliance met Tuesday morning Robert McDougall occupied the chair. Delegates were in attendance from 45 counties. The entire day was devoted to listening to reports of officers, though the meeting was so secret that nothing was given out except that while the membership of the sub-alliance has fallen off, the condition of the finances is better than one year ago.

At the evening session officers were elected as follows: President, Robert McDougall, Hillsdale county; vice president, J. M. Houghton, Oakland; secretary, Miss Monica B. Wilson, Jackson; treasurer, Mrs. A. L. Stocking, Livingston; lecturer, John T. Stricker, Branch; chaplain, P. J. Curtis, Jackson; steward, Hillard, Tiffany, Eaton; doorkeeper, E. J. Lindsay, Hillsdale; assistant, George Wood, Livingston; sergeant-at-arms, David E. Fleming, Calhoun; member executive committee, A. E. Cole, Livingston.

VETERANS MEET.

Annual Reunion of the Fifteenth Michigan Infantry.

MONROE, Oct. 5.—The old Fifteenth Michigan infantry, popularly known as the "Mulligans," held its annual reunion here, 100 members being in attendance. General George Spalding of this city acted as orator of the day, and speeches were also made by Hon. S. W. Burroughs of Detroit, G. W. McBride of Grand Haven, Colonel Grosvenor and Hon. Burton Parker of Monroe and several others. G. W. McBride of Grand Haven was elected president of the society for the ensuing year, John J. Crowley, Detroit, secretary and treasurer, and S. W. Burroughs, Detroit, orator. The next reunion will be held at Dundee Sept. 13, 1894.

Firebug at Wacousta.

LANSING, Oct. 4.—The little village of Wacousta, situated 15 miles west of this city, had quite a sensation a few nights since. The barn adjoining the farmhouse of Walter Saxton was found to be on fire, and the whole neighborhood turned out to the rescue. Needing more pails to carry water, two women went to the next house to get some. When they reached the house they saw a man in it, evidently helping himself to the choice of the goods. The women returned and gave the alarm, and the culprit was soon captured. Several articles were found in his possession. It is claimed that the man, who has been doing harvesting work in the vicinity, set fire to the barn to attract attention. He also had a bicycle in waiting about a half a mile from the scene.

Royalty In Detroit.

DETROIT, Oct. 5.—The Pullman sleeper "Mascot" arrived in Detroit Wednesday morning on the way east with the archduke of Austria, Franz Ferdinand, and party from Chicago. He is heir presumptive to the imperial throne of Austro-Hungary, and was accompanied by his cousin, Major General Count Leo Wornber and Counts Kinsky, Wichinitz, Tellan and Martine, and Lieutenants Von Broneigh, Talprona, Blatiniza and Delacorda. It was a very exclusive party, the sleeper being occupied by the duke and suite as a private car, where they ate and slept.

Will Reduce the Cut.

TRAVERSE CITY, Oct. 5.—Northern Michigan Hardwood Lumbermen's association met here with a good representative attendance. The cut of the association this year has been 100,000,000 feet. An agreement was reached by which the cut for the ensuing year will be 60,000,000. Considerable business of importance was reached.

Serious Hunting Accident.

MUSKEGON, Oct. 3.—Emil Denoyer, 17 years old and living in the Eighth ward, went out hunting Monday afternoon with a companion. Upon returning Denoyer mounted a stump to look around, when his gun slipped and the hammer struck the stump, discharging

the charge. Three shot entered his right eye, five the left and a large piece of bone was blown out of his left arm. His face, nose, tongue and forehead all received doses of shot. His left eye is sightless and the right will probably also be. The arm will be saved. The doctors say he is in a critical condition.

Diphtheria In the Industrial School.

LANSING, Oct. 3.—Three cases of diphtheria developed at the industrial school for boys Sunday. The matter was promptly reported to Health Officer Hyatt by Dr. J. H. Wellings and the institution was placed in quarantine. No one will be permitted to visit the school and with the exception of Superintendent St. John, none of the employees of the school will be permitted to leave the institution. The cases have been isolated and every precaution taken to restrict the spread of the disease.

Died of Diphtheria.

MOUNT CLEMENS, Oct. 3.—Rev. J. H. Richards died Sunday at his home, on North Gratiot street of diphtheria. He had been in feeble health for some time and was unable to withstand the fatal disease. He was pastor of the Presbyterian church here, but was retired about a year ago. He left a widow, two daughters and two sons, besides other relatives and friends to mourn his loss. One of his sons is just getting over the same disease that proved fatal to the father. Mr. Richards was buried here Monday morning at 9:30 o'clock.

Inspection of Child Labor.

KALAMAZOO, Oct. 4.—George E. Gunn of Lansing, special inspector of the labor bureau, has finished a tour of inspection among the factories of this city. He inspected 36 factories and found two factories where children under 14 years of age were employed, five children in all. He said Kalamazoo was ahead of Jackson, Albion, Battle Creek and Marshall in regard to the nonemployment of child labor, protections against accidents and fire, and that the trade outlook was brighter here. This city has certainly sustained the panic well.

To Test the Constitutionality.

LANSING, Oct. 4.—In the supreme court Tuesday orders to show cause were granted in the cases of Mary Stuart Coffin et al. vs. Walter H. Coots, president of the Detroit common council, et al., and in Edward H. Kennedy et al. vs. the Mayor, Clerk and Common Council of the city of Detroit. Both of these cases involve the constitutionality of the act of the last legislature granting municipal suffrage to women. The orders were made returnable next Tuesday, when the cases will be argued.

Must Show Cause.

LANSING, Oct. 4.—The supreme court has commenced to grind on the controversy between John J. Speed and John B. Corliss over the censorship of the city of Detroit. That tribunal on the petition of Mr. Speed has issued an order directing the common council to show cause next Tuesday why a mandamus should not issue to compel it approve Speed's bond as city councillor, which was presented several months ago.

Stenographer Appointed.

LANSING, Oct. 5.—Governor Rich has appointed James W. King of Three Rivers official stenographer for the Fifteenth judicial circuit, comprising the counties of St. Joseph and Branch, for the full term of six years from Oct. 7. Mr. King was formerly editor of the Lansing Republican.

May Be a Case of Suicide.

WEST BAY CITY, Oct. 5.—The man killed at Fitchburg by a Flint and Pere Marquette train has been identified as Henry Davis of this city. He left home to look for work. He had been dependent for some time and is supposed to have committed suicide. He leaves a widow and one child.

Injured by an Electric Car.

WEST BAY CITY, Oct. 5.—Samuel Hess who lives here and was at work on pavement in Bay City attempted to board a passing electric car Wednesday morning when he missed his footing and fell under the car in such a manner as to catch both feet. Doctors amputated one foot and three toes off the other.

Two Theories Advanced.

STANTON, Oct. 5.—Two theories are advanced for the attempted suicide of Rev. J. B. Rowell. One is that he brooded over dissensions in his congregation, the other that he was in love. The Beulah referred to in the note he left is a girl whom he has shown more or less attention. It is barely possible Mr. Rowell may recover.

Pattengill's Big Undertaking.

LANSING, Oct. 5.—Superintendent of Public Instruction Pattengill has divided the state into 21 districts and will hold a conference in each one of them on some Friday during the fall and winter. After the conference a public rally will be held, with a teachers' institute the next day.

Enlargement of the Hospital.

LANSING, Oct. 5.—The board of control of the industrial school for boys has adopted plans for the enlargement of the institution hospital, the erection of which will soon be commenced. There have been no new cases of diphtheria at the school since Sunday.

BUCKLEN'S ARNICA SALVE.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chillsbains, Corns, and all Skin Eruptions and positively cures Piles, or no pay required. Causing Comment.

HOUGHTON, Oct. 5.—The revoking of Marshal Foley's commission as deputy sheriff on account of duplicity in securing the reward for the recovery of the \$70,000 stolen from the Mineral Range expresscar, in advance of his chief, is causing a great deal of comment.

Retired From Duty.

KALAMAZOO, Oct. 5.—Conductor Depew and the rear end brakeman on train No. 8, which was run into early in the morning on Tuesday, Sept. 26, have been relieved from duty by the Michigan Central company, on the ground of carelessness.

Alpena Firm Assigns.

ALPENA, Oct. 5.—C. A. McGregor & Company, clothing and shoe dealers, have made an assignment to J. W. Fitzgerald. Liabilities about \$15,000; assets ample to pay all creditors.

Wants the Banks to Report.

LANSING, Oct. 5.—Commissioner of Banking Sherwood has called upon all state banks for a report of their condition at the close of business Oct. 3.

Homes for World's Fair Visitors.

In view of the crowded condition of Chicago and its hotels during the World's Fair period, Poole Bros. have done a public service in issuing a very carefully prepared list of the homes in Chicago that are thrown open to the public on this occasion. The list is complete and gives the name, location, and number of rooms, etc., so that correspondence may be had and arrangements made before the visitor comes to Chicago. This list is accompanied by splendid sectional maps of the city on a large scale, by which the location of every house can be accurately found. Copies can be obtained at the Michigan Central ticket office at the publisher's price, 50 cents—less really than the value of the maps themselves.

COUNCIL PROCEEDINGS.

[OFFICIAL.]

Regular session.
Called to order by Pres. Watts.
Roll called. Full board present.
The Journal of the last session approved.

COMMUNICATIONS FROM THE MAYOR.

To the Common Council:

Gentlemen:—I have the honor to report that I have not approved of the resolution passed at your last meeting adopting the report and recommendations of the finance committee. The Common Council recommended to the Board of Public Works to appoint Prof. Chas. E. Greene, consulting engineer to take charge of the construction of the main sewer. Upon this recommendation the Board appointed Mr. Greene. Having been employed, Mr. Greene cannot be legally dismissed without cause. No cause is assigned in this report and there is no intimation that any cause exists so far as Mr. Greene is personally concerned.

The construction of public works is by the charter placed under the supervision of the Board of Public Works. That Board is made solely responsible for the manner in which such works are constructed and that Board is given sole power to employ an engineer in the first instance; the Common Council having merely authority to fix his salary. There is no provision of the charter giving the Council authority to determine that any particular person "shall take full charge of the laying and construction of the main sewer" in the language of your committee's report; such authority belongs exclusively to the Board of Public Works.

Perhaps the foregoing are sufficient reasons for not approving of your action in this matter but common fairness requires that the reasons given by the committee in support of its recommendation should be considered. There are in effect that the salary of the street commissioner who has charge of the men at work upon this improvement added to the salary of the engineer and assistant engineer and Mr. Greene, aggregate \$400 per month and will amount for three and one-half months, the estimated time that it will take to construct the main sewer, to \$1,200. This is less than five per cent. of the estimated cost of the work and it includes hiring workmen, keeping their accounts and all superintending work of every kind. It would be very difficult to find a public work of equal magnitude where this kind of labor costs so little. It is not more than half the ordinary cost, and the cost of the most actually paid for supervision alone. The committee say that "we believe it borders on extravagance." But cost is not the only consideration. The main sewer is the foundation of the system of sewerage for the whole city. If that fails the whole system goes down with it. The construction of this sewer therefore, should be in charge of some one whose technical knowledge, ability and experience put his competency for the work beyond question. Prof. Greene is such a man. Perhaps Mr. Key, in fact, would be just as efficient. He has acquired an excellent reputation as an engineer, although he is still an undergraduate student. There may be good reason to believe that Mr. Key is qualified to supervise this work, but we do not know that he is, and it cannot be known until he has been tried. Officers representing the public have no right to employ a man to do work for the public that they do not know is competent, when a competent person can be had.

B. M. THOMPSON, Mayor.

Sept. 21, 1893.
Ald. Manly moved that the communication be received and filed.
Adopted.

PETITIONS AND COMMUNICATIONS.

To the Common Council:

The Board of Public Works beg leave to report progress in the matter of construction of the sewer. Since September 23d, there has not been any work done in laying pipe, on account of not having the sewer pipe. The company reports, that a short delay in loading 24 inch pipe is caused by two bad kilns. Six cars have been ordered, and the contract was made, and to this date four cars have arrived. They say that during the coming week they can ship all pipe as fast or faster than wanted. There is wanted 130 feet of pipe, such as are used for sewer ditching and we have asked for bids on same, and have two bids, the Kalamazoo Foundry and Machine Company and Mr. G. B. Wright.

All things considered, we recommend that the bid of the Kalamazoo Foundry and Machine Company be accepted, at \$125.18 each car (each additional foot add eight cents to price).

WM. J. MILLER, Clerk.

Ald. Martin moved that the communication be received and filed.
Adopted.

To the Common Council:
In obedience to your direction, I hereby submit report on the laying out of Huron street, east of Twelfth street.

That on the twenty-first day of November, 1892, a petition in due form was made to the common council, praying for the laying out and construction of a street on a line of east Huron street, projected easterly from Twelfth street to Observatory street; such petition was referred to the street committee, and on the 21st day of December, 1892, the street committee made report thereon, recommending that the prayer of the petitioners be granted. At the same meeting a resolution was passed laying out this street. These proceedings can be found:

The petition on page 107 of printed record. Report of committee on page 110 of printed record.

Resolution laying out street on page 112 of printed record.

The report, resolution and petition are in due form.

The right of way had been acquired before any of these proceedings were taken, and the deed therefor will be found duly recorded in the 125 of deeds at page 134.

That on the first day of March, 1893, the council fixed the grade for said street by resolution duly passed.

See printed record page 136. I am of the opinion that all of the proceedings had in acquiring title to laying out and fixing the grade of this street have been duly taken and are in all things legal.

All of which is respectfully submitted.
Dated, October 2, 1893.

E. B. NORRIS, City Attorney.

Ald. Prettyman moved that the communication be received and filed.
Adopted.

To the Honorable Common Council:
Gentlemen:—The undersigned petitioner respectfully asks permission of your honorable body to build a one story building, size 18 by 40 feet, on South State street next north of the store now occupied by Mr. Alvin Wiley, said building to be covered with pressed steel brick, a metal covering and to be roofed with metal.

Your petitioner respectfully asks that your honorable body take action on this petition this evening if possible, as your petitioner wishes to begin building at once if said permission is granted. And your petitioner will ever be, Sirs,

Ann Arbor, Oct. 2, 1893.
J. H. NICKELS.

Ald. Prettyman moved that the communication be received and referred to the Fire Department Committee, with power to act.

Ald. O'Mara moved to amend by adding Fire Commissioners and to strike out "with power to act."

The original motion as amended, prevailed.

A petition signed by Chas. A. Muma and two others, residents and property holders of the city of Ann Arbor, asking that a sidewalk be ordered built on the south side of East Huron street, from Ingalls street to the east line of the city's property.

Referred to sidewalk committee.

To the City Council of Ann Arbor:
Sirs:—In order to avoid continued trouble and to determine the necessity of a line fence between lands of Gustave Walter and those of the estate of Augustine H. Markham on South Seventh Street. I petition that fence be viewed by the city and that your body in accordance with the legal requirements.

Respectfully yours,

HERMAN C. MARKHAM.

Ald. O'Mara moved that the communication be received and filed.
Adopted.

The Ann Arbor Savings Bank submitted a bond in the sum of \$80,000 for the deposit of the city's moneys.

Referred to bond committee.

Your Painter

has often wasted time and material in trying to obtain a shade of color, and has even resorted to the use of ready mixed paints, the ingredients of which he knew nothing, because of the difficulty in making a shade of color with white lead. This waste can be avoided by the use of National Lead Company's

Pure White Lead Tinting Colors

These tints are a combination of perfectly pure colors, put up in small cans, and prepared so that one pound will tint 25 pounds of Strictly Pure White Lead to the shade shown on the can. By this means you will have the best paint in the world, because made of the best materials—

Strictly Pure White Lead

and pure colors. Insist on having one of the brands of white lead that are standard, manufactured by the "Old Dutch" process, and known to be strictly pure:

"Armstrong & McKelvy"
"Beymer-Bauman" "Eckstein"
"Fahnestock" "Anchor"
"Kentucky" "Morley"
"Southern" "Shipman"
"Red Seal" "Collier"
"Davis-Chambers"

These brands of Strictly Pure White Lead and National Lead Co.'s Pure White Lead Tinting Colors are for sale by the most reliable dealers in paints everywhere. If you wish to pay in advance, it will pay you to send to us for a book containing information that may save you many a dollar; it will only cost you a postal card.

REPORT OF THE FINANCE COMMITTEE.

To the Common Council:
Your Committee on Finance to whom was referred the petition of S. P. Banfield, relative to the sidewalk tax imposed on his property situate at the north-west corner of North Main and Fifth streets, respectfully report that after full consideration and to avoid litigation, we recommend that such sidewalk tax be canceled on the execution and delivery to the city of a deed of the land now occupied by Felch street. We also recommend that the city surveyor procure a proper description of the land so occupied by Felch street and that on delivery of a proper deed therefor the City Treasurer be directed to receipt for such sidewalk tax, and that the City Attorney do look after the sufficiency of the papers.

Respectfully submitted,
W. L. TAYLOR,
WILLIAM HERZ,
FRANK WOOD,
Finance Committee.

Ald. Prettyman moved that the report be accepted and adopted.

Adopted as follows:
Yeas—Alds. Schairer, Wagner, Herz, Snow, Wood, O'Mara, Ferguson, Taylor, Manly, Prettyman, Kitson and Pres. Watts—12.

Nays—Ald. Martin—1.

ORDINANCES.

Second reading by sections, of "An Ordinance Relative to Street Railways, and Authorizing the Ann Arbor Street Railway Company to Extend its Railway Lines."

First reading by title of "An Ordinance to Authorize the Ann Arbor Fuel Gas Company to Construct and Operate Gas Works and Lay Pipes Through the Streets, Alleys and Public Places of the City of Ann Arbor, for the Purpose of Supplying Gas for Fuel for Citizens of the City."

Ald. Manly moved that "An Ordinance Relative to Baggage Wagons, Drays, Omnibuses, Hackney carriages and other Public Vehicles," be laid on the table.

Adopted.

REPORT OF THE SIDEWALK COMMITTEE.

To the Common Council:
Your Committee on sidewalks, to whom was referred the resolution offered in common council Sept. 18, asking for an appropriation to construct an artificial stone crosswalk on the west side of State street, crossing Washington street, would respectfully report that the appropriation be made of \$75, to build said crossing, as said crossing is a necessary public improvement. The petition referred to your committee at its last meeting asking for artificial stone crossings at the intersections of William and Division streets and William street and Fifth Avenue, we would recommend that the cost of the same be deferred until a more opportune time.

Respectfully submitted,
ARTHUR J. KITSON,
WILLIAM HERZ,

J. O'HARA,
FRANK WOOD,
Sidewalk Committee.

red the opening of the bids for sewer bonds would respectfully report that they have had the same under consideration. But one bid was received, that of the Ann Arbor Savings Bank, which your committee encloses and makes a part of its report.

Your committee would recommend that the bid of the Ann Arbor Savings Bank offering to take \$5,000.00 worth of the earliest maturing bonds at par be accepted.

Your committee would also recommend that the bid of the Ann Arbor Savings Bank offering to take the remaining \$25,000.00 worth of bonds at a discount be not accepted.

Your committee would also recommend that the City Clerk re-advertise for bids for the remaining \$25,000.00, bids to be opened on Nov. 6th, 1893.

All of which is respectfully submitted.

W. W. WATTS,
H. G. PRETTYMAN,
W. J. MILLER,
Committee.

Ald. Prettyman moved that the report be accepted and adopted.

Adopted.

To the Honorable Common Council:

GENTLEMEN:—Your committee to whom was referred the matter of estimates on the furnishing of the new city offices would respectfully report that they have had the same under consideration. Your committee has examined sketches and plans presented by both local and outside firms and are of the opinion that the city should furnish the office in a manner not extravagant but in a manner that will compare favorably with the new building and with the growing importance of the city.

In the City Clerk's, City Assessor's and Treasurer's offices the committee are favorable to having bank fixture fronts put in, and each to be provided with a roll curtain desk, office chairs, two stools, a settee, and four common arm chairs. The marshal's office to be furnished with furniture now owned by the city and used in the Clerk's office. The Board of Public Works' room to contain a flat top desk, a table, a large table 3 by 8 feet and a number of arm chairs. The City Engineer's room to contain a flat top desk; four chairs besides the drawing tables which the city owns. The committee room to contain a flat top desk, a table and chairs. Besides these there may be some small articles that the committee has overlooked. Your committee therefore recommends that an appropriation of \$1,500.00 be made for the purpose of furnishing the city offices.

All of which is respectfully presented.

W. W. WATTS,
FRANK WOOD,
A. P. FERGUSON,
W. J. MILLER,
Committee.

Ald. O'Mara moved that the report be accepted and adopted.

Adopted as follows:

Yeas—Ald. Herz, Snow, Wood, O'Mara, Ferguson, Manly, Prettyman, Pres. Watts—8.

Nays—Ald. Schairer, Wagner, Martin, Taylor, Kitson—5.

J. B. Johnston, '93 lit, has been appointed assistant in morphology.

L. A. Strauss, lit '93, has been appointed assistant in English and Rhetoric.

The Sigma Alpha Epsilon house will not be ready for occupancy for about two weeks.

No work has been done on the gymnasium during the summer, except laying the floor.

Manager Baird has arranged for a game with D. A. C. next Saturday, either here or at Detroit.

Edward Walsh, Hawaiian commissioner to the United States, has entered the law department.

The Phi Delta Phi law fraternity has a chapter house this year, for first time since it was established here.

The last year's graduating class of 731 members was the largest class ever graduated from an American University.

The first Faculty concert will occur at Newberry Hall, Thursday evening, Oct. 5. Tickets may be obtained at office of School of Music at Newberry Hall.

The list of Freshmen who have successfully passed their entrance exams was posted in the main hall Saturday. About seventy failed to reach the required standard.

The Hobart Guild this term offers a course in Delsarte to the ladies and a course in physical training to the gentlemen. Applications should be sent to the curator of Harris Hall.

The ladies of the Woman's League and S. C. A. are holding informal receptions to the university girls every afternoon from five to six in the ladies' parlors at Newberry Hall.

The Hand Book was issued from the Argus job rooms, which fact alone insures its mechanical excellence.—U. of M. Daily. The job printing for the students being done at the Argus office is acknowledged to be of the highest grade of mechanical excellence.

The Choral Union met Wednesday for its first rehearsal. The Messiah will be given again this year, and Requiem, by Verdi. All old members are requested to be present, and all persons wishing to enter are requested to see Prof. Stanley at once at his office in the School of Music, from 9 to 12 daily.

Saturday afternoon, about half an hour after practice had been begun, James Van Dusen, center rush on the second eleven, became entangled in a scrimmage and broke his left leg below the knee. He was carried into the medical building, and the leg was set by Dr. Breakey. Van Dusen is a sophomore in the medical department and was a promising candidate for the team.

Arrangements are being made for the opening reception of the year by the S. C. A., to be held at their commodious quarters in Newberry Hall, Friday night. A general invitation is extended to all students of the University, and it is expected that there will be an attendance of twelve hundred old and new students. A reception committee of seventy will see that all present know each other. A novel method of identification has been adopted. Upon a yellow card tied to the person by means of a blue ribbon, the name of the bearer is written.

Chelsea.

H. M. Wood, of Ann Arbor, was here Wednesday.

C. E. Letts, of Detroit, was here the first of the week.

Wheat and fall feed are growing nicely since the rain.

Wm. Bury, of Lima, had eight sheep killed recently by dogs.

E. G. Hoag, of Detroit, was among relatives here this week.

H. Gregory, of Gregory Station, was here last Monday on business.

They are talking of having a revival at the M. E. church in November.

Mrs. Jas. F. Harrington has been very sick this week with kidney trouble.

Quite a number from here are attending the Stockbridge fair this week.

Preparations are being made for the fair here next week, and a good one is expected.

B. F. Tuttle has moved back here from Wolf Lake, where he has been for several years.

Chelsea has had no property destroyed by fire within the past year, which is unusual.

The Evening News excursion to the Fair passed here Tuesday with 13 well filled coaches.

C. E. Babcock will be found at Schenk & Co.'s store when they move into their new store.

Miss Helen D. Thompson returned from her visit with her uncle at Mt. Vernon, N. Y., Tuesday.

Planting and sowing still continues since the rain of Tuesday. Some wheat and much rye will yet be sown.

Sidney Harrington, of Jackson, has been here several days this week on account of the sickness of his mother.

Some are now picking apples and the crop is better than was expected. A good many apples will be shipped from here this fall.

Henry Kuhl, of Sharon, took out timbers and lumber on Wednesday to build his barn again, which was burned a few weeks ago.

The latest addition to the population of Chelsea is a donkey, purchased of the Whitney show last week, for the edification of the children. They have great sport with it.

The Lutheran church had a district conference here last Sunday. There were 16 ministers here from the various churches in the district and very interesting addresses and other services were had.

The market has been active the past week and arrivals large. Wheat now brings 60c for red or white, rye 42c, oats 28c, barley \$1.05, beans \$1.35, clover seed \$5, apples 50c, pears 50c to 75c, potatoes 35c, eggs 15c, butter 22c.

Changes in the University Faculty.

The faculty in the homeopathic school, as a result of the trouble in that department last year, has been almost wholly reorganized, and in the other departments also the changes, new appointments and promotions are unusually large.

Dr. Obetz still remains dean of the faculty, but Dr. Mack succeeds Dr. MacLachlan as secretary. Both Drs. Wood and Gatchell have resigned and are succeeded by Drs. Maurice P. Hunt and E. R. Eggleston, respectively.

Both Profs. Kelsey and Hudson have returned from Europe and will resume work with classes. Mr. Levi has also returned. Prof. Spalding has been granted a leave of absence to go to Europe, and his place will be temporarily filled by Mr. Newcombe, with the title of acting assistant professor. Mr. Merks has also gone to Europe, having received a traveling fellowship. Mr. Sober has left for the University of Wisconsin and Dr. Abel has accepted a position at Johns Hopkins. Mr. Rebec and Mr. Voss have left, and Mr. Rowe goes to the University of Colorado. Mr. Allor, instructor in astronomy, has resigned and will become a student again, in the law department. He is succeeded by S. D. Townley, of Lick Observatory. Mr. Ward and Mr. Metzler have also left.

Prof. Lombard's position has been made permanent. Five new junior professorships have been created, and will be filled as follows: Prof. Rolfe, of Latin; Hempl, of English; Campbell of metallurgy and metallurgical chemistry; Novy, of hygiene and physiological chemistry; and F. M. Taylor of political economy.

Dr. Arthur R. Cushing takes Dr. Abel's place and Mr. Alexis C. Angell, of Detroit will lecture on constitutional law in the law department during the absence of Prof. McLaughlin. George H. Mead has been promoted to assistant professor of physiology and Dr. Ames to acting assistant professor of American history.

Besides the new appointments already mentioned there are the following new ones: Dr. James A. Craig, professor of Oriental languages; George E. Dawson, instructor of English; Moses Gomberg, of organic chemistry; Clarence G. Wrentmore, of descriptive geometry and drawing; Karl E. Guthe, of physics; Tobias Diekhoff, of German; Geo. A. Miller, of Mathematics; Marshall S. Brown, of history; Wm. F. Edwards, of Chemistry; Dean C. Worcester, of animal morphology; and Max Winkler, of German.—U. of M. Daily.
