## SCHAIRER & MILLEN

## A BRILLIANT SUCCESS

Scored by the First Concert of the May Festival.

### Mlle. Emma Calve

Will Be the Star at the Concert This Evening.

Crowds of Stragglers in Town and the Musical Enthusiasm Though Dampened by the Weather Yet Runs Very High.

All day yesterday visitors began to put in an appearance in Ann Arbor for the purpose of attending the now justly celebrated annual May Festival. Every train brought its quota of ladies and gentlemen, a large delegation coming in from the south, from Cincinnati and points north of that city. The warm weather and frequent rains have resulted in the campus being in its prettiest condition, and these rains seem destined to keep on falling, as rain has always fallen at each of the preceding festivals, in copious abundance.

Of course the greatest interest in the appearance of Mlle. Emma Calve in tonight's concert, but there is not a concert in the whole program of five that is not worth the while of a lover of music to go miles to hear. The three previous festivals all had singers of note as the main attraction—the first year Emma Juch, next Nordica, and last year the deceased Frau Lohse-Klafsky. Each succeeding festival has been on a larger scale than its predecessor and this one eclipses them all. Every seat in University hall has been taken and there promises to be an audience of 3,500 in the hall tonight.

Last night the hall was filled with a large and brilliant assemblage and the concert was from start to finish an enthusiastic success. The first number on the program was the "Chorus Triumphant" sung by the Choral Union of 300 voices accompanied by the orchestra and organ, and conducted by the composer Prof. Albert A. Stanley. It was accorded a most cordial reception by the audience which must have proved very grateful to Ann Arbor's great musician. A symphonic poem "Les Preludes" by the orchestra conducted by Mr. Emil Mollenhauer was the next number and with the overture "1812," was a direct departure from the ordinary run of orchestra music that is usually placed on a program.

J. H. McKinley met with a generous reception in his tenor solo, an aria from "The Queen of Sheba." Miss Jennie Mae Spencer, contralto, with her pleasing stage presence was at once a favorite and charmed her audience with her sympathetic rendering of the recitative and aria from "Donna Caritea."

Signor Campanari was suffering from a severe cold but he easily carried away the honors of the evening in his number the monologue from "Fals-taff." He was accorded a rousing encore and responded to it with the "Torreador" song.

Mrs. Frances Dunton-Wood followed Campanari in the beautiful aria "A Patria Mea," and received a most cordial reception by reason of her clear and bell like tones.

The beautifully magnificent "Stabat Mater" by Rossini, sung by the soloists and Choral Union and accompanied by the orchestra was the feature of the evening and the soloists added to the good impression they had already made while the chorus sang in a manner which showed the perfect training they had received at the hands of Prof. Stanley and which disarmed all criticism.

The concert this afternoon is an orchestral one with a solo the aria "Be thou faithful unto death" by Mr. McKinley. At the concert tonight all the principal singers in the Festival will take part. Calve will sing three numbers, the fourth scene from "Hamlet" known as the "Mad Scene," an aria from "Carmen" and an aria from "La Perle du Brazil," with flute obligato by Charles K. North. Heinrich Meyn, Mrs. Katherine Bloodgood, Barron Berthold and the Boston Festival orchestra of 50 pieces are also on the program. Tomorrow afternoon is an orchestral matinee and at the last concert in the evening "Arminius" by Max Bruch will be rendered with Mrs. Katherine Bloodgood as priestess, Barron Berthold as Siegmund, and Gardner Lamson as Arminius. L. L. Renwick will be the organist and Prof. Stanley will wield the conductor's baton.

### High School Oratorical League.

A meeting of those interested in oratory was held in the high school Wednesday afternoon and the first step towards forming a Southern Michigan High School Oratorical League was taken by the organization of a home association. The meeting was under the direction of Prof. Trueblood. The league will be composed of Ann Arbor, Detroit, Kalamazoo, Saginaw, Grand Rapids and Bay City high schools. The association adopted a constitution which provides for an annual contest to choose the orators that will represent the high school in the contest of the league. Two prizes of \$25 and \$15 will be awarded the winners.

### WEBSTER FARMERS' CLUB.

A Very Interesting Meeting and Some Good Discussions.

On Saturday last the monthly meeting of the Webster Farmers' Club was held at the residence of Hon. Wm. Ball, in Hamburg. The attendance was about an average one in numbers. As Mr. Ball's home is on the outer circle of the membership, many had to drive from 10 to 15 miles. An unusually well worked farm with a commodious and well arranged array of buildings greeted the eye as we approached our place of meeting, and on arrival Mr. Ball and family made each feel a sense of ease and comfort. Hence, through the social and literary part of the program, there was freedom and a disposition to interchange thought without show of hesitation. In fact, the time seemed too short to give opportunity for all who desired to express themselves fully on the subjects discussed.

Miss Alice Ball gave a beautiful selection in verse relating an incident in the War of the Rebellion. This was well rendered and thrilled quite perceptibly a number of old soldiers who were among the listeners. Mary B. Merrill, the little daughter of our president, recited a nice selection portraying "Grumble Corner and Thanksgiving Street."

After some beautiful selections of music had been rendered with Miss Julia Ball at the piano, W. W. Smith read a well written paper on "Watchfulness," and recommended watchfulness of self, of individuals and our relationship to our beloved country.

C. M. Starks showed, through his knowledge of history, that neglect of watchfulness leads to sad results. Wm. Ball believed "watchfulness had been carried on to excess. Doing is what will give good results. Less criticising, less fault finding and more doing is the road leading towards success. Many believe that the farmer has been going down hill and no other class has. This is not true. The farmer is as well off as any other class. These periods of depression seem to come in the natural course of things and we must accept the situation. Things are brightening and we may look for better times in the near future, in fact the depression is beginning already to leave us and we should gather new courage."

The hopeful view indulged in by Mr. Ball seemed to be the sentiment of a large majority of those present. The small minority who are totally wanting in faith in that direction felt, apparently, that it would be almost wicked to disturb the wonderful "peace of mind" that had taken possession of these well meaning people. Even the credulous minority were almost persuaded from the glow of good feeling, that our farm property would soon appreciate in value and we once more take our place among the prosperous ones of earth.

E. A. Nordman kept a close watch on Mr. Ball as he gave utterance to the pleasant outlook, and responded with, "If Ball practices what he preaches he is a good one." It is my belief that he will agree with me that a closer watchfulness toward our public servants' actions should be practiced.

"What can be done to improve our roads with our present system," was discussed by Lewis Chamberlain, Henry Queal, Cyrus Starks and others. The discussion was a practical one advocating wide tires, better drainage, more gravel, etc. Mr. Starks emphasized his remarks with quite a display of native oratory, with now and then quotations from our best poets, and familiar references to the classics.

An invitation from the Salem Club to meet with them June 2 was unanimously accepted.

### HAD HIS HAND CUT OFF

But Slept In a Barn All Night Before Having It Dressed.

Samuel Preston, a young colored man, of Ypsilanti, tried to catch the 11:57 train Sunday night but slipped. His left hand was caught under the wheels and horribly mutilated. Preston walked up Cross st. and, going into a barn without having called on a surgeon, slept there until morning before anybody knew that medical assistance was needed for him. Dr. Hull was summoned Monday morning and amputated all the fingers on the left hand with the exception of half of the index finger. Preston was extremely weak when found, having suffered the loss of a great quantity of blood.

### School Money Apportionment.

The following is a statement of the apportionment of the library moneys to the several cities and towns in the county and the number of children in each place on which the per capita of 54 cents each is paid: Ann Arbor city, 2,540 children, \$1,371.60; Ann Arbor town, 235, \$126.90; Augusta, 575, \$310.50; Bridgewater, 296, \$159.84; Dexter, 240, \$129.60; Freedom, 453, \$244.62; Lima, 285, \$153.90; Lodi, 301, \$162.54; Lyndon, 209, \$112.86; Manchester, 641, \$346.14; Northfield, 286, \$154.44; Pittsfield, 287, \$154.98; Salem, 266, \$143.64; Saline, 533, \$287.82; Scio, 520, \$280.80; Sharon, 330, \$178.20; Superior, 305, \$164.70; Sylvania, 676, \$365.094; Webster, 191, \$103.14; York, 611, \$329.94; Ypsilanti town, 278, \$150.12; Ypsilanti city, 1,597, \$862.38; total, 11,655, \$6,293.70.

## TWO RAILROAD CASES

And Verdicts Given Against the Companies in Both.

### A TWICE TRIED CASE

Reverses the Verdict Rendered by the First Jury.

Mrs. Hattie E. Bond Gets a Verdict of \$1,500 Against the L. S. & M. S.—Aug. Mensing Gets \$2,000 of the M. C.

Two railroad cases have been decided against the railroads in the circuit court this week, by which judgements of \$1,500 against the Lake Shore and \$2,000 against the Michigan Central were obtained.

The case of Mrs. Hattie E. Bond vs. The Lake Shore and Michigan Southern took three days to try. Mrs. Bond's carriage was struck by a Lake Shore train on the Ypsilanti branch, where the State st. road crosses it in Pittsfield and she was thrown out, claiming injuries to her spine. The accident occurred in 1894. The jury awarded Mrs. Bond \$1,500, being out only a short time. It is said that the first ballot showed the jury unanimous for a verdict in sums ranging from \$500 to \$6,000.

The case of August Mensing vs. the Michigan Central R. R. was tried yesterday. Mr. Mensing lives in Chelsea. In February, 1894, he got off a Central train in Dowagiac, stepping down on a T. rail instead of on the platform, the train having stopped where he could not alight on the platform. He had a satchel in each hand and as he alighted he fell, rupturing himself. This was the second trial of the case. The jury in the first trial brought in a verdict of no cause of action, which was set aside on the ground that one of the jurymen in the case had been heard to say that he would not give the plaintiff's attorney a verdict in any case. The jury in this, the second trial, brought in a verdict of \$2,000.

### WAS WELL RECEIVED.

Acting President Hutchins Talked of the Needs of the University.

Acting President H. B. Hutchins addressed the legislature Wednesday night on the needs of the university. He was introduced by Governor Pingree and was most heartily received.

He spoke of the standing of the university, of the loyalty of its faculty in refusing better offers to remain with the institution, and urged that to remove the homeopathic department to Detroit would simply be the beginning of the end of the university itself. Wisconsin gave its university \$422,000 a year, he said, while Michigan gets but \$188,000. He asked for a \$30,000 appropriation for a law department building, and was followed by Prof. Cooley, who asked for a \$20,000 appropriation for a lighting plant. With a plant of its own, the university, he said, would save \$3,000 a year in lighting expenses.

### Must Be Very Fastidious.

Mlle. Emma Calve and her party will not come out to Ann Arbor today until just before the concert and will return immediately after it is over. The reason given by her manager was that Ann Arbor hotel accommodations are so poor. There was a time when this claim might have been made with truth, but that day is past and today Ann Arbor has as good hotel accommodations as can be found anywhere in a city of its size. Who is this great and mighty personage, Calve, anyhow, that she should be so much better than anyone else? She has been spoken of by the daily press as "a charming personage, with dainty gracious manners," and yet this same "charming personage" allows her manager to insult a city and the people of a city where she earns in less than half an hour more than her parental ancestors earned in a year. Calve is made of no better clay than any other great foreign singers who have sung in Ann Arbor and yet they could stop at our hotels. Of a truth, our cat has a very long tail.

### St. Thomas' Church Corner Stone.

A slight change has been made in the program for the laying of the corner stone of the new St. Thomas' church, on Sunday, May 30. It was at first announced that Rt. Rev. Bishop Foley, of Detroit, would perform the ceremony but it is now settled that Rt. Rev. Bishop Radaemacher, of Fort Wayne, Ind., will lay the corner stone. The bishop is a Michigan man, and was for a number of years pastor of the Catholic church at Westphalia, Clinton county. The sermon will be preached by Very Rev. Fr. Morrissey, of Notre Dame University.

A large excursion will come in from Toledo over the Ann Arbor railway, and the military companies of St. John will be invited from Detroit. Delegations will doubtless come from the neighboring parishes and our visitors on that day will be numbered by the hundreds.

### MEMORIAL DAY.

Commander Bliss Has Issued an Order as to Its Observance.

General orders No. 3 relating to Memorial Day services has been issued from department headquarters by Commander Aaron T. Bliss to all the G. A. R. posts in the state and is as follows: Again the living approach the day most sacred to the Union Army veteran. Let it be the purpose of each survivor of that army to make Memorial Day of 1897, in its observance, most impressive.

Call to your active co-operation on the occasion that noble, self-sacrificing body of women, the Woman's Relief Corps. They are our right arm and they always respond to our call. The Sons of Veterans, too, our own flesh and blood, will be found ready to join in the duties of the day.

To all citizens give most sincerely cordial invitation to participate in the Memorial exercises, and to observe the day by laying aside all business cares.

Especially invite the school children to be with you, that the lessons of the hour may impress their young hearts with the sadness of the objects that call for the observance of the day. They are in the future, perhaps, to be the ones who shall scatter sweet blossoms of springtime over our resting spots.

Comrades, let us well keep in mind the sacred nature of Memorial Day, and use all proper measures to prevent its being made a season for gaiety and sports.

Let no spot where rests the remains of our nation's heroes, our soldier dead, be forgotten on this day, if within your power to prevent.

The 30th of May, 1897, falling on Sunday, it is provided by statute law of our state that the following Monday be observed in business matters as a legal holiday. In view of this fact Monday, May 31st, 1897, has been named as Memorial Day in this department and it is hoped that the observance of that day may occur in all localities where previously made arrangements do not prevent.

A beautiful custom of our order is the attending of divine services at some church by posts in a body on the Sunday preceding Memorial Day. This year such service should come upon Sunday, May 30. Let this custom be generally observed. Where no post is established see that the clergy are especially invited to hold memorial exercises either in union or separate service.

The reading of Lincoln's Gettysburg address on Memorial day as a part of the Memorial day exercises was recommended by the 30th National Encampment. The Posts of this department will see that this recommendation is observed.

### HANGED HIMSELF.

Martin Pfeifle, of Freedom, Thus Puts an End to His Life.

On Wednesday of last week, Martin Pfeifle, an old German aged 57 years, who lived just south of Silver Lake in Freedom, committed suicide by hanging himself in a storeroom adjoining his house.

Some months ago Mr. Pfeifle fell down the cellar and broke his leg, since which time he had often remarked that he wished he had died at that time, he having done no work since. On Wednesday his wife went away to work for a neighbor, and not finding her husband in the house when she returned home went into the storeroom and there found him hanging by a rope from a beam overhead, an overturned chair near by plainly showing how the deed had been committed. He had stood on the chair, put the slipnoose over his head, tied the rope to the beam, and then kicking the chair from under him had strangled to death.

Mrs. Pfeifle gave the alarm but did not cut the body down. Frank Koebbe, justice of the peace, at once impelled a jury who after viewing the remains and questioning Mrs. Pfeifle, rendered a verdict of suicide by hanging.

The funeral services were held Friday at the house, Rev. Paul Irion conducting the same.

### Fifty Years of Wedded Life.

Mr. and Mrs. O. B. Bradley, of Ypsilanti, celebrated on Monday the golden anniversary of their wedded life, they having been united in marriage 50 years ago that day in the village of Northville.

The eventful day was not allowed to go unrecognized by their friends and in the afternoon Mr. and Mrs. Richard Northard, Mr. and Mrs. N. B. Perkins, Mr. and Mrs. Nathan Collin and Mr. and Mrs. F. P. Perry on behalf of the Congregational society, of which Mr. and Mrs. Bradley are members, surprised them by appearing at their home and presenting them with a purse of \$32 and a large quantity of flowers.

After extending their personal and the society's congratulations on the aged couple having reached this unusual period in the lives of married persons, they spent a pleasant afternoon and, departing, wished them many happy returns of the day.

Mr. Bradley lacks but 10 days of being 73 years old, and his partner in life was 68 years old on May 1st. They have been residents of Ypsilanti for 40 years. One son, Frederick A. Bradley, of Jackson, accompanied by his wife and children, was present at the anniversary.

# Nervous

People often wonder why their nerves are so weak; why they get tired so easily; why they start at every slight but sudden sound; why they do not sleep naturally; why they have frequent headaches, indigestion and nervous

## Dyspepsia

The explanation is simple. It is found in that impure blood which is continually feeding the nerves upon refuse instead of the elements of strength and vigor. In such condition opiate and nerve compounds simply deaden and do not cure. Hood's Sarsaparilla feeds the nerves pure, rich, red blood; gives natural sleep, perfect digestion, is the true remedy for all nervous troubles.

# Hood's Sarsaparilla

Is the One True Blood Purifier. \$1 per bottle. Prepared only by C. I. Hood & Co., Lowell, Mass.

At the meeting of Fraternity Grange to be held Tuesday, May 17, Ypsilanti, "Economy on the farm," will be discussed. Among the other good things will be a sketch of the history of the present ruling house of Spain, by Mrs. John McGraw and a paper by Mrs. Elton Sanderson, entitled "Some means of grace in the farmer's home."

An exchange says that every paper in the state should publish that burnt corn is good for hog cholera. It was discovered by burning a pile of corn belonging to a distillery. It was thrown to the hogs and eaten by them. Before that a number of them had been dying from cholera but the disease immediately disappeared. It is so simple a remedy that it can be easily tried.

Last November Gilbert Riggs, of Van Buren township, lost a heifer, valued at \$28. He swore out a warrant for the arrest of Lee Brown, a young man of the neighborhood, charging him with stealing the animal. On examination before Justice Smock, Brown was first acquitted and then re-arrested, on a change in the information, and held for trial in the Wayne circuit court. When the case was tried last February, the young man was again acquitted. Now he has begun suit against Riggs in the Wayne circuit claiming \$10,000 damages for malicious prosecution and false imprisonment.—Ypsilanti Sentinel.

The deceased lady was 62 years of age and had been an invalid for a long time. She was born in Honesdale, Pa., but had been a resident of Ypsilanti for upwards of 40 years. The funeral services were held at the house Tuesday afternoon.

Two young Germans from Saline had a runaway accident Sunday evening at the corner of Congress and Adams street. The kingbolt came out of the buggy and they became separated from the horse, which was going at a good jog, as easily and quickly as a South Dakota divorce would do the job on a husband and wife. The horse proceeded on his way to Saline.—Times.

A rag carpet social given by the ladies of Willis Hive, L. O. T. M., at Whittaker Corners, last Friday evening was productive of a good time and lots of fun. Each lady took with her a ball of carpet rags and refreshments. Most of those present were dressed to represent some character and prizes were awarded to the owners wearing the prettiest and homeliest costumes.

April 30th proved to be a very enjoyable day to Deacon Manning, of Salem, at least. It was his 82d birthday, and Rev. W. H. Betts, of Vassar, whose birthday is on the same date, came to Salem and they celebrated their anniversaries together. A sumptuous dinner was served, to which Mr. Manning's daughter, Mrs. Hamilton and family, Mr. and Mrs. John Martin, and Pastor Thrasher and family were invited. Later in the day about 25 older members of the church came with baskets filled with dainties to tempt the appetite. The deacon had been induced to go calling with Mr. Betts for a short time, and when they returned found the house well filled. This was a very pleasant surprise for Mr. Manning, and the afternoon passed rapidly.—Oakland Excelsior.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alternative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, dizziness yield to Electric Bitters. 50c. and \$1.00 per bottle at Eberbach Drug and Chemical Co., Ann Arbor.

## HYSTERIC.

Women Should Understand This Strange Nervous Derangement.

A Symptom of Something Far More Serious—Mrs. Barris, of Beaver Springs, Relates Her Experience.

The spasm at top of wind-pipe, or in bronchial tubes, the "ball rising in the throat," violent beating of the heart; laughing and crying by turns; muscular spasms; throwing the arms about, etc., tell of a derangement of the female system.

Any female complaint may produce hysterics, which must be regarded as a symptom only. The cause, whatever it may be, yields quickly to Lydia E. Pinkham's Vegetable Compound. It acts at once upon the organ affected, and the nerve centers; removes the cause, and dispels effectually the symptoms.

Mrs. Barris relates her experience for the benefit of others. "I had been sick with ulceration of the womb, causing all kinds of disagreeable experiences, such as irritability, sleeplessness, faintness, and at times hysterics. My physician said it was the worst case he ever had. My back ached, leucorrhoea very profuse, and I had a severe bearing-down pain. The physicians thought I should never recover, and as the last remedy, they procured your Vegetable Compound. I had not taken more than one-fourth of a bottle, before I was more comfortable. I continued its use, also the Sanative Wash, and Liver Pills. After using four bottles, I was able to be out, and do almost all my work. I think the Vegetable Compound is the only medicine that will cure female complaints, and it will reach the worst cases in a very short time. I know it saved my life."—Mrs. M. BARRIS, Beaver Falls, Pennsylvania. All druggists.

### Goldfish Prices.

Ordinary goldfish for aquariums can be bought as low as 10 cents each. From that the prices run up very high. As much as \$50 has been paid for a well bred telescope fish. This fish grows to be four or five inches in length. It comes from China and Japan and takes its name from its eyes, which stand out from its head like little telescopes. Fifty dollars is an unusual price to pay for a goldfish, but prices ranging from 50 cents to \$15 or more are not unusual. The higher prices are paid for beautiful Japanese goldfish with fringed and lace-like tails.—New York Sun.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. # wear off

The man with the tattoo marks on his skin would be foolish to attempt to wear them off by hard work. The person with a severe cough or cold is about as unwise to attempt to wear that off. This "wear off" idea has cost many a life.

## MEDIATION ACCEPTED.

### Greece Recognizes That the Turks Have Won.

#### THE POWERS WILL NOW INTERVENE

#### Rush Orders Sent Out to Edhem Pasha to Proceed No Further—This May Save Domokos, and Prevent the Capture of the Greek Troops There Under Command of Prince Constantine—Sultan Feels Sorry for King George.

Athens, May 11.—A collective note from the powers on the subject of mediation has been presented to the Greek minister for foreign affairs, M. Skouloudis, by the Russian minister here, M. Onou. It is said that the Greek government has accepted the conditions imposed and has confided its interests to the care of the powers. Active measures, it is further stated, were taken at Constantinople Tuesday to stop further advance of the Turkish troops under the command of Edhem Pasha.

The collective note of the powers, as cabled to the Associated Press, is to the following effect: Upon a formal declaration by Greece that she will recall her troops and agree to such autonomous regime for Crete as the powers in their wisdom shall deem best, and accept unreservedly the counsels of the powers, they will intervene in the interests of peace.

#### Negotiations Concluded.

The diplomatic pour parlars which have been proceeding all morning, have been brought to a definite conclusion. Greece has formally adhered to the preliminaries of peace as agreed upon between the powers and the heads of the different legations have received positive assurances investing them with authority to treat with Turkey. The negotiations at Athens are regarded as concluded.

Greece having accepted mediation the ambassadors of the powers at Constantinople have been instructed to approach the Turkish government with the view of ascertaining upon what conditions Turkey will agree to declare peace.

#### PEACE PREVENTS SURRENDER.

#### Edhem Pasha Has His Plans Laid to Capture Constantinople's Army.

Lamia, Thessaly, May 11.—Two thousand Turks have been sent to Lake Nezero, south of Domokos, in order to close the road behind Domokos and this port. An outpost skirmish occurred near Domokos Monday morning. Three thousand Greeks have been dispatched to reinforce the Greek troops at Domokos.

The efforts of the Greek commanders are directed toward preventing the Turks from surrounding Domokos. This latter is apparently the plan of Edhem Pasha, and would possibly result in the capture of the main body of the Greek troops under the crown prince, Constantine.

#### Feels Sorry for King George.

London, May 11.—According to the Exchange Telegraph company private advices received in London from Constantinople declare that the sultan has expressed deep sympathy for King George and the Greek government, whose hands, in his opinion, were forced by revolutionary agents at Athens and Alexandria. The sultan, according to these advices, declines to claim a war indemnity, and proposes a Turko-Greek treaty upon the simultaneous evacuation of Thessaly and Crete. Finally, it is said, that the sultan desires to deal direct with Greece, and not through the powers.

#### Likened to a Rat-Trap.

Domokos, May 11.—Domokos is a veritable rat-trap. The Turks may easily flank the Greek army on the right or on the left. Yet the place itself is almost impregnable. Five heavy Krupp siege guns have been mounted where they will have a splendid command of the Turkish approach, and there is plenty of effective field artillery. The fortifications are nearly finished and an attack is expected almost any hour.

#### What Greece Has to Pay.

Constantinople, May 11.—The expenses of the war with Greece are estimated at \$5,000,000 (\$25,000,000), which Greece will pay as an indemnity, in annual installments, guaranteed by the Thessalian revenues.

#### HOOD'S PILLS cure nausea, sick headache, indigestion, biliousness. All druggists. 25c.

#### Will Not Accept a Reduction.

Knoxville, Tenn., May 11.—A special from Jellico states that the coal mine operators have not yet decided on a proposition to the 2,000 miners now idle awaiting an agreement. It is understood that a reduction will be insisted on and it is believed the miners will not accept it.

"I have used Burdock Blood Bitters in my family for two years. It is the best medicine I ever used. It cured me of erysipelas in very short time; also cured my son of scrofula after the doctors had failed." Louie S. Woodward, Laurel Hill, Fayette County, Pa.

#### Argentine Railroads.

In the Argentine Republic the service of trains is appallingly irregular, chiefly owing to the bad state of the permanent way, which, when once laid, is left to take care of itself. The permanent way in some parts of the line is in such a dilapidated condition that almost every train is thrown off the rails. This astounding fact is contained in a recent report of the railway concerned. The rate of traveling, too, is astonishing. At one spot, on a go as you please local line, no train ever travels faster than 2 1/2 miles per hour. One may vary the monotony of the journey by getting out and taking a quiet stroll along the line, or stopping to pick up pretty flowers. There is no fear that the train will catch you up.—Harper's Round Table.

#### San Francisco Attorneys Will Ask Executive Clemency.

San Francisco, May 11.—Attorney Eugene Duprey and George A. Knight have begun the preparation of their plea for executive clemency on behalf of Theodore Durrant, which will be presented to Governor Budd next Friday.

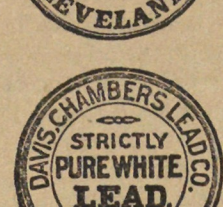

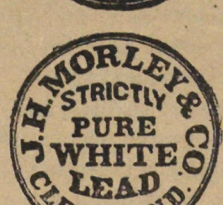

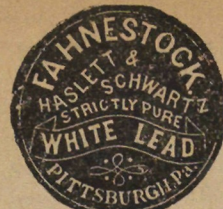

The procedure before the governor will be strictly in accordance with law. There will be no emotional or sensational appeals. The attorneys say they will be content to depend upon facts and the force of argument to save their client. It is not the intention of Mr. and Mrs. Durrant to accompany the attorneys to Sacramento, as it is understood that the governor would not see them should they present themselves. Durrant is sanguine that the governor will act favorably on his application.

# ARGUS OFFICE

The Ann Arbor Argus

BEAKES & MINGAY, PROPRIETORS.

PUBLISHED EVERY FRIDAY for \$1.00 per year strictly in advance. Subscriptions not paid in advance \$1.25 a year.

Entered at the Post-Office, in Ann Arbor, Mich., as second-class matter.

FRIDAY, MAY 14, 1897.

It is said that it will cost in the neighborhood of \$4,000 to open Catherine st. between Division and State sts. This is an improvement that has long been talked of and will some day be made as it opens up some valuable property. But if this opening is proceeded with this year at the expense of the city, it will mean a very serious curtailment of all other street improvements. For the first time in many years the city has been in debt for current expenses on April 1. The street fund is in the worst possible condition, in fact practically bankrupt. As was shown in the Argus last week, the condition of our laboring men is such that all the money spent on streets this year should as far as possible be spent in wages. Now if the city spends \$3,000 or \$4,000 for the purchase of property for street opening out of the city funds, there will be just that much less money to spend on street improvements, in fact all such work would practically have to cease, on account of lack of funds to pay for it. There is another argument which could be forcibly pressed home in favor of an assessment district, making the property benefited pay for the benefits caused by street opening but into this the Argus will not go. Suffice it to say that if the council takes from the depleted treasury of the city this year any large amount of funds to open new streets not an alderman who votes for it will be re-elected. The taxpayers and the laborers will both keep tab on them.

The city of Ann Arbor expended over \$21,000 more than it received in the year ending March 1, 1897, and what has it to show for it? This is the question which the taxpayers of Ann Arbor will do well to ponder. Was the council last year economical? Will the council this year be as extravagant as the council last year? That is the question of vital interest to us all. There is no shirking of the responsibility. The council makes all appropriations with the approval of the mayor, and the taxpayers should know just whom to hold responsible for it. The Argus is moved to make these remarks on account of the financial showing made last year as detailed below, and for the purpose of expressing plainly the warning to the new council whose record is yet to be made.

On March 31, 1896, the city had on hand \$18,551.58. On March 31, 1897, not only had all this been spent, in addition to the receipts of the year, but the city had borrowed \$2,674.62. In other words the council had spent \$21,226.20 more than the receipts for the year. This is the valuable fact to be gleaned from the treasurer's annual report published in the council proceedings last week. The usual recapitulations as to the exact amount expended and the funds from which the money was paid out were omitted from the report. The Argus has taken the pains to combine the monthly reports of the treasurer for the purpose of finding out what the city expenditures for the past year really were.

Outside of sewer expenses, the monthly reports as published in the council proceedings show that the city expended \$68,864.38, a sum many thousands of dollars in excess of that ever spent by the city in any one year before. This is entirely outside of the money spent upon the sewers. The expenditures from the various funds were as follows:

Table with 2 columns: Fund Name, Amount. Includes Contingent fund, Street fund, Bridge, culvert and crosswalk fund, Water fund, Firemen's fund, Poor fund, Police fund, City cemetery fund, U. of M. bond fund, City sites.

It will be noticed that there are no sewer expenses in this large sum of expenditures and no payment of sewer bonds included.

Compare this expenditure with the last democratic year, when the democrats had the mayor and the council and see to what extent our expenditures have grown. The statement for the year ending March 1, 1893, showed the following expenditures:

Table with 2 columns: Fund Name, Amount. Includes Contingent fund, Street fund, Bridge and crosswalk fund, Water fund, Firemen's fund, Poor fund, Police fund, City cemetery fund, U. of M. bond fund, Soldiers' relief fund.

It will be seen by comparing these years that the contingent fund expenses have increased about \$2,300, the street fund, \$10,000; the bridge, crosswalk and culvert fund, \$2,500; the water fund, \$600; the firemen's fund, \$800; the poor fund, \$300; the police fund, \$1,000 and the \$5,000 paid for city sites, while the amount paid on the bonded indebtedness decreased \$500.

The city has never had so little money in the treasury at the end of its financial year as this year, excepting in the year, some time ago, when a 25 per cent cut was made in expenditures for the purpose of putting the treasury in better condition. That cut must come again this year. Is the council equal to the emergency?

Ann Arbor should be remembered. It has been a back number as far as its street numbering is concerned too many years.

REGENTS' MEETING.

Hours of Study in the Engineering Department Increased.

At the meeting of the board of regents of the university held Wednesday every member was in attendance. The attention of the board was largely directed towards a consideration of the budget for next year. Votes of thanks were tendered Prof. W. J. Beal, of the State Agricultural college, and Mr. George H. Hicks, of the department of agriculture, for their donations of shrubs and seeds for the new botanical garden. A vote of thanks was also given to the Maharajah of Jeypore, Rajputna, India, who recently sent to the library six portfolios of architectural drawings.

The number of hours work required for graduation from the engineering department was raised from 120 to 130. This change will go into effect with the next entering class. Two of the ten additional hours will be devoted to the study of English. The remaining eight hours will be divided between mathematical and professional studies with a view to keeping them up to date as new branches are developed. One additional instructor in engineering was granted for next year. Dean Greene explained the falling off in attendance in this department as due to a lack of money for advertising.

Harry O. Severance was appointed general assistant in the library for 1897-98 at a salary of \$700.

The Penny Social.

One of the most novel and successful entertainments both socially and financially ever given in connection with the university was the penny social at the Waterman gym last Saturday evening. Between 1,200 and 1,300 people were present. The object of the entertainment was to afford an opportunity for the young people of the university to meet on common ground and become acquainted with one another, and, incidentally, to start a fund for the furnishing of the social part of the Woman's gymnasium.

Dancing was indulged in by those who liked that amusement in the men's gymnasium to music furnished by the U. of M. band and Ann Arbor orchestra, both of which kindly donated their services for the occasion. For the amusement of others a series of shadow pictures were acted out in the reception room.

The total receipts for the evening were \$335 which included 3,400 pennies, while the expenses were very small. This money is to be used for furnishing necessities in social functions of this kind. It is the intention of the league to hold at least one more of these entertainments before the year is out.

Death of Andrew Ziegler.

Andrew Ziegler, died at his residence 18 Hill st., on Friday morning after a long and busy life, aged 71 years, 1 month and 20 days. Born in Muelheim, oberamt Sulz, Germany, March 17, 1826, he came to America in 1854, and with the exception of four years, he has since that time been a resident of Washtenaw county. He leaves a widow, one son, John L. Ziegler, and one daughter Mrs. Silas T. Sweet, all of this city. The funeral services were held at the house Sunday afternoon and the remains were interred in the Fifth ward cemetery.

If the Baby is Cutting Teeth, Be sure and use that old and well-tried remedy, Mrs. WINSLOW'S SOOTHING SYRUP for children teething. It soothes the child, softens the gums, allays all pain, cures wild colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

THE TAX TITLE LAW.

Attorney-General Calls It Legalized Robbery and Should Not Exist.

Attorney General Maynard says: "The legislature will fail of doing its duty to the people if it does not pass the bill amending the law relative to tax deeds. After years of patient effort Michigan has finally secured a general tax law, which is of great value to the state. The fight for years was between the state officials on the one hand and the owners of large tracts of land on the other, the latter standing in the way of the enactment of any law which would make it less profitable for them to permit their property to be returned delinquent for taxes and sold and break the tax titles in the courts, than to pay the taxes."

"In the final defeat of these selfish citizens the state has obtained a tax law which can be objected to only because it in some instances operates as a legalized robber under the recent strict rulings of the supreme court. The amendment to which I refer requires that when a person obtains a tax deed to a piece of property it shall be issued on the condition that, if the last record owner of the fee to the property is a resident of the state, he shall be given personal notice of such and permitted to have one more chance to redeem his property by paying the taxes and costs, together with a penalty to the tax title man of whatever percentage on the latter's investment the legislature sees fit to fix."

"If the last record owner be a non-resident then notice should be given by publication. Under the present law not a week passes that I do not receive a number of letters from persons who, for their inability to raise the money or because of the neglect of their agents, or some other cause for which they were not personally responsible, have lost valuable real estate to persons who paid practically nothing for it. This, I say, is legalized robbery, and it should be abolished."

Grand Military Event.

The City of Windsor, Ont., is to celebrate the Jubilee anniversary of the birthday of Her Majesty, Queen Victoria, on May 24, in right royal style. The Queen's Own Rifles, of Toronto, one of the oldest and most favorably known Volunteer Corps in Canada and the 21st Essex Fusiliers will take part. Suitable military events, games, sports, pipe music, tug-of-war, etc., will be indulged in. The City of Windsor will see a big crowd on that day. Special rates on all railroads.

An effort is being made to raise a carload of corn to send to India for the starving there. The churches on the Leland charge are doing the work.

HOW TO FIND OUT. Fill a bottle or common glass with urine and let it stand for twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effect following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. For a simple bottle and pamphlet, both sent by mail, mention the Argus and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

Pittsfield. Miss Ida Lathrop entertained a friend from Detroit over Sunday.

Joseph Cady wheeled to Detroit last Saturday, returning Sunday.

It is rumored that we are soon to have another railroad running across the town.

Mrs. C. C. Sherwood was called to Wayne last Saturday by the death of her aunt, Mrs. Collar.

Charles Johnston, who has been suffering from an attack of congestion of the lungs, is able to be out again.

Mr. and Mrs. Aaron Ambruster were called to Maybee last week to attend the funeral of Mrs. Ambruster's uncle.

Messrs Rose, Lathrop, Jedele, Warner, Weldman, Chalmers, Hutzler, Misses Chalmers, Nichols, Lerg and Mr. and Mrs. C. W. Rose, of this place, attended the May party given at the K. O. T. M. hall, Ann Arbor, May 6.

Dr. Loomis was a former Ann Arbor boy, and Dr. George Geist graduated with the medical class of last year, and was married last Tuesday to Miss Jane Faruham, of Ypsilanti.

The Grass Lake News says: "Grass Lake has only one fault. She runs too much to stomach-stuffing. A couple of neighbors can't meet, a committee come together, or initiation be had, without refreshments. The thing promotes dyspepsia and is carried to extremes." Same kind of a thing here in Ann Arbor and it is a regular nuisance for the ladies, too. We know of one good lady who only had four "socials" in one month recently to provide for and serve at.

The only flying-machine that has ever actually flown—that is, maintained and moved itself in the air by energy generated in its own mechanism—is one lately constructed, after years of laborious and disappointing experiment, by Prof. S. P. Langley, secretary of the Smithsonian Institution. The first full and only authoritative account of this epoch-making invention will appear in McClure's Magazine for June, in a paper written by Prof. Langley himself, and illustrated with diagrams and pictures made under his direction. This is probably the most important magazine paper ever published in this country.

# A WONDERFUL ESCAPE.

Related by a Keeper of the Michigan State Prison at Jackson.

(From the Jackson Citizen.)

Mr. A. E. Wing resides at 612 N. Jackson Street, Jackson, Mich. He is a keeper in the Michigan State Prison, a man of sterling integrity, and whose word is beyond dispute. He tells the following story of a wonderful escape, and the incidents connected with the dangerous position in which he was placed. He says, some months ago my attention was attracted by a swelling of my groins, which began to increase in size to such an extent that I was alarmed. It spread down my legs to my feet, and I was bloated from my waist down, so badly that I could not pull my pants, over my legs, and I had to open my shoes fully two inches before I could get them on. Even my face became puffed up; and my whole system seemed affected. I could hardly drag myself upstairs to unlock my men. I consulted a physician, one of the best in the city. He said the swelling was caused by an irritation of the kidneys, and I commenced treatment with him. But I seemed to be getting worse. I was strongly urged by a friend to try Doan's Kidney Pills, and I finally consented. After the first week I commenced to see a change, and felt much better. This was encouraging, and I continued their use. I took five boxes in all, with the happy result that I was completely cured. I have never heard of any medicine which had such a pronounced and radical effect, and yet not affect the system generally and leave it in such a good condition. I feel better now than I ever did. After the effect was once established the swelling gradually disappeared until it was entirely gone. I regard Doan's Kidney Pills as a most wonderful agent in the curing of any form of kidney disorder.

For sale by all dealers—price, 50 cents per box. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other.

## AN ORDINANCE

Authorizing the Construction, Maintenance and Operation of an Electric Telephone Exchange Within the City of Ann Arbor.

The Common Council of the City of Ann Arbor ordain:

Section 1. That the New State Telephone Company, a corporation organized under the Laws of the State of Michigan, be and hereby is licensed and given permission and authority to construct and maintain in the City of Ann Arbor an electric telephone exchange and for this purpose to erect, maintain, operate and use in the public streets, avenues and alleys of said city necessary poles, masts, wires and other apparatus, and to rent and collect rent there for telephones, subject however, to the conditions and limitations in this ordinance contained.

Section 2. All poles, masts and wires shall be placed and erected under supervision of the board of public works of the City of Ann Arbor, whose duty it shall be to see that such poles, masts and wires are erected and constructed and maintained in such manner as not to annoy or interfere unnecessarily with the owners or occupants of property in said city, or with shade trees, and in such manner as not to interfere with the traffic upon the streets, avenues and alleys of said city.

Section 3. Whenever said New State Telephone Company, or its successor or assigns, shall propose to enter upon any street, alley or avenue in said city for the purpose of erecting poles and masts therein and stringing wires therein, it shall, five days previous to the delivery of any poles in said street, avenue or alley, and five days previous to the erection of any pole or mast or the stringing of any wire in said street, avenue or alley, give notice to the board of public works of its purpose and intention in this behalf; and the board of public works shall have the right, and it shall be the duty of said board to prescribe such reasonable regulations and rules for the setting of any such poles, poles or masts and the stringing of wires in said street, avenue or alley, and concerning the digging up of said street, avenue or alley and the restoring of the surface of the same, as it shall deem proper and necessary. Such notice to the board shall be in writing, and shall designate the street, avenue or alley proposed to be entered upon and the distance therein by blocks that it is proposed to erect poles, masts or other electric apparatus, and as nearly as possible the places in said streets, avenues, or alleys where it is proposed to set or erect posts, poles or masts. The rules and regulations made by said board concerning the erection of such poles, masts and wires, shall be by resolution and entered upon its minutes.

Section 4. Wood or iron poles or masts may be used. If wood, the poles or masts shall be reasonably straight and shaved and painted the entire length thereof, and shall be set upright in the ground, and such may be hereafter provided for by a general ordinance affecting all such poles or masts within the City of Ann Arbor. On all paved streets such poles, posts or masts shall be placed between the curb and the sidewalk, and upon all parked streets said poles, posts or masts shall be placed in line with shade trees upon said parking, except where such position is occupied by poles not belonging to The New State Telephone Company. All wires shall be strung at least twenty feet from the surface of the ground except when entering buildings. Plant, wires, insulators and all apparatus shall be modern and first class in every respect. No wire or wires shall be attached to buildings except by consent of the owner.

Section 5. All poles, posts and masts erected under this ordinance shall be subject to, and this ordinance is granted expressly upon condition that the city may use the top twenty-four inches of any and all of said poles, posts or masts for the purpose of stringing thereon and supporting electric wires for fire alarm and police pur-

poses, without charge to said city and without compensation to said New State Telephone Company, or its successor or assigns and said New State Telephone Company shall leave the top twenty-four inches of each pole vacant. Such use of said poles, posts or masts to be in all cases without interference with the carrying on of the business of said New State Telephone Company or its assigns.

Section 6. The said New State Telephone Company and its successors and assigns, shall at all times furnish to the City of Ann Arbor, free, and without cost to said City, ten telephones and ten other telephones at half the regular cost of same to said City for official use and fire protection with the necessary and proper service, said telephones to be placed in such offices and places as the Common Council shall by resolution direct. If more than said twenty telephones are required by the said City at any time, the price charged said City for any number of telephones in excess of twenty shall be one-half the price fixed by this company for business places and no more.

The said Company is required to move any or all of said twenty telephones free and without cost to said City, whenever required so to do by resolution of the Common Council. Provided, That if any or all of said twenty telephones shall be moved as aforesaid more than once in each year the City of Ann Arbor shall pay to the New State Telephone Company the actual cost of removal.

Section 7. The maximum rates or rentals to be charged by said New State Telephone Company for its telephones, including all service except out of town messages, shall be: For telephones used in business places or offices, twenty-four dollars per annum; and for telephones used in residences, eighteen dollars per annum. The rentals herein prescribed may be collected by said telephone company quarterly in advance.

Section 8. Said New State Telephone Company shall, before beginning the construction and erection of its plant in the city of Ann Arbor, deposit with the city clerk of said city a bond "in a sum of two thousand five hundred dollars", satisfactory to the Common Council, conditioned to save said city harmless from any liability or expense of any nature for or on account of any claim or claims, suits or actions against said city growing out of or based upon any carelessness or negligence of any of the officers, agents or employees of said New State Telephone Company on the erection or operation of its said plant or exchange.

Section 9. The right is reserved to amend or alter this ordinance at any time and to make such other and further rules and regulations as public convenience or necessity may require concerning the extension, operation or construction of the plant and apparatus of the said New State Telephone Company, its successors or assigns, and if said New State Telephone Company shall at any time fail to comply with any of the conditions of this ordinance or any reasonable and proper regulation made by the board of public works as provided in this ordinance, or shall at any time neglect or refuse to comply with any amendment to this ordinance or any further rule or regulation of the Common Council concerning the extension, operation or construction of the plant and apparatus of the said New State Telephone Company, its successors or assigns, to be forfeited, and may require the said New State Telephone Company, its successors or assigns, in a proper manner to remove its poles, posts, masts and wires from any street, avenue or alley of said city, and upon the failure of said company after sixty days notice to so remove any such poles, posts, masts or wires upon the direction of the Common Council to remove the same at the expense of the said New State Telephone Company, its successors or assigns: Provided, That no regulation shall be made hereafter by the Common Council or the board of public works under this section, that does not also apply to all other telephone companies operating within the city limits.

Section 10. In case said New State Telephone Company should consolidate the places in said streets, avenues, or alleys where it is proposed to set or erect posts, poles or masts. The rules and regulations made by said board concerning the erection of such poles, masts and wires, shall be by resolution and entered upon its minutes.

Section 11. Whenever the New State Telephone Company shall extend its lines to and open an exchange in the city of Ypsilanti, said company shall furnish communication between subscribers in Ann Arbor and subscribers in Ypsilanti without extra charge. Whenever said company shall extend its lines to Detroit it shall furnish communication between Ann Arbor and Detroit for ten cents for the privilege of talking over said line for five minutes.

Section 12. This ordinance shall not become operative unless: First, the said New State Telephone Company shall within the same time file with the Common Council of the city the acceptance of said New State Telephone Company of this ordinance, to be shown by resolution of its board of directors. It shall within thirty days, after two hundred and seventy five subscribers have been secured, have provided material for and begun the construction of a plant, poles, wires and other apparatus. It shall at the time of filing its acceptance of this ordinance as provided, also file with the Common Council the bond provided for in section 8 of this ordinance.

Passed in Common Council this 3d day of May, A. D. 1897.

Glen V. Mills, City Clerk.

Approved this 7th day of May, A. D. 1897.

# THE TRANSVAAL RAID.

### Dukes of Abercorn and Fife Give Testimony.

#### HAD NO KNOWLEDGE OF THE RAID.

The Suggestion of Henry Labouchere that the Invasion was Engineered for Stock Jobbing Purposes Refuted—The Duke of Fife Says the Hon. Cecil Rhodes Deceived Him—Queen's Drawing Room—Ministerial Crisis in Denmark.

London, May 11.—The parliamentary committee appointed to inquire into the Transvaal raid Tuesday continued the examination of the Duke of Abercorn, chairman of the Chartered company of British South Africa. In refuting the suggestion of Mr. Henry Labouchere, one of the members of the committee, that the raid was engineered for stock jobbing purposes, witness said he had neither bought nor sold a single share of the company's stock during the last six months of 1895. The next witness was the Duke of Fife, son-in-law of the Prince of Wales. The duke said he had no knowledge whatever that the raid was to occur, nor had he any suspicion that the chartered company's troops might be used any way in connection with the troubles at Johannesburg or elsewhere in the Transvaal. The witness admitted that he had sold 1,000 shares of the company's stock during the autumn of 1895. The price was then about £6, but he failed to see what that had to do with the raid.

**Knew Nothing of the Raid.**

"I state here, on oath," he added, "that I knew nothing of the raid, nor had the faintest suspicion that any interference in the affairs of the Transvaal was contemplated by anybody connected with the Chartered company. Mr. Rhodes did not disclose to me his connection with the revolutionary affairs at Johannesburg. I have great regard for Mr. Rhodes, but if pressed, I am perfectly willing to say that Mr. Rhodes deceived me. I am sorry to have to say so, but I have no doubt Mr. Rhodes will himself admit it."

When asked if his sale of stocks had anything to do with fears of disturbances in the Transvaal, he said: "Certainly not. I repudiate the idea with indignation. Lord Clifford explained that the enrollment of Rhodesia horse and the importation of arms was not connected with the Transvaal. I had no suspicion that Mr. Rhodes was financing a revolution until after the raid."

Sir Horace Farquhar, bart., a director of the British South Africa company, and member of parliament for West Marylebone, testified that he sold 500 shares of the company's stock late in 1895, but said the raid could not be connected with the market, because the directors were absolutely ignorant of it.

#### DISSENTING CHURCHES WIN.

Given a Place in the Jubilee Exercises at St. Paul's.

London, May 11.—The dissenters—or those denominations apart from the Church of England—have won in their protest against being excluded from participation in the religious exercises at St. Paul's cathedral in celebration of the queen's jubilee. The Prince of Wales, who is practically chairman of the combined committee of arrangements, has caused notification to be sent to the executive committee of the Congregationalists, from which the first protest emanated, that the dean and chapter of St. Paul's cathedral will make provisions for the Presbyterian, Baptist, Methodist, Congregational, Unitarian and other religious denominations outside the pale of the established church. The selection of these representatives will be left to the national governing committee of each denomination, or, where no such committees exist, to the moderators or other supreme church officials.

All the time, owing to impoverished blood, should take Hood's Sarsaparilla to purify and enrich his blood and give him vitality and vigor.

This condition of weakness and lack of energy is a natural consequence of the coming of warmer weather, which finds the system debilitated and the blood impure.

A good spring medicine is a necessity with almost everyone. Hood's Sarsaparilla is what the millions take in the spring. Its great power to purify and enrich the blood and build up health is one of the facts of common experience.

#### Angell Returns to Ann Arbor.

Ann Arbor, Mich., May 11.—President Angell arrived from Washington Tuesday. He declined to say anything about his instructions as minister to Turkey, or as to the situation there. Said he: "My appointment is for four years and if I return here I shall have to resign the mission at the end of one year. The state department wishes me to go to Turkey as soon as possible."

The tin plate makers wish to boom their business by increasing the duty on imported tin plate, to the injury of the canning industry and other industries that flourish by reason of cheap tin plate. Another blow is struck at business by abolishing the rebate on exported tin cans. Now canned goods exported in cans made of imported tin are allowed a drawback of the duty paid, and thus an export business has been built up in canned fruits, oysters, vegetables, petroleum, etc. Over 4,000,000 tin cans are sent abroad annually, containing oil which competes with that of Russia. When Russia can buy tin plate at \$2.70 a box, while we have to pay \$3.50 for it, it is evident that our competition will be rendered difficult. Mr. Dingley robs Peter to pay Paul.—Baltimore Sun.

The papers announced this fact, and for three days past there has been a constant stream of persons coming to the congressman's law office in Columbus. On Saturday a man came up and asked for beans. He was given two packages. He demurred to this and reached over into the sack and began to fill his pockets. When called down by the attendant, the lover of beans said: 'I haven't got enough for a mess yet. It takes more than a quart of beans to make a mess for my family.'"

Almost Distracted?

Did you ever suffer from real nervousness? When every nerve seemed to quiver with a peculiar, creepy feeling, first in one place, and then another and all seemed finally to concentrate in a writhing jumble in the brain, and you become irritable, fretful and peevish; to be followed by an impotent, weakened condition of the nerve centers, ringing in the ears, and sleepless, miserable nights?

Dr. Miles' Nervine Restores Health.....

Mrs. Eugene Searies, 110 Simonton St., Elkhart, Ind., says: "Nervous troubles had made me nearly insane and physicians were unable to help me. My memory was almost gone and every little thing worried me until I was almost distracted. I really feared I was becoming a maniac. I imagined all sorts of evil things and would cry over nothing. I commenced taking Dr. Miles' Restorative Nervine and four bottles of this wonderful remedy completely cured me, and I am as well now as I ever was."

Dr. Miles' Nervine is sold on guarantee, first bottle will benefit or money refunded.

CUBA IN THE SENATE.

Morgan's Resolutions Come Up in That Body.

MORRILL SPEAKS AGAINST THEM.

Says Their Purpose Is to Wrest Rights from the Executive—The House Refuses to Concur in the Senate Revocation of Cleveland's Forestry Reservation Order—Harris' Bill to Regulate Inter-State Commerce—Other Washington News.

Washington, May 11.—Senator Mantle of Montana introduced two amendments to the wool schedule of the tariff bill Tuesday. He explained that one of these represented the views of the National Wool Growers' association, while the other had been agreed to by a number of senators on the Republican side. The amendments were referred to the finance committee. Gear, chairman of the Pacific railroad committee, said he would not press his motion to proceed with the Pacific railroad bill, but would urge it on Thursday. The Morgan Cuban resolution was taken up as soon as the routine business was out of the way and Morrill spoke in opposition. The senator said the purpose of all the Cuban resolutions, including that of Morgan, was to wrest from the executive the right he alone hitherto had exercised of recognizing the belligerent rights of the independence of nations. Morrill declared that congress had no such power and its exercise would be contrary to all precedents. Belligerent rights of revolution should not have recognition based merely on sympathy, but must be based on justice and law.

The Monroe Doctrine. Morrill then turned his attention to the new and botched version of the Monroe doctrine with all its apocryphal additions by our intrepid jingoists, who sought to make the United States the "unmasked guardian and the fighting champion of all the American republics, big and little." If this new version was to be an established policy, then it was time to create an army and navy which will eclipse anything that might be brought against them, to pile up taxes to sustain a huge military establishment and to supplement the schoolmaster with the soldier.

Forker of Ohio, speaking on the Cuban resolution and in favor of its reference to the committee on foreign relations Tuesday said that he knew the administration had its policy on this question. Allen asked what the policy of the administration was and Forker replied that it was to ascertain beyond peradventure the exact situation in Cuba. He had sent its duly authorized and accredited agent there to investigate the whole condition and report.

House Upholds Cleveland. The house Tuesday took up the subject of forest reservations again. Underwood, Democrat of Alabama, spoke briefly and was followed by Ellis, Republican of Oregon, both of whom advocated the restoration of the reservations made by President Cleveland to the people. The house by a vote of 100 to 29 refused to concur in the senate amendments to revoke President Cleveland's order as to forest reservations.

INTER-STATE COMMERCE.

Senator Harris Introduces a Bill for Its Regulation.

Washington, May 11.—Senator Harris of Kansas Tuesday introduced a new bill for the regulation of inter-state commerce, the transformation of the inter-state commerce commission into a court of railway commissioners and the regulation of pooling. The proposed court is to consist of seven members and is to have exclusive jurisdiction of all matters arising under the bill and to have concurrent jurisdiction with other United States courts in all cases of negligence. The jurisdiction conferred is to be criminal as well as civil. The provisions of the bill are made applicable to express and other transportation companies. The court is to sit en banc at Washington and the United States is to be divided into seven districts, each to be presided over by a member of the court. Appeals to the circuit courts of appeals are provided for. The bill prohibits pooling except under the following conditions:

"Every such contract shall be in writing and filed with the court for its approval and also a full and complete schedule of the rates and charges together with the classification of all goods, commodities or merchandise which shall be enforced, charged or used in the business of such common carriers, shall be therewith, in like manner, submitted to the court and shall be approved by said court to be just and reasonable, and thereupon such contracts, etc., and such schedules shall become lawful and enforceable between the parties thereto and as to the public, expiration of twenty days from the approval thereof, to be entered of record; and it shall be the duty of the said court to make an order of disapproval whenever, upon investigation and consideration, it shall be of the opinion that the operation of any such contract would by reason of its provisions, or want of necessary restrictions and limitations result in unreasonable rates, improper classification, unjust discrimination, insufficient service to the public or otherwise contravene any of the provisions of this act."

HOBART AND THE TARIFF.

The Vice President Has No Idea of Hurrying Up the Bill.

Washington, May 11.—Vice President Hobart will not overstep the senate rules to hasten the passage of the tariff bill. There was a rumor that he would do so. When the rumor was reported to him Tuesday he said: "The tariff bill will be passed by the senate in orderly procedure. There will be no attempt, so far as I am concerned, to break down the customs and precedents of the senate. I am frank to say that I do not believe that the tariff bill will be passed as soon as I would like it to be, but this will have no influence on my action. I hope, after the tariff bill has passed, that there may be some reform." Have you any idea how long the bill will be before the senate? "You can tell that as well as I can."

is quite evident now that it will not be taken up as soon as was anticipated, and the delay has an apparently valid excuse. There will be considerable delay on the general principles of the tariff, for ammunition must be supplied for the fall campaign. There will be more general speechmaking, I think, than most people expect before the details of the bill are taken up."

Judge Day Qualifies.

Washington, May 11.—Judge Day of Ohio Tuesday qualified and assumed his office as assistant secretary of state. The oath of office was administered to him by Disbursing Officer Brannigan. He entered at once upon the work of his office. Mr. Rockhill, whom he succeeds, will remain for a time at the state department at the request of the president until Assistant Secretary Day becomes entirely familiar with the state of pending negotiations. Then it is expected that he will himself be appointed to one of the foreign mission about to be vacated.

Cabinet Meeting.

Washington, May 11.—The cabinet meeting Tuesday lasted an hour and a half but the announcement was made at its conclusion that nothing of importance had been considered. It was decided, among other things, to send one of the new gunboats now building on the Pacific coast, to Sitka, Alaska, immediately upon its completion, about July 1. The great activity in Alaska, growing out of the gold discoveries, has made the president and cabinet deem this step advisable for the safeguarding of American interests.

Presidential Nominations.

Washington, May 11.—The president Tuesday sent the following nominations to the senate: To be consuls of the United States: Alboin W. Tourgeon of New York, at Bordeaux, France; Sidney Everett of Massachusetts, at Batavia, Java; Henry P. Cheatham of North Carolina, to be recorder of deeds for the District of Columbia; Ephraim H. Smock of Wyoming, to be receiver of public moneys at Buffalo, Wyo.

Only Twenty-One Needed.

Washington, May 11.—The secretary of the treasury is informed of the arrival of 272 Chinamen at San Francisco to take part in the Nashville exposition. Of this number only twenty-one are needed to comply with the terms of the contracts entered into by the exposition company and the remainder will be returned to China.

Many Congratulate Sherman.

Washington, May 11.—Secretary Sherman celebrated his 74th birthday with a reception at his home on K street Monday night, which was attended by the president and his cabinet, many senators and representatives.

RECIPROCITY WITH CANADA.

Erastus Wiman Speaks at a Banquet in Detroit.

Detroit, Mich., May 11.—Exchange hall of the Detroit chamber of commerce presented a brilliant scene Monday night when the 250 members sat down at the second annual dinner of that organization. The special guests of the occasion were Erastus Wiman of New York and William Everett of Quincy, Mass., and the topics of all the speakers were along the lines of commercial enterprise and progress. Erastus Wiman responded to the topic "Better Relations with Canada." Among other things he said: "In the full view on both sides of a border line 4,000 miles long, of a depression unequalled in universality, severity and duration, the government on both sides are intently engaged in building higher than ever the tariff wall. They are thus destroying about the only chance there is of a revival of commerce or an outlet for product and manufactures. That the people of Canada are favorable to the closest relationship to this country is evidenced by the fact that its new government has already shown itself ready to meet overtures by which the two countries can practically be united. Annexation is unnecessary, undesirable and impossible. Canada is today more loyal to Great Britain than ever before. All that is needed now is to have the commercial sentiment of all the great cities express itself in favor of a better relation."

TWO DAMS CARRIED OUT.

An Accident Which Retards Work on Pike River Drive.

Menominee, Mich., May 11.—News has reached here that two dams on Pike river have been carried out by the high water and log jams and that the drive on that stream will be greatly retarded in consequence. The firm of Ludington, Wells & Van Schaick of this city, which has charge of the log driving, set a crew of men to work to repair one which was partly destroyed and also to rebuild the one which was carried away bodily. The damage is about \$6,000. These are very essential to the successful driving of the stream, and the work will be pushed through to completion as soon as possible. At Stephenson, logging superintendent for the company, has left for the scene of operations.

Illinois Dentists in Convention.

Peoria, Ill., May 11.—The thirty-third annual meeting of the Illinois State Dental society was begun in this city Tuesday with fifty members of the profession, including two ladies, in attendance. It will continue four days, with an extensive programme of lectures and clinics. Tuesday morning the address of welcome was delivered by John S. Stevens of Peoria, to which Dr. Garrett Newkirk of Chicago responded. Dr. C. R. Taylor of Streator, president of the society, delivered his annual address, and it was discussed.

Will Pardon All Juveniles.

Frankfort, Ky., May 11.—Governor Bradley refused to allow Dora Cresch, a 12-year-old girl convicted of perjury in Ownley county and sentenced for one year to come to the penitentiary, and granted her a full pardon. The governor threatens to pardon every juvenile convict out of both state prisons unless the legislature at once provides funds for state schools of reforms.

Hanged Himself with His Necktie.

Newark, O., May 11.—With his necktie William Kane, a 60-year-old man, hanged himself to a tree. Kane, who was insane, climbed a tree, fastened the tie to a branch and jumped off.

Suit for Divorce.

New York, May 11.—Mrs. W. Gould Brokaw, niece of Frederick R. Coudert, has brought suit for divorce. Her husband is a wealthy society and club man, prominent in yachting circles.

ALDRICH'S TARIFF BILL.

It Will Be Considered in the U. S. Senate May 18.

Senator Aldrich in presenting the tariff bill to the U. S. senate gave notice that it would be called up on Tuesday next the 18th inst. The time for the bill to take effect is made July 1, 1897, instead of May 1, as provided in the house.

The sugar schedule is as follows: Sugars not above number 16, Dutch standard, in color, tank bottoms syrups of cane juice and of beet juice, malada, concentrated malada, concrete and concentrated molasses, testing by polariscope above 87 and not above 88 degrees, .79 of 1 per cent. per pound, and for every additional degree shown by the polariscope test .02 of 1 per cent. per pound, and fractions of a degree in proportion. Sugar above number 16, Dutch standard, in color, and sugar that has gone through a process of refining 1.16 of 1 per cent. per pound; and in addition thereto on all the foregoing 36 per cent. ad valorem.

Sugar not above number 16, Dutch standard, in color, tank bottoms, syrups of cane juice and beet juice, malada, concentrated malada, concrete and concentrated molasses testing by the polariscope not more than 87 degrees, 75 per cent. ad valorem. Molasses testing above 40 and not more than 56 degrees, 4 cents per gallon; testing 56 and not above 70 degrees, 8 cents per gallon.

Beet Sugar Machinery Free.

Machinery purchased abroad, imported and erected in any beet sugar factory and actually used in the production of sugar in the United States from beet produced therein within two years from the first day of July, 1897, shall be admitted free of duty, under such regulations as the secretary of the treasury may prescribe. Maple sugar and maple syrup 4 cents per pound; sugar cane in its natural state or manufactured, 10 per cent. ad valorem; saccharine 1 cent per pound and 10 per cent. ad valorem. Sugar candy and all confectionery valued at 15 cents per pound or less, 4 cents per pound; and 15 per cent. ad valorem. A duty is levied on tea at the rate of 10 cents per pound until Jan. 1, 1900; after 1900 it is admitted free of duty.

The following is the provision in regard to hides, which are transferred from the free list: Hides of cattle, raw or uncurd, whether dry, salted or pickled, 1 1/2 cents per pound; provided that upon all leather exported made from imported hides there shall be allowed a drawback equal to the amount of duty paid on such hides.

All Coal Made Dutiable.

Coal and shale—The word bituminous is stricken out and all coal made dutiable at 75 cents per ton with a proviso added that the duty on coal and shale shall be 60 cents per ton and on coal slack or culm, 15 cents per ton, when imported from any country, colony or dependency that does not impose upon coal or coal slack or culm higher rates of duty than these named in the provision.

Beer tax—The senate has increased the internal revenue duty on beer by changing section 3339 of the revised statutes to read as follows: Until Jan. 1, 1900, there shall be paid on all beer, lager beer, ale, porter and other similar fermented liquors, brewed or manufactured and sold or removed for consumption or sale within the United States, by whatever name such liquors may be called, a tax of \$1.44 for every barrel containing not more than thirty-one gallons; and after Jan. 1, 1900, there shall be paid a tax of \$1 per barrel on every barrel of such beer, lager beer, ale, porter and other similar fermented liquors. (The present rate is \$1.)

The retroactive clause of the Dingley tariff bill is stricken from the senate bill.

With Regard to Reciprocity.

The entire house provision relating to reciprocity has been stricken out and the following section substituted: That whenever any country, dependency or colony shall pay or bestow, directly or indirectly any bounty or grant upon the exportation of any article or merchandise from such country, dependency, or colony, and such article or merchandise is dutiable under the provisions of this act, then upon the importation of any such article or merchandise into the United States, whether the same shall be imported directly from the country of production or otherwise, and whether such article or merchandise is imported in the same condition as when exported from the country of production or has been changed in condition by manufacture or otherwise, there shall be levied and paid in all such cases, in addition to the duties otherwise imposed by this act, an additional duty equal to the net amount of such bounty or grant, however the same be paid or bestowed. The net amount of all such bounties or grants shall be from time to time ascertained, determined and declared by the secretary of the treasury, who shall make all needful regulations for the identification of such articles and merchandise and for the assessment and collection of such additional duties.

The house provision in the tariff bill keeping in force the Hawaiian reciprocity treaty is stricken out, the effect being indirectly to abrogate the treaty and impose the same duty on Hawaiian sugars as is imposed on sugars from other countries.

Lumber Schedule Changed.

The lumber schedule is changed by adding after the word timber the words "Hewn, sided or squared and round timber," and the duty fixed at the rate of 1 cent per cubic foot as in the house bill. The rate of \$2 per ton on all sawed boards, etc., is retained, but when planed on one side, the additional rate is made 35 instead of 50 cents per thousand feet, board measure; when planed, tongued and grooved the additional rate is made 70 cents per thousand feet, board measure, instead of \$1; if planed on two sides and tongued and grooved \$1.05 per thousand instead of \$1.50. The house proviso for an additional duty of 25 per cent. ad valorem upon lumber imported from any foreign country which imposes an export duty is changed so as to add the amount of the export duty instead of any fixed sum. The duty on kindling wood in bundles is stricken out. Shingles, house rate 30; senate 25 cents per thousand. Manufactures of osier or willow, house rate 50, senate 40 per cent. ad valorem.

Changes in Wool Schedule.

Many and important changes were made by the senate tariff sub-committee in the wool and woollen schedule as passed by the house. First-class wools were reduced from 11 cents per pound, as provided in the house bill, to 8 cents per pound, and second-class wools from 12 to 9 cents, whereas the duties on wools of the third-class were raised. The dividing line in this latter class was placed at 10 cents value, wools under that value being made dutiable at the rate of 4 cents per pound instead of 32 per cent. ad valorem as in the house bill. Wools valued at more than 10 cents per pound were placed at 7 cents per pound instead of 30 per cent. ad valorem. The wool growers failed to secure all the changes they desired in classification, but it is understood that the rates fixed on the wools themselves are satisfactory to them. Skirted wools of the first-class as imported in 1890 and prior to that date are required to pay 1 cent per pound in addition to the rates imposed by this act on unwashed wools of class one.

Change in Tobacco Taxes.

Tobacco—An important change was made in tobacco taxes under the internal revenue laws. Section 3368, relating to internal revenue taxes on tobacco, was changed (revised statutes) to read as follows: "Upon tobacco and snuff manufactured and sold, or removed for consumption or use, there shall be levied and collected the following taxes: On snuff, manufactured of tobacco or any substitute for tobacco, ground, dry, damp, pickled, scented or otherwise of all descriptions, when prepared for use a tax of 8 cents per pound. And snuff flour, when sold or removed for use or consumption, shall be taxed as snuff and shall be put up in packages and stamped in the same manner as snuff. On all chewing and smoking tobacco, fine cut cavandish, plug or twist, cut or granulated, of every description; on tobacco twisted by hand or reduced into a condition to be consumed, or in any manner other than the ordinary mode of drying and curing, prepared for sale or consumption, even if prepared without the use of any machine or instrument and without being pressed or sweetened; and on all fine cut, shorts and refuse scraps, clippings, cuttings and sweepings of tobacco, a tax of 8 cents per pound."

Why We Shiver.

It is true that woolen clothing, underwear and blankets will be out of the reach of people of moderate means when Dingley has his way, but just think how sweet it is to suffer for one's country and to shiver in order that the robber barons may continue to wax fat and contribute to the "legitimate" expenses of the g. o. pl.—Louisville Post.

The papers are full of deaths from

Heart Failure

Of course the heart fails to act when a man dies, but "Heart Failure," so called, nine times out of ten is caused by Uric Acid in the blood which the Kidneys fail to remove, and which corrodes the heart until it becomes unable to perform its functions.

Health Officers in many cities very properly refuse to accept "Heart Failure," as a cause of death. It is frequently a sign of ignorance in the physician, or may be given to cover up the real cause.

will remove the poisonous Uric Acid by putting the Kidneys in a healthy condition so that they will naturally eliminate it.

O. ELMER BUTTERFIELD, Circuit Court Commissioner, Washtenaw County, Mich. Dated, Ann Arbor, May 7, 1897.

Commissioner's Notice.

STATE OF MICHIGAN, COUNTY OF Washtenaw. The undersigned having been appointed by the Probate Court for said County, commissioners to receive, examine and adjust all claims and demands of all persons against the estate of Francis Rudman late of said county, deceased, hereby give notice that six months from date are allowed, by order of said Probate Court, for creditors to present their claims against the estate of said deceased, and that they will meet at the late residence of said deceased, in the City of Ann Arbor, in said county, on the 14th day of July, 1897, and on the 14th day of October, A. D. 1897, next, at ten o'clock a. m. on each of said days to receive, examine and adjust said claims.

Dated Ann Arbor, April 14th, 1897. WILLIAM MCINTYRE, CHARLES S. MILLEN, Commissioners.

Estate of Anthony Gallagher.

STATE OF MICHIGAN, COUNTY OF Washtenaw, ss. At a session of the Probate Court for the County of Washtenaw, held at the Probate Office, in the City of Ann Arbor, on Wednesday, the 21st day of April, in the year one thousand eight hundred and ninety-seven. Present, H. Wirt Newkirk, Judge of Probate.

In the matter of the estate of Anthony Gallagher, deceased.

John Gallagher and James Gallagher the administrators de bonis non of said estate, come into court and represent that they are now prepared to render their final account as such administrators.

Thereupon it is ordered, that Saturday, the 15th day of May next, at ten o'clock in the forenoon, be assigned for examining and allowing such account, and that the heirs at law of said deceased, and all other persons interested in said estate, are required to appear at a session of said court then to be held at the Probate office in the city of Ann Arbor, in said county, and show cause, if any there be, why the said account should not be allowed; and it is further ordered that said administrators give notice to the persons interested in said estate of the pendency of said account, and the hearing thereof, by causing a copy of this order to be published in the ANN ARBOR ARGUS, a newspaper printed and circulated in said county, three successive weeks previous to said day of hearing.
