June 30, 1898.

Next Year's Meeting to Be Held on face of the earth. the Fair Grounds, Ann Arbor.-Pioneer Log Cabin Will Then Be Dedicated.

Every year shows a great thinning out in the ranks of those stuidy old pioneers who first paved the way for the fruitful farms and beautiful homes that are nowto be seen in Wasbtenaw There were considerably ever 300 people gathered together in the Presbyterian church, Ypsilanti, on Wednesday, at the 26th annual meeting of the society. There were aged and infirm old men and women whose days on earth men and women whose days on earth can be but few and short; there were middle aged people strong, healthy and robust, and there were young people in the heyday of youth; all were happy and in good humor, pleased to meet and renew acquaintanceships and listen to the program laid out for the day's proceedings

Washtenaw county and prepared the way for those who followed. It was to be as ever held. not only a literary entertainment, but a social gathering for people to renew old acquaintanceships. Geo. Gill, of Ypsilauti, then sang "Just as Alone."

The secretary's report the minutes of the last annual meeting and the

treasurer's report were next read. This was followed by a selection of musio 'Columbia, My Country.'

Wm. H. Lay, the necrologist, then read his report from June 1, 1897, to June 1, 1898. The total number of June 1, 1898. The total number of deaths during the year was 106, of

S. P. Ballard, of Augusta, read a very entertining paper on pioneer life in his own family. He prefaced his paper by the statement that 70 years ago last mouth he passed through what is now the city of Ypsilanti with his parents. Of that time be had lived 41 vears iu Ypsilanti town and 19 years

dents who held office last year were re-

F. E. Mills, of Ann Arbor, was to have read a paper on the Washtenaw County Fair. He was unable to be present but Mrs. Mills was there and read it for him. The paper gave a brief aooonnt of the advent and growth

ence this fall by the erection of a pioneer log cabin and wants old relics of pioneer days, family portraits, heirloons Annual Meeting of the County Society Wednesday.

The fair society asks the cooperation of the pioneer society in carrying out this project. James R. Sage next sang "The Old Oaken Bucket."

Rev. C. T. Allen, of Ypsilanti, next gave a brief but eloquent address in

106 OLD FOLKS DIED gave a brief but eloquent address, in which he showed the onward and upward growth of this great nation from the landing of the Pilgrim Fathers on Between June 30, 1897, and the rocky coasts of New England. was due to these privations and trials of pioneer life that the country is what it is today the grandest nation on the

"Columbia" was next sung as a duet by two ladies in fine style.

Short speeches followed by L. D. Watkins, of Manchester, who made a plea for the members of the oounty society to identify themselves with the state pioneer society for the purpose of keeping a record of the pioneer families of the county. Mrs. Lee, of Ypsilanti, gave one of the best addresses of

old pioneer whom they might select. E. M. Comstook,of Ypsilanti,then read a short paper.

### UNIFORM TEXT BOOK LAW.

Advantagesl That Would Accrue to the Public by Not Accepting It.

At the last session of the legislature there was passed an act known as the "Uniform Text Book Law." All school distriots which come under this law will be obliged to accept for use in their respective schools a series of books selected by a state commission. This commission has the authority under the law to contract with publishing houses for a series of books, or it may publish a series of books itself. No one knows, therefore, what the uniform will be good, bad or indifferent. Any district, however, which permits itself to come under the law will be obliged to take these beals are invested. to come tinder toe law will be obliged to take these books, no matter what their merit or lack of merit may be, or whether they are adapted to the local district needs or not.

But the law oontains provisions whereby any district may esoape cuming under it.

By voting not to come under the law or by voting to furnish text books free the people of any district may avoid coming under the provisions of said act. This vote may be taken any time between the present and the first of January, 1898. By voting not to come under the law, the people will keep the oontrol of text books for the local sohool in their own hands where it properly belongs. Whereas if they properly belongs. Whereas if they oome under the law, they surrender this right, and that too, without knowing anything as to the quality of the books they are going to have. By voting not to oome under the law, the people will oontrol as now, and later, if the series of books adopted by the commission pruves to be first class, any dis-Cars will be run as often as the needs clemand; at first only an hourly service board and get them at the same prices board and get them at the same prices as those districts which surrender the right to control their text books, and if they are not first class it is not necessary to take them. Thus no jump in the dark need be taken. Some of the advantages of the other alternative, free text books, are set forth in the editorial columns of this issue.

The board of education in accordance with the provisions of law has called au election on these questions for next Tuesday, June 14. These matters should receive the attention of every

SOUTH WASHTENAW FARMERS

Discuss the Duty of Farmers on the Temperance Question.

The Southern Washtenaw Farmers' Club met with Amariah Hitobcock in

years in Ypsilanti town and 19 years in Augusta,

George S. Wheeler, of Salem, L. D. Watkins, of Manchester, E. A. Nordman, of Lima, Roswell Waterman, of Ann Arbor, and JR. C. Reeves, of Devitar, were appointed a committee to nominate officers and report on next place of meeting.

Dinner was next in order and the tastefully decorated well laden tables which had been set in the basement of the ohuroh were soon surrounded by a buugty lot of people who did ample justice to the good things. speaker said that public sentiment in some places needed to be elevated by legal enactments. The youth should be protected against every evil whatever the "publio sentiment" might be Another said that a careful selection of legislators and officials was one of the prime duties of the farmer. The discussion was an interesting one, after which supper was served, good said and the company dispersed feeling that the day had been spent. The president announced ternber for the next meeting.

STREETS MAY BE SPRINKLED

ordered, the property owners to pay

This is a move in the right direction the present system of having the sprinkling done by private contract paid for by the week by the parties supposed to be rno"t benefited is a relic of a bygone age *i* fit for a progressive city like Ann Arbor, and like tne tollgatea should be abolished. Posh on your scheme. Aid. Brown, and you will havethe thanks of the people.

The Pasting of the Kangaroo.

In a land noted for its strange freakish creatures, we find the kangaroo; and that curious, awkward, useful and teresting in the world. As sensitive and timid as a deer, it is not easily captured. The least sound startles it at all ungraceful; though its position when feeding seems curiously awkward. The short fore-limbs with their queer fingers and claws contrast strangely with the long legs and feet in the rear. The pc\*-e<sup>r</sup>ful tail provides a necessary balancing when it raises itself for a view of the surrounding country. The skin of the kangaroo makes a serviceable leather, which is in great demand; the flesh is The commencement exercises of the commencement exercises of the tails for soup are now shipped to London by the ton. In Queensland alone, over 500,000 were killed last year; and very soon the entire kangaroo family will have been exterminated. Like the confiding seal, it can be converted into cash and men cannot be moderate in their haste to slaughter and prepare for market anything which promises a money return.

### SWEET CORN.

Some of the More Important Kinds—A Distinct Type of Extra Early.

One hardly realizes the importance of sweet corn as a food for the human family. It is "used not only in its immature or green state, but also in canned and dried form.

Last year the New Ham'^t re station tested 41 of the more i. ^^.taut and

highly recommended kinds of sweet corn. From numbered notes, accompanied by illustrations, in a lately issued report of the experiment the following items are gleaned:

14. White Cob.—One of the earliest. Very dark green foliage, 0 feet high, numerous suckers, good sized kernels, with small cob; good quality; numerous ears under size.

15. First of All.—A new large eared early variety; ears 8 inches long; cob large and not well filled at tip; kernels ing. The happy ooupla are at home to about medium size; stalk 5% feet; a their friends on corner of County and heavy yielder; quality fair.

26. Early Fordhook.—A new extra early white variety; height, 4 feet 8 inches; a good sized ear, with 8 to 10 rows, small cob and large kernels extending to the tip. The rows are regular and present a good appearance; average yield; smut 1 ear in 20; worthy of trial. 28. Telephone.—An early variety

cob medium in size and fairly well filled, although not very closely; eight rowed and about the average size of the smaller varieties; height, 5 feet; quality poor; color, white; average yield. 84. Early Beverly.—Fruited with

size; foliage dark; cob large, well filled; quality good; average yield. 37. Kendall's Early Market.—A new variety; large ears; comparatively ear-

the first; plant 5 feet tall; ear good

ly; fair quality; average yield; prom-38. Mammoth White Cory. — Al-

poor quality. 4. Moore's Concord.—Medium early: some stalks with no ears; few with or dull white col

7. Stabler's Early.—Medium, white lanti. variety; stalk rather long jointed. 8. Roslyn Hybrid.—Late white va-

riety; quality medium. 10. Early Minnesota. — An early white, eight rowed variety; not as early as many. 17. Premium.—Medium early white

variety; height, 7 feet; not very pro-

ductive last season; kernels 8 to 10 rows; quality good; 1 in 20 smutted. 19. New England Sweet. — Early, eight rowed variety originating in New England; fairly productive; sweet; height, 6 feet. The ears harden rapidly,

qui»kly passing the edible stage. 20. Early Mammoth.—This variety is fully a week earlier than Mammoth in C. Paul's new barn last Thursday and far superior; ears 12 rowed, large, regular; quality good; productive.

It is told in the report that two varieties of interest were Improved Ruby and Early Orange. The stalks and husks

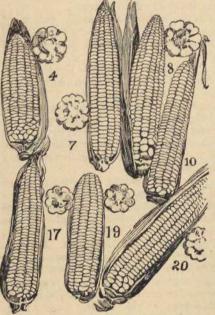

FIG. II—VARIETIES OF SWEET CORN. of the former were scarlet and the white kernels set in red hulls. The latter was a deep orange colored ear, accompanied with a peculiar though not objectionable flavor.

A distinct type of extra early sweet corn is found in the four varieties, Eastman's Early, First of All, Early Fordhook and White Cob. These are all very early, sweet, eight rowed, well filled and of fair size.

The Extra Early Beverly was the only extra early 10-12 row variety of good quality. Crosby's Early, although not as early as the earliest by a few days, That IAline Bade can be cured, with still remains the standard early variety.

## HARD TOJXPLAIN.

If this Had Occurred Anywhere Else Than in Ann Arbor Thei<sup>%</sup>e Might be Grave Doubts About It.

If this wore published anywhere else but in Ann Arbor, that is, if the statement given below went the rounds of the press, readers in Boston or New Orleans would not believe it. In the very nature of things, men and women will not believe that a simple little pill would have any effect on humanity when the subject is in a serious condition. When it has that effect, when the party is a living witness, perhaps a neighbor, Ann Arbor people at least cannot possibly deny it—particularly so when investigation is courted. Now ask Mrs. Sarah Gray of 600 King-offey street, and see if she will hot corroborate personally what she says publicly.

Mrs. Gray, says: "I have been troubled more or less with my kidneys for the past five years, but during the last two it assumed a much more aggravated and persistent form. There was extreme weakness and depressing pains through my loins and also pains in my shoulders, at times tunning down through the muscles also pains in my shoulders, at times running down through the muscles of my limbs. I could not rest comfortably nights and at times felt so miserable that I could hardly get around. The kidney secretions became highly colored, variable and deposited quantities of brick dust sediment. I went to Eberbach & Son's drug store and got Doan's Kidney Pills. They relieved me very promptly and have been a source of great comfort to me I would not be without them for anything. [ have used many other kidney remedies but Doan's Kidney Fills are by far the best of all."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Company, Buffalo, N. Y. sole agents for the United States. Remember the name Doan's and take no substitute. take no substitute.

WILD PANIC IN THE CITY.

One Spanish Cruiser Reported Sunk and Another as Badly Damaged.

Ten American Ironclads Pass Back and Forth Before the Entrance to Santiago Harbor, Shelling the Forts and What Vessels Were In Kange—American Troops on Shore Meet and Defeat the Spaniards, Inflicting Coasideraule Loss.

Cape Haytien, Hayti, June 7.—[Copyrighted, 1898, by the Associated Press.l It is reported here that the first-class armored Spanish cruiser Maria Teresa was sunk by the fire of the American fleet. It is further reported here that the Cuban force attacked Santiago & Cuba by land, during the American bombardment, inflicting heavy losses on the

A landing of American troops is reported to have taken place near Daiquiri, some distance east of Aguadores, and near the railroad connecting with Santiago. Later there was fighting with a Spanish force on land, in which the Americans were victorious.

BAKED BY SHELLS.

Ten American Ironclads Do Much Dam-

Ten American Ironclads Do Much Damage to the Forts.

New York, June 7.—A special from Cape Haytien, describing the bombardment of Santiago de Cuba, on Monday, says that the forts about the harbor are now a mass of ruins. The Morro is a shapeless pile of ruined masonry and dismatted guns, and the Estrella and disma. t ed guns, and the Estrella battery is ut.erly ruined. This result, the dispat h says, was the work of ten American iron-dads, which passed back and forth from Port Cabrera on the west to Port Aguadores on the east of the harbor entrance, discharging their heavy guns as they steamed along, so that scarcely a yard of the coast escaped the deadly cannonading. At Port Aguadores the for recently constructed by Colonel Ordonez, the factories of the coast of the coast escaped the deadly cannonading. structed by Colonel Ordonez, the fa-mous artillery expert, was blown to dust and Colonel Ordonez himself was badly wounded by the flying splinters and debris. Captain Sanchez and Lieustenant Yrizar, artillery officer, were also wounded. Two infantry lieutenants, Garcia and Perez, and twenty-one privates are reported fatally wounded Work of a 13-Inch Shell.

Later in the day the American ships moved closer toward the mouth of the harbor, where the old cruiser Reina Mercedes had been discerned attempting to place explosives about the hull of the Merrlmac to blow her to pieces and clear the channel. A 13-inch she'l from the Oregon landed squarely abat her pilot house and tore all her upper works to shreds. Her "second commodore," five of her sailors and a marine were killed. A second lieutenant of the Reina Mercedes and sixteen of her seamen were very seriously wounded. In perfect shower of shell and shot fell upon and around the old cruiser and she was so badly damaged that her crew by order of Admiral Cervera, aban-doned the ship for the shore for safety About noon, according to the Cape Haytien dispatch, a landing party of American marines near Daiquiri was attacked by Spanish infantry and a sq.uad of

guns preparatory to moving them toward Santiago and laying siege to the city. There is a panic in Santiago. The residents who can are fleeing to the country, joining the insurgents or doing anything to get away from the certain destruction that now awaits Cervera's fleet and the forces of Pando and Li-

FBOM SPANISH SOURCES.

Their Beport of the Goings on About Santiago de Cuba.

Havana, June 7.—[Copyright, 1898, by The Associated Press.]—Details from Spanish sources received here of the bombardment of the forts of Santiago de Cuba by the American fleet say the warships fired about 1,500 projectiles of all kinds. This fire, the Spaniards add, was answered by Morro castle and the batteries at Socapa and Punta Gorda. At noon, it is added, another bombardment began against Aguadores, east of Santiago de Cuba, the firing lasting one hour. Both attacks, the Spaniards assert, were repulsed. Morro castle is admitted to have been damaged, as was the "exterior headquarters," built dur-ing the time of peace at Cayo Smith, and, in addition, the Spanish cruiser Reina Mercedes is admitted to have been "slightly damaged." The Spanish commander at Santiago reports that the American fire did not dismount one piece of artillei-y, and he says that nine of the American vessels "disappeared from sight before dark." The Spanish army losses, according to the official re-port, are one soldier killed and chief, four' officers and twenty-one soldiers wounded.

The Spanish navy losses are reported to be one chief and five sailors killed and one officer and twelve sailors killed and one officer and twelve sailors wounded. Finally the Spanish version of the affair says "the American losses are supposed to be considerable." Captain General Blanco has congratulated General Linares, the Spanish military commander at Santiago de Cuba, and those who took part in the fighting those who took part in the fighting, saying he will call the attention of the Spanish government to the "heroism exhibited by all the Spanish forces in such unequal combat."

Report from Havann.

Madrid, June 7.—The following official dispatch has been received here from Havana: "Colonel Aldea, commanding a Spanish column, has had Mine sharp fighting with I body oj

Two American warships pro-Cuba. Two American warships protected the landing party. The result of the operations is not known. It is copposed that the renewal of the borobardment of Santiago, lasting from 8 to 11 o'clock on Monday morning, was intended to distract the attention of the Spaniards and enable the landing to be effected, without molestation." effected without molestation.

BUSHING HAVANA FORTIFICATIONS. Kven the Officials at Work-Victories Over

Insurgents Claimed. Havana, June 6.—Work on the fortifications about Havana is being pushed without an hours' intermission. the civil governor of Havana and all the employes of the government are at work on the forts or batteries and all person out of work are finding similar employment. The cultivation zones are turning out very successfully and are proving a great relief to the poor.

It is announced from the palace that

a Spanish column has defeated an insurgent force near Palisada, in the province of Pinar del Rio. The insurgents are said to have left seventeen men dead on the field. The insurgents, it appears, were almost naked. The Spaniards admit they lost fifteen men Isilled. In a number of encounters which llave taken place recently between the Spaniards and the insurgents, the former claim to have killed thirty-seven of the latter, to have destroyed several camps and thirty-nine huts and to have captured a quantity of arms and am-

Yale Has a Narrow Escape.

Washington, June 7.—While on recent scout duty off the Cuban coast the auxiliary cruiser Yale had a narrow escape from capture by a Spanish war vessel. It got away only through its high steaming qualities. All the scouts, and especially the larger ones, have reported their encounter with the same ported their encounter with the same vessel, which proved to be the Alfonso XIII. SeveAU days ago, while the Yale was proceeding up the coast of Porto Rico, it fell afoul of the Alfonso, and immediately there was a lively chase, the American ship having pathing in the American ship having nothing in the shape of ordnance on board but two six-pounders, while the Spanish vessel made it lively with its 5 and 6-inch rapid fire guns.

Lieutenant Commander Sturdy Dead. Key West, Fla., June 7.—The United States collier Pompey, formerly the British steamer Harlech, has arrived here from Norfolk, Va., with her commander, Lieutenant Commander E. W.

Sturdy dead on board, and Lieutenant K. C. Norton in charge of the ship. Commander Sturdy was not feeling well when the Pompey sailed on Friday evening. He was taken sick off Cape Henry, soon afterwards became unconscious and died. There was no physician on board. He was a native of Maine, 51 years of age and had been in the service thirty-six years. The family of the deceased live at Annapolis.

Fine Prizefor Us.
Washington, June 7.—The state department has received a cable from Consul Dent at Kingston, Jamaica, in which he states that it is reported there a Spanish vessel carrying \$60,000 to General Blanco is endeavoring to reach Vera Cruz, Mex. It is probable that the vessel has attempted to run the blockade, and after several unsuccessful attempts has been forced to, seek the port of Vera Cruz for coal. The cablegram was referred to the nav> department and a cruiser will no doubt be sent after this desirable prize.

Sacrifice of the Merrimac.

New York, June 7.—Admiral Sampson's action in sacrificing the collier Merrimac to block the entrance to Santiago harbor has revived unabased. tiago harbor has revived unpleasant comment that was occasioned at the time of her purchase and has given rise

## Children Cry for Pitcher's Castoria.

His Criticism.

"So you hev got an answer to the advertisement you put in a matrimonial paper for a wife?" inquired Josh Medders with interest. "Wa'al-er-• h'm!—yes", replied Jay Green rather dubiously. "I've got a pink-tinted, bergamot-scented note from a lady who describes herself as a widow of 26, 120 pounds, five feet, lively disposition, snappin' black eyes, a yearn for an indulgent husband and so on; but er-ah—" "What's the matter with the description?" "Wa'al, it's all accordin' to how you look at it. The fact that she's got snappin' black eyes and a lively disposition and desires an indulgent husband would be kinder enticin' if it wasn't for her claim to havin' five feet. That, together with her liveliness and the snap of her eyes, causes me to pause and wonder if she, wouldn't be jest a little bit too much of a kicker to suit me."-New York

The democrats of Pittsfleld township will meet in caucus at the town hall, Monday, June 13th at 7:30 p. m., to elect six delegates to attend the convention to be held in Ann Arbor, June 15.

FREE TEXT BOOKS.

At the special school election called by the board of education for nest Tuesday the people of Ann Arbor • will have the opportunity of expressing their care of public property. • will upon the question of furnishing iree test books for the sohools of the free as it should be. city. By free text books is meant the ownership of the school books used in the public schools by the district and the furnishing them without cost to the individual pupils. The issue is one, therefore, which should enlist the attention and interest of every citizen, espeoially of those who fiDd the burden of buying books for their children

Free text books will make the schools absolutely and entirely free schools. And why should they not be famished at the expense of the district? The pub-Jio school is established primarily for the good of the state. The advantage to the individual is wnolly secondary. Are there not just as many and just as valid seasons for furnishing test books at public expense as there are for furnishng teachers, desks, dictionaries, chalk and all other equipments of the school without cost to the individual pupil? The same arguments now advanced against free school books were originally advanced against paying the teacher by public tax. Everybody, however, whose opinion is worth considering now acknowledges that a long step in advance was taken when the old rate • bill system was abolished and the school room door was opened wide to the children of the poorest family in the state. But since that day the state has advanced much further in its educational demands upon parents. It now claims the right, and enforces it too, to compel every parent to send his child to school a certain number of months each year until it reaches a certain age. And the parent who refuses to do this is liable to fine or imprisonment or both and to have the child taken from Jus control and educated by the state. If the state has this paramount interefaould famish all those things which are made directly necessary by the school. Of course it is the duty of school boards under the present method children of poor families who are unaget them the parents mast plead pov- expect of the victorious republican erty. This is too great a humiliation leaders, and why should they disturb for the most deserving poor and many the dense harmony existing in the retimes they will keep their cnildren out publican ranks Is not the main object of school and defy the compulsory law of the party to give office to the favored lather than to ask for public assist- few? ance. The children of such parents, whom the oompulsory law fails to reach,

fense when the rightfulnees of free equipments in all other respects is oon-

The most advanced states of the Union, educationally, are furnishing text books to their children free the year 1898-99 was decided on: Very many of the leading educators of the country are on record in favor o free books. At the last two annua meetings of the superintendents o schools in MichigaD they have placei themselves on record unanimously in favor of this method of text book sup

One-sixth of all the school districts of Miobigan are now nsing free text books and probably one-third of all thi children, since in the free book district are included Detroit, Saginaw, Ba: City, Muskegon and other oities.

Where free text books have been use for a series of years the follow

advantages are established: 1. It is the obeapest method of plying text books. In Detroit the a age annual cost per pupil has been far from 60 cents. Last year at S naw it was between 35 and 40 ce At Muskegon last year the cost only 30 oents. This saving is du the faot that the books are bough wholesale prices and are used u they are worn out. Being owned the district it is made a part of teoahers' duty to care for them and pils are held strictly responsible any injury to them. Only three-fi as many books are required because the savings mentioned above.

2. Statistics show that attendance increased from 10 to 20 per oent.

3. A great saving of time. Cla are organized and put to work the day of the term as there is no wai for books. As the books are owned the district the pupil is supplied once on entering and he is ready for

4. Secures absolute olass room, uniformity and relieves the poor man from the burden of purchasing books and necessitates no extra expense when people move from one district to an-

5. Trains the children to a proper

To establish the free system in Ann Arbor and boy an entire new series ol! the faot that the Moline school board books below the high school would offered him |2,300a year, or \$100 more probably cost \$1.25 per pupil. On the basis of actual enrollment, therefore, ever, had accepted the position here the total cost would probably be some- and like the honorable man that he is where from \$2,250 to \$2,500. It he stands by it: would cost the patron who pays taxes on one thousand dollars something like 32 or 35 cents.

But if the series of books now in the ency of the Ann Arbor sobools. hands of pupils should be adopted and only as many new books were purchased as would be needed to supply ;bose who lack books, this first cost would be greatly reduced. After the first cost 40 cents per pupil would unquestionably keep the supply good. This would make an additional tax of about ten cents on eaob one thousand dollars of assessed valuation of the city. \* # \*

Where this system of text book supoly has been most thoroughly tested there appears to have besn no trouble > contagion breaks out in a room, blooks in bands of afflicted pupils are collected and burned. Under the present system such books return to school with the return of the afflicted pupil or are sold as second hand books and thus find their way back into school. There ould be no more danger anyway than now experienced through the very general use of supplementary reading material owned by the school district and circulating library books. In fact be question of sanitation in connection with free text books is a bogy man. (Certainly a sytem of school book supply that has worked so advantageously in Boston, Philadelphia, New York, Detroit, Saginaw, Bay City, Muskegon est in the child's education, it oertainly and other cities and many whole states could not be very disadvantageous and dangerous in Ann Arbor.

The Ann Arbor Register and the Ypof text book supply to furnish books to silantian most vigorously protest against the snap republican convention ble to supply them.. But in order to of next week. What do these papers

A Manila chinaman is said to have would undoubtedly be brought into unoonsciously gotten off a good pun. The pain is instantly removed, sorei shool by furnishing text books free. When asked the difference between the Free books is the only thing lacking to Spaniard and the American, he said of make the schools wholly free and the the Spaniard: "he talkee-talkee but proposition would seem to need no de- the 'melican man he doee-doee."

PROF. SLAUSON ACCEPTS

The Superintendency of the Ann Arbor Schools.

Slauson, the new superintendent-elect 6. It makes the pubho sohool wholly of the Ann Arbor schools, will effectually silence the rumor that has been afloat that Mr. Sianson would not oome to Ann Arbor. The only cause for such a rumor seems to have been in than he will get here, to remain in his present position. Mr. Slauson, how-

Moline, 111., June 3, 1898. Mr. E. F. Mills, Secretary Board of Education, Ann Arbor, Mich.

Dear Sir:—Enclosed please find the formal acceptance of the superintend-

My resignation here was not accepted until last evening and then only after filling. I had deolined, on the ground that I considered myself bound to go to Ann Arbor, an offer of \$2,300 for the ooming year of nine months.

I hope to be able to close up matters bere so as to reach Ann Arbor about

Very truly yours, H. M. SLAUSON.

North Side Church Benefit Social. A lawn social for the purpose of increasing the building fund of the Sortbside churoh, is to be held Friday evening, June 17, on Earl Ware's from contagions diseases. Whenever lawn, 1305 Broadway. Band and other musio will be furnished, ice cream, strawberries, cake and lemonade served, and a quilt sold, the prooeeds to be for the church fund. Mr. Ware has a fine lawn and no pains will )e spared to make the evening an encyable and profitable one.

We are, indeed, grateful for the kindy patronage extended, from both sides of the river, but especially for the work of the willing hands from the Northside, and ready response from every quarter, to our requests for assistance n this work. It is a great undertaking for a small, but nevertheless determined band of workers and we plead for the Christian helpfulness of every one who desires to see the gospel of Deace extended. "Come over into Matiedonia and help us.

Thing:\* to Know.

It does not appear to be generallj known that, in case of a sting by . wasp If that wasp or any other wasp >e at once caught, th© sting cut off and the body of the wasp crushed and rubbed over the place stung, It affords not only instantaneous relief and freedom from pain but any swelling is at once reduced. With bees, as they always leave their sting in the wound it is necessary to do nothing more than It is necessary to do nothing more than crush and rub the bee on the wound This is a certain remedy in every case A Parisian doctor has discovered that a solution of one part of picric acid to pave all that portion of said street be-This is a certain remedy in every case 75 parts of water will surely and speed-lly cure the most terrible burns and scalds, and recommends that barrels of said Railway Company's tracks with the same materials and in the same the solution be kept in foundries, etc. n which workmen could be immersed and blisters prevented and a cure competed in four or five days.

### All Druggists Keep It.

The Mountain Cure

When we feel "used up" afSer a lonj period of hard work, we recover ton\* most quickly by seeking some quiel mountain resort a few thousand feet »bove the sea. In the Alps suitable spots are found from 4,000 to 7,000 feet Below the one the midday beat maj be too great; above the other the temperature is too low for comfort. In such a place the air from the first has an exhilarating effect, and after inhaling it for a few days vi"">r returns «nd life becomes an enjoyment The reason has been found out by experiment. The first experiment was about the middle of the present century. A Swi6s clergyman had been struck by the marked difference between the children from the mountains and those ol certain schools of Berne and Zurich The former were sturdy and ruddy, the latter weakly and anaemic. He arranged for some of the weak ones-organizing a "children's country holiday" on a protracted scale—to live at Beatenberg. This is a mountain village on the north side of the Lake ol Thun, nearly 4,000 feet high. In a few months the children had greatly improved in health. It was discovered years ago by Paul Bert that the blood of animals living at high altitudes absorbed more oxygen than that of similar animals at a lower level.—Journal •f Hygiene.

Doctors Like Them.

I have prescribed Carter's Cascara Liver Pills and pronounce them the best liver pill for all purposes in use; not only as a cathartic, but as a laxative and preventative of indigestion I have found them equally valuable. They do not aripe or sicken, and invaribly leave the system toned np and invigorated. As a stomach pill they have no equal. DR. JOHN M. FIR-SICK, Batesville, Ind. For sale by H. J. Brown.

sent to Santiago de Cuba. FIRST FIGHT AT SANTIAGO.

Flagship Cristobal Colon and the Spanish Batteries Badly Damaged. Port Antonio, Jamaica, June 3.—The

Associated Press steamer Dandy has arrived here and reports that the squadron commanded by Commodore Schley attacked the batteries at Santiago de Cuba Tuesday afternoon and also engaged the ships of Admiral Cervera which were lying in the harbor.

The Spanish flagship Cristobal Colon was struck twice by shells fired from the Massachusetts and the Spanish batteries were badly damaged by the fire of the United States cruiser New Orleans. The Spaniard; fired about 300 shots and the Americans fired about one-fourth that number. No American vessel was hit and no one on board the ships was injured. The Spanish loss

was not heavy.
Washington, June 4.—The navy department received an official report Washington, June 4.—The navy department received an official report from Commodore Schley regarding his recent attack on the forts at the entrance of Santiago harbor. It was read at the cabinet meeting and received with satisfaction. Commodore Schley says his attack was made for the purpose of developing the enemy's position, to locate their batteries, etc. In that respect, he says, it was entirely successful and he accomplished what he set out to do. None of his vessels was touched by the enemy's volleys and there were no casualties or mishaps on his vessels. He says in addition that he has no reasonable doubt that Cervera's fleet is inside the harbor of Santiago.

HOT BUT FRUITLESS ATTACK.

Spanish Story of Santiago Bombardiueul Saturday Evening.

Madrid, June 7.—A dispatch to The Imparcial from Santiago de Cuba says that at 10 o'clock Saturday evening twenty American warships opened a hot

that at 10 o'clock Saturday evening twenty American warships opened a hot attack on Santiago de Cuba, but that IA true copy. I P.J. LEHMAN Probate Reei3ter.

they were so distant that their shots

did not reach the fort?.

The dispatch adds that, seeing the futility of the enemy's cannonade, the Spaniards made no reply to the fire, awaiting the nearer approach of the ships, but the attacking fleet continued snips, but the attacking freet continued to remain in its distant position. The dispatch further says the bombardment lasted forty-five minutes and was not resumed. Sunday, it continues, sixteen American warships were still moored at the same place, in sight of Santiago de

DONS ATTACKED ON EVERY HAND. Cabans Assail Santiago While Sampson Throws Shot and Shell.

New York, June 6.—A dispatch to The World from Kingston. Jamaica, says that terror reigns in the city of Santi-Information has been received that the Cubans made a furious attack in the rear of the city while Sampson tore the harbor fortifications to pieces with shot and shell. This has kept the

Spaniards too busy to send out elaborately exultant dispatches over the sinking of the Merrimac. A Journal dispatch says: The object in sending the Merrimac into Santiago was to sink her and block the entrance ;o the harbor. It is not known whether she was sunk by, her own crew or by the Spanish. No lives were lost.

Review at Chickamauga Park. Chickamauga Park, June 4.—A two day's review and inspection of the first division of the Third army corps was loegun at 8 o'clock in the morning. General Fred Grant was in command of the division and 9,000 men were in line. The inspection was conducted by General Breckinridge and Colonel John Jacob Aster. In addition to the review a ramber of battle exercises were gone through and some difficult maneuvers were executed. Both General Breckinridge and Colonel Astor expressed themselves as pleased with the showing

May Land Troops in Hawaii.

San Francisco, June 4.—Persistent rumors that the United tSates will soon take peaceful possession of the Hawaiian islands are neard here and are given much credence by persons units likely the soverment's quite likely to know the government's plans. It is said that a few thousand of the troops leaving for Manila may be dropped off at Honolulu and take formal possession. One significant fact which lends color to these stories Is that the transports bound for Manila take on coal and supplies at Honolulu.

More Brigadier Generals. Washington, June 4.—The president las sent these nominations to the senate: Volunteer army—To be brigadier generals: Colonel John N. Andrews, 1.2th United States infantry; Leonard W. Colby of Nebraska, Roy Stone of New York; Colonel Robert P. Hughes, represented a proposal J. S. A. Lieuteent inspector general U. S. Estate of Charles Binder. STATE OF MICHIGAN, County of Wash tenaw, ss. At a session of the Probate Court for the County of Washtenaw, holden at the Probate Office in the city of Ann Arbor, on Friday, the 3rd day of June in the year one thousand eight huDdred and ninetyelght.

rilday, the std day of Julie in the year one thousand eight hubdred and ninety-elght.

Present, H. WIRT NEWKIRK, Judge of Probate.

In the matter of the estate of Charles Binder, deceased.

On reading and filing the petition, duly verified, of Chas. F. Binder, praying that administration of said estate may be granted to Albert Mann or some other suitable person.

Thereupon it is ordered that .Saturday, the 2nd day of July next, at 10 o'clock in the forenoon, be assigned for the hearing of said petition, and that the heirs at law of said deceased, and all other persons interested in said estate, are required to appear at a session of said Court, then to be holden at the Probate Office, in the city of Ann Arbor, and show cauoe, if any there be, why the prayer of the petitioner should not be granted. And it is further ordered that said petitioner give notice to the persons interested in said estate, of the pendency of said petition, and the hearing thereof, by causing a copy of this order to be published in the Ann Arbor Argus, a newspaper printed aud circulated in said county, three successive weeks previous to said day of hearing.

The manner in which the bonds are

to be paid has not been deoided on yet, school, is spending the summer with her parents, Senator and Mrs. Andrew Campbell, of Pittsfield. payments to commence at the end of the next year after the last payment on the bouds that are now running. The rate of interest on the bonds will be 4 per cent.

As the board is at present paying \$245 a year for rent of the rooms occupied for extra sohool rooms, it will be seen that that is a good portion of the |560 interest per year that will accrue on the bonds. The taxes will not be increased as the payment of the bonds will not commence until the present issue is all paid up, which is another argument in favor of the issue.

All iu all it looks to be a good business policy to vote the sum asked for by the school board at the special meeting to be held next Tuesday evening at 7:30 o'clock in the circuit court room in the court house.

DROWNED IN THE HURON.

Albert Buchholz Loses His Life While Bathing.

Another drowning fatality occurred iu the Huion liver on Saturday evening. Albert F. Buohholz, a young man 19 years of age, who Jived with his widowed mother at 503 N. Ashley st., and was employed in the organ factory, went down the river on his return home from work to take a bathe. He went ont aloue in a small rowboat and while not much of a swimmer enjoyed to pay large prices for wheat for shipbathing by jumping into the water and arising to the surface oatohing hold of the sides of the boat.

It is supposed that on Saturday eveuing he was doing this and was suddeny seized with a cramp, as a man named Standish, who was fishing along the A proposal is on foot to establish a waited for a couple or three minutes house and reported the occurrence. The boat was overhauled aDd in it was found Bnchholz's clothing and the soap he bad taken along to wash himself

A search for the body was at once commenced but it was not nntil Sunday morning at 8 o'clock that the body was found and taken to Dieterle's unamong the boys who have gone to the dertaking rooms where an inquest was front write to them, if it be only a few held and a verdict of accidental drown-

Farmers Should Look After It and Cut Out All the Rye. Allmendiniger & Scflineider have is-

sued the following circular letter to farmers: A viear ago w« advised our farm-

er friends to put ©very aci'c ot ground tthat tlhey possibly could, into wheat. The world's shook bad' steadily decreased for a series of years and tflie statistics of the si'tuatiou made it evident that Wheat would biring 'a gooid: pric«. We come this year to tiho new harvest with the umallets world's supplies i "eanaiming in many fears, at this seoso/h. By the middle of .Tuly tihese stocks will be nearly wiped omt of existence. This condition will again toe favorable to pricea thoughi high prices canbe predicted with any Such confidence as last year, tar the reason, that at this time the prospect fcj Dn? the largest crop in the United States tihat we have ever raised. The largest crop ever raised was according to tho govennlment reports, that oi 1S91, ol 612,000,000 bu. Crop experte are predicting a crop for this year of from 725 to 920 million bu>!hete. The realization of either amwumt njust have a depressing effect am price- We, therefore, Bay to larmiers this year, watcih crop conditions iron now to harvest and get as full information about the yields abroad before deciding on the acreage of wheat to be sown in 1898.

Wo ufcpcngiy urge all farmers to cart i-ye from their I'Ml'ds. During the past few wedks we liiave been able ment, the sole wndifcion being that the gavabi eonfloumedt to the grade requirements of the markets. These cwnditUons are arbitrary and may even be unjust but thie fact remains tfluat they must be oomiformed  $\setminus o$ , strictly. Wheat withh rye is at oace barred our. and in consequence, not a mam In the county who had rye in his wheat was a/bie to take- advantage of the high prices. Whiie suicli a bulge may aoifc come again, we advLso larmiers to be in line for 'it, if jb does come, by raising wiheafc t'bat will grade. In this connection we attach a clipping which is woir-'Thy of attention.

## CUT OUT THE RYE.

"During the past two or three year^ there has been comsiderable trouble in this state caused by rye getting mlixed in the wheat. A large quantity of wheat that wouM otherwise be oi fine quality is utterly l-uiued Box milling purposes by the i-ye that Who Is It that fills his store With forks, and spades, and shirt waists ga-1\* mixed through the gram, and many a dollar is los\* to fawners that

niiight easily and readily be saved by the exercise of a little care dowing the aext thirty diays to cut th\* clusters of rye out of the wheat fields. Lawns, Madras and Batise goods, deep turn '• ftiLcliiira millers require tihe be.it grade of perfectly cleaa wheat iu <cwder to produce flour of as fin© a</pre>

quialitly as they have been making the piast ten years oir more. Michigan ttnst grade flours are justly celebrated in the mo'at discriminating markets loth at home auxl in foreign countries. This reputation cannot be maintained) except by the u\*e of first- class grain. Wheat mixed with rye brings only a low price in any market. It is a well known fact that the growing of rye deteriorates tl»e quality of wheat, creating a nyicngpol or hybrid variety. If we desire to improve the grades amd varieties of our wihoat we must • bep it al. suluitely pure and free from a-ye. Farmers ca.njnot spend a little time to better advantage than to go thiough the wheatfieldis in tine early part oi" Jmne aud cut the rye out clean."
