

SPYING ON THE CAMPUS WELL

A Standard Oil Expert Arrives.

INTEREST IN DRILLING

Indicates an Expectation That Something May Happen Before the Drill Gets Down 3,000 Feet.

Is the campus well becoming of interest to the Standard Oil Co.? If not, why should they so carefully look up what was being done here?

Last evening a well dressed stranger visited the derrick. He was very reticent as to where he came from or what his occupation was. He made very minute inquiries and seemed extremely well posted as to the formation of oil bearing rocks. He expressed the opinion that the Trenton rock would be encountered at a depth of about 2,400 feet. It is stated that he was a Standard Oil Co.'s expert who came to look up what was being done in Ann Arbor.

Chief Driller Smith feels very confident something will be struck on the campus. He has had considerable experience in drilling wild-cat wells in New York, where oil was struck in most uncharted of places. Formerly the theory was that if in the first 60 feet of Trenton rock no oil or gas was found there was no use in looking any further. Now experience has taught the drillers that they should go through the Trenton rock, as many good wells have been struck below this formation.

The logs of the campus well to date and the old court house well are as follows:

- CAMPUS WELL.**
- 45 feet, soil, fine sand.
 - 80 feet, large boulder.
 - 90 feet, bluish clay.
 - 113 feet, large boulder.
 - 232 feet, bluish shale.
 - 265 feet, red shale for 15 feet.
 - 355 feet, black shale.
 - 385 feet, bluish shale.
 - 400 feet, sandstone.
 - 415 feet, shale.
 - 475 feet, lighter shale with streaks of sand.
 - 485 feet, the same.
 - 515 feet, salt water.
 - 525 feet, light shale with salt water.
 - 545 feet, the same.

- COURT HOUSE WELL.**
- 30 feet, soil gravel.
 - 131 feet, compactly bedded shale.
 - 326 feet, black shale.
 - 330 feet, sandstone, dun earthy. At a depth of three feet in it a sample of brine stands at 50 degrees salometer.
 - 396 feet, fine buffish, brine 64 degrees salometer.
 - 427 feet, shale.
 - 430 feet, brine 68 degrees salometer.
 - 440 feet, silicious shale compact, bluish gray, some gas escaping.
 - 469 feet, beds of black bituminous shale.
 - 720 feet, limestone.
 - 755 feet, work discontinued.

CASE OF TUBBS VERSUS HIGGINS

A MOTION MADE FOR A NEW TRIAL.

This Was The Case Where The Plaintiff Got Judgement Against Her.

Seth C. Randall has made a motion for a new trial in the case of Mary J. Tubbs vs. Hannah Higgins.

This was the Dexter case in which the plaintiff got a judgment against her for \$25. Mr. Randall's reasons were as follows:

1. Because the verdict and judgment was illegal and void.

2. Because the court refused to discharge the jury after they reported they could not agree and after both counsels had asked for a discharge of the jury.

3. Because the judge kept the jury from Friday morning till Monday noon for the evident purpose of compelling the jury to agree upon a verdict.

The motion will be argued next Thursday.

BOUGHT AND SOLD 300,000 LBS OF WOOL

Mr. Jedele, of Dexter, and Walter Mack, of this city, yesterday cleaned up on their season's crop of wool, selling the last carload to Mr. Dale, of Louisville. During the season they have bought and sold 300,000 pounds. They have not held back for higher prices, but were satisfied with good profits on the increasing market. They have, in consequence, made a handsome sum on the season.

PROF. WORCESTER IN WASHINGTON

Washington, Oct. 25.—Prof. Dean C. Worcester, one of the Philippine commissioners, accompanied by his family, reached Washington today, to attend the meeting of the commission, which probably will take place the latter part of the week. Tomorrow Prof. Worcester will call on Secretary Hay and later will visit the White House.

MAY GET STATE ROUND UP

Ann Arbor Should Push For It.

LEADING FARMERS

From All Over The State Of Michigan Attend Annual Round Up of Farmer's Institutes.

There are excellent prospects that the annual round-up of the State Farmers' Institutes will be held in Ann Arbor next February. This round-up brings out representative farmers from all over the state.

If there is a strong effort made by the business men it can be brought here.

It would be an excellent thing to have this round up here. It would be a convention that would be worth more to the city than any other kind of a convention that could be brought here. As is well known, the principal opposition to the state support of the university comes from the agricultural element. It would be a big point gained if leading men of this element were brought to see the work that was actually done here.

This subject is a much better one for the Business Men's Association than street sprinkling. It is a topic which comes more within the province of work, which would tell for the advancement of the city.

Washtenaw is a leading agricultural county. Ann Arbor has attractions for visitors. The state round-up would bring a very desirable class of visitors.

PHELPS-MILLMAN MARRIAGE

The marriage of Frank Phelps and Miss Grace Millman took place at the residence of Fr. Kelly last evening at 7:30 o'clock. Frank Ryan acted as groomsmen and Miss Sue Pulcifer as bridesmaid. After the ceremony a reception was held at the residence of the bride, 210 N. Ashley st., where Mr. and Mrs. Phelps will be "at home" after Nov. 1. The reception was attended by about 50 friends of the contracting parties, and the Argus joins these friends in extending congratulations.

WILL MAKE AT LEAST \$12,000

Edward A. Mauser, of Saline, will probably clean up at least \$12,000 on wool this season. He has bought 200,000 pounds, much of it when it was down to 12 and 13 cents. He can sell the lot now for 19 cents, but is still looking for a higher market.

A \$500 FIRE AT SALINE SUNDAY

Saline, Mich., Oct. 23.—(Special to the Daily Argus.)—Fire broke out in the barn of Myron Webb last evening and completely destroyed the building, grain and hay. School Commissioner Lister's horse and buggy were in the barn at the time, but were saved. The loss will be about \$5,000.

In the case of John Moran vs. the D., Y. & A. A. railway for damages for killing his horse and smashing up his wagon, the jury awarded him a verdict of \$125, the amount claimed. The railway people will appeal to the circuit court.

THE OLDEST INHABITANT

Dies At The Age Of Ninety Seven.

DANIEL TICHENOR

Died At His Home In Sylvan Tuesday Morning.—He Was Born in 1802.

Chelsea, Mich., Oct. 24.—Special to Daily Argus.—Daniel Tichenor, the oldest inhabitant of the township of Sylvan died this morning. He had nearly reached the century mark and next Thursday would have been 97 years of age. He preserved his faculties in his later years to a remarkable degree. He left two sons and two daughters all having families.

Daniel Tichenor was born in Essex County, N. J., Oct. 26, 1802. He learned the trades of mill wright and shoemaker, and on attaining his majority went to Georgia, working in the pine woods. He built a mill in Maryland, years before Michigan became a state. Later he was a night watchman in New York City during the Cholera plague in 1832. He went to Ohio in 1835. He was back in New York City from 1836 to 1841. In 1841 he came to Michigan and located in Waterloo township, Jackson County. He also tracted 130 acres in Sylvan township and lived on his farm for 23 years. In 1864 he removed from his farm to the village of Chelsea, where he embarked in business. He was married to Elizabeth Maxwell, Sept. 7, 1825. She died in 1877.

Something of Mr. Tichenor's age may be learned, when it is known that he was a man of 35 when Michigan was admitted into the Union, that he was 23 years old when married, that he lived with his wife 52 years and survived her death by 22 years.

\$800 ALIMONY AGAINST HALL

UNCLE SAM MAKES \$26,362

Out Of Five Postoffices Of Washtenaw.

ANN ARBOR IS NINTH

And Ypsilanti Twenty-third Of Michigan Cities In The Size of Postoffice Receipts.

In the official table just given out at Washington, of the receipts and expenditures of the presidential post-offices for the year ending June 30, 1899, the receipts of the presidential offices in Washtenaw county are put down as follows:

	Gross Receipts	Exp.	Net Rev.	Per cent. Exp. to Receipts.
Ann Arbor,	\$37,503	21,219	16,284	57
Ypsilanti,	15,492	9,071	6,421	62
Chelsea,	3,869	1,790	2,079	46
Manchester,	2,743	1,399	1,344	51
Milan,	1,830	996	834	54
Total,	\$61,437	35,075	26,362	57

The postoffices of the state which exceed Ann Arbor in receipts in their order, are Detroit, Grand Rapids, Kalamazoo, Saginaw, Lansing, Battle Creek, Jackson and Marshall. Marshall has had a tremendous increase in receipts owing to a lot of patent medicine advertisers locating there. Between Ann Arbor and Ypsilanti in size of receipts are the following cities in the order named: Bay City, Port Huron, Flint, Adrian, Muskegon, Albion, Owosso, Marquette, Wyandotte, Menominee, Saginaw, w. s., Pontiac and Benton Harbor.

The increase in the net revenue to the government from the various offices of the county, after expenses were paid, over the previous year, was as follows: Ann Arbor \$230, Ypsilanti \$128, Chelsea \$112, Manchester \$106.

DOG WAS ONLY WORTH \$1.50

The jury in the case of Kinneer vs. Gauntlett and Holcomb, of Milan, for the killing of a dog, awarded the plaintiff \$1.50 damages.

UNITY CLUB ART LECTURES

Among the numerous art lectures to be given in Ann Arbor during the coming year, those included in the Unity Club course are of special interest. Prof. Craig is to speak upon "Babylonian and Assyrian Art," Nov. 27; Prof. Kelsey will describe "The Temples of Pompeii," Dec. 4; Prof. French, director of the Chicago Art Institute lectures on "The Analogies between Composition in Literature and Art," Dec. 11; while Dr. Bourland has "Velasquez" for his subject, Jan. 11. Almost without exception, these lectures are to be illustrated in a manner which cannot fail to add to their charm. Prof. French, the only out-of-town lecturer on the list, is well known as an artist and art teacher of great ability, and his subject seems to afford a fine opportunity for the display of his talent.

He uses chalk and crayon continually in the presence of his audience, and illustrates fully with his own drawings all that he has to say.

The first lecture in the Unity Club course is to be given at the Unitarian church Monday evening, Oct. 30, at 8 o'clock, by Judge Harriman, who will present an interesting description of "The Colleges of Oxford," which is the result of his personal experiences during the past summer.

DEXTERS' GUN STILL UNMOUNTED

But it looks as if it will be soon.

THE G. A. R. COMPROMISE

Judge Newkirk, Col. Dean and the Village Council will decide the matter.

Dexter, Mich., Oct. 25.—(Special to Daily Argus.)—About two years ago through the efforts of Judge Newkirk, the U. S. government presented the Col. H. H. Jeffords Post, G. A. R., with a beautiful Parrot gun and 18 shells to be used as a monument. Permission was asked and granted by the common council to place the same at the point of the park in the center of the business portion of the village, and a tree was removed to make room for it. This gave rise to a successful effort to raise \$1,000 for a Soldiers' monument, the gun to be placed in front of it.

About this time a new council was elected. The executive committee of the monument association almost unanimously selected the same point to erect the monument on, but the new council refused permission and as the contract was let for the completion before May 30, Decoration Day, the committee was obliged to place it inside the park, where it remains hidden from view by the shade trees, except when the leaves are off the trees. Col. Jeffords Post refused to place the gun near the monument, and laid the foundation at the point they understood permission was given them.

The council ordered it torn up, and the gun still remains unmounted. An effort was made last May to agree on some spot, but the G. A. R. stood a tie. Last evening the majority present at a meeting of the Post voted to leave the whole matter to Hon. H. W. Newkirk, Col. H. Dean, of Ann Arbor, and the village council.

Geo. Benton has purchased the residence of Sylvester Newkirk, price \$2,000.

Sidney and George Francisco and Electus Lane and his dog, yesterday captured 42 quail, three partridge and four rabbits. Verdict, murder in the first degree.

IN A SLEEP FOR FOUR WEEKS

Peculiar Case of Miss Mary Clvensmith.

NOW IN THE HOSPITAL

She will Fall Asleep and Remain so Four Days at a time.

The university physicians have a rather peculiar case submitted to them.

Miss Mary Clvensmith, of Coldwater, was brought to the hospital yesterday for treatment. Last summer she went to sleep, and remained so for nearly four weeks. Her old affliction still troubles her, and she now goes to sleep for three or four days at a time. Her case has interested the medical fraternity everywhere.

Gen. Pio del Pilar is said to have made a proposition to place Aguinaldo in the hands of Gen. Otis, and also to surrender his army for a consideration of \$500,000. This might be the cheapest way of terminating the war, if such a deal would bring it to a close.

Wonder if the Yankees would feel in the same kindly spirit toward Sir Thomas Lipton were he winning the races instead of the other fellow? At any rate Sir Thomas has shown himself a gentleman of the keenest sensibilities and a genuine sportsman. He has certainly won the admiration of many Americans.

William Jennings Bryan has finished his speaking tour through Kentucky and it is said will now do some talking in Ohio. Everywhere he goes he is greeted by immense audiences. The hold he has upon the people is simply marvelous. For three years now, as a private citizen only, he has maintained himself before the people without loss of prestige. Apparently he was never more popular with the masses than at present. He is certainly in many ways a wonderful man.

The Detroit circuit court Tuesday knocked out another law of the recent reform legislature. This law provided that all public utility franchises should be submitted to a vote of the people before being granted, and for the appointment of a commission relative to strict railway matters as a step toward municipal ownership. Thus do they fall, one by one. Soon there will be nothing left in the way of legislation accomplished by the great friend of the people, and the reform legislature. There will still be left, however, the hazy, ill-developed notions which they tried to enact into laws.

A party of Germans who attended the commercial congress at Philadelphia as delegates, is touring the United States for the purpose of investigating American methods of manufacture and agriculture. They are experts in their lines. They have visited the Brill and Carnegie works, and are now doing the Pullman plant, the Illinois Steel Co. and the Western Electric Co., of Chicago. They express themselves as amazed at the magnitude of the eastern plants. They declare that the output of the Carnegie company is one-third as great as the whole output of Germany. They expect to visit some of the great farms of the country before returning.

Now that chief conspirator Oberlin M. Carter has been taken care of, it is said that Attorney-General Griggs will pursue his accomplices who helped him defraud the government. These men are said to be high in station and wealthy and will no doubt put up a hard fight as did Capt. Carter. But the attorney-general appears to know how to fight also, and if he does as well by these people as he did with Capt. Carter he will deserve the commendation of all good citizens. The public conscience appears at times to be very low relative to what should be done with those who defraud the government, and so it is decidedly refreshing to have such rascals dealt with according to their deserts, as appears to be the intention in this case.

The republican majority of the board of supervisors is killing every democratic official head that appears in any office within the purview of its authority. The majority has no intention of missing a single one. Bills of various officials are being slashed right and left, bills which republicans have voted for hitherto without a question for so long a time that the memory of man runneth not to the contrary. When the matter of equalization comes on, we shall see whether there is any politics in that. But one thing is certain—there will be left no stone unturned to put the county back in the republican column. The democrats, if they expect to hold their own will find it necessary to put on their war paint. It must not be forgotten that harmony pervades the republican fold now as thick as fleas on a dog.

The statement that has been going the rounds of the newspapers that

England is calling out a large military force for the purpose of making an impression on other European states, appears to be far-fetched. If there be any such purpose, it must fail of its object, it would seem. Reports of English military forces indicate that she can muster only 742,421 men of all sorts, including reserves, volunteers and militia. This force would scarcely make much of an impression on the continental nations, the smallest and weakest of which have nearly as many. France has 1,998,604; Germany, 1,963,517; Russia, 3,500,000; Austria-Hungary, 749,868; Italy, 652,612. No, it is not the British military forces which impress the continental powers, but her navy. The military strength of the Empire is not formidable, but the nations have a full appreciation of her naval power. A display of her navy would make more of an impression.

Now that the Columbia has proven herself the better constructed craft and the faster sailer in all sorts of conditions, the proposal has been made by the New York World that the crews of the two yachts be changed and a race sailed for the purpose of determining which are the more expert yachtsmen. It is not known how this proposition appeals to Messrs. Iselin and Lipton, but it is safe to say that Americans generally would be delighted to have the race pulled off. Such a race would no doubt furnish pretty strong evidence as to the relative merits of the seamanship of the Englishmen and the Yankees. The conditions are most favorable for such a contest. Sir Thomas Lipton is a gentleman of such genuine sporting instincts that he would no doubt enjoy the proposed contest, notwithstanding his defeat in the races for the America's cup. We hope the race may be arranged.

How perfectly clear appear the weaknesses of the other fellow's case while the big holes in one's own are hidden from his sight. Canada has experienced no difficulty in seeing all the weaknesses of our Philippine trouble, but she is so cock sure of the righteousness of the English cause in South Africa that she hastens to offer Great Britain 1,000 soldiers, twice as many as she was asked to furnish, for service there. Her press has placed every weakness and imaginable weakness of our cause in the Philippines in the highest coloring and has been especially caustic in condemnation. But she sees nothing wrong in England's war of aggression in South Africa, but everything to commend and support. Her position illustrates how difficult it is to give to the arguments against a cause in which we want to believe, their just weight, and how easy it is to accept as fact those arguments for our cause which, if presented for the other side, would be utterly rejected. Inability or indisposition to weigh the arguments of both sides with equal care and honesty, is responsible for much wrong doing.

Again the criticisms of General Otis are becoming severe. If reports from Manila have any truth in them at all, he is pursuing a policy which is most costly in lives without any proportionate results. It appears to be the opinion of military men that captured territory must be held before any headway can be made against the insurgents. But it is Otis' plan to send out a column to capture some stronghold and immediately after taking it, to leave it and permit the Filipinos to return and occupy it. In this way the work has to be done over and over again, and each time valuable lives are sacrificed. Practically all soldiers who have returned from the Philippines have told of these things and have denounced Otis as a fussy old, incompetent, and yet he is retained in the chief command. The administration must certainly know the facts as to his blundering incompetency, and yet he is kept there to the detriment of the cause, while abler generals are chaffing under his blundering tactics. What has he done to entitle him to such consideration as he is receiving at the hands of the administration. Or is he left in his position simply because the president lacks the nerve to perform his plain duty?

Colonial Secretary Chamberlain, in defending himself against the charges of the opposition in the British house of commons yesterday, was perfectly frank as to the purpose of the government in South African matters. England, he says, proposes to hold the supremacy in South Africa at all hazards. He said, in substance, that a dutch confederacy was forming there with the purpose of becoming the dominating power and the British govern-

ment, knowing this, had thought it proper to press the issue before the Boers were ready to spring their scheme, which they were certain to do as soon as all was ready. This is all there is in the British case and all there has been from the start. England is simply pursuing her long time policy of grabbing all land in sight. There is one thing, at least, to be admired in Chamberlain's statement of position—there is no hypocritical cant about it. England needs the Transvaal and the Orange Free State to insure her paramountcy in South Africa, and she proposes to take them. He who runs may read.

The Columbia lost another race Thursday because of lack of wind. When the race was declared off, about 10 minutes before the time limit expired, the Columbia was three miles ahead of the challenger and only about the same distance from the end of the race. All doubt as to the retention of the cup had disappeared, but the races thus far have been far from satisfactory. It would be more satisfactory to all interested in the international races to pull off at least one under conditions which would try the qualities of the respective yachts thoroughly.

NO WONDER PEOPLE GROAN

Taxes Increasing All Along The Line.

COUNTY TAXES BOOSTED

Finance Committee Asks for \$2,400 More Than Last Year.

Table with 2 columns: Tax Type and Amount for 1898 and 1899. State Tax: \$60,557 (1898) vs \$104,516 (1899); A. A. City Tax: 42,304 vs 68,461; County Tax: 25,000 vs 27,400.

Total increase this year—\$27,516.

The school tax is not included in the above, but Secretary Mills says that it will be about the same as last year.

The financial committee on the board of supervisors made its report this afternoon and recommended that \$27,400 be raised for county expenses. The estimated expenses are \$44,400, but it is calculated that \$17,000 will come in from liquor taxes. Last year the estimated expenses were \$4,500, and the liquor tax offset \$17,500, showing an increase this year of \$2,400.

A MOST WONDERFUL CURE

Eminent Physicians Pronounced it Consumption. Dr. C. D. Warner, Coldwater, Mich. Dear Sir:—I have received great benefit from your White Wine of Tar Syrup. I had a cough and the doctors gave up all hopes of my recovery and pronounced it consumption; I thought that it was death for me. I tried everything that we could hear of. Finally one of my friends prevailed upon me to use your White Wine of Tar Syrup. I took 1 1/2 bottles and am cured entirely. Such medicine I can recommend to those who are afflicted as I was. Very Resp'y Yours, JOSEPH E. UNDERHILL, Doland., South Dakota

DEAN WORCESTER RETURNS HOME

But Left Immediately For Washington.

TO SUBMIT HIS REPORT

Has 300 Photographs to Show Present State of Rice and Sugar Culture.

Prof. Dean C. Worcester, a member of the Philippine commission, arrived home Sunday for a day's stay. He was on his way to Washington to report direct to President McKinley the result of his observations in the Philippines and the recommendations of himself and the other members of the commission, undoubtedly, may be the means of shaping the destinies of the islands.

The Argus representative called upon him to ascertain, if possible, the substance of his report, but he absolutely refused to divulge anything of that nature. Said he: "The minute Col. Denby and myself reached Vancouver we were importuned by newspaper representatives for some expression of opinion. We refused, on the ground that the secretary of state and the president had the right to know first-hand what our reports contain and not have it come to them through the public press. It would not be courteous for us to do anything else. All the way across the continent reporters pleaded with us to give them something. One Chicago paper sent a staff man to meet us in Dakota, but we have been troubled with a lapse of memory ever since we left Manila. After we have seen President McKinley, we may possibly be able to remember some things for publication. The government would have a very poor opinion of a man who could not keep his mouth shut from Vancouver to Washington."

"When will your report be made public?" he was asked.

"Col. Denby will reach Washington this evening. I will get there tomorrow. Col. Denby may see the secretary of state tomorrow morning, and it may be that through the secretary the president will be able to see us sometime Tuesday or Wednesday. After that, if the Argus desires, we may be glad to furnish it with the facts we have ascertained concerning what the islands are worth, the resources and the possibilities of their future. But until then our lips are sealed."

Prof. Worcester is quite a photographer, and the Argus asked him if he had any recent photographs of scenes in the islands. Said he: "I have over 300."

"Would you release any for reproduction?" "No, they may be made a part of the final report. Many of them show the present state and methods of cultivation of the rice and sugar fields of the Philippines. The government is entitled to the exclusive use of such photographs as it sees fit to appropriate."

This was the only inkling during the course of the conversation as to the nature of his individual report. The deductions that may be gathered are that Prof. Worcester has been engaged in gathering data and photographic evidence of the agricultural resources of the Philippines.

Senator Frye, than whom no man stands nearer the administration by reason of his connection with the peace commission, laid particular stress, during his lecture here Saturday night, upon the retention of the Philippines from a commercial point of view. He advocated supplying the natives with agricultural implements, teaching them how to use them judiciously to develop the possibilities of their lands, the building of railroads to the seaboard in order to bring the products out to be carried into the orient on bottoms and under sailing masters that fly the American flag. All these facts are significant, and the report of the commission may shape a great commercial policy for the United States.

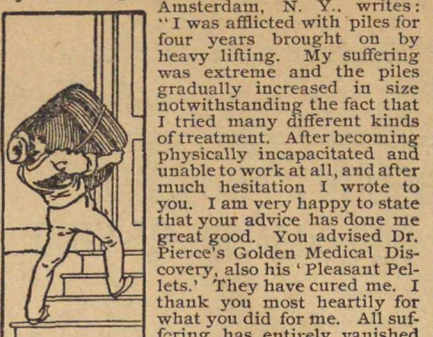

Certain it is that Prof. Worcester has always been an enthusiast over the rich Philippine country. Nothing was apparent in the interview that tended to show he had changed his mind.

ELECTRIC LINE COMING THIS WAY

Ann Arbor and Ypsilanti are interested in the progress of the building of the new electric road between Battle Creek and Kalamazoo, as it is a link in the chain of roads which is soon to connect Detroit and Chicago as well as Detroit and Grand Rapids, as the D., Y. & A. A. was the first link built and as the Ann Arbor and Jackson road will be another link. The rails on the line between Battle Creek and Kalamazoo are now laid with the exception of a five-mile strip at the Battle Creek end, while the ties have reached the outskirts of Battle Creek. It is expected that cars will be running over the entire line by the middle of November.

Admiral Dewey's salary amounts to \$37.50 per day, President McKinley's is equal to \$131 a day, cabinet officers, the vice president and the speaker of the house get \$22.22 a day, senators and congressmen \$13.90 and the chief justice of the supreme court \$20 a day.

For four years Mr. Zingsheim suffered with piles but now his suffering has entirely vanished and he has gained twenty-five pounds.

John P. Zingsheim, Esq., of No. 9 Lark Street, Amsterdam, N. Y., writes: "I was afflicted with piles for four years brought on by heavy lifting. My suffering was extreme and the piles gradually increased in size notwithstanding the fact that I tried many different kinds of treatment. After becoming physically incapacitated and unable to work at all, and after much hesitation I wrote to you. I am very happy to state that your advice has done me great good. You advised Dr. Pierce's Golden Medical Discovery, also his 'Pleasant Pellets.' They have cured me. I thank you most heartily for what you did for me. All suffering has entirely vanished and I have gained about twenty-five pounds in weight. I used only one bottle of 'Golden Medical Discovery' and one vial of the 'Pellets.'"

Piles is a disease that is usually treated locally with ointments which are well enough in their way but do not touch the cause. This is where Dr. Pierce's medicines excel—they cure the cause of disease and of necessity the disease itself disappears. Piles are caused by a severe inflammation of the lining of the rectum and lower intestines, and this inflammation is due to the presence of effete, poisonous matter. It is cured by two things are necessary, 1st—thorough cleansing of the bowels; 2d—the soothing and cooling of the inflamed membranes.

The first is produced by Dr. Pierce's Pleasant Pellets. Two little 'Pellets'—about twice the size of a pin head—are a dose. They are the pleasantest cathartic known. They do not gripe but they do their work. Dr. Pierce's Golden Medical Discovery cools and purifies the blood and acts as a general tonic to the whole digestive system, neutralizing and cradicating all poisonous, irritating matter. The patient who takes these two remedies will not only find his piles cured but will soon matter. To cure his general health is greatly improved. Dr. Pierce's Pellets cure biliousness.

LOCAL BREVITIES.

From Friday's Daily Argus. George A. Peters, of Scio, jokingly says that the farmers are much discouraged by the wet weather. They want to draw their corn. The board of supervisors today knocked off \$28 from Deputy Sheriff Schall's bill for 40 cases of drunk where there was no trial. His bill was \$105.14 and it was allowed at \$85.41. John Smith, one of the old pioneers of Northfield, died yesterday, aged 85 years. The funeral services will be held tomorrow morning at 1 o'clock in St. Patrick's Catholic church in Northfield. The members of the Schwaebischen Unterstuetzung Verein are making preparations to celebrate the eleventh anniversary of the organization of the society, by giving a social party on Thanksgiving evening. Louis Rohde, the coal dealer, of W. Huron st., has commenced laying a tar walk in front of his property west of the Ann Arbor tracks. He will have the thanks of the citizens of the street who hope others will follow his example before the ground is frozen over for the winter. A telegram was received by Funeral Director Oliver Martin that George Frederick Gwimer, died this morning at the home of his daughter, Mrs. Rossiter Cole at Grinnell, Iowa. The funeral services will be held Sunday, the particulars of which will be announced tomorrow evening. Miller & Pray, of the Farmer Sheds grocery, realize what advertising in the Daily and Weekly Argus means. They have received so many calls for the barrel salt advertised, that they have had to order out their salt advertisement until more salt arrives. They have ordered several carloads, but for lack of cars it has not been shipped.

From Saturday's Daily Argus.

The new Homeopathic hospital, when finished, will contain 15 to 20 private rooms. Hutzel & Co. and the Eberbach Drug & Chemical Co. are having new cement walks laid in front of their stores on S. Main st. J. H. Kingsley is putting in new machinery in his roller mill in Manchester, and will increase its capacity to 100 barrels a day. A petition has been filed in the probate court for administration in the estate of Charles Gardner who, left \$10,000 worth of property but no will. Frank Diamond has waived examination on a charge of larceny, and is in jail awaiting trial, which will take place in the circuit court in December. The bonds for the Washington st. paving were delivered to the Ann Arbor Savings Bank this morning. The bank paid \$151 premium for \$13,000 worth. In the case of Gottlob Luick vs. Arthur Kitson, yesterday the jury rendered a verdict of \$254 for the plaintiff. The case had been tried once before, and the jury disagreed at that time. The board of public works were to have a meeting this morning to take action on that uncompleted portion of the Washington st. paving around the telephone poles, but somehow they did not convene. Ald. John Koch says that since the mistake of \$1,300 on the Washington st. paving has been discovered he thinks it would be wise to re-measure the Main st. job, and that he will offer a resolution to that effect. The trees standing on the ground necessary for the new homeopathic hospital have been cut preparatory to breaking ground. Superintendent of Grounds Reeves has removed the iron fence in front of the property. Marriage licenses issued: George N. Hammond, 52, Augusta, and Minnie Carmel, 31, Stony Creek; John A. Dings, 49, and Julia M. Gerry, 44, both of Chicago; Elijah Gale and Jennie Hamby, both of Superior. Mrs. Hubbard, of Thamesville, Ont., died this morning at the home of her daughter, Mrs. A. R. Mead, No. 1660 Pontiac st., aged 65 years. She had been ill only two days and died of a heart difficulty. She came here three weeks ago to visit her daughter. The remains will be taken to Thamesville for interment. The first goods that John Wanamaker ever sold brought him \$35. He delivered his goods in a wheelbarrow. He collected the \$35 and went directly to a newspaper office and planked it down for advertising space. Some men would have spent \$1.50 for some cheap doggers and "saved" the rest. They would have been wheelbarrow merchants today. Among the gifts to the general library of the University of Michigan received during the past college year was one from the Turkish government made through President James B. Angell, ex-minister to Turkey. It consisted of 168 volumes used for instruction in the primary schools of that country. The books are all in the Turkish language. Miss Amy Parshall, of Cheyenne, Wyo., is in the city visiting her grandfather, Capt. James J. Parshall, of Ann Arbor town. Miss Parshall is a daughter of A. J. Parshall, surveyor-general of Wyoming. At present he is engaged in work at the Yellow Stone Park. Miss Parshall is so much pleased with Ann Arbor that she contemplates entering the university.

From Monday's Daily Argus.

The 40 hours' devotion in the Catholic church of Dexter closed last evening. Koch Bros., the contractors for the new Homeopathic hospital, broke ground on Saturday. Lillian Doyle secured a judgment of \$222 in the circuit court against Philip Duffy on Saturday. The Towar Creamery Co. received a carload of cows from the north over the Ann Arbor road Saturday. Henry Richards, the coal and wood dealer, today received seven car loads of stove wood from the north. Victor Benz, who purchased the stock of J. Boyle on Detroit st., has moved the goods to his place of business on Ashley st. Richard R. Kirk, of the literary department, will probably go to the Transvaal with the Canadian troops as a newspaper correspondent. Eugene J. Koch, of Wagner & Co., moved into his new residence, No. 312 E. Jefferson st., Saturday, where Mrs. Koch and himself will welcome their friends. Grain rates to the east have been raised one and one-half cents a hundred by the railroads. This means 30 cents a ton, in the aggregate many thousands of dollars. Manager McGregor, of the State telephone exchange, left this morning for Stockbridge, where he will install an exchange. The work on the line between Hamburg and Whitmore Lake is to be commenced. John Moran vs. the D., Y. & A. A. railway is the title of the cause which is being tried in the circuit court today. The plaintiff's horse was killed on the track, just south of the city, Jan. 21 last, and he asks for \$100 damages. Mrs. L. G. Fover went to Ann Arbor this morning, where she took her little daughter to have her right eye examined by Dr. Copeland. The little patient ran a pair of scissors in her right optic last Saturday. Dr. Knapp accompanied them.—Owosso American. John Henry Kauffmann, of No. 414 Detroit st., passed away yesterday morning at 9 o'clock. He had been ill for a long time, and desired to be relieved of his suffering. The funeral services will be held at his late residence tomorrow afternoon at 2:30 o'clock, Rev. John Neumann officiating. It is no exaggeration to say that the Y. M. C. A. Star Course is the best and cheapest series of entertainments ever offered in this city. There is great variety, no two programs being of the same character. There is great excellence of talent, each entertainment being unsurpassed in his field. The course is remarkably inexpensive, six numbers being offered for \$1. Let no one miss this great treat. The Ann Arbor Organ Co. this week will ship seven organs to Brubane, Australia. Extra care in the boxing is taken with the organs that have to go so far. As the company has made a number of shipments to Australia, the continuance of the orders shows that the reputation of Ann Arbor organs has been fully sustained. The company has had difficulty in securing enough materials. It is behind in its orders.

JUDGE NEWKIRK'S HOPES REALIZED

A Detention Asylum At The County Farm.

5 OR 6 ROOMS FITTED UP

The Building Committee of The Supervisors Decide Upon The Matter.

With the aid of the publicity given his appeals by the Argus, at last Judge Newkirk is about to see his hopes for a detention asylum for the insane of this country realized.

No longer will the alleged insane be incarcerated in the county jail surrounded by the most disturbing influences until the question of their sanity or insanity is settled or until room can be found for them in the state institutions.

The committee on buildings of the board of supervisors has decided to fit up five or six rooms in the upper story of the west wing of the house on the county farm for just such a purpose. This committee consists of Supervisors Krapf, Whittaker and Case and they have thoroughly investigated the situation. These upper rooms are airy and clean and all that will be necessary is to change the heating system somewhat and place some protectors or bars across the windows.

Work on the change will commence immediately. The Argus congratulates Judge Newkirk on the success of his agitation and it is certainly a matter of congratulation to the county.

His Little Joke. "John," said the politician's wife, waking him up about 2 a. m., "what's that noise?" "That noise?" echoed John dreamily. "Oh, I guess it's some rats holding a rat-fication meeting in the attic!"—Chicago News.

YES OR NO?

Ann Arbor People Are Respectfully Asked to Answer These Questions.

Is there anything in the evidence of one's senses? Is there anything in the testimony of friends? Can reliance be placed upon statement from people we know? Would you sooner believe people living in some far away place than citizens of your own city? We think not! For home proof can easily be investigated.

Mrs. Sarah Gray, of 600 Kingsley street, says: "There was extreme weakness and depressing pains through my loins and also pains in my shoulders, at times running down the muscles of my limbs. I did not rest comfortably nights and at times felt so miserable that I could hardly get around. The kidney secretions became highly colored, variable and deposited quantities of brick dust sediment. I went to Eberbach & Son's drug store and got Doan's Kidney Pills. They relieved me very promptly and were a source of great comfort to me. I would not be without them for anything. I used many other kidney remedies but Doan's Kidney Pills are by far the best of all."

Doan's Kidney Pills sold by all dealers. Price 50 cents per box. Sent by mail on receipt of price. Foster-Milburn Co., sole agents for the United States, Buffalo, N. Y. Remember the name, Doan's, and take no other.

CASE OF TWO MEN IN A BOAT

Merch. Goodrich recently received permission from A. P. Ferguson to use a room in his carriage factory in which to construct a boat. In the course of time the water craft was completed, and it was about to be taken out of the building when an unforeseen difficulty arose. Neither Mr. Goodrich or Mr. Ferguson could find any method of subtraction or extraction whereby a boat with an 8-foot beam and as great a depth could be taken out of a 6-foot doorway. Either the boat had to be taken apart or the entrance way to the factory remodeled. The doorway was cut larger to accommodate the removal. Mr. Goodrich says however, that he has the satisfaction of not being in "as much of a boat" as Ed. Walker, who once constructed a boat of such dimensions in his cellar that the wall had to be torn out in order to get the boat outside.

A SKETCH OF JOHN SMITH

John Smith, the Northfield pioneer, whose funeral was held this morning in St. Patrick's church in Northfield, was born in County Longford, Ireland. He settled in Northfield about the year 1836. He was married twice.

From his first union a son, Frank, of Northfield, and daughter, Mrs. Katherine Bradley, of Idaho Springs, Col., survive. Of his second marriage a daughter Ella, and son Michael, survive him. The deceased in the early times worked in Detroit, walking down to the city on Sunday night to be ready for work Monday morning, and walking back on Saturday night. He often in those days met bear on his travels that would follow him for miles.

PAINTERS WHO FELL THURSDAY

Gus Lutz and George Coburn, the two painters who fell yesterday afternoon 14 feet in front of John Soetz's grocery on South Main st., according to their employer Edmund Garte, were not at all injured. George Coburn is in bed today. His right arm was out of joint and he was hurt on his head. Mr. Lutz was out today with his head tied up. If they have been internally injured it has not yet been definitely settled. The cause of the accident seems to have been that one of the men leaned over and the scaffold turned throwing them both to the stone pavement. That their injuries were not much more serious is surprising. Dr. Dr. Lee Kapp attended the parties and dressed their wounds.

TOLD HER TROUBLES TO A POLICEMAN

Marshal Gerstner happened on State st. yesterday just as the first grade pupils of the First ward school had been dismissed. Two little tots commenced playing with a frisky dog. The animal took kindly to the attentions but in the midst of them playfully grabbed one of the little girl's hands. The flesh was not lacerated at all, but the little girl ran up to Mr. Gerstner and sobbed out: "Mr. Policeman, won't you whip that dog and won't you please blow on my hand." The marshal says that this was the first time he had ever been called upon officially to perform this duty.

THROWN FROM HER CARRIAGE

Dexter, Mich., Oct. 21.—While driving in from her home yesterday, on account of the breaking of the king-bolt, Mrs. Felix Dunlavy was thrown from the carriage and received a painful wound in the forehead.

ANN ARBOR AND YPSILANTI

AS SEEN THROUGH THE EYES OF THE ADRIAN PRESS.

Editor Pro. Tem. E. J. Smith Roasts a Number of the Twin City Citizens This Week.

Mrs. Elizabeth Cromie, of Ypsilanti, received a telegram from her husband out west that he will be home in a few days. She had not heard from him in 20 years. She should see that the water in the tea kettle is scalding hot when he arrives.

Arthur Gaunig, of Washtenaw, after getting a three years' sentence to prison, announces that when he has served his time he will kill the complaining witness, the prosecuting attorney, the jury and Judge Kinne. All express a willingness to wait the three years.

It has cost Washtenaw the past year \$1,216 to provide entertainment for the various Railroad Jacks and other wanderers who have settled within its borders. Yet they do say that one can scarcely step out doors on a dark night, without stumbling over a great chunk of McKinley prosperity.

Rev. Dwight L. Moody has sent a telegram to Ann Arbor canceling his evangelical engagement there, alleging a severe cold. This is perhaps Mr. Moody's diplomatic method of getting out of what seemed to him a hopeless task. But he should not have based his opinion of Ann Arbor on the unconvertible looks of Beakes, Hammond, Beal, Moran, et al. He might go to Helber and get a very different impression.

Leander Alley said concerning Daniel Hoey's horse, that he was a knock-kneed, saddle-backed, wind-galled old reminiscence of the barbarous ages; or at any rate his discourse was such that Hoey became aggrieved and jumped into Alley with feet and fists flying. The remains of Mr. Alley sued Mr. Hoey in the Washtenaw circuit and recovered \$400. Hoey, who is good for the judgment, will pay it and hereafter set 'em up on some other alley.

Ex-Mayor Jos. T. Jacobs, late of Ann Arbor and now of Detroit is a republican candidate for alderman of the Fourth ward already. This is so sudden! Mr. Jacobs has not long inhaled the fumes of natural gas and official corruption in Pingreeville; but a sniff or two has set his brain in a whirl and he is bracing hard and fast and trying to "catch on" to the tail board of the gold trust band wagon. Ah, Joseph, listen not to the honey guide of Detroit politics. In other words, Joseph, don't be an idiot. Come off! Sit down! Cheese it! Stay where you are at. There is no honesty in the crowd you would adopt and your brethren will cast you into a pit, Joseph, even as Joseph of old was cast into a pit by his brethren; and they will sell you into Egypt, Joseph, or sell you out; and don't imagine, Joseph, that they will let you become the chief Pharaoh, or even the king's chamberlain; or that you could preserve your present purity against the enticements of the Mrs. Potipher of pot-house, Pingree politics. Joseph, don't!

The republican unhappiness heretofore existing between Pingree's Boss Judson and Kicker Selby Moran of Ann Arbor, is ended. The fight was called off, and settled out of court. When Judson was sheriff, the Register said that Bill Judson tampered with an election. Bill had Selby snatched up for criminal libel, probably expecting to jail him and get pay for his board. But on a technical flaw in the proceedings, Moran was discharged and at once sued for \$10,000 damages for false imprisonment. The republican party has looked on and wrung its hands in helpless distress ever since Jud and Selby began ripping each other's vitals, but finally succeeded last week in stopping the fight, and it is all off. Weak with loss of blood, the two locked arms and tottered to the wash basin, after which osculations and swearing themselves brothers took place. "How good a thing it is, and how pleasant to see brethren dwell together in unity. It is like the oil that ran down the beard, even Aaron's beard." Selah!

The Ann Arbor high school boys out-ran, out-kicked, out-punted and out-rumbled the boys of the Adrian high school last Saturday at football, winning a game by a score of 12 to 6. In the first half both sides got a touchdown, a goal, a kick and a count of six. In the second half, Peterson, of Ann Arbor, picked up the pigskin and scooted away so fast that the wind couldn't catch him, and he was within six feet of the line before the boys could check him. The Adrian team had the ball about as near their own headquarters once, but their fullback, or quarterback got a pull back till it was half back and then came Peterson's sprinting, which would not let the ball come back, and after they got a touchdown, they kicked goal and piled six more points to the score, and when the last half was ended, the Adrian kids were without further benefits, except tangled hair, red faces, dirty clothes and quick respiration. A number of citizens went down and enjoyed the contest. The game is pronounced an exceeding good one for both sides.

SEVERE "CASE" OF COLD FEET

Supervisor of Pittsfield Driven Into His Hole.

HIS BLUFF WAS CALLED Promised To Vote For Paving Under Certain Conditions But He Crawled.

Supervisor Case, of Pittsfield, was pocketed in as nice a hole yesterday as ever a man was who didn't have an overcheck to hold himself down.

Mr. Case maintained that there was not a county in the state where the county as a whole paid for paving in front of its court house. "And if you can find any precedents, I will vote for the resolution," said Mr. Case with emphasis and seemingly full of meaning.

Mr. Case was the leader on the floor against the county paying for paving one-half of the street in front of the court house.

Mr. Allmendinger said that he was sure that other counties did this very same thing, and asked the board to withhold its action until answers could be received. Mr. Case was in a hurry to adjourn, and the country members flocked with him on such an action.

Mr. Allmendinger did not lay down, and telegraphed several places and received replies as follows:

Ann Arbor, Oct. 24. City Clerk, Grand Rapids:

Who paid for paving adjacent to Kent county court house and jail, the city or county? Answer immediately our expense. J. E. HARKINS, City Clerk.

Grand Rapids, Oct. 24. City Clerk, City Clerk:

The county. J. F. LAMOREAUX, City Clerk.

Ann Arbor, Oct. 24. City Clerk, Kalamazoo, Mich.:

Who paid for paving adjacent to Kalamazoo court house and jail, the city or county? Answer immediately our expense. J. E. HARKINS, City Clerk.

Kalamazoo, Oct. 24. J. E. Harkins, Ann Arbor, Mich.:

County pays paving in front of court house and jail. SAMUEL McKEE, City Clerk.

Ann Arbor, Oct. 24. President Moreland, Board of Public Works, Detroit:

Who pays for paving adjacent to county property in Detroit, the city or county? Answer immediately our expense. J. E. HARKINS, City Clerk.

Detroit, Oct. 24. J. E. Harkins, City Clerk:

County offices in city hall are leased from the city. Paving around city hall was paid for by city. Should paving be laid around new county building yet unfinished, it would be paid for by county. ROBERT Y. OGG, Secretary Board of Public Works.

"Then when Mr. Allmendinger read these off and asked Mr. Case if he would still stick to his promise in the morning to vote for the pavement in case there were precedents for it, the gentleman from Pittsfield laid down his hand.

He suddenly had cold feet and wanted to go home.

It was finally agreed to leave the matter to a committee of three to investigate, and Anti-Paving Hunter appointed a unanimously anti-paving committee which will either make an anti-report or fail to ante.

RURAL DELIVERY FOR SALINE

AN INSPECTOR IS LOOKING OVER THE PROPOSED ROUTES.

Twenty-six Sheep Were Killed By a Dog in Saline—Other Items of Interest.

Saline, Mich., Oct. 25.—Ex-Sheriff Walsh, of Ann Arbor, was in town on business Tuesday.

Inspector of Rural Delivery Routes Hammer is in town today. Supervisor Fowler and Postmaster Geo. Burkhardt and the inspector will drive over the route running from this post-office.

S. H. Maher is moving into the Warner hotel this week.

Irv. LeBaron had 26 sheep torn and killed by dogs last Monday morning.

A valuable horse belonging to H. W. Wheeler died last Saturday.

A large number attended "A Bell Boy" at the Ypsilanti opera house last Tuesday night.

Mrs. Koernig, of Clinton, is spending a few days with her father, Dr. Chandler.

Engene J. Helber is in town today.

J. W. Murphy, of Ann Arbor, was here on business Wednesday.

The authorities in Algeria gave \$40,000 toward fighting the grasshoppers. In one section 3,200 camels were employed to carry the material for burning over the places where eggs had been deposited.

ONLY ONE HOLE TWO MEN SUED

A dog case occupied the attention of the circuit court Wednesday.

Eli Kinnear, of Milan, sued Archie Gauntlett and Albert Holcomb for killing his "Shepherd." Gauntlett and Holcomb said that it was only just a dog.

Kinnear said it was as kind and playful as a kitten.

Gauntlett and Holcomb maintained that it was a fierce, ferocious and dangerous animal.

Kinnear swore that he saw Gauntlett shoot the dog and had other witnesses that bore him out in the statement.

Gauntlett denied this, and said he did not shoot the dog. Holcomb admitted that he himself shot the dog.

And the dog had only one hole through him.

In the justice court in Milan, Kinnear got a judgment of \$25 against both of the defendants.

The defendants appealed.

It seemed that Gauntlett and Holcomb were going out hunting, and in passing by Mr. Kinnear's place, the dog ran out. Somebody shot the animal, and the question of who it was and whether it was necessary, was what the judge, jury and lawyers had to tackle.

WOMEN'S WARD AT THE JAIL BUILDING COMMITTEE WILL CONSTRUCT ONE.

Board of Supervisors Give The Committee Full Swing To Go Ahead.

Tuesday the supervisors took up the matter of making improvements on the jail, in accordance with what the secretary of the state board of corrections and charities recommended.

There was considerable discussion about what it would cost, but the building committee is considered so competent and the board having such implicit trust in them, that it was decided to leave it to their judgment just what should be done, and they were authorized to go ahead and supervise the construction.

This means that an addition will be built on to the jail, and this addition will be used for a woman's ward.

What Ann Arbor's December Tax Will Be.

ONLY \$8.70 LAST YERA

County Tax Increased Two Cents; State, \$1.38; And School Ten Cents.

Geurusalem—Listen to this! The taxes which Ann Arbor city will have to pay for the support of state, county and school taxes this next December are way out of sight.

They are as much higher than the first estimates as a scientific kite is above the bottom of the campus well.

The assessed valuation on Ann Arbor is \$7,270,143. The board of supervisors have assessed Ann Arbor's share of the state tax at \$24,038.74, and the county tax at \$6,302. The total state taxes for Washtenaw county are \$104,510.76 and for the county taxes are \$27,400.

Last year the taxes were as follows:

County \$.86
School 5.92
State 1.92

Total December tax \$8.70

This year it will be as follows:

County88
School 6.02
State 3.30½

Total \$10.20½

Therefore, to ascertain just how much your December taxes are multiplied each \$1,000 of valuation by \$10.20½, and you will reach for the smelling salts.

The total cost per \$1,000 of valuation for Ann Arbor for the past year in running the city government was \$9.42, so that the people of Ann Arbor will have paid \$19.62½ per \$1,000 in taxes this year.

George Paul and wife, of Bridgewater, were in the city yesterday, the guests of his nephew, Michael Staebler.

U. OF M. YELL IN JAPAN

It May be Heard There Next Month.

WILL HOLD A REUNION There are 50 graduates from the University in that Country.

The familiar cry of "Michigan, Michigan; rah, rah, rah!" may be heard in Japan next month, says a correspondent of the Detroit News.

The occasion will be the meeting of the Japanese alumni to be held in Tokio. Fifty graduates of the U. of M. will gather from all parts of the imperial realm to promote education in this quarter and to discuss old times.

The chairman is Hon. Mr. Toysma, a member of the house of lords, ex-president of the imperial university and otherwise a titled official. Nearly all of the alumni are public men of distinction.

This means that the popularity of this university is steadily increasing in that country. The last student to arrive came a few days ago, and makes the number 10. This is more than attend any other college outside of Japan except at Yale, where the number is about the same.

They study political economy chiefly, and on that subject Prof. Adams is regarded as highest authority in Japan, his text books and lectures being used almost altogether.

There are some students, however, in the engineering, law and medical departments. Of the latter is Miss Inouye, who enjoys the distinction of being the only co-ed from the flowery kingdom. The Japs generally are characterized by their courtesy and modest ways, and everyone is a hard student.

SUNDAY SCHOOL CONVENTION.

THE RECORDING SECRETARY'S FULL ACCOUNT OF IT.

The annual convention of the Washtenaw County Sunday School Association was held at Saline, Oct. 18th, in the very attractive, new Presbyterian church, which was beautifully decorated for the occasion.

During the first half hour an impressive devotional service was led by Mr. Horace Bartlett, of Saline. President John K. Campbell, of Augusta, presided during the morning session. Several papers were given. The brief extracts from these cannot in any measure do justice to the painstaking care bestowed upon them.

"Best Methods of Opening and Closing," by Mrs. Nellie Darling, of Stony Creek. Mrs. Darling urged variety. "Surprise the school with a change of exercises. Let all things be brief. Give much prayerful thought to the closing exercises."

"Ruts to Avoid," by Mrs. C. W. Harris, of Stony Creek.

"Do not be too well satisfied with your school." Mrs. Harris urged care in selection of officers and teachers. She said there are so few men for Sunday school work and asked, "Can anyone tell why it is more the duty of a Christian woman than a Christian man to enter into the Sunday school work?" Let the parents and adults uphold the superintendent. Following the paper came a discussion upon "Holding the Boys." Some advised the use of historical topics in connection with the lesson.

Mrs. Herbert Smith, of Salem, in a paper entitled "How to Arouse Interest" said: "The Home Department seems divinely appointed to help the grown people, the aged and infirm. Handshaking and greeting is a sort of John the Baptist forerunner of the work. Invite scholars to the teacher's home. Class meetings at the home are of untold benefit."

After singing came a prayer upon "Indifference" by Mrs. Allie Austin, of Salem. A pastor may fight nearly all other obstacles, but indifference he cannot. We sit with folded hands wondering "What can be done?" Evil is wrought by want of thought. Our nation is sleeping over an earthquake in Sabbath desecration. Eleven millions of children not in Sabbath school. Teachers need talent, tact, activity.

Mr. Howard Bartlett, of Saline, gave an account of his work in Sunday schools in country school houses, and made an earnest plea for this need. "There are 158 district schools in Washtenaw county. Sunday schools should be held in all these districts."

Appropriate to this topic C. A. Stringer, member of the state executive committee, read a touching poem entitled "The Noisy Seven," by Dr. G. F. Hunting.

Before adjournment of the morning session, a nominating committee was appointed consisting of Mr. Canfield, of Pittsfield; Mr. Beal, of Ypsilanti; J. G. Fisher, of Dexter; Rev. F. E. Dodds, of Saline, and Mrs. H. A. Fields, of Dixboro.

At 1:45 p. m. a consecration service was led by Rev. D. Q. Barry, of the Baptist church, Saline. At 2:15 the meeting was opened for reports, Prof. E. C. Goddard in the chair in the absence of President Campbell. E. E. Calkins giving a blackboard illustration of the township convention and institute work. There are 20 townships in the county. The number of township conventions and institutes reported for the past year were 10. There are nearly 70 Sabbath schools in the county. The treasurer, C. F. Deake, of Salem, reported total amount of receipts, \$92.87; disbursements, \$49.49; balance, \$43.38. Due on pledge for state work, \$26. This amount was paid by the delegates present. The convention then pledged for state work for coming year \$100.

Next came the election of officers: President, John K. Campbell, Ypsilanti; vice president, D. C. Townsend, Saline; field secretary, E. E. Calkins, Ann Arbor; recording secretary, Miss P. A. Noble, Ann Arbor; treasurer, C. F. Deake, Salem; executive committee, H. Bartlett, Saline; J. G. Fisher, Dexter; Albert Graves, Ypsilanti.

A rising vote of thanks was given heartily for the very courteous and hospitable entertainment given the members of the convention by the Saline friends. The number of delegates present was 87. An invitation to hold the next convention at Salem was accepted. The thanks of the convention are due to Prof. G. P. Coler, of Ann Arbor, for his very comprehensive exposition of the lesson for Oct. 22, which held the closest attention of the audience.

Space does not permit a synopsis of the fine address of C. A. Stringer upon "System," nor the "Question Box" conducted by Mr. Stringer, which was listened to with deep interest. The afternoon session closed with a "Normal Lesson" by A. Riley Crittenden, of Ann Arbor. Mr. Crittenden's rapid work convinced the teachers that they were indeed scholars in the hands of an experienced teacher, and that Normal work is a vital necessity.

A large audience gathered for the closing meeting in the evening. Mr. Crittenden gave an entertaining object lesson for boys. Rev. Mr. Dodds, of Saline, led a devotional service. We then listened to a solo by Master Archie Barry, of Saline, and a very fine address upon "Hard Study of the Bible," by Rev. James A. Brown, of Ypsilanti.

LOCAL BREVITIES.

From Tuesday's Daily Argus.

Denny Donahue, the hero of Aquadores, will give a chalk talk at the armory tomorrow, Wednesday night. Good music, too.

The board of supervisors have decided that the different accounts under the Sweeney administration be cancelled and the books balanced.

Maj. Soule, treasurer of the university, has added to his armory a rusty short sword and a rapid-firing gun cartridge, which were brought from Manila by Prof. Dean Worcester.

Deputy Register of Deeds Creech has commenced to make a list of all discharged mortgages since 1885. The list will be used by the state tax commission.

Hereafter the county superintendents of the poor will not be allowed to issue more than six orders for temporary relief in any one day unless it is on the poor house.

Fire broke out in the upper story of the house of Morris D. Larned, 522 N. Division st., last night. The blaze seemed to come from a couch in a students' room. The fire department reached the scene in time so that only about \$75 damage was done.

At the meeting of the Ann Arbor Arbeiter Unterstuetzungs Verein last evening, the committee on the celebration of the 33d anniversary of the society to be held Thursday evening, Nov. 2, reported. George Lutz, the president of the society, will deliver the opening address. This will be followed by a concert, the evening to be concluded by a social dance.

The children's concert to be given Friday afternoon at 4:15 o'clock in Frieze Memorial hall, should not be forgotten. It will be lighter music of a high grade, suitable for the comprehension of the little ones (also bigger ones) and the children and their friends are invited. It will be a most delightful innovation and may prove the turning point for many future prima donnas. Entrance free.

The funeral services of Gottlieb Frederick Gwimmer, held Sunday afternoon at the rooms of Funeral Director Martin, were largely attended by his many old friends. The Arbeiter Verein attended in a body. The pall bearers, members of the society, were Fred Steeb, Michael Gauss, George Visel, William Feldhauser, Julius Lindenmann and Fred Hensel. Rev. A. L. Nicklas, of Zion's Lutheran church, officiated. The remains were interred in the family burial lot in Forest Hill cemetery.

The Saginaw News has a long article on J. Philip Beck's carriage manufacturing business. Mr. Beck is a son of Jonas Beck, of No. 430 S. Third st. He learned his trade with Fred Wuster, of Wuster & Kim. The News says he commenced his business in Saginaw 18 years ago. Commencing in a small way his business has increased until he now has just completed a new building 50x28 feet, two stories high, with a total floor area of 25,000 feet. "Mr. Beck's remarkable success in Saginaw is due to his fair dealings and the high grade work he turns out."

John Henry Kauffmann, of Detroit st., whose funeral was held this afternoon, was born April 27, 1821, in Henmaden, Oberamt Stuttgart, Wurtemberg. He immigrated to America, settling in Freedom, at an early day. He was married Nov. 26, 1850, to a Miss Gensley, who died a year ago, less five days. Only two children—Victor and Louise—out of 14 children, with several grandchildren, survive him. Mr. Kaufmann was a great reader, and until his advancing years when failing health prevented, he was remarkably well versed with current and past history. He was unusually intelligent and a man of great uprightness of character. He was of a modest and retiring disposition.

The Japanese entertainment last night under the auspices of the W. C. T. U. was a success in every way. Inouye, Tomo Miss, as they say in Japan, is a most pleasing speaker. Enough humor was woven into the address to keep the audience smiling, and occasionally the smiles broke into hearty laughter. The five young ladies, two little girls and two young men who assisted in native Japanese costume, carried out their parts admirably. The audience was large as well as appreciative, and the refreshments were well served and delicious. Taken as a whole it was one of the most entertaining, instructive and pleasant evenings that the Woman's Christian Temperance Union has offered for some time.

The school tax this year will be \$6.02 on each \$1,000 of assessed valuation. Last year it was \$5.92, showing an increase of 10 cents.

Next Saturday evening a unique lecture will be given at the First Baptist church. It will be a stereopticon lecture by Boston W. Smith of St. Paul, Minn., accompanied by Rev. E. M. Stephenson, of Grand Rapids. More than 55 fine views of chapel cars and their work in the west, with other scenes, will be thrown upon an immense canvas. The lecture is free. Everybody invited.

The Ann Arbor Golf Club has secured the right of way through Mr. Stoll's place until April 1. All members of the club may now pass through from State st. as heretofore.

The Ann Arbor Chicory Co. are firing their first kiln of Chicory today. The cutting and elevating machinery are working to perfection. Enough roots were sliced up this morning to fill two kilns. The latter will be run night and day. Two men will be on duty at night. The company is now ready to make contracts for next year.

The auction of Edward Hammel was conducted by the veteran auctioneer, Fred Krause, on the old Jacob Hicks farm on the gravel road yesterday. A large crowd was present, and the things brought a fair price. Mr. Krause never loses his popularity as an auctioneer. The very sight of Fred's smile makes a man raise his bid ten per cent.

The annual inspection of the Woman's Relief Corps was held yesterday afternoon. Mrs. McKinley, of Detroit, was present as inspecting officer. This was a particular pleasure for the corps, as she was the lady who organized the corps years ago. At the close of the inspection Mrs. McKinley made a few pleasant remarks, which were responded to in behalf of the corps by Mrs. Henry S. Dean. A delightful tea was then served. There were 55 members of the corps present.

GRAND OPENING

OF THE

CHICAGO SHOE COMPANY.

NEW STORE, NEW GOODS, NEW PRICES.

SATURDAY, OCTOBER 28

We will open our new store to the public. All are cordially invited to attend.

For the past three weeks workmen have been busy on our new quarters papering, painting, putting in new shelving and fixtures and in every way refitting it for the first class up to date shoe house we mean to make. To stock this mammoth store with goods in keeping with the surroundings has been our aim. Our buyer has had instructions to scour the market for bargains, not cheap goods, but good shoes that could be bought cheap and he has just succeeded in closing a deal which for the immensity of the purchase, as well as the ridiculous low price they were secured completely eclipses any shoe purchase ever known in the shoe trade.

Just Think of It!

The entire wholesale stock of W. A. Sturgeon Sons & Co., 246 to 258 Franklin Street, Chicago, has been secured at 39 cents on the dollar and will be put on sale on our opening day at prices that shoe men will call ridiculous, but remember we paid next to nothing for the bankrupt stock and are in a position to save you money without sacrificing our own profits in any great degree.

Prices for Our Grand Opening:

We will not quote many prices as a sufficient force of salesmen will be on hand to show you the goods and give you prices that will fairly take your breath away.

- Ladies' Shoes from 35c a pair up.
- Men's Shoes from 75c a pair up.
- Boys' Shoes from 45c a pair up.
- Children's Shoes from 15c a pair up.
- Whitmore Gilt Edge Shoe Dressing, sold everywhere for 25c, our price 9c.
- Men's Boston Rubber Shoe Co. Rubber Boots \$2.48, worth \$3.50.

FREE GRAND BAND CONCERT

From 7:30 to 9:30 p. m.

Our past reputation for square dealings is sufficient guarantee for the treatment that will be accorded everyone attending this sale, and these prices should draw tremendous crowds and make fast and furious selling. It is just such sales as this which in six years has built this store from a very humble beginning, until today it ranks as one of the finest exclusive shoe houses in the whole State of Michigan. Thanking you all for the liberal patronage accorded us in the past, we hope to see all old faces as well as many new ones at our grand opening, Saturday, Oct. 28th.

It Hangs On

If it was only health, we might let it cling. But it is a cough. One cold no sooner passes off before another comes. But it's the same old cough all the time. And it's the same old story, too. There is first the cold, then the cough, then pneumonia or consumption with the long sickness, and life trembling in the balance.

Ayer's Cherry Pectoral

loosens the grasp of your cough. The congestion of the throat and lungs is removed; all inflammation is subdued; the parts are put perfectly at rest and the cough drops away. It has no diseased tissues on which to hang.

Dr. Ayer's Cherry Pectoral Plaster

draws out inflammation of the lungs.

PLUCKY PERSIAN PLAYS FOOTBALL

AND WARNS A BIG ANTAGONIST TO LOOK OUT FOR HIM.

Some of The Scenes Witnessed in The Practice Games on The Athletic Field.

Sayad, the Persian football player here, is attracting a great deal of attention, both among the students and the coaches, by his peculiar and almost ridiculous behavior on the gridiron. He crouches on the ground like a cat, and springs forward into the plays like a fierce tiger. However, with all his aggressiveness, he "goes up against the real thing" when he lines up against the mighty Cunningham, and the fight between Persian and American is laughable in the extreme. Cunningham weighs over 200 pounds, and is the best center rush Michigan ever had, while Sayad strips at barely 180, and looks like a mere boy alongside the "Doctor."

The other evening the Persian became particularly ferocious, his black eyes glowed, and his swarthy skin took on a darker color, all because his repeated onslaughts were repulsed by the good-natured "Doctor." The Persian broke out with the threatening menace: "I am very rough when I get mad, so look out, I will use you rough."

This occasioned a burst of laughter from the coaches and the "side lines." The plucky little Persian shook his fist in the face of the big center, and play was resumed. Cunningham enjoyed the joke more than anyone else, and says it would not be such a joke if the Persian had a little more "meat," as he was as tricky and lithe as a cat.

AGIAN THINKS HE IS MARRIED

The officers were called to a boarding house on Miller Ave. this morning to take charge of Frank Pierce, the man who was recently confined to Pontiac because he was laboring under the delusion that he was married to a certain young lady in Northfield.

The officers took him jail. He appears to be wrestling with the same old impression that he is a married man.

VERY TOUCHING LAMENT

By a University Student Over His Mother Country.

THE BOERS WILL PERISH

While Fighting For All That is Dear to Them—Their Innocent Homes and Families.

"You wish to know why our little handful of people are about to die? You wish to know why the vaunting bearer of the white man's burden is about to transform South Africa into the white man's grave?"

"Did you ever read Evangeline, that pitiable tale of love, sorrow and death—and the end?"

There were tears in the eyes of the young Boer, and the strong voice trembled with emotion.

Daniel J. Wessels, a first cousin of President Steyn, of the Orange Free State, and who has four brothers, six cousins, three nephews and three uncles in the Boer forces near Ladysmith, could hardly control himself as he sorrowfully expressed the sentiment of his doomed people. Jack, as his friends call him, is a student at Ann Arbor, but may leave the university to die and be buried with his kin among the kopjes and veldts of his faraway home.

"I will tell you why we cannot win—why the Afrikaner nation will perish like a tribe of miserable savages, why we will remain in the memory of the world only as the dim legendary story of the Arcadians has remained with you, becoming dimmer and dimmer as the generations pass.

"We are a people who do not love to fight, but we would die rather than lose our honor and our homes. Today there are thousands upon thousands of wives and mothers who are parting with their last children, their husbands. Side by side, the father and the son leave the cottage door. Again and again they turn and wave a parting hand at the lonely, weeping woman, and the little children beside her. She stands and watches them—strains her aching eyes until at last nothing but the rolling veldt, the tall waving grass and the quietly grazing herds relieve the weary vision. Does she realize the significance of that farewell? Can she know—can she doubt?"

Young Wessels turned his heart-broken face to a picture in his hand. "Perhaps you have lost a mother," he said, huskily, "but that is not much. Perhaps you have lost a father, but that may be even less. Death may have taken sisters and brothers from you—but listen! Has God so scorned your confidence in him that he has declared you an outcast upon the face of the earth—that he has allowed a usurper, a "bearer of the white man's burden," to rob you of all that which makes life worth the living—a heritage sanctified by the Creator—the right of a name, a heart, and a soul?"

"Don't you see why we cannot win—why we are doomed to the miserable destruction that has fallen upon so many of the smaller nations of the earth? The soldiers of Great Britain come to our country with a picture of glory ever hovering before their eyes. Their homes are safe in a faraway land; their dear ones are as free from starvation and danger as you and I, and their only care, their sole intent, is to work the demolation of those innocent homes wherein dwell a people who have the courage to claim the rights of a nation!"

"Why?" "Does not each day bring its bit of evidence which goes to make clear the British policy in South Africa? It is a mere pretense, a rank hypocrisy, to cloak her real designs, this assumption that her only intention in her differences with our republic is to secure to the outlanders certain rights which were denied them? She had already determined upon war, no matter what concessions were made short of placing the republic under the absolute control of England, and the effort to put the odium of war upon the Transvaal is only a cunning endeavor to deceive the world.

"We Boers had planned for a Dutch confederacy in South Africa, and England was afraid. Since the days of Majuba Hill, and long years before, she has coveted the wonderfully resourceful country of the Afrikaner nation, only awaiting a pretext whereby she might pour her troops across the frontier without arousing the antipathy of the world.

"The day is nearly ended. Already we see the sun fast sinking in the west. A few short months of terrible agony, one mighty effort to die like martyrs, and the life of the

Mortgage Sale.

WHEREAS, DEFAULT HAS BEEN MADE in payment of the money secured by a mortgage dated the 6th day of May, A. D. 1889, Executed by Grace Telford, of Dansville, Ingham County, Michigan, to Sabina J. Hale, of Dansville, Ingham County, Michigan, which said mortgage was recorded in the office of the Register of Deeds of the County of Washtenaw, in Liber 23 of mortgages, on the 27th day of May, A. D. 1889, at 8 o'clock A. M.

And whereas the amount claimed to be due on said mortgage at the date of this notice is the sum of fourteen hundred and forty-five dollars and fifty cents, \$1445.50, of principal and interest, and the further sum of twenty-five dollars (\$25.00), as an attorney fee stipulated for in said mortgage and which is the whole amount claimed to be unpaid on said mortgage and no suit or proceeding having been instituted at law, to recover the debt now remaining secured by said mortgage, or any part thereof whereby the power of sale contained in said mortgage has become operative.

Now therefore notice is hereby given, that by virtue of the said power of sale, and in pursuance of the statute in such case made and provided, the said mortgage will be foreclosed by sale of the premises therein described, at public auction, to the highest bidder, at the South Front Door of the Court House in the City of Ann Arbor, (that being the place for holding the Circuit Court) in the County of Washtenaw, Michigan, on the 15th day of January, A. D. 1900 next, at 10 o'clock in the forenoon of that day, which said premises are described in said mortgage as follows:

The northwest fractional quarter of fractional section two (2), containing fifty-seven and six-tenths (57 and 6/10) acres, more or less, all in township number one (1), south of range number four (4) east, Township of Dexter, Washtenaw County, Michigan.

SUPERVISORS EQUALIZE

Ann Arbor Raised But \$100,000, Ypsilanti \$50,000, Augusta, Sylvan and York Save a Little.

The report of the committee on equalization of the board of supervisors was amended Friday morning on a close vote. By the amendments the city of Ann Arbor saves \$20,000, Ypsilanti city \$10,000, Sylvan and Augusta each \$5,000 and York \$7,000. These amounts being added to the committee's report on Pittsfield, Scio and Saline. The amendments to the report noted above were put in the form of a substitute and carried by a vote of 15 to 13.

The committee on equalization reported to board of supervisors Thursday afternoon. They added \$120,000 to the equalized value of Ann Arbor city and \$60,000 to Ypsilanti city, divided equally between the two supervisors districts.

They added \$25,000 to Augusta, \$23,000 to Sylvan and \$30,000 to York. They deducted \$73,000 from Scio, \$35,000 from Pittsfield, \$30,000 from Salem, \$30,000 from Saline, \$15,000 from Webster, \$5,000 from Bridge-water and \$10,000 each from Ann Arbor town, Dexter, Lima, Lyndon, Lodi Superior and Ypsilanti town, leaving the other towns as they were last year.

This was the report of the committee which was amended. An analysis of the vote shows exactly how it was done. Three of the members of the committee had gotten big reductions, Scio, \$73,000, Pittsfield \$35,000 and Lyndon \$10,000, not a large sum itself but as large as the others in proportion to the assessment of the town. Besides the cities, Sylvan, Augusta and York had caught it "in the neck." It surmised that Supervisor McIntyre, of York, and Bibbins, of Augusta, who by the way, it is said, will be opponents of Supervisor Case, of Pittsfield for the republican nomination for county clerk, engineered the scheme to beat the committee and get part of their raise off. In the division of the "swag," to use a slang phrase, Freedom, Manchester, Northfield and Sharon had been left out, so these four votes were relied upon as against the committee on general principles. The votes of six supervisors from Ann Arbor city was gained by taking off \$20,000 of the \$120,000 raised by the committee. Augusta, Sylvan and York, the three towns which had been raised added three more votes, Ypsilanti city gave another vote for a \$10,000 reduction. Supervisor Walters, who had been given a reduction of \$5,000 only when the rest were taking \$10,000, seemed to resent it, and with the vote of the chairman of the board made the 15 votes necessary. Owing to the absence of one city supervisor, it was necessary for Supervisor Allmendinger who had, by signing the report of the committee, secured some reduction on the amount the city was to be raised, to change his vote, and vote against the committee's report.

The annual scrap over the equalization of the county took place in the supervisor's room Friday morning. By the report of the committee Ann Arbor and Ypsilanti cities were to get it "in the neck" for \$120,000 and \$60,000 respectively, and Supervisors Childs, Biggs, Allmendinger and Damon commenced to tell how houses in the cities had depreciated in value while farm lands had appreciated and mortgages had been discharged. Supervisor Bacon, of Chelsea, was going to get hit to the extent of \$23,000 and offered a substitute which was afterwards adopted and the results of which are given above. In doing so he alluded to Supervisor Collins, of Lyndon, who was a member of the committee and who got \$10,000 knocked off from his town. Mr. Collins resented it by saying that the winter had killed off fruit to that extent.

Supervisor Allmendinger said that the amount of the added assessment on Ann Arbor was \$123,000, and the committee on equalization had put on \$120,000 to the roll. He said that the people of Ann Arbor had deemed it a necessity to pave on Main st. and the board of supervisors would not pay for the improvement in front of its county building. So that Ann Arbor paid \$1,400 which would be equal to a million dollars added on to the roll.

Supervisor Case said that City Assessor O'Hearn had acknowledged that he had assessed property at 75 per cent. of its cash value. He said he would like to have his town assessed at the same ratio whereas he claimed that three-quarters of the sales in Pittsfield had been made on his assessment figures.

Mr. Allmendinger denied that property in Ann Arbor was assessed at only 75 per cent. of its value.

Supervisor Whitaker wanted the report to stand. He said that Scio was one of the two towns which had been increased last year and it was an injustice that he wanted rectified. Supervisors McIntyre and Kingsley also took a hand in the discussion. On the vote which followed on the adoption of the substitute report it stood 14 to 14. Supervisor Allmendinger, who was a member of the original committee and who had voted against the substitute, had kept tabs

and before the vote could be announced, he switched over, and the combination was busted by a more effective combination.

The vote in detail was as follows: Yeas—Childs, Fischer, Krapf, Shadford, Biggs, Allmendinger, Bibbins, Walters, Dresselhouse, Burtless, Hall, Bacon, McIntyre, Hunter, Damon—15. Nays—Braun, Clark, Beach, Seyler, Collins, Prochnow, Case, Kingsley, Fowler, Whittaker, Voorheis, Kenny, McCullough—13.

A FORMER WELL KNOWN CITIZEN OF ANN ARBOR.

Who Died At Grinnell, Iowa, Will Be Buried Here Tomorrow Afternoon.

The funeral services of George Frederick Gwinner, who died in Grinnell, Iowa, at the home of his daughter, Mrs. Rossiter Cole, will be held Sunday afternoon at 3 o'clock, at the rooms of Funeral Director Martin, on S. Fourth ave. Rev. Alexander Nicklas will officiate.

Mr. Gwinner was about 72 years of age, and born at Herreuberg, Wuerttemberg, and removed to Ann Arbor about the year 1856. He was a skilled butcher, having worked at his trade in France and Switzerland. He was recognized as the most experienced sausage maker that ever lived in the city. His first engagement was with the late Louis Fritz. Later he started up a butcher shop with his brother the late Charles Gwinner of Manchester. He continued the business alone, building the brick block at the corner of S. Fourth and E. Washington, now owned by the Behr estate and occupied by E. V. Hangsterfer. He was a charter member of the Ann Arbor Arbeiter Unterstuetzungs Verein. He was married to a Miss Gensley, one daughter Fanny, the accomplished wife of Prof. Rossiter Cole, of Grinnell, Iowa, surviving her parents. His wife died some three years ago. Mr. Gwinner in his younger years, was one of the active enterprising citizens of Ann Arbor. He was a man of strong intellect and an interesting conversationalist on what he had seen in his travels. His sturdy, honest, upright character impressed his surroundings. Both he and his late wife were devoted to their daughter, who in the declining years of her parents, showed herself most filial in caring for them, until they entered their eternal rest. Mr. Gwinner had a very large acquaintance in Washtenaw County and in German American circles of Michigan.

FACTS IN A FEW LINES.

There are 50,000 Hebrews in Italy. Poison ivy is one of the menaces to golf. Peoria distilleries use 40,000 bushels of corn daily. Only six persons out of a thousand reach the age of 65. Mormon missions have been established in the Philippines. The Kongo region exports about 3,000,000 walking sticks a year. Copenhagen will send a scientific expedition to Siam in the autumn. The Florists' Hall association of the United States carries \$800,000 insurance on hot-houses. Denmark claims that there is not a single person in her domain who cannot read and write. New York consumption of champagne during the past year was the greatest ever known. A resident of New Zealand has patented a liquid for branding cattle which can be applied with a brush. In Surrey, England, there is a great poultry fattening establishment, which annually sends about 36,000 fowls to London. German commercial men traveling in Russia are obliged to pay a tax of 500 rubles, in default of which a fine of 1,500 rubles is imposed. Women have a more favorable chance of life before reaching their fiftieth year than men, but a less favorable one after that period. A New York man claims to have shot a crane up in the Adirondacks that had 45 trout in its stomach, none of which weighed less than a pound. One of the minor, but yet very considerable, demands for iron and steel of recent origin is that entailed by the use of metal tubing in mine shafts. In a single year the value of canaries raised in Germany is estimated at \$250,000, and the greater part of this sum goes into the pockets of the very poor. Ecuador produces nearly one-third of the entire cacao used in the world. The total is estimated at 75,000 tons. The average crop of Ecuador is about 22,000 tons.

WILL HAVE A SILVER JAW

A Lady's Jaw Bone Removed At The Hospital.

A PERFECT OPERATION

When Conditions Are Favorable An Artificial One will Be Put In.

At the surgical clinic at the University hospital last week, an elegant operation, from a surgical point of view, was performed.

A lady came here from the southern part of the state. She was afflicted with a cancer of the jaw bone. As soon as conditions were favorable Dr. Nancredo and Dr. Darling sawed the jaw bone from the inside of the mouth on a vertical line running nearly to the point of the chin. The half of the jaw was then "unhinged" at the ear and that portion was cut away from the flesh on the inside of the mouth.

Now there will follow a more delicate operation. It will be to make an artificial jaw bone for the lady. As soon as the conditions become again favorable a silver plate, the exact shape of that portion of the jaw bone taken away, will be hinged on at the proper place near the ear and, at the point of the jaw it will be riveted on to the portion of the bone that remains.

To all outward appearances the lady will be the same as if never troubled with cancer of the bone.

SUNDAY SCHOOL CONVENTION

At the county Sunday school convention held in Saline Wednesday a description of which is given in our Saline correspondence, there were 87 delegates present outside of Saline, from all parts of the county, and the meeting was voted a great success. Next year it will be held in Salem.

C. A. Stringer, a member of the State executive committee, spoke on system in the afternoon and described a number of branches of Sunday school work, dwelling particularly on the home department, i. e., the securing of pledges from parents and older people who cannot attend the schools to study the Sunday school lesson at least an hour a week and to report on a blank furnished them, a visitor going around to see them from time to time.

A. Riley Crittenden took up the subject of normal classes for Sunday school teachers, and showed forcibly how well they worked. The State association conducts examination and grants a diploma. He showed by example how a normal class could be conducted.

THERE MAY SIX PORTO RICANS

IN THE LAW DEPARTMENT OF THE UNIVERSITY.

There Are Three There Now And Three More Desire To Enter At Once.

Dean Hutchins, of the law department has received a letter from Boston, Mass., in reference to three Porto Ricans who contemplate entering the school. If they come, there will be six from the island in this department.

Boer's National Hymn.
Di vierkleur van ons dierbaar land,
Di waai wee o'er Transvaal;
En wee di God vergeten land!
Wat dit weer neer wil haal!
Waal hoog nou in ons helder lug,
Transvaalse vrijheidsvlag,
Ons vijande is weggevlug,
Nou blink'n blijer dag.

Voul storme het jij deurgestaan,
Mar ons was jou getrou;
En nou di storm is o'ergegaan,
Wijk ons nooit weer van jou.
Bestormed deur Kaffir, Leeuw en Brit
Waal jij steeds o'er kul kop;
En tota spijt anskou hul dit,
Ons hijs jou hooger op!

Waal hoog nou in ons helder lug,
Transvaalse vrijheidsvlag!
Ons vijande is weggevlug,
Ons blink'n blijer dag.
Waal hoog nou o'er ons dierbaar land,
Waal vierkleur van Transvaal!
En wee di God vergeten land!
Wat jou ooit neer wil haal!

Three years ago, when President Kruger expressed a wish that some one would give the world an English translation of the hymn, John D. Droppers, Jr., of the Milwaukee postal service complied by transmitting the following version to Myn Herr President:

Wave, four color of our precious land
Again o'er all Transvaal!
Woe be to God forsaken hand
Who thee e'er down would haul!
Wave on, on high, in our clear air,
Transvaal's own banner free!
Our enemy has fled afar—
Break, day of joy for thee!

Through many storms you did endure
To us the token true,
Again a storm's gone by secure,
And we are pledged anew!
Assailed by Kaffir, brute* and Brit,
It waved o'er head of ire;
To their despite may they see it
Rise with our love the higher!

On high, wave on in our clear air,
Transvaal's own banner free!
Our enemy has fled afar,
Break, day of joy for thee!
On high, o'er all our precious land,
Wave, four color of Transvaal!
Woe be to God forsaken hand
Who thee e'er down would haul!

HOUSES SCRCE IN DEXTER

Dexter, Mich. Oct. 20.—The funeral of Mrs. Thos. Bogg was held in St. Joseph's church this morning. She died Wednesday morning of paralysis after a long illness. She had been a resident of Dexter for many years and was a highly esteemed lady.

Sergeant Jonh Larmee has gained 30 pounds in weight since his return from the Philippines. He expects to re-enlist.

Houses are so scarce in Dexter that the Dexter Leader says it has heard of two families who were obliged to move to Ann Arbor, because there were no vacant houses in Dexter.

The M. E. church will be formally re-opened next Thursday. Bishop Ninde is expected and several of the former pastors of the church. Rev. Drs. C. T. Allen and E. W. Ryan, of Ypsilanti will make addresses. Dinner will be served by the ladies from 12 to 2 p. m.

A Webster township Sunday school rally has been arranged for Saturday, Oct. 31, at the Webster Congregational church. Addresses will be made by Rev. Mr. Hicks, Rev. Mr. Hughes, Rev. Wm. Ewing, Rev. H. A. McConnell, R. C. Reeve and E. E. Calkins.

The Ladies' Social Circle of the M. E. church is officered as follows: President, Mrs. Lucy M. Booth; vice president, Mrs. Ellen A. Hicks; secretary, Mrs. Francis Alley; treasurer, Mrs. Alice Reeve.

The ladies of the M. E. church will serve a chicken-pie dinner in the church parlors next Thursday evening from 5 to 7.

The Baptist young people give a tree social at the residence of Mrs. C. P. Case, Friday evening, Oct. 27.

Mrs. Jennie M. Lief, of Denver, Col., has been spending a week here.

A social dancing party, with music by the Chelsea orchestra, will be held at the opera house, Friday evening, Oct. 27.

SECOND ADVENT OF JESUS CHRIST

Signs of The Times Are Pointing That Way.

TALK BY AN EX-RABBI

He Said The Prophecies of The Old Testament Are Being Fulfilled:

Ben'oliel, an ex-Rabbi of the Jewish church, addressed the Business Men's Class at the Congregational church yesterday upon "What effect would the repossessing of Palestine by the Jews have on Christianity and Mankind?"

Mr. Ben'oliel is now a Christian minister, having been ordained in London in 1852 by 12 ministers representing five denominations, and said he, happily: "It was very heavy when those 12 ministers laid their hand upon my head."

The speaker said that the repossessing of Palestine by the Jews would have a marvelous effect on the Christian world, as it would convince the world of the inspiration of the Bible, which prophesied that this would come to pass and that the second coming of Jesus Christ would happen when the Jews from all parts of the earth would come together and again form a nation.

As the second coming of Christ, according to the Bible, would not occur until then, the speaker said that must depend on the Jews, and said he: "I cannot exonerate the Christian nations in persecuting Jews and driving them from nation to nation. Spain, once the grandest of all nations, has been falling steadily since her expulsion of the Jews."

Mr. Ben'oliel then went on to show the present indications point to the fact that the Jews are getting ready to re-inhabit Palestine.

In 1840 there were only 8,000 Jews there.

In 1890 there were 80,000.

They were coming in at the rate of 10,000 or 12,000 a year when the Turkish government prohibited them except on a guarantee of a visit of a month's duration.

Now there are 120,000 Jews in Palestine and one-half of them are in and about Jerusalem.

The Zionsese movement to pave the way to the acquisition of a part if not the whole of Palestine, is taking a deep root.

All the signs of the times point to the second advent of Jesus Christ. Only recently learned Jews from all over the world met in southern Russia and decided that Christ had not been justly condemned. His sentence was not legal, not according to law.

The speaker then recounted history to show that the Jews had ever been ready to follow the misfortunes of false Messiahs. A total of 300 of these presented themselves and were readily taken up. But the true one they rejected, and in doing so they only gave proof that he was the true Messiah, as just that very thing was predicted in the Old Testament.

DIED OF APPENDICITIS

Miss Fanny Langden, Of The Zoological Department

Miss Fanny E. Langden, instructor in zoology in the University of Michigan, died at her apartments, 604 E. Jefferson st., Saturday night of appendicitis. She had been sick but a week.

The deceased was one of the brightest woman scientists in the country. She came here in 1891 and commenced to make botany and zoology her special studies. While an undergraduate she published a zoological paper that is recognized as an authority both in this country and in Europe. She took her degree of bachelor of science in 1895 and a year later the Master's degree was given her. Her thesis on "The development of the flower and flower bud of milk weeds" was a thorough and original investigation and the proof sheets for the publication of the same were being read when her fatal illness came on. She was instructor in botany in the university for two years and was just entering her second year as instructor in zoology.

"She was one of the most promising woman workers in the United States and none excelled her in comparison with years of experience," said Prof. Reighard.

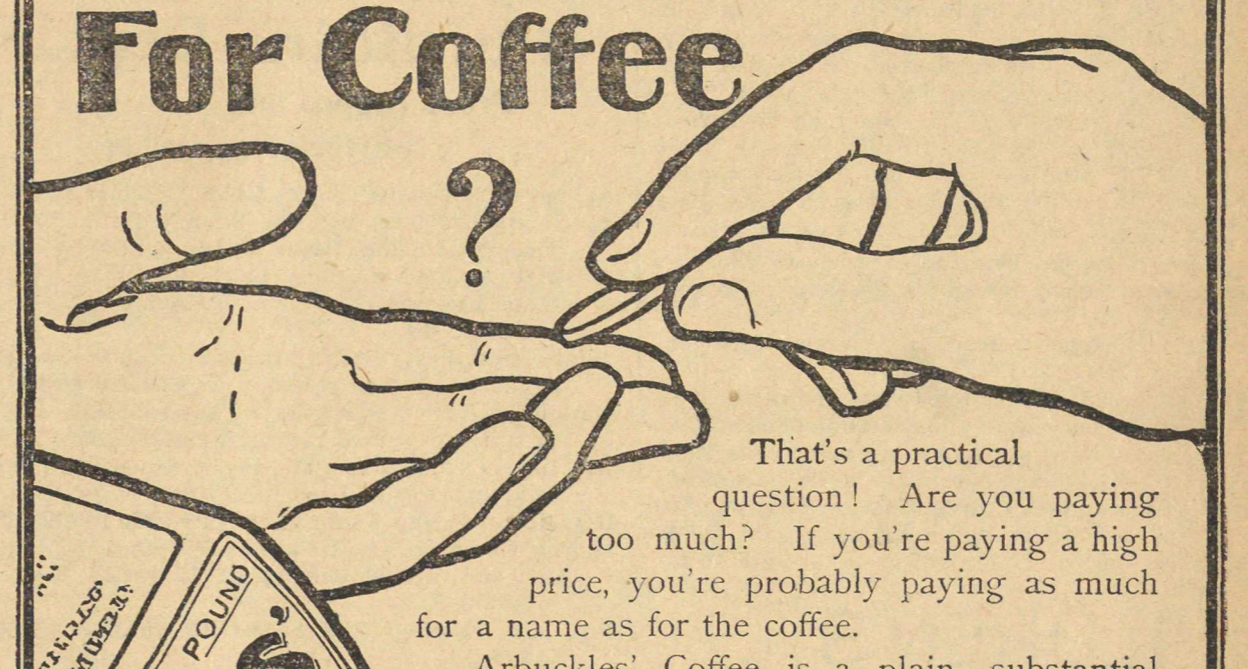

Her mother reached here Sunday morning too late to see her daughter alive.

There are over 100,000 embalmed specimens of birds, mammals, reptiles and fishes in this country, the bulk of which were embalmed within eight years.

What Do You Pay For Coffee

?

That's a practical question! Are you paying too much? If you're paying a high price, you're probably paying as much for a name as for the coffee.

Arbuckles' Coffee is a plain, substantial coffee with an excellent aroma and delicate flavor, sold in a substantial way at an honest price. You don't want better than good coffee, do you? You can't afford to pay twice the price that's necessary, can you? Then why not get Arbuckles? Get right down to the coffee question and settle it now. By buying many millions of pounds we buy the best of many large plantations at a low price. We sell it to you at a low price because we would rather sell millions of pounds at a low profit than a thousand pounds at a big profit.

Arbuckles' Roasted Coffee

is the daily beverage on millions of tables. Why not on yours? There's an additional consideration in the many substantial and useful articles that go with the coffee. Ask your grocer for it. He'll tell you all about it. If he endeavors to substitute an imitation, insist on getting the genuine Arbuckles—or go elsewhere.
