

STILL NO ANSWER.

Two weeks have elapsed since we asked Prof. Dunster to reduce to writing the points that he relies upon to show that we have been an enemy to the university.

TOWN OF AUGUSTA.

It was the greenback vote of Augusta that beat Allen, his opponent, Mr. King, having 69 majority, while Gen. Garfield had 24 majority.

PAUSE AND REFLECT.

If Mr. Pattison, of the Ypsilanti Commercial, will reflect just for one moment, he will find that the two or three sectarian bigots who surround his person in Ypsilanti city, compose but a very small part of the voters of his representative district.

THE NEXT LEGISLATURE.

There will be thirty senators and representatives at Lansing this winter who have been members of the two previous legislatures, and eighteen more who have had legislative experience. It is fortunate for the best interests of our state that there is so many legislators returned who are well acquainted with some features of the legislation which has been enacted for the past few years.

The Post and Tribune says that Judge Davis' decision in the Philip case puts a brand upon Congressman Hewitt, of New York, that will stick to him as long as he lives, and make him a person to be despised and shunned by honorable men.

Some chronic grumblers in Ypsilanti, whose only object in living seems to be to see how unhappy they can make themselves, and all with whom they may come in contact, are trying to stir up a sectional feeling between their beautiful, thriving city and Ann Arbor, on account of the candidates here vying for some of their own candidates at the recent election.

Whisky was voted in defeating Capt. Allen, and a certain amount of the Ypsilanti Commercial. The liquor interest voted against Capt. Allen because he had not done enough to meet their views.

GIVE US THE PROPORTION.

Whisky was voted in defeating Capt. Allen, and a certain amount of the Ypsilanti Commercial. The liquor interest voted against Capt. Allen because he had not done enough to meet their views.

NOTES EDITORIAL.

Edwin Booth, it is said, is gaining favor among our English cousins. Col. Tom Scott, the railroad magnate, has had a paralytic stroke.

GOV. CROWSELL'S APPOINTMENTS.

The Detroit Post and Tribune has this to say in regard to some of Gov. Crowell's appointments: "Governor Crowell has been called upon within the last year to appoint four circuit judges as follows: one in the first circuit, one in the second, one in the third, and one in the fourth.

RESPECTING THAT THREAT.

The Governor threatens to bring Ypsilanti to repentance for defying him. It is said that he will do so much more power, why didn't he tell us what he wanted? How were we to know the result of a crime? Like this?—Ypsilanti.

educating teachers could be attached to some other of our educational institutions. Mr. Allen worked unremittingly night and day, and by his powers of persuasion, good energy and perseverance, he succeeded in changing this sentiment of hostility, and obtained the necessary appropriations.

For accomplishing which the people of Washtenaw county, and every decent citizen of Ypsilanti, especially, regardless of party affiliations, should feel thankful. And, now, to our young friend of the Ypsilanti, allow us to kindly offer a suggestion, namely: Steer clear of that rut of hatred and fault-finding which made success and the esteem of the people a thing impossible for your erratic and aged relative to acquire.

HON. O. D. CONGER.

A late Washington dispatch contains the following in reference to Michigan matters: Congressman Conger, of Michigan, arrived here last week, and is expected to be a candidate for U. S. senator in Michigan in the election to be held in March next.

If Congressman Conger thinks that the canvass for United States senator has not taken shape enough to indicate the precise drift, he is mistaken; and if he is at this time contending for the three positions of United States senator, speaker of the national house of representatives, and a cabinet position—he is making a fearful political blunder.

Just as we go to press the Port Huron Times is received, which puts Mr. Conger right before the people of the state. The Times says he is a candidate for the United States senate, and for that only.

The Washington correspondent of the Chicago Inter Ocean has this to say respecting the senatorial contest in this state: "The arrival in the city of Mr. Conger, of Michigan, has created some commotion in the senatorial contest in that state. The house of representatives is an uncompromising and earnest candidate for the place, and makes no secret of his determination to fight for it."

There were more four received at Chicago last week than ever before. Cambridge, Mass., is quite an old lady. She will celebrate her 250th birthday, Dec. 28.

The revision of the new testament is said to have been published in London in 407 copies. England is now experiencing a business boom. The balance of trade is once more in her favor.

The colored people are said to be leaving Louisiana and Alabama by the thousands. They better wait until the thermometer gets to reading the other way.

It is said that Clara Morris, the actress, that seven years ago she played eight weeks a week for \$200. Now she receives \$2,000 for playing six weeks a week.

Oh if we don't pity the London World when Thos. Hughes gets back home. That paper asserts that Tom is a "grandmotherly fidgety Gooey Two Shoes, and a perfect bore!"

The presidential electors chosen at the recent election, will meet at their respective state capitals and cast their votes for president and vice-president, on Wednesday, December 1st.

There will be seven greenbackers in the next congress. Not extremely encouraging to that ambitious party, certainly. But then, they can just imagine the others are greenbackers, which will be all the same—factious, you know.

How much better the world does feel now that it knows to a certainty just what the "stalwart negro footman" of Mr. Abbey, Barnhardt's manager, wore upon the occasion of that actor's debut in New York city the other night.

The great Hanlan-Triquet rowing match on the Thames course, last Monday, resulted as all previous ones have resulted, in an easy victory for Hanlan. This lucky Canadian does not seem to find any one who can even make a match interesting for him.

There must be some wealthy citizens in Boston who have not made such a great "blow" over their money, as the New York Yankers for Boston man has recently subscribed \$10,000, for a railroad to run from the city of Mexico to El Paso, a distance of 1,400 miles.

Hold your breath! A horrible rumor is in circulation that W. H. English, late defeated candidate for vice-president upon the democratic ticket, has given 25 cents to a colored church in Indianapolis! The information is said to be authentic, but needs confirmation.

The official figures, with a few minor counties reported, foot up as follows, in this state: Garfield, 100,077; Hamilton, 70,433; Waver, 19,382; Plurality for Garfield over Hancock, 33,500; majority over Hamilton, will be about 41,000.

The republicans of Michigan have reason to feel proud of their congressional districts, which are: Lord, in the 1st, 594; Willis, in the 2d, 2,349; Lacey, in the 3d, 11,216; Burrows, in the 4th, 6,513; Webster, in the 5th, 7,912; Spaulding, in the 6th, 5,306; Conger, in the 7th, 3,775; Horr, in the 8th, 2,332; Hubbard, in the 9th, 7,738.

The orator of "Joshua" was given on Monday and Tuesday evening last by the young people of Chelsea, under the direction of Prof. W. A. Ogden. The lecture was given by Rev. W. W. Hammond, of Detroit, who has traveled in Egypt and Palestine, Monday evening last week, was worthy of a better attendance than greeted it.

Gen. Wade Hampton has been weighed in the balance and found wanting—in patriotism, in honor, in all that goes to make up a patriotic citizen and a noble statesman. The people are not yet ready to accept of the principles for which Lee and Jackson fought.

A life ended in the Pontiac pest house last Sunday night, which ought to be a lesson of warning to all young men. Walter Crawford, a few months ago, stole about \$1,000 from his uncle, an hotel keeper at Rochester, Oakland Co., and went west with it, where by riotous living it was soon dissipated. Upon returning home he was arrested and put in jail. Soon after he was attacked with the small-pox, and removed to the pest house, and last Sunday

he died from that loathsome disease, a sad warning to all young men who are inclined to be dishonest.

The burning of a portion of the asylum for the insane, located at St. Peter, Minn., together with some 20 or 30 at least, of its inmates, last Monday evening, is a horrible thing to chronicle. The details are heart-rending in the extreme. The poor, unfortunates beings who were taken out were but half clothed, and the night was terribly cold, so that many who were saved from burning died from exposure, as there was no refuge near to which they could be taken.

The notorious butcher Chalpers, of the "sheeping district" in Mississippi, has been again returned to the lower house of congress, by a set of fraud, over his republican opponent. The outrage, which was consummated by throwing out 2059 republican tickets because the printers happened to put a dash where a comma is called for by law, is thus protested against by the Vicksburg Herald, a democratic paper:

The Commercial still demands the pound of flesh, regardless of the injury that may be put upon the law. When it yields for the law, the law is not broken, but the Commercial is not satisfied without it. It is not satisfied without it. It is not satisfied without it.

The Lyon Malaria and Liver Pad, With Body and Foot Plasters, will cure Malaria, Chills and Fever, Intermittent, Remittent and Typhoid Fevers, absolutely, without the use of internal medicine. The whole combined remedy for one dollar. For sale by Druggists.

This institution, founded in 1830, by Alexander Campbell, leader of the disciple denomination; since taking the name of Christian. The imposing pile of brick, standing on a hill, forms a prominent landmark before you approach the town. The south end is the elegant, new commencement hall. Apartments have been fitted up in the main building for the two literary societies, whose home was destroyed by the late incendiary fires.

The college museum is especially rich in the line of geology and zoology; and a good beginning has been made toward the collection of ethnological specimens, which is well worth a visit from any one passing through West Va. This department of the college is in charge of Prof. G. F. Eastwood, a graduate of Michigan University, class of '71, who brings to his work all the skill and energy of an enthusiast, in a broad and fascinating field of labor.

STILL DOOMING!

Let any Clothing house outside of Detroit, the Saginaws or Grand Rapids, show better. The old saying comes in here "SELL CHEAP AND THE PEOPLE WILL BUY."

The compliment I received last TUESDAY, NOV. 2d, will be a lasting green spot in my life, and for which I assure my Friends, one and all, that my heart goes out in grateful thanks.

I do not bespeak for my son any greater temporal honor than after doing business in one place for nearly fifteen years, that he should only have four or five personal enemies, occasioned by business transactions. Which was the number that opposed me in the recent election, on account of personal reasons. My defeat was caused by people who thought what "MIGHT HAVE BEEN," had I been elected "OF ALL SAD WORDS OF TONGUE OR PEN, THE SADDEST ARE THESE: IT MIGHT HAVE BEEN." These persons should remember: "JUDGE NOT, LEST YE BE JUDGED."

JOE T. JACOBS, THE ONE PRICE CLOTHIER, AND DEALER IN HATS & CAPS ANN ARBOR, MICH. THE ALMIGHTY DOLLAR.

There is no mightier weapon in the armory of truth than stern and stubborn facts. The house that places them before you and solicits your attention, not through favor or pretense, but by unanswerable arguments, in the most earnest logic of truth, and not by the falsity of flattery, is the direction in which you should travel when in want of Dry Goods.

We place before you this season BLACK and COLORED CASHMERE'S at prices that at once will convince you that buying in other houses simply means money thrown away. We have endeavored to study the wants of the trade and buying our goods direct as we do, and through channels where no other house in the city can get them, we feel confident we are to-day the leading house in these goods. Black and Colored Cashmeres, all-wool, from 45 cts. to \$1.00. We call particular attention to our Colored Cashmeres, 38 inch, all-wool, at 45 cts., which we guarantee cannot be found in the city less than 50 cts. We offer inducements in Black and Colored Velvets, Black and Colored Satins, Black and Colored Plushes that no other house in the city will attempt to match. Prices that are far beyond the bare whisper of competition. We will open this week 300 more of Springer Bro's Celebrated Cloaks and Dolmans at prices never before mentioned in Washtenaw county. Handsome Cloaks from \$2.12 to \$4.00; Dolmans from \$5.00 to \$5.00. Certainly no person wishing a cloak could think of buying without first examining our immense stock.

SHAWLS! SHAWLS! We have just received too heavy, double, all-wool shawls, which we will sell for the next two weeks at \$5.50, same shawl sold by our neighbors at \$8.50; it is the greatest bargain ever offered in the county. Don't buy a shawl until you have seen them. Special bargains in Hosiery, Ladies' and Gents' Underwear, Flannels, Blankets, Comforters, Napkins, Towels, Table Linens, Fancy Ribbons, Ties, Laces, Ruchings, Tickings, Demis, Cheviots. Cotton Flannels at New York commission prices. The best shirt in America we still sell, "The Pearl," for \$1.00. We would most respectfully call your attention to the above, where you will find facts and figures. It is to your own interest and you can not afford to let the opportunity escape you. See our goods and learn our prices before you buy a dollar's worth.

Garfield's Speech to the Jubilee Singers.

A few days since, the jubilee singers from the Fiske university in Nashville, Tenn., finding themselves within a few miles of General Garfield's residence...

"The Lord be with you; the Lord guard and preserve you; the Lord lift up his countenance upon you and give you peace."

"Opening of a Chestnut Burr." "Any chestnuts round here?" asked one of three city boys who met an aged, benevolent-looking farmer...

"Well, there's a few trees back there, but if I thought you wanted to steal them I wouldn't have told you for the owner's sake to town, but you're bright, honest-looking boys."

The shaking was easy, but the opening of the chestnut burr was more difficult and unpleasant. At last the boys had a splendid pile of handsome brown nuts on the ground and they prepared to put them in the bags they brought with them.

"Please don't take any more trouble," said the benevolent old man who stood by the fence leaning kindly on the startled boys. "I'm not so strong as I once was, and I fear I can't hold in this dog much longer."

What Pleasants of. We talk of pretty women as if women of all others were the elixir, as if a woman's sole claim to admiration rested on her fine features or luxuriant hair.

The Heart's Secrets. It is well that no spectators are permitted to catch a glimpse of our heart's secrets; that the door is never opened to let any one enter to view our unseen ghosts.

There is an alarming difference in the death rate of the white and colored population of the United States. The annual death rate among whites is 8.6-10 in every 1,000; of colored it is 33.3-10 in every 1,000.

The richly illustrated November number of Scribner's Monthly, the Decennial Issue, appears in a new cover, and begins the two-volume series...

There was silence for a time as the music died away. Then Gen. Garfield, who had stood by the mantle with bowed head, spoke to the band of singers very earnestly and solemnly, saying:

"My friends, my family and myself thank you for this visit and for the song you have sung. While I have listened, a thought has come to me which may encourage you. A voice has been sent forth before every good that was ever achieved in this world."

One of the most popular medicines now before the American public is Hop Bitters. It is a tonic and a purgative, and is taken with good effect. It builds them up, it is not so pleasant to the taste as some other Bitters, as it is not a whisky drink.
