The meeting of the union school temperance association, which was announced for this week, Saturday, has been postponed until Friday of next week.

According to the table in another column, furnished us by the county treasurer, there are about fourteen less saloons in this county than last year.

John S. Kellogg, of Superior, aged 22 years, died of consumption, at his home on the 29th ult. The deceased was a nephew of Ald. Kellogg, of the fifth ward.

Nothing so takes the conceit out of the average man as to order his paper discontinued, and then see the editor going right along and getting rich without him.

Democratic papers in different sections are calling for all the funny shows traveling to and from their various localities. They want something to get up a laugh about.

Sarah Donnelly, daughter of Joseph Donnelly, aged twelve years, died last Wednesday night, at 12 o'clock. Funeral services to-day from St. Thomas church.

W. K. Childs of Pittsfield township, we are informed, lost a very valuable horse on Thanksgiving day, on account of its having taken cold after having had the epizootic.

There were two anti-Masonic votes in Michigan, and Macomb county furnished one of them. Mr. Clements Monitor.

That's a whopper, Washtenaw county furnished them both.

Ann Arbor has probably the finest natural skating park in the State, just as present, with no cost to skaters, and the boys and girls are right merrily improving the same.

The Evening News is dishing up a few ideas from a low tariff standpoint that are cinchers in their way, and must make the laboring man see wherein high protection robs him.

The human mind possesses many noble traits of character, but none that show to any better advantage, than that of being willing to help your fellow mortals around you when they are in distress and need your help.

Myatt Ryan, the Karen student of the medical department of the university, will give and address on "The Future of the Karens," in the Baptist church, next Sunday evening. All are invited. A collection will be taken up.

A lady wants to know why the railroad companies do not provide special cars for tobacco choppers as well as for smokers. Bless her innocent heart!—tobacco choppers are not so particular as that. An ordinary passenger car is good enough for them.

A friend sends us a marked copy of a paper giving an account of the marriage of a friend, and among the presents we notice that of "A Fool's Errand." The donor, we suppose did not intend that any significance should be attached.

On Monday evening next, at the residence of Mr. Rogers, Huron street, Mr. Gayley will read a paper upon "The Summer in Ireland" for the benefit of the ladies library. There will also be pleasant music. Admission, fifteen cents. All are cordially invited.

Several people of our city, being unable to attend the recent band concert, and feeling a deep interest in the band, have sent in sums of money to assist the boys in making up the deficit of \$35 which was occasioned by the concert, for which the members are very grateful.

The great temperance workers, Messrs. Hughes and Ward, will commence business in this city on or about the 15th inst. They come highly recommended from every place where they have been engaged, and a season of good solid temperance work is promised under their direction.

Mr. J. T. Noble and wife, formerly of St. Louis, Mich., have opened a barber shop on Huron street. They removed to this city for the purpose of putting their industry under treatment of Dr. Franklin for spinal curvature, and have entered business with the purpose of remaining.

The state pomological society at its last state meeting changed its name by a unanimous vote, to be hereafter called the state horticultural society. The next state meeting will be held in the Washtenaw county court house, Ann Arbor, December 6, 7, and 8.

Thomas Collier, of Ann Arbor town, mourns the loss of several very fine lambs, caused he thinks, by too intimate connection with dam-ocratic dogs, but as Tom keeps a car himself, his neighbors think he should not be too positive or emphatic in asserting damages.

An exchange thinks if some kind of an amendment could be added to the marriage ceremony which would make it mandatory on the part of the bride to kindle the morning fires, it might induce a few of our confirmed old bachelors to get into the matrimonial harness and quit thumping about the country.

Dr. John A. Warder, president of the Ohio State Horticultural Society, will deliver an address on "Landscape Gardening in the Cemetery," before the Michigan State Horticultural Society, on Tuesday, Dec. 7th, at 9 a. m., during its annual meeting, held at the court house in this city. All interested are invited to attend.

Mrs. Helen W. Douglas, wife of Dr. S. H. Douglas, died at her home in this city, at about midnight of Wednesday, November 24th, from erysipelas. The deceased was a native of Utica, N. Y., and has resided in this city since 1838. She was 59 years of age, and leaves a family of seven children—four daughters and three sons, nearly all arrived at man's estate.

The annual meeting of the Sheep Breeders and Wool Growers Association, will be held in the city of Lansing, on Monday the 13th of December, next, at 7 o'clock p. m. We hope to see all interested in these two great industries of our state at that meeting. Farmers, it will do you good to come. Meet at the Hudson house.

W. J. G. DEAN, President. J. S. WOOD, Secretary.

City treasurer O. F. Webster, will have the tax rolls and be ready to receive taxes at C. Spurr's store, 45 S. Main st., Monday, Dec. 6. He has got his arrangements all ready made to dispose of all dogs seized for tax, so that if you do not want to see your dog's hide on some man's hands—in the shape of mittens—pay your dog tax promptly.

The entertainment for the benefit of the Congregational society, in Webster, notice of which was given in last week's COURIER, will take place on Thursday evening of next week, instead of Friday, as was announced. A double quartette of male voices will go from this city to assist, and we think there will be some music there worth listening to.

On Thursday, November 25th, Mrs. Mary Danforth, wife of the late Judge Geo. Danforth, of this city, died at the old homestead in this city, aged 66 years. The deceased had resided in this city for 42 years, and reared a family, four of whom survive here. She had been an invalid for several years. One by one the old pioneers are gathered to the other shore.

An adjourned meeting of the bee keepers of Washtenaw county and vicinity, will meet Dec. 9th, at 10 o'clock a. m., instead of the 4th, in the rooms of the pomological society, in the basement of the court house, Ann Arbor. Prof. A. J. Cook, of Lansing, is expected to be present and assist in the formation of an apian society. All interested are invited to attend.

The following, relative to a new station on the line of the Toledo & A. A. R. R., from the Monroe Commercial, may be of local interest: "Where is Willis? For the benefit of those of our readers who do not know, we would say that it is the name of a new postoffice recently established on the line of the Toledo & Ann Arbor R. R. in the township of Bedford, and Harriet M. Lord is the postmaster."

At the meeting of the state horticultural and pomological society, to commence a three day's session in this city next Monday, Dr. Warder, of Ohio, one of the most distinguished pomologists in the country, together with other eminent men in that line, will be present and address the meeting. Present prospects indicate a larger attendance of distinguished people than ever before at a state meeting.

The people living west of Allen's creek, in the 3d ward, who have to pass the old sheds on Miller avenue, complain bitterly of the danger pedestrians, and especially ladies, are subject to in that locality in the evening. The pluck of a medical student who happened to be passing that way Wednesday evening, was all that saved a young person from brutal outrage by some miserable brute, who it is to be regretted, succeeded in eluding capture.

Mr. E. D. Price, for several years connected with the Post and Tribune as sporting editor and dramatic critic, has accepted an offer as advance agent for John McCullough, receiving \$50 per week and expenses, for 30 weeks' work. Mr. Price is a graduate of the university, and has many old acquaintances here. The Ann Arbor girls, however, have never forgiven "Quiz" for some of his correspondence while reporter for the Free Press when he was in college.

The following from the Allegan Tribune, will probably be appreciated by the parties interested: "The Ypsilanti Sentinel claims that democrats should be relieved from paying taxes to support the university, because some of the professors spoke at a republican ratification meeting. Perhaps it would also have Universists excused from paying the same kind of taxes because a Congregational minister is the president of the university, and perhaps sometimes preaches of an eternally bad place that naughty students will go to."

There were 422 tramps received at the Lonia house of correction last year, at a cost to the people for fees and expenses of officers of \$6,528.51; cost of their keeping while inmates, \$18,132.55; and transportation, \$1,429.81, making a grand total of \$26,100.87. This taken together with what the county poor superintendents and local authorities expend for their benefit, and you have an enormous amount expended for this class of vagabonds. The people will yet have to establish stone yards at our county jails, and sentence tramps to the chain gang.

Among the many things which the Evening News observes is the fact that the icy sidewalk in front of saloons is covered with ashes so that pedestrians pass in safety; but in front of churches is left bare so that they pass in danger of broken bones. Isn't that just as it should be? The saloon's customers couldn't stand on slippery walks, while the church members with level heads have the warning of the icy walk to keep them always erect, on the principal that the straight and narrow way is difficult and hard to travel.

University Items.

More students arrived this week. The eye and ear clinics are very full at present.

Dr. Vaughan's class in chemistry received their university book on Monday.

The "University Book" edited by Mr. Chase, of Detroit, will soon be out.

Again have petitions been handed to the faculty requesting that the course in mathematics be shortened.

The freshmen are waiting for a poet and orator to develop themselves among their numbers before filling those offices.

The Chronicle advertises for "a reporter among the ladies of the university." Well, well, they must be terribly bashful boys.

The sophs have appointed a committee to interview individual members of the class respecting the publication of the Oracle this year.

The following officers complete the list of sophomore class: Poet—Miss Francis Stebbins, toast master—J. F. Winship; marshal—E. J. Jenison.

The university can feel proud of the fact that the only republican in the Kentucky congressional delegation, John D. White, is an alumnus from her halls.

The regular monthly meeting of the W. C. T. U. of the university is to be held tomorrow afternoon, December 4th, at five o'clock p. m., at No. 15 Forest street.

The last Chronicle proceeds to flay alive the Detroit Evening News—in poetry. Its editors probably had not learned the terrible fate of the Mason News man who made a similar attempt, not long since.

Hon. David H. Jerome, governor elect, was in the city last Monday and Tuesday, visiting the various departments of the university. He was cordially received by the authorities and enthusiastically entertained.

The next couplet in the students' lecture course will be the Maria Litta concert company—this evening—and a lecture upon "Alexander Hamilton," by John Clark Ridpath, on Friday evening, December 10th.

The number of books drawn from the library during the week ending Nov. 20th, was 1,806 volumes, of which 94 only were fiction, 98 poetry, and the remainder divided between history, mathematics, scientific works, etc.

There are upwards of 50 graduates of the literary department of the university who are engaged in business or the professions, and residents of Ann Arbor. Besides these there are some 25 or 30 graduates of the professional departments living here.

The ladies ward of the homeopathic hospital is full, some of the cases are quite severe. One is a case of tumor on side of body, measuring 15 inches in circumference, which was removed by Dr. Franklin, and the patient is doing well. The male ward is not full.

On Friday evening, December 10th, there will be a hop at Sheehan's State street hall, for the benefit of the gymnasium fund. Tickets can be obtained of any of the following committees: F. S. Allen, E. W. Davenport, E. E. White, H. M. Mandell, S. H. DuShane, Geo. Whitney, J. J. Comstock, R. M. Ward.

Tuesday evening of last week 60 members of the Delta Kappa Epsilon society of the university had a grand banquet at the Michigan Exchange, at Detroit, their eighth successive annual feast in Detroit. Everything passed off very pleasantly, and the occasion the boys report to be equal, if not in excess of former occasions of the kind, in the way of enjoyment.

The opening concert of the Ann Arbor school of music, under the direction of Prof. Cady, given in university hall, was well attended, and gave good satisfaction. The people of the city are gradually being educated up to the artistic in music. Still ye local clings to the homely old airs, so popular with our fathers and mothers, and is very much afraid he is too old to go along with the tide in this line. One strain given by Remeny—in his concert here last spring—from the air of the "Swanee River," was worth more to him than all the rest of his mastery and artistic fiddling.

The Maria Litta company, which is to give one of its excellent concerts at the university hall to-night, needs no commendation to fill the house. Mlle. Litta has no equal as a soprano on the concert stage, and she is supported by an excellent company. The public who enjoy such entertainments will not be disappointed. The New Orleans Times says of her: "All admit that the role she interprets is fascinatingly melodious, and that in the higher registers she has absolutely no limit. We can say this of her singing, that under its magic influence one is irresistibly carried away into a sensuous dream, that under its spell, the impressive auditor finds oblivion, and if this is not art, we fail to recognize it."

Thos. Sanford has started for the south, via Boston. Wm. H. Potter, has returned from Florence, Kansas, where he has been spending a few months.

Fred. Maynard and wife of Grand Rapids have been spending several days in this city, visiting their parents and friends.

Prof. J. B. Steere, of the university, is to deliver a lecture at Dundee this evening, the first in the course established in that place.

Harry R. Hill was married last Wednesday, at the residence of the bride, to Mrs. A. B. Eastman, of Toledo, Ohio, but formerly of this city, by Rev. V. L. Lookwood, of Ann Arbor.

Pioneer Meetings.

The meeting of the Washtenaw county pioneer society at Ypsilanti, last Wednesday evening, was largely attended, and was an interesting event. The meeting was held in the Baptist church, and the refreshments served in the Presbyterian church, by the ladies of Ypsilanti and adjoining townships. Supplies for the table were brought in for miles around, by the farmers and their wives and daughters, and it is but faint justice to say the dinner was a magnificent one.

The warm shake of the hand that we received from many whom we had never met, and the frequent utterance: "God bless you for your efforts to save the innocent and punish the guilty," was very pleasing to us. We wish all the good people of Ypsilanti many years of happy life.

Marie Litta.

Mlle. Marie Litta sings at University hall, Friday evening Dec. 3d. The Chicago Tribune said of this great prima donna at her debut in Chicago in 1878.

"The debutante is a blend of staturesque form, with strongly marked but proportionate features, and with a stage presence that is both striking and unforced. Her voice is of a remarkable evenness and roundness in all its registers, is very agreeable in quality, and more than ordinary compass. The most notable feature of her voice, perhaps, is its wonderful flexibility; in this respect it is almost phenomenal. Such vocal agility, in fact has been rarely witnessed here, or such a marvelous method, when the time of Laborer. Her roulades are executed with wonderful velocity, and those in staccato are wonderfully clear cut. Her trills, even in the highest notes, are perfectly balanced. Her technique throughout is not only wonderful, but also of a most artistic character. Her finest success was in the duo with the flute in the last act, which was distinguished in its execution, especially in the duet, which, we believe, Lagrange wrote for her and carried such a force that it would have been to the artist and greeted her with bravos and cheers."

A New Society.

A number of ladies met at the residence of A. McHendry, on State street, on Saturday, for the purpose of organizing a woman's club or association, its object being moral, social and mental improvement, based upon equal rights. The preliminaries resulted in the appointment of a chairman and secretary pro tem. The chairman nominated a committee of five ladies to draft resolutions, and a constitution and by-laws. The necessity, advantages and benefits of such a society were eloquently discussed by several ladies present, several articles bearing upon the subject read, and a vote passed to make a public call for the next meeting. The meeting then adjourned to convene at the same place at 4 o'clock p. m., December 4th. It is to be hoped that a large number of ladies interested in this movement will be present at our next meeting. Mrs. N. H. Pierce, Sec'y.

County Items.

Mrs. Mary Tobin died Tuesday, Nov. 30th, 1880, aged 70 years.

The Dr. Erving homestead, has been sold to Dr. John Doe for \$3,500.

Mrs. Emily Leane died last Sunday, Nov. 28th, at the age of 77 years. Funeral services held at the Baptist church, conducted by the Rev. L. G. Gage. She was one of the pioneers of the county.

The social of the M. E. church in Dexter last Wednesday evening, at the residence of A. R. Beal, resulted in a net profit of the society of \$15.19, in a pecuniary point of view, aside from the profit socially to those attending.

Whitmore Lake.

Mr. King is giving good satisfaction as teacher in this district.

The Thanksgiving dance at the Clifton house was very well attended.

Mr. Markey of Ann Arbor, will address the reform club at the Lake on Sunday afternoon, Dec. 12.

The friends of Rev. A. F. Hoy on the Whitmore Lake circuit, are to give him a donation party at the Clifton house, Whitmore Lake, on Wednesday evening, Dec. 8, 1880. Supper will be furnished for all, and a general invitation is given to everybody to be present and bring their friends.

The Boy Artist.

Schuyler Grant Haywood, eldest son of Mr. and Mrs. G. F. Haywood, of Ypsilanti, was translated Nov. 24, 1880, from this garden where disappointment, blight, decay and the frosts of winter, blast the fairest buds of promise, to that land of light, where no chilling winds ever mar the rosette of perfected art, where color and shade are arranged by the All-Wise to harmonize, where Grant can perfect his will begun work under the guidance of one that will not direct a copy of "The Knotty Point," that many have admired so much, which was executed by Grant's hand when he had just passed his sixteenth year; it hung in the probate office in our city for several weeks on sale, it was removed to Detroit and sold when it ought to have been purchased by our citizens and kept as a beginning of what we as a city so much need, viz: an art gallery. Young Haywood has since his decline spent many days in the writers home, he felt assured as we

Advice to Purchasers of Holiday Goods.

"When you buy for a friend or relative something which you hope may be a constant reminder, you should be careful to select a value, select that which in itself possesses a value, and so fitly make a choice that you will not afterward regret that you did not select some other article that which, without a proper opportunity for selection, you might have bought. Gems, jewelry, bronzes, bric-a-brac, silverware, and ornamental clocks are always appropriate; but it is matter of no small importance to buy of a reliable house.

There are unscrupulous dealers everywhere, and many of them are in our midst. They are like a counterfeit bill, will pass through the hands of all but experts. Therefore, when you buy anything, know of whom you are buying, and be a better knower or more reputable house in the country than that of M. S. SMITH & Co., Jewelers and Diamond Importers of Detroit. Their business has been built upon a foundation of honesty, and it affords us pleasure to recommend, in our columns, an establishment such as theirs, which does honor to the state and to its trade. All goods are marked in plain figures, the better class warranted, and the inferior represented as they are, not as they appear to the eye. Deal with them once and you will always do so. If you have not time to call, then this season send your order by any means regular to the acquaintance. Their stock of unusual beauty and rarity, all defensible new, perfectly genuine, and of the highest quality, should be shown to all alike, rich and the poor one buying as low as the other. A very good opportunity is offered by Frank H. Schairer, of our present advertisement, throughout the state to buy, on approval; to responsible parties the house will send for any article desired. Wm. Wagner.

Mr. James J. Fellows.

Dear Sir: I wish to acknowledge the great benefit I have received from your "Fellows' Compound Syrup of Hypophosphites." I have been an invalid for nearly two years, with a bronchial affection that has done more to ruin my constitution, than I can describe in several others. They gave me but little encouragement, and I was nearly despairing when you gave me your remedy. I did so, and in less than one week there was a marked improvement in my condition. I have continued to use your medicine fully as I am more than a hundred per cent. better than when I commenced. I have increased in weight about fifteen pounds, and my cough, which was nearly insupportable, has nearly disappeared. I believe had it not been for your Syrup, I should ere this have been beyond the grave of this life.

Very truly yours, ALBERT STORV. Do not be deceived by remedies bearing a similar name; no other preparation is a substitute for this, under any circumstances. 1015-16.

They gave me but little encouragement, and I was nearly despairing when you gave me your remedy. I did so, and in less than one week there was a marked improvement in my condition. I have continued to use your medicine fully as I am more than a hundred per cent. better than when I commenced. I have increased in weight about fifteen pounds, and my cough, which was nearly insupportable, has nearly disappeared. I believe had it not been for your Syrup, I should ere this have been beyond the grave of this life.

Very truly yours, ALBERT STORV. Do not be deceived by remedies bearing a similar name; no other preparation is a substitute for this, under any circumstances. 1015-16.

Mr. James J. Fellows.

Dear Sir: I wish to acknowledge the great benefit I have received from your "Fellows' Compound Syrup of Hypophosphites." I have been an invalid for nearly two years, with a bronchial affection that has done more to ruin my constitution, than I can describe in several others. They gave me but little encouragement, and I was nearly despairing when you gave me your remedy. I did so, and in less than one week there was a marked improvement in my condition. I have continued to use your medicine fully as I am more than a hundred per cent. better than when I commenced.
