TO THE PUBLIC:—I have been a fearful sufferer for fifteen years, most of the time with what has been called form and the like, and have always been told that there was no cure for me, and have been so discouraged that I had as soon die as live. I have been so badly afflicted sometimes that there was not the smallest pot from the crown of my head to the soles of my feet that was not diseased and as red as crimson. It would commence in small write spots, which had a silvery appearance, but were not deep, but if I attempted to heal them, or soon after their first appearance, they would burn and run together first appearance, they would burn and run together antil there was a complete dry, red scale, which would become so inflamed as to crack and look flery and angry, and the burning sensation would be almost intolerable. a almost intolerable.

I was at times so lame that I could scarcely get about, and could not dress myself without assistance. I have tried many remedies and have paid \$100 in a single instance to a physician, but have ever obtained only temporary relief. Although heiped for a time, I soon relapsed again to be as baddy troubled as ever, and during the winter of 1831-21 suffered so much as to be entirely discouraged. Last June, however, I was advised by Elder and Mrs. L. C. McKinstry, who are well known in these regions, to try your Cutioua Remedies, and I felt somehow a little courage, from their lavorable opinion of them to try their virtue. About the second week of July last I commenced taking the remedies, and within six weeks I begun to see a permanent improvement, until now (Oct. 1) I am about as good as new and my flesh is as the flesh of a child.

THE MISSION NOT ENDED.

Here is the sort of rot the Traverse Bay Eagle gives its readers: The republican party will never again elect a president. The object for which it was or-ganized was accomplished with the close of the war. Since then it has become the party

of the monopolists, rings and corruptionists. The people have no w invited this party to surrender its power to the democracy—the party of the people.

The Eagle man will find that the "mission" of the republican party has no ended, when four years more roll around It will find that there is yet a great dea for that party to do.

The party of "rings, of monopolists and corruptionists" is the democratic par ty. It is the party that killed off Hon Geo. H. It is the party the fosters Payne and Bookwalter, of Ohio together with the balance of the stand ard oil monopoly. It is the party tha accepts the congratulations of Jay Gould It is the party that counts Wm. H. Van derbilt as one of its adherents. It is the party that pats John Kelly and his Tam many crew on the back. It is the party that revels in a Carter Harrison in Chi in Baltimore, and so on indefinitely.

To-day the monopolists, the corruptionname of democracy. To say that they shall forevermore rule this nation is sayis simply ridiculous.

Electricity or Gas.

Monday night was the time set for the consideration of the vexed question of lighting the streets of this city for the another one, and in cutting the stump the coming year, by the common council. coming year, by the common council. And for a wonder be it said the aldermen were all there. The committee to whom limb, causing a very bad and painful was referred the question reported wound. through its chairman, Ald. Lawrence, as

follows. The committee composed of the general fund committee, and Ald. Luick and Vaughan who were added thereto by special resolution of the council, have had under consideration of the council, have had under consideration the different proposals submitted to the council by the Ann Arbor gas light company and the Vandepoele electric light company, which proposals were heretofore referred to this committee for examination and consideration. It is the judgment of the committee that it is for the best interests of the city at the present time to accept the proposal of the Ann Arbor gas light company, and they do recommend that such proposal be accepted by the council, and that the city attorney be directed to draw a contract between the city and the Ann Arbor gas light light company, embodying the conditions thereof.

Then the music commenced in earnest.

Then the music commenced in earnest, and opposition to the adoption of the report cropped out in a lively manner. The iscussion was carried on for the gas company principally by Ald. Lawrence, and in opposition by Mayor Harriman and Ald. Heinzman and Rhodes. The arguments pro and con were too numerous to give in our columns. A vote being ordered the result was not the famous 8 to 7, but 7 to 7, consequently the adoption of the report was lost. The vote stood: Aye-Ald. Luick, Henderson, Kerns,

Hiscock, Lawrence, Ware, Vaughan-7. Nay-Ald. Walz, Heinzman, Eisele, Rhodes, Biggs, Mayor and Recorder—7.
Then it was proposed that the committee should make a contract with the electric light company for the use of as many lamps as they could supply, and have the gas company furnish the balance. This, Mr. Douglass, of the latter company, who was present, decidedly vetoed. He would listen to nothing of the kind. The gas company would furnish all the lights for the streets or none.

Then a motion was carried for the appointment of a committee to ascertain the cost of having the gasoline street light company furnish the necessary lamps upon the payment of a fine of \$50 and which the gas company refused to supply, and the following were appointed as such committee: Ald. Heinzman, Hiscock, Rhodes, Lawrence and Vaughan.

A proposition from the Vandepoele electric light company to light their lamps two Sunday nights of each month for \$5 per night, was accepted. Amusements. "The Lights o' London," probably the finest spectacular play of the modern stage, will be presented at the opera house Monday and Tuesday evenings, Dec. 15 and 16. Crowded houses will doubtless greet them. A car load of scenery, specially designed by the best artists of the day, is carried and used in producing the magnificent scenic effects that characterize the drama. The immense company, from the actor who takes the smallest part in the drama to those who assume the leading roles, are especially selected for their respective parts. The leading

paper of Hartford, Conn., says: paper of Hartford, Conn., says:

People of to-day, after having settled that they want information and entertainment, have also settled that they want it in the easiest way possible. When you can show a thing, it is much more striking than a description. Hence the success of illustrated journals and spectacular plays. Only, the better sort of each combine both methods and reach the intelligence by what they show, as well as by what they tell. The Lights o' London is a strong melodrama, with emotional situations, and an effective plot. Nor are these scenes claptrappy and gilded representations of imaginary fairy realms, but life pictures of English country scenes and of the metropolis of the world. We have some of the most finished efforts of the scene painter's brush before us.

The Lights o' London will be produced

The Lights o' London will be produced here under the management of Shook & Collier, of the Madison Square theatre, New York, and upon a scale of excellence seldom seen outside the larger cities. The company is a large one, and has been specially selected for their respective roles. Beautiful mechanical efects are introduced. Every attention is paid to details, thus forming an enter-tainment that can be witnessed by all our musement loving public.

Catarrh

Is undoubtedly caused by impure blood. Hence a medicine which purifies the blood removes the cause of the disease and opens the way for a thorough cure. This is exactly what Hood's Sarsaparilla does, and it makes the cure complete by giving the system health and strength, and enabling it to throw off the depressing effects of the disease.

Catarrh

Is permanently cured by Hood's Sarsaparilla. Mr. A. Ball, Syracuse, N. Y., says: "Hood's Sarsaparilla has helped me more for catarrh and impure blood than anything I ever used." "I have taken Hood's Sarsaparilla for catarrh, and think it has done me a great deal of good. I recommend it to all within my reach. Hood's Sarsaparilla has been worth everything to me." LUTHER D. ROB-BINS, East Thompson, Conn.

Catarrh

May be breaking down your health. Be wise in time! That flow from the nose, ringing noise in the ears, pain in the head, inflammation of the throat, cough, and nervous prostration will be cured if you take Hood's Sarsaparilla. "I had been troubled by general debility, caused by catarrh and humors. Hood's Sarsaparilla proved just the thing needed. I derived an immense amount of benefit from it." H. F. ATHLOPHOROS has entered the arena, engaged in conflict with the monsters, and won the victory. As the competitors in the Grecian games of old could win only by the most severe trials of ability and endurance, so ATHLOPHOROS has won the prize, not alone by giving temporary relief, but by bringing an enduring cure, as well, to those who have suffered the excruciating agonies of Rheumatism and Neuralgia.

ATHLOPHOROS is a novelty, not only in name, but in its elements. It is un-

ATHLOPHOROS IS put up with consummate skill, and contains nothing that can possibly harm the most delicate constitution. Now, do you want to suffer on and on? do you want to be well?
