& Co, publishers. We cannot too highly commend this work to our friends. We cannot too strongly urge for it the serious consideration of all good men; of all who have family to rear, sons and daughters to educate; of all who have any stake in the county, or care for its wealth, progress and intelligence. The reasons are plain enough:

The author, Mr. Hubert H. Bancroft, ha performed this labor at an immence cost of time and money. Literary work of this kind does not pay pecuniarily. It is impossible that it should. Therefore, it the intelligent and prosperous members of the community withhold from it their sympathy and support, what encourage ment is there for anyone ever to sacrifice pleasure and gain to the public good?

Secondly—It is a history of our own country. Now historical knowledge is the most valuable of all knowledge, for the reason that history is the recorded experiences of mankind. By knowing what others have done, we may profit by their successes, while avoiding their mistakes. And of all histories, the history of our own country should be read and

studied first, because it more nearly con-cerns us. Children should be educated

their home, but to respect their country and tenderly to cherish its institutions.

not only to respect their parents and love

And how can they know about their country if books are not placed within Thirdly—It will pay pecuniarily. The well-informed, intelligent man can make more money than the careless and un-thinking. It is not necessary to talk of the benefits to society and to individuals of such a work as this; they are obvious Therefore, we appeal, with all the strength and influence at our command, to every respectable member of this comnunity, and say buy the works of Hubert H. Bancroft. Subscribe for them all at once, cheerfully, promptly; then read them, and speak of them to your friends, and thereby lend your support to a great and praiseworthy undertaking.

Profits of Literature. Some idea of the profits of literature

may be gained from the fact that an author generally receives from the publisher but 10 per cent.on the retail price of the copies of the work actually sold. As most the author gets, provided the book costs \$2, \$200; or \$150, if it costs \$1.50. A successful novel may sell 10 000, even 20,000 copies or more and such a torgist has a copies or more, and such a novelist has a chance of something like recompense for his labor. But a successful novelist is one author in two hundred, perhaps five hundred. And even he, or she, gets far less than is commonly supposed. Mrs. Stowe received, it is said, owing to various untoward circum-tances, only some \$10,000 or \$12,000 from "Uncle Tom's Cabin," which has probably, had a lager sale than any work ever published. The "Innocents Abroad" earned for Mark Twain only about \$20,000, although he has been credited with thrice that sum. So popular a series of books as "American Men of Letters" and "American Statesmen" will not have an average sale of more than 3,000 to 3,500 copies. At \$1.25 per copy the authors would not get more than \$375 or \$437, and yet five or six months must be required to do one of the volumes proper-This is a much smaller compensation than the most ordinary clerk or salesman would receive. Indeed, it is not equal to the wages of a common mechanic. sequently, only those who are in independent circumstances, or who support themselves by other means, can afford the lux-ury of literature. UNIVERSITY REGENTS.

As the terms of Rev. George Duffield ative to increasing the number and salarthe university regency with the present this spring. Both of these gentlemen have been of no small benefit to the university by their being on the board, and time. It was too green. they should be renominated, for no clearer-headed, broader-minded, scholarly and capable men could be called to fill their places. Their position has been ever on the side of right and for the advancement of the great interests in their charge. So for these reasons we regret to learn that they will not allow their names to be again used as candidates. Therefore, since this is absolute other men must be

The Times knows of no better man in the state for the position of regent than the aforesaid Major W. C. Ransom of Lansing. Don Henderson, of Allegan, is being urged for the office of regent. He would make a good one.

THE TICKETS.

FUSION.

The democrats, who met in state convention at Bay City last Wednesday, nominated Maj. Allen B. Morse, of Ionia, for associate justice of the supreme court; and Chas. R. Whitman, of Ypsilanti, for regent of the university, leaving the other regent for the greenbackers, who met at Lansing the same day, to fill in. Which they did, and placed Moses W. Field, of Detroit, upon the ticket, thus giving the people another dose of fusion.

On the same day the prohibitionists met at Lansing, and "made up in enthusiasm what they lacked in numbers," so said. Failing to receive favorable rethe uniting of all forces against the common enemy, the republicans, they broke by the aid of a few republican lawyers ticket for associate justice of the supreme court. For regents they clung to their own faith, and selected Mr. L. S. Ellis, of Manistee, and Rev. F. B. Cressey, of Detroit, to bear the banner to a glorious

sist in keeping her out, where will be heir boasted love of freedom and honant and ought to be adopted.

We call attention to this significant fact, which can be verified by reference to Tuesday morning's dailies. Twenty-one students graduated from the Detroit Medical College on Tuesday evening. Of this number thirteen were from Ontario, and three from Detroit. The former have only to go across the river on the ferry and be at home, the latter are already there. There is no reason for believing that these sixteen students would come to this city if they had to go any distance at all from home. It leaves just five students who might come here for their preliminary work; this senior class is a fair sample of the other classes. Detroit Medical College is capable of drawing only five out of 21 in the senior class from a distance. Should the amalgamation scheme work, this college would give to us about one-fourth of her students' and we would give her all of ours. Good scheme for Detroit, sure.

The bargain, entered into some time since by the stockholders of the Detroit Post and Tribune and Mr. J. L. Stickney, has at last been consumated, and that gentleman is now the sole owner of the Detroit Post. Since taking control of the paper Mr. Stickney has exhibited remarkable powers as a journalist. The positions taken by him upon all public questions have been sensible ones, and the various departments of the paper have been brought up to a standard not equaled by any other journal in Michigan. This is not taffy, but our honest opinion, look-And the popularity of the Post, we are glad to note, is fast increasing. The great need of the republican party in Michigan for years, has been a good daily paper in Detroit, that would fight the battles of the party on political grounds and not personal ones-and to-day the want is filled. Every republican in Michigan ought to recognize the fact and extend their right hand to the Post, with a subscription in it.

this 27th day of February, 1885, and de- follows: cided to erect a new jail, provided that the money was voted for that purpose at the coming spring election. The old jail can no longer be made to serve the wants or meet the demands of the county. It is unsafe, unhealthy and totally unfit for further use without expensive repairs being made. Judging from plans submitted, we believe there can be erected with the sum of \$12,000 in addition to the old jail property, a better jail than the one built in Pontiac last year at a total cost of \$14,000. Possibly the present site could be exchanged for one more satisfactory; and as labor and material are cheaper than they may be again for years to come, it is certainly a matter of economy to build the coming summer.

Unless a new jail is erected the Circuit Judge will order all prisoners taken to some other county for safe-keeping, which will largely increase the expense to the county. Is it not then for the interest of the tax-payer in the county to vote for the proposition to raise the amount named by the Board of Supervisor for the immediate erection of a new jail.

The young lady struck on the rails bay on such tax from any tuition they may a short trip east to his old home in New of the street car crossing, and was picked Month. seless. She was carried into Dr. Lyons' drug store, and when consciousness was restored, was taken to her friends in town where she is at present. Her in. juries are thought serious and may prevent her from resuming her college work.

Miss Schrieber, attending the literary department this year, while at the New Orleans Exposition during the holidays, with some university girls, met a Mr. Sawyer, lately of the law department, who is practicing somewhere in Texas, but who was there visiting the Exposition also. Telling her friends one night that she was going to the theatre, she (secretly) went with Sawyer to a justice of the straining that is everything but pleasing peace, and was married to him, intending Mr. Faeder's execution is smooth and to keep the secret until graduation. Not graceful and the hearty encores he receivbeing able to remain away from him any longer, she left last week for Texas to join her husband. Which is much talked of convinced of the appreciation of the audiby every student who knows of it. Quite

romantic. But the end may not prove the act a sensible one, nevertheless. At least twice every year the Chronicle board have a banquet at "Hank's." The last one was last Thursday evening, and it was the most successful and complete one ever had. Besides the regular board the former editors were invited and among them were Profs. Thomas, Hudson, Herdman Burt, Postmaster Knowlton, Willis Boughton, and ye Courier editor. Besides the repast gotten up in Frank's best style, there were toasts by Messrs. Goss, Knowlton, Beal, McNeil, Corbett, Phillips, Hudson and Thomas. Before breaking

up, the large Chronicle cake was voted to the ladies of the Courier bindery. The of the most ably conducted it well deserves such recognition.

On Wednesday evening last the Musical Union of this city, assisted by Messrs. The Scriptural Idyl, "Rebekah" and a serenata, "The Dream" were the selections presented by the Union. Considering the grandeur of the oratorio of "Paul," and the strength of the chorus of last year, some doubts were entertained as to the probable success of this year's production. But judging from the number in attendance, and the rounds of applause, the productions were received with their propor tional good favor. The solos, as sung by Misses Winchell and Whedon, sopranos Mrs. Haviland mezzo soprano, Mr. C. V. Slocum tenor and Mr. O. B. Cady barritone, were intelligently, and where an opportunity presented, grandly rendered. As Miss Winchell had not appeared in public since her return from Boston, her debut was anxiously and critically awaited. Whatever may have been the expectations of the audience the highest could not have failed to have been realized after the rendition of her solo, "Home, I leave thee.' It was sung with a force, finish and command that amateurs seldom attain. While Miss Winchell's voice is full, clear and cultivated, still it has an eastern style-

With the orchestra accompaniment the effect was heightened so that the solo was one of the most pleasing if not the most pleasing efforts of the evening. Messrs. Slocum and Faeder appeared before an Ann Arbor audience for the first time and re-confirmed their enviable reputation by the artistic rendition of their parts. Mr. Slocum has a very smooth and musical voice until he reaches the strong head tones and there is noticed a harshness and ed was well earned. The Chequamegons sustained their good reputation and were ence by the many and continued applause. No small amount of praise is due to Mr. O. B. Cady for the skillful manner in which the chorus was drilled. The result of careful attention and labor was made mainifest in every chorus and especially so in the last. In this the stacatto, crescendo and diminuendo phases were rendered with a uniformity and smoothness that

CHICAGO, ROCK ISLAND & PACIFIC RAILWAY By reason of its central position and close relation to all principal lines East and West, at initial and terminal points, constitutes the most important mid-continental link in that system of through transportation which invites and facilitates travel and traffic between cities of the Atlantic and Pacific Coasts. It is also the favorite and best routs to and from points East, Northeast and Southeast, and corresponding points West, Northwest and Southwest.

The Rock Island system includes in its main line and brenches, Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Cttuma, Oskalocsa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and Et. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns, villages and stations.

THE CREAT ROCK ISLAND ROUTE

Guarantees its patrons that sense of personal security afforded by a solid, thoroughly by llasted road-bed; smooth tracies of continuous steel rail; substantially built culveris and bridges; rolling stock as near perfection as human skill can make it; the safety appliances of patent buffers, platforms and air-brakes; and that exacting discipline which governs the practical operation of all its trains. Other specialties of this route are Transfers at all connecting points in Union Depots, and the unsurpassed comforts and luxuries of its Passenger Equipment.

The Fast Express Trains between Chicago and the Missouri River are composed of well ventilated, finely upholstered Day Coaches, Magnificent Pullman Palace Sleepers of the latest design, and sumptuous Dining Cars, in which elaborately cooked meals are leisurely eaten, "good Digestion waiting on Appetite, and Health on both." Between Chicago and Kansas City and Atchison, are also run the Celebrated Reclining Chair Cars.

Is the direct and favorite line between Chicago and Minneapolis and St. Paul, where connections are mad; in Union Depots for all points in the Territories and British Provinces. Over this route, Fast Express Trains are run to the watering places, summer resorts, picturesque localities, and hunting and fishing grounds of Iowa and Minnesota. It is also the most desirable route to the rich wheat fields and pastoral lands of interior Dakota.

Still another D'RECT LUNE, via Seneca and Kankakee, has been opened between Newport News, Richmond, Cincinnati, Indianapolis, and Lafayette and Council Bluffs, Kansas City, Minneapolis and St. Paul and intermediate points.
