THE EDITOR.

A man who runs a paper should know every human caper, and hold up the torch of knowledge like a gleaming midnight taper.

He should be profound as Plato, pilot as a boiled potato, and as humble to his patrons as a street and crossing sweeper.

He must write the funny column that makes the reader's stomach, with the fatuous frills and dunces, furbelows and what-ifs call for it.

Quell the "dicks" wild, swell, squelch and massacre the devil, and put on a brow of thunder that shall petrify and appall.

He must be a news reporter of the levee and the street, and rain down his fiery torrents on the veteran milk inspector.

He must be a prompt adviser to each foreign king and ruler, and keep out his key-hole telescope to lodge the bill collector.

ROAD MAKING.

McAdam's Plan of Constructing and Repairing.

John Loudon McAdam, according to his own account, came to Scotland from Andorra in 1783, and in 1785, the Ten-pipe Acts had been about twenty years in operation and roads were still being made every where. He got appointed a Commissioner of the Public Works, and he went to Bristol, where he obtained a similar post and was made a magistrate. Gifted with a mania on the subject, he began to make roads, and he had taken one from his own coat, and these labors he continued from Inverness to the Land's End for six-and-twenty years, for no other purpose, apparently, than to make a name for himself.

McAdam's plan of road-making differed as much from the old way as the new differed in operation as a bridge does from a ford. Instead of going deep for a "bottoming," he worked solely on the top. In the old way, a deep rut was made, and the road was made of rough, soft rubbish, he got a flat, smooth and solid surface. In lieu of a road, he got a half through, he made one of the most perfect roads in the world, and he made it in a very simple way. He took a road of about six feet wide, and he made it of a half through, he made one of the most perfect roads in the world, and he made it in a very simple way.

It should be pleasant to give you this report of the cure of our little grandchild, by your Cuticura Remedies. When six months old his left hand began to swell and had every appearance of a large boil. We pointed it out to a doctor, but he said it was nothing but a swelling, and it was not to be feared. About five months after it became a running sore. Soon other sores formed. He then had two of them on each hand, and as his blood became more and more impure it took less time for them to break out. A sore came on the chin, beneath the under lip, which was very offensive. He was taken to a doctor, and he was told that it was a swelling, and it was not to be feared. Dated, January, 1886.

## LOCAL.

Fred Meyer has been reappointed janitor of the 5th ward engine house.  
Goodyear made a contract yesterday for a soda fountain which will be a "dandy."  
There were forty volumes of Blaine's 20 years in congress sold in Ann Arbor.  
The next annual meeting of the Grand Lodge Royal Arcanum will meet in this city next April.  
The COURIER office prints the High School calendar this year, being the lowest bidder therefor.

Ann Arbor's growth will be greater this year than last—judging from what can already be seen.

E. W. Coddington has moved into the house with E. B. Hall, corner Washington and Division streets.

Abner Moore has purchased the barber shop next east of the Farmer's & Mechanic's bank, of E. M. Southard.

Fred Brown won the buggy raffish by O. C. Jenkins Monday night, and the Dr. now starts a brand new vehicle.

It looks quite city-fied to see the lawn hose and sprinklers at work. Some steps should be taken to supply the court house lawn.

Rev. Dr. Alabaster was greeted with a grand audience at the M. E. church last Sunday evening, and he did not disappoint them.

The Michigan Central R. R. Co. will give \$500 for evidence proving who placed obstructions on their track near Michigan City recently.

In order to vote at next fall's election it will be necessary for those who are not citizens to get out their naturalization papers during this month.

The wife of John Ross, of Dexter, died yesterday of lung trouble. She was a former resident of this city, and had many friends and relatives here.

The Rutan system of heating and ventilation will be put in one of the ward schools this year. It works like a charm in the 1st ward, in which it was put last year.

Easter service at St. Andrews' church, at 10 o'clock a. m., instead of 10:30 as usual. The children's service or festival will be held at 4 o'clock p. m., which will be a very interesting.

J. C. Knowlton has just won a case in the Supreme Court which had been seven times to trial and ran for six years. It was over a homestead belonging to Mrs. Sterling, his aunt, in Wayne county.

About 30 Ann Arborites went to Detroit Thursday last, and returned on a special car. Some fast time was made on the return trip, the speed of a mile a minute being attained a portion of the way.

The wheat market is very dull with practically no life whatever, though there is a trifling advance over last week's prices. But the farmers are not drawing in any. The very best grades only bring 85 cents. Corn brings 28c. per bushel of ears and oats rule at 28c. per bushel.

The editor of the Argus says he cast his first vote for "Seymour for governor in 1862, for McClellan '64, and so on through a long list, and wants to know if the COURIER has the "manliness to announce the fact," etc. If there is any particular "manliness" about it, Bro. Bailey, there it is. The city editor of the COURIER, whom the Argus accused of political hypocrisy, cast his first vote for Seymour in 1868, but didn't cast his next vote for Horace Greeley—having arrived at the conclusion that if he must vote for republicans he would take the pure quill, (which at that time was U. S. Grant), and has stuck to the quill ever since.

A crowded house greeted Dr. Alabaster of Chicago, Sunday evening, to welcome him to the pulpit he occupied six years ago. It was under the auspices of the Cocker League, and a large part of the audience was made up of students. His address was one of the most scholarly that has ever been given here, and it was crowded with rich thought, beautiful figures of rhetoric and true eloquence. The result of such an address is to create a higher regard for the bible, in the first place, by a minister, in the pulpit and before a large crowd, giving to Shakespeare his just praise, and then showing how many of his figures, expressions, and thoughts were drawn from the scriptures.

As the roads about town are becoming settled there is increased activity among the bicyclists. A number are changing their wheels and several new ones have been ordered. Chas. Wagner has purchased a new Columbia light roadster, 53 inch, George Keck has a 57 inch wheel, and George Frothingham a 55 inch of the same make. Fred Henion has a 54 N. Sutherland a 53, Henry Kyer a 56, and C. W. Nafe a 54 Expert. Ben De Camp has a new 52 inch Rudge and W. H. Steele a Challenge, and a number of the boys are on the ragged edge about getting them a steed of steel. With prospective buyers the American Expert is the prime favorite, as being best adapted to our roads.

Stinson is happy since he's got that cellar dug.

This being Holy Week two services a day are being held at St. Andrew's church.

J. T. Jacobs & Company are giving away souveniers to every lady who visits their store.

Frank Hangsterfer is now furnishing several quarts of ice cream daily to Jackson parties.

Rev. W. H. Ryder will be installed as pastor of the Congregational church in this city on May 4th.

Will S. McNair, of Tecumseh has been appointed to the West Point cadetship for this district by Col. Mildred.

W. R. Henderson was elected Grand Sentry at the meeting of the Grand Lodge R. A., at Port Huron, last week.

J. T. Jacobs has received a number of Hollister cattle for his farm, and intends to go into the blooded stock business.

Next week we shall give our readers a candid view of the Chinese question written by one who is on the ground, and sees things as they are.

Wesley Howe has purchased a couple of lots of Mr. Hyatt, on the north side of W. Huron street, and will build him a residence thereon at once.

A prominent "law and order man" of this city has been breaking the laws of this city by riding his bicycle on the sidewalk. Preachers should practice, etc.

The examination of students who desire admission to the bar, will be held at the court room Saturday evening, April 24th, at 7 o'clock standard, before Judge Joslyn.

John Divine one of Webster's old citizens died last Sunday of hemorrhage of the lungs. He was a man about sixty years of age, and is well known throughout the county.

We understand that C. H. Richmond has purchased the office portion of Dr. Maclean's property, and will remove it to a lot and make a house "for sale or rent" out of it.

Ann Arbor now has four justices in full blast once more, Mr. Conrad having qualified. E. B. Pond has added a justice office over Seyler's store, and is now awaiting cases for trial.

Casper Rinsay had his store burglarized of some \$30 in small change silver and paper currency, one night last week, the thieves crawling through the transom. Some cigars were also taken.

John Fogarty believes that he has done the first lay-making of the season, having already cut a crop of grass measuring at least four inches in length, from his land. Who beats this record?

Rev. L. N. Elwood, of Flint, and Rev. Geo. S. Hickey, Battle Creek, both Methodist ministers, and both known to many of our citizens, have gone to Europe to recuperate their failing health.

Another old weather sign knocked out. Last Thursday night there was a great ring around the moon with three stars in it, and according to the sign it should have rained within three days, but it did not.

Dr. Nichols doesn't appear to be discouraged on the peach question, and has just set out 2,000 more trees this spring. He says that the prospects for a fine crop this year are flattering, and that the berry crop will be immense.

At the Unitarian church next Sunday morning there will be a special Easter service in which the congregation and Sunday School will unite. Sermon on "Immortality." In the evening there will be choice Easter music and a sermon on the subject, "The Future Life, a Revolution or an Evolution?"

Edward A. Gott, of this city, son of the late Jas. B. Gott, is to be married at Detroit on Saturday, April 26th, to Miss Ottmann, of that city. The wedding is to be a quiet morning wedding. The couple are to go to housekeeping at once in Detroit, where Mr. Gott enjoys a growing practice as an attorney.

If the class of men known as "saloonists," had attempted to secure a justice of the peace in the manner the prohibitionists have done, what a howl would have gone up from the throats of the multitude who now go around and brag about what a smart thing they have done. "Consistency, thou art," etc.

The prospects for a fine fruit crop were never better than now in this vicinity, so Mr. Gauszorn, the nursery man, tells us. He says that the peach trees give especially good promise, as well as the apple, cherry, plum, pear, etc. The winter has not injured any of the small fruits, either, and if nothing happens from now on, Washington county will be a paradise for fruit lovers this year. Good news.

Several little kings in the water works contract are coming to light, showing that Messrs. Goodhue & Birnie certainly understood how to draw a contract, if the council did not. It was thought that water had been secured free for the court house lawn, but it seems that it is tied to a condition that will cost the city \$100 per annum. The two "free" public fountains will also cost the city \$150.00 per annum if they are ever put in, etc., etc.

It is a commendable fact that dead birds for the ornamentation of hats and bonnets of the fair sex is going out of fashion, and flowers and laces are taking the place of the birds. That's right. If the ladies would only stop to think before purchasing these dead birds many of them would hesitate a long time before they would follow so cruel a fashion. Joy think of it! 5,000,000 of these beautiful songsters of the air slaughtered in one year to gratify vanity and fashion! For every bird slain, hundreds of caterpillars and nasty worms will be brought into life. Let the birds live.

A Detroit gentleman by the name of Barton Case with his wife spent last winter in this city with a son who is in college. Last week they started on a trip to California, but at Lansing three pickpockets caught him in the aisle of the sleeping-car and captured his pocket-book in which were his railroad tickets, money, etc. He discovered his loss too late to catch them and returned to Detroit. The tickets were round-trip ones with his signature on them, so no one else could readily use them, and a part of his money, being in post-office orders on San Francisco, was not easily convertible into cash. Last Saturday his son in this city took a letter out of the office in which were the orders and the tickets with a note signed "Professional Pickpockets." They wished him a pleasant journey and requested him next time to have his money in cash. As he is a man of considerable wealth the money they kept will be no great loss to him, and he will soon start again for California.

In the current issue of a college paper is a criticism of an article "in the current issue of a local paper." Yes, we do indeed "feel sorry for such men," they are to be pitied.

Secretary Wade is arbitrating between the various lawn tennis players, and hopes to be able to divide the time that all players may have an equal chance at the campus courts.

## BASE BALL NEWS.

At a meeting of the students interested in base ball at the Zeta Psi house last Friday night great enthusiasm was manifested and the officers for the coming season were elected. For the first time in the history of the organization a professor was elected to the presidency of the association, Professor De Pont being chosen. The other officers elected were:

Vice President—Lou E. Dunham.  
Secretary and Treasurer—E. F. Saunders.  
Directors—J. D. Hibbard, John M. Jaycox, Wm. Condon, F. W. Melhop, G. J. Waggoner.

Of these five directors two are supposed to be chosen from the nine of this season. The directors choose the nine and appoint the manager, and the captain of the nine is selected by the nine. The chairman of the meeting was instructed to appoint a committee to draft a constitution to be signed by all the members of the Base Ball Association, the initiation fee being 25 cents. Communications have been received by Mr. Hibbard from the Jacksons, the Cass club, and the Detroit Amateurs, and some good games of ball will be assured us this spring.

THE GYM.  
Pursuant to call, a meeting of about 100 members of the gymnasium met last evening to consider very important business. Owing to poor health Mr. Dorn will leave college Saturday, and Mr. Campbell was chosen manager for the balance of the year. Mr. Campbell said that it had been estimated that about \$1,000 worth of apparatus would be needed for next year which had already been ordered, and would be in position at the beginning of the college year. Besides this about \$300 will be necessary for running expenses, Mr. Hegeler, of Illinois, stated that he was ready to give the association \$1,200 for the salary of the instructor for the year, and also the \$1,200 spoken of above, making \$2,500, but the members thought it better to not be too dependent upon his generosity, and accepted of his gift of \$1,200 but resolved to get the balance of \$1,300 themselves. Mr. Hegeler desired to have it understood that he would be willing to help the boys out any time they needed it, and the association was appointed to return the thanks of the association to Mr. Hegeler. A committee was appointed to confer with the base ball managers and to make arrangements for a field day early in May, so as to give the contestants time to go east to the college contests there. Prof. Rogers, Messrs. Parmelee and McNeil were appointed as a committee to change the present situation, and prepare for the incorporation of the association, to report at the meeting on May 22d. The project to present Mr. Dorn with a suitable memento for his zeal in the cause was heartily endorsed. Prof. Rheinhart, who is to be employed next year, is a graduate of the Milwaukee and Berlin normal training schools, and at present instructor in the St. John's military academy at Manlius, N. Y., and also instructor in the Y. M. C. A. gymnasium at Syracuse, N. Y.

EVENTS.  
FUTURE TENSE.  
Special Easter services will be observed by the Knights Templar next Sunday afternoon in Masonic Temple, at 2:30 o'clock. Their friends are invited.

Handsome invitations are out for a social party next Monday evening at the Masonic Temple, given under the auspices of the Knights. It promises to be one of the most brilliant affairs of the season.

On Monday evening of next week the series of concerts given by the University Musical Society will be closed with a Piano Recital by Rafael Joseffy, universally acknowledged to be the greatest living pianist. This great artist is not entirely unknown to our people, for last year he was greeted with a unanimous applause by an Ann Arbor audience. This city is the only one in the west in which Joseffy has accepted an engagement, a favor the public should appreciate. There is something mysterious, and wonderful about this artist's playing that cannot be described in words. One must see and hear him in person to gain an idea of his wonderful power.

Dr. Frieze will deliver a lecture on "Art Galleries, Old and New," with a description of the Lewis gallery, at the Ladies' Library, on Wednesday evening, April 28th, at 8 o'clock. Admission 25 cents. Tickets to be obtained at Brown's drug store and Lewis's book store.

Rafael Joseffy at University Hall, on Thursday evening, April 29th. It will probably be your last opportunity to ever hear this wonderful musician.

Monthly pomological meeting 1st of May in the basement of the court house. Topics: Report of committees on fruit packages and insecticides. Mr. Garfield says in a letter: "There is promise of a great peach crop in West Michigan."

All kinds of fruit promises well in this county. Let fruit-growers come to the meeting prepared for an order of fruit packages. We will have an army of fruit enemies, hence, the necessity of an organized warfare, and wholesale prices of insecticides. Rules for pickers and shippers can be had at this meeting.

There will be an Easter egg supper and social, under the auspices of the Ann Arbor lodge of Good Templars, at the old Baptist church, Catherine St., on Saturday night. Admission 15 cents, including supper.
