The Old Fourth Michigan Infantry.
The attention of the good people of Ann Arbor is again called to the fact that the members of the old Fourth Michigan Infantry have been invited to hold their next council at this place. The regiment was remarkable for the amount of service performed. It was in every movement of the Army of the Potomac, from the first battle of Bull Run in 1861 to Petersburg in 1864, having participated in over fifty battles and skirmishes, and was always true to its trust. It was twice chosen from the whole army to perform an important service. Once as McClellan's army reached the Chickahominy river in front of Richmond it was the regiment chosen, under the command of Col. D. A. Woodbury, to make the first crossing by wading the river and attacking the enemy in the face of a deadly fire, at New Bridge on May 34th, 1862.

Again, after the battle of Antietam the regiment under the command of J. W. Childs, was selected to make the first crossing of the Potomac after Gen. Lee, Sept. 19, 1862. The task was a perilous one, but they drove the enemy from Sheperdstown and captured several pieces of artillery, and in both cases it was specially complimented by the commanding general. The regiment had three colonels killed in battle, and the per centage of killed and wounded was among the largest in the service.

Some of the distinguished members of the regiment who are expected to be present are Generals C. C. Doolittle, of Toledo, Geo. Spaulding, of Monroe, J. M. Oliver, of Colons W. W. Duffield, of Detroit, J. W. Childs, of Washington; M. W. Chapin, C. A. Jones, of Hillsdale, past department commander, M. A. Merrifield, Geo. L. Maltz, State Treasurer, L. H. Sautsbury, of Adrian, and several other members of distinction.

About Free Delivery.

SIR.—Enclosed find copy of an order of the P. M. Gen. establishing the Free Delivery system in your city.
You will please select 4 intelligent, healthy and active men for the service, of good reputation for industry, honesty and sobriety, and well fitted in every respect, and nominate them to this office on blanks furnished for that purpose, in ample time for them to procure uniforms and begin on the 1st day of July next.

You will also nominate on a separate blank for appointment one or more suitable persons to act as substitute carriers to serve the routes of absent carriers. Substitutes serving for carriers on vacation will receive pay at the rate of \$50 per annum. In all other cases they will receive the pay of the carriers whose routes they are to serve.

The necessary boxes, satchels, books, blanks, etc., with instructions what to pay for them will be sent you.

In establishing the service you will be careful not to undertake more frequent deliveries, or to extend the service over more territory than the carriers can efficiently serve.

You will be in readiness to begin the service on the day named in the order, and aim to make it prompt, reliable and satisfactory to the citizens.

Very respectfully,
A. E. STEVENSON,
1st ASST. P. M. GEN.
