SHORTER CATECHISM. BY L. L. MERICK. My son you have now arrived at a period in your studies in political economy...

Q. Who is our President? A. Grover Cleveland. Q. Has he a policy? A. Yes, father. Q. What is his policy? A. Frugality with incidental protection on lumber, salt, iron, steel, wool and steel rails...

Q. What do you mean by "incidental protection"? A. In the parlance of our Democratic party, this means accidental, and is intended to be operative only by accident.

Q. Why should the duty remain on sugar cotton and rice? A. In order that sugar from Cuba and rice and cotton from other countries may not come in competition with the sugar and rice of our own country.

Q. About how much salt would an ordinary laboring man with an average family use in a year? A. About a half barrel.

Q. How much would you gain on salt in one year under free trade? A. From my deduction I should say about five cents.

Q. What is the average wages in the lumber business? A. About one dollar and twenty-five cents per day.

Q. Under free trade and reduction of twenty per cent on wages, what would the price of lumber be per day? A. In round numbers, about one dollar per day.

Q. According to your calculations the laborer would lose in one year \$75 on his labor, and gain five cents on his salt.

Q. Yes, but you must recollect that the reduction of \$2 per thousand in lumber is an item.

Q. Well, about how much lumber will an ordinary laborer consume in one year? A. Perhaps a thousand feet.

Q. Then you would add \$2 to the five cents on salt, which would be \$2.05.

Q. About how much iron and steel would an ordinary laborer consume in one year? A. Perhaps ten dollars worth.

Q. Unper a tariff of twenty per cent on iron and steel, how much would you gain in a year? A. Twenty cents.

Q. Now, after adding together \$2.05 on salt and lumber, and twenty cents on steel and iron, how much has the laborer gained in one year's transactions? A. Father, I am afraid he has lost \$7.17.

have run a wire to the city and the  
office is now opened. This will be a  
great accommodation to those wishing to  
send messages in the evening.

W. M. Lumley, of the law class of '88,  
had a case in Justice Veuault's court last  
Wednesday. While he did not win his  
case, the judgment against his client was  
WHS much less than was claimed.

A. L. Noble has recently added a  
blooded trotter to his stable, an MDD  
as the horse recovers from the fatigue  
of his journey a match will be arranged  
between him and the pony belonging to  
Prof. Morris, both being about the same  
size.

Eliza Bennett, of Ypsilanti, has brought  
suit in their circuit court for divorce against  
her husband, Esak W. Bennett. Her  
claim is based on the grounds of desertion,  
he having left her in March, 1880, and  
has not returned or contributed to her  
support since that time.

This evening at St. Andrew's church  
Miss Kate Cello, sister of Mrs. G. Morris,  
will be married to Dr. Arthur A.  
Buyer, lit. '83. They will live in New  
York where Dr. A. already has a good  
practice in treating the eye and ear. They  
leave on the evening train for a wedding  
trip.

A tramp named Peter Miller was struck  
by a train on the Michigan Central at  
Cass on Sunday night and his arm broken  
in three places. He was brought to this  
city Monday, and his arm set by Dr. Dar-  
ling. He was then sent to the county  
prison where he will stay until he  
recovers.

Special attention is called to an article  
on the 1st page entitled "Spraying."  
To those raising fruit, especially apples,  
the article is an invaluable aid. Many of  
our citizens will remember the fine  
apples shipped to last fall from New  
York. They were raised by this process  
of spraying, and we can just as well have  
clean, nice fruit in Michigan, if we work  
right.

Maranda M. Sperry died at the residence  
of her son, John Sperry, on the  
Saline road, on Sunday of pneumonia,  
aged 76 years and six months. Mrs. Sperry  
remained in the city for three or four  
years, and was the mother of John and  
George Sperry, two of our well known  
farmers. The funeral is to be held Friday  
at the house.

The tax-paying electors of this city  
will vote \$500 in aid of the U. C. L. U.  
bridge on Pontiac St., but the council  
only ordered one-half, \$250, leaving the  
balance being paid out of the liquor tax  
money. Now the council has decided to  
vote \$5,000 to meet the current ex-  
penses of the municipal government, be-  
cause one-half the liquor tax has been  
taken away from the city and given to  
the county. Turn about as fair play.

Dr. T. Y. K. Kline has organized a New  
Company called the "Chicago Truss  
Company," and June 10th goes to Chi-  
cago for headquarters, where he proposes  
to manufacture and push his new truss.  
Dr. Kayne was manager of the Xgan Im-  
perial Truss Co. of this place for the past  
years, during which time he did the  
principal part of the adjusting of trusses  
in the hospitals of both medical schools of  
the treatment of hernia in the U. S.

The neighborhood in the vicinity of the  
lumber yards on Depot street has been  
infested with burglars during the past  
week. Winnie Bartfield is the loser of a  
watch and his best shirt of clothes. Lewis  
Meyer had \$15 taken but found \$10 of it  
in the yard where the burglars had  
dropped it in their flight. At Ed. Perry's  
house they secured a silver watch.

The visitation was at the house of Ed.  
Gibson on Summit Street, Sunday  
night, where they secured his  
10-cket book which contained between  
\$5 and \$7, and a few papers. Mrs.  
Quinn woke in time to hear them walk  
out. In all these cases entrance has been  
gained through raising a window. The  
parties in that neighborhood think it is  
the work of tramps and if the county  
oficers duty it is to protect the citi-  
zens of this county, would devote his  
attention to the tramps who swarm in that  
vicinity every night, he would be doing  
a part of his duty at least.

If people would remember this item  
and take the trouble to act upon it, they  
would find it true: "In the ventilation of  
cellars the mistake is frequently made of  
introducing air, from without, which is  
considerable warmer than that contained  
within them. Instead of making them  
cool and airy, which is the desired object,  
they are thereby rendered warm and  
damp; for the warm air, although rising,  
the temperature of the cellar, and the  
itself cool and deposits its moisture,  
which makes itself evident as palpable  
dampness. Consequently in warm  
weather the ventilation of cellars should  
be carried on at night, the cellar being  
kept closed between sunrise and sunset."

Professor and Mrs. J. R. Suce desire  
specially to acknowledge with heartfelt  
thanks the sympathizing attentions shown  
to them and the dear departed on occa-  
sion of the sickness and death of their  
daughter Lottie. The scholars of her  
grades, in the third and fourth ward  
schools, and the juvenile Temperance  
Society, and Youth's Endeavor Society, in  
which she was a member, by their loving  
interest, their beautiful floral tributes,  
and their presence at the funeral, have  
won the most grateful remembrance of  
the sorrowing family and many friends.

In Memoriam.  
A committee appointed by the Waahten-  
aw Lodge I. O. G. T., offer the following  
in remembrance of sister Lottie A. 3-ge,  
of the Juvenile Temple:  
"WHEBAS, God in His wisdom, has taken  
the life of our dear sister, our Brother  
Sage, and borne her to her eternal home;  
therefore,  
Resolved, that in hereafter we have lost one  
loved by us all, one whose pure, sweet, yet  
life gave promise of a noble Christian  
temple woman. But God knows best, he  
has called her to the Angel, and there to  
receive the reward of her faithful life,  
there to express our deepest heartfelt  
sympathy to her parents' ID time of their  
bereavement."  
This precious bud to mortals given,  
Was borne from earth to bloom in Heaven.  
TILLIE WINSLOW,  
A. C. RICHARDS.

by Miss Cora Pulchifer who commences  
work on Friday.

Mrs. Catherine Beer, of Oak Harbor,  
Ohio, died on the 16th of Sunday, of  
MDD poison, aged 25 years. Her hus-  
band arrived Monday afternoon, and the  
remains were taken to her former home  
that evening.

"That is a handsome depot than any  
in New England" said Boston mer-  
chant in surprise yesterday while passing  
through our city on the Michigan Cen-  
tral. That is a considerable for a New  
England to admit.

Mrs. Mary Schaeberle and Emanuel  
Wagner of Ann Arbor, and Allen L.  
Nowlin and Harry B. Neat, of Ypsilanti,  
have paid their liquor tax during the past  
week. The total now collected by the

preached by Rev. S. E. Earp at SL An-  
drew's church last Sunday a. m., and those  
present were well pleased with the  
excellent discourse they listened to.

Congressman Allen will doubtless re-  
ceive a renomination to congress this fall  
by acclamation. His record in the pres-  
ent congress has been commendable to him-  
self and acceptable to his constituents. More-  
over he is entitled to a second term, from  
party precedent.—Tecomseh News.

20th, Moses Seabolt, of Ann Arbor to  
Julia E. Hasbrook, formerly of Marshall,  
Mich., daughter of the late Matthew Has-  
brook; Mr. Seabolt returned home last  
Sunday night. The hosts of friends of  
Mr. Seabolt tender their good wishes to  
him and his bride, and hope he will live  
to enjoy many happy days yet.

About thirty members of Washtenaw  
Chapter, No. O. R. A. M., went to Dun-  
dale last Friday evening and conferred the  
degree of Master Mason on three candidates,  
for the local chapter there. The candi-  
dates were two ministers and a doctor  
and all were highly pleased with the  
work. After finishing the degree, they  
adjourned to a neighboring hotel where a  
sumptuous banquet was spread. Short  
speeches were made by Rev. Dr. Morgan,  
B. V. Watts, (I. H. P., W. G. Doty, B. J.  
Corbin and C. E. Hiseock. At midnight  
the Ann Arborites boarded the train and  
came slowly home by the accommodation  
train which had been held at Dundee for  
over three hours for them.

If people would remember this item  
and take the trouble to act upon it, they  
would find it true: "In the ventilation of

UNIVERSITY ITEMS.

Pui Upsilon has issued a card in Mem-  
orial of the late Dr. E. S. Dunster.

In the June Popular Science Monthly  
there is an article on "Animals as modified  
by Environment," by Prof. J. B. Steere.

The University nine went to Bay City  
Friday and played a good game, winning  
by a score of 1 to 0. Saturday they beat  
the Athletes in Detroit. They were  
given a dinner and a time in the new  
Athletic club house.

In the Inter-fraternity games of base  
ball the Beta Thetas stand first, having  
won five straight games. The Delta  
Taus thought it would be no use to play  
them and have given it up. As the Dekes  
stand next, great interest is manifested in  
the Beta Theta-Deke game which is to be  
played this week.

The eighth annual banquet of the Kent  
Chapter of Phi Delta Phi was held Fri-  
day evening last at Detroit. There were  
about 25 present, including professors  
and representatives of the junior and  
senior law classes. Dr. Bigelow, of the  
Boston Law School, Prof. Levi T. Grit-  
fin, W. P. Wells, C. A. Kent and Messrs.  
A. C. Dennis, S. I. Slade and Geo. H.  
Beal responded to toasts. Guests  
were present from Detroit, Grand Rapids,  
Flint, Lansing and Ann Arbor.

The University Alumni Association of  
Central Michigan held its third annual  
banquet at Battle Creek last Friday eve-  
ning in the Presbyterian chapel. Alu-  
mni were present from Marshall, Kala-  
mazoo, Lansing, Charlotte and Albion,  
and the attendance was very large. The  
president of the Association, Dr. Alvord  
delivered the address of welcome.

"We last week visited the fruit farm  
of Emil Baur, near Ann Arbor, and were  
very much pleased at the layout of his  
grounds, the fine fruit trees, and espe-  
cially his arrangements for watering his  
fruit premises during the dry season. A  
ravine crosses his premises between his  
house and fruit orchard, and in excavat-  
ing a bed of black muck at the depth of  
4 1/2 feet he found several springs. He  
made a pond 40 by 60 feet, which is filled  
with clear water charged strongly with  
iron, containing also lime salts, magnes-  
ium salts, sodium salts, and sulphates.  
This body of water is 2% fee higher than  
the run which flows through the hollow.  
In this way he obtained a fall of five feet,  
and put in a hydraulic ram, by which  
water is forced 50 feet high into two large  
tanks in the orchard. From these a tank  
on a wagon is filled, with an apparatus  
like a street sprinkler attached, so that CO  
water is raised evenly onto the land in  
two hours. As pear trees, which  
are a specialty with him, want iron, it is  
supplied by this water. It is interesting  
to consumers to know that the pear con-  
tains more iron than any other fruit;  
hence the importance of this fruit for  
those who need iron in their blood. He  
has beds of strawberries between his rows  
of pear trees, and they receive benefit  
from the sprinkler. Mr. Baur is a gen-  
eral gentleman, and is always glad to  
show visitors over his premises.

The annual spring field day sports were  
held at the fair grounds last Saturday  
afternoon, under the auspices of the base  
ball association. The day was all that  
could be asked for and the large crowd  
and spirited contests made the event the  
most successful ever held. The most in-  
teresting contents were the light weight  
sparring and wrestling contests, both on  
account of the large number of entries  
and the spirit with which the contestants  
entered into them. The trial bouts were  
held in both of these contests, but the  
final matches between the winners were  
postponed. I. D. Millman and Arthur  
Frantzen won the trial bouts in the spar-  
ring match, and S. H. Scovel and A. D.  
Batts won the wrestling. The special fea-  
ture of the day was the running of J.  
E. Duffy, his time in the 100 and 220 yards  
dashes being very close to the best col-  
lected in Europe and now being well  
contested, the winner being as follows:

100 yards dash, J. E. Duffy, in 10 2/5 sec-  
onds; K. M. (run, second. Throwing han-  
ds, K. M. Gardner, in 12 1/2 inches. M. S.  
Hoff, in 12 1/2 inches. Bunting broad jump,  
F. T. Ducharme, 12 feet 8 inches; F. M. C. fair,  
in 7 inches. 100 yard dash, J. E. Duffy,  
17-2/5 seconds. Putting that, H. C. fair,  
in 7 inches. 100 yard dash, J. E. Duffy,  
17-2/5 seconds. Heavy weight wrestling,  
J. U. Jackson, 190 straight falls. Run-  
ning high jump, J. Van Iwigen, 2 feet, 6  
inches. Running low jump, J. D. Campbell,  
18 feet, 3 inches. Mile bicycle race, w. C.  
Kiehn, in 20 1/2 seconds. Throwing  
base ball, M. Wade, 50 feet, 40 yards dash,  
second, 7 out of 10. The Lacrosse team  
gave a very pretty exhibition of that game  
which was much enjoyed by the spectators.

COMMEMCATION MUSIC.  
That we are surrounded by a great  
University no one can doubt who was  
present at the commencement exercises  
last year, and though we can not have  
such a crowd, or such a series of en-  
tertaining services this year as last, yet  
the greatness of the institution will never  
allow of an inferior or unimportant com-  
mencement occasion. As has been the  
custom for the past few years, so music  
this year will be one of the features of  
the commencement week, and this time  
Amphion Club will be principally re-  
sponsible for the commencement concert.  
They will, however, be assisted by our  
class bands, and a full orchestra of twen-  
ty-two pieces. This would alone be  
enough to assure us of an exceptional  
entertainment, but the efforts of those  
earnest workers in music, with which our  
city is so highly favored, expect to fur-  
nish a programme in the main of original  
work. A cantata, the words and music  
of which have been composed by two  
members of the graduating class, will  
form the principal part of the program.

U. C. A. Corner Stone.  
The corner stone of the University  
Christian Association was laid Saturday  
with appropriate ceremonies conducted  
by Prof. M. L. D'O'Ve. Pres. Angell on  
behalf of the University, the contributor  
of \$15,000 laid the stone. In which, there  
was a sealed package containing a Un-  
iversity calendar, a High School calendar,  
the C. A. handbook, and old Bible of 13,  
19, 21, 22, 27, 28 and 30, which are good  
as individuals and as breeders. These  
are awarded by W. E. Boyden and Win.  
Ball of Hamburg whose names are guar-  
antees of fair dealing. Time given on  
purchase if desired.

of the new school building are again in  
the store of Messrs. Mack & Schind for  
examination and figuring. All proposals  
for building the same must be handed to  
Mr. C. Mack by June 6, at 6 p. m.

Card of Thanks.  
Professor and Mrs. J. R. Suce desire  
specially to acknowledge with heartfelt  
thanks the sympathizing attentions shown  
to them and the dear departed on occa-  
sion of the sickness and death of their  
daughter Lottie. The scholars of her  
grades, in the third and fourth ward  
schools, and the juvenile Temperance  
Society, and Youth's Endeavor Society, in  
which she was a member, by their loving  
interest, their beautiful floral tributes,  
and their presence at the funeral, have  
won the most grateful remembrance of  
the sorrowing family and many friends.

In Memoriam.  
A committee appointed by the Waahten-  
aw Lodge I. O. G. T., offer the following  
in remembrance of sister Lottie A. 3-ge,  
of the Juvenile Temple:  
"WHEBAS, God in His wisdom, has taken  
the life of our dear sister, our Brother  
Sage, and borne her to her eternal home;  
therefore,  
Resolved, that in hereafter we have lost one  
loved by us all, one whose pure, sweet, yet  
life gave promise of a noble Christian  
temple woman. But God knows best, he  
has called her to the Angel, and there to  
receive the reward of her faithful life,  
there to express our deepest heartfelt  
sympathy to her parents' ID time of their  
bereavement."  
This precious bud to mortals given,  
Was borne from earth to bloom in Heaven.  
TILLIE WINSLOW,  
A. C. RICHARDS.

REAL ESTATE FOR SALE or RENT.  
Houses and lots valued from \$100 to  
\$10,000, for sale or rent. In the city and  
in the suburbs. For terms, call on the  
agent, or write to twenty acres-14 in the city.  
Houses rented on reasonable terms in  
central localities. If terms exchanged for  
property, inquire of J. T. A. Sessions, At-  
torney and Real Estate Agent, Office over  
Express Office, Main St., Ann Arbor.

Grand Procession of Children!

A gathering and procession of all the  
children of the city will take place on  
Saturday, June 10th. The children of  
each ward and parochial school will meet  
at their respective school buildings,  
march with music through the principal  
streets to some central point and thence  
to the University Hall. In the hall one  
or two Ehort speeches will be made and  
songs appropriate to the occasion will be  
rendered by all the children in concert.  
The lines will then retire to the campus  
and break ranks for a romp. A grand  
and profitable day for the children is  
anticipated. A number of our educa-  
tional and business men are identified  
with the movement and no pains will be  
spared to make the experiment a success.  
The hearty co-operation of all citizens is  
looked for, both in attending the exer-  
cises and aiding what few items of ex-  
pense must be necessarily incurred for  
music, etc. More particulars next week.

Irrigating a Fruit Farm.

The following account of the fruit  
farm of Prof. E. Baur of this township,  
is taken from the Dexter Leader:

"We last week visited the fruit farm  
of Emil Baur, near Ann Arbor, and were  
very much pleased at the layout of his  
grounds, the fine fruit trees, and espe-  
cially his arrangements for watering his

Dauiel Rides Behind.

"Daniel," remarked the President, as  
the fragrance of the flowers, which were  
in through He wide widowson the silver  
floods of sunlight, and the sweet May air  
brought the rose flush of youth to his  
cheeks, and the glad sparkle in his eyes—  
"Daniel!"  
"Yes, sir," responded Daniel, cheerily.  
"Will you order out one of my good  
steeds?"  
"With a saddle, sire?"  
"With a side-saddle, Daniel?" ex-  
claimed the President, merrily (raising  
down upon himself, "Do I look like a  
side saddle, Daniel?"  
"Is the steed for yourself, sire?" and  
Daniel was all in a tremble.  
"Yes, Daniel."  
"But you, you are unaccustomed to  
"the exercise," expostulated Daniel. "You  
have not ridden in years."  
"Go to, Daniel. Go to. You forget  
that I have been riding the Democrat  
partly since 1854, and Daniel, there is not  
a rougher, more unruly steed than ever  
clanged an iron hoof upon the bosom of  
the tender earth that I want to ride  
a little ere the summer circuit. Go  
fetch the steed, Daniel, and see the mas-  
ter ride."  
"True, sire," said Daniel. "I had quite  
forgot, and when you ride the steed, I  
will get behind as I have been behind  
before?"  
"Ay, Daniel, ay," and Daniel hurried  
forth and brought the steed.—Washing-

# Constipation

Demands prompt treatment. The results of neglect may be serious. Avoid all harsh and drastic purgatives, the tendency of which is to weaken the bowels. The best remedy is Ayer's Pills. Being purely vegetable, their action is prompt and their effect always beneficial. They are an admirable Liver and After-dinner pill, and everywhere endorsed by the press.

Ayer's Pills are highly and universally spoken of by the people about here. I make daily use of them in my practice.—Dr. I. E. Fowler, Bridgeport, Conn.

"I can recommend Ayer's Pills above all other pills, having found them to be a cathartic for myself and family."—J. T. Hess, Leithville, Pa.

"For several years Ayer's Pills have been used in my family. We find them an

Effective Remedy for constipation and indigestion, and never without them in the house."

Moses Greiner, Lowell, Mass. "I have used Ayer's Pills, for liver troubles and indigestion, during many years, and have always found them prompt and efficient in their action."

I. V. Smith, Pittsboro, N. C. "I suffered from constipation which assumed such an obstinate form that I feared it would cause a stoppage of the bowels. Two boxes of Ayer's Pills effected a complete cure."—D. L. Burke, Saso, Me.

"I have used Ayer's Pills for the past thirty years and consider them an invaluable family medicine. I know of no better remedy for liver troubles, and have always found them a prompt cure for dyspepsia."—James Quinn, Jr., Middle St., Hartford, Conn.

"Having been troubled with constiveness, which seems inevitable with periods of sedentary habits, I have tried Ayer's Pills, hoping for relief. I am glad to say that they have served me better than any other medicine I have arrived at this conclusion only after a faithful trial of their merits."—Samuel T. Jones, Oak St., Boston, Mass.

# Summary of the Week.

**CONGRESSIONAL.** The bill to establish a Department of Labor was passed in the Senate by a vote of 74 to 16. The Finance Committee had an adverse report on the Fractional Currency bill, and would report on it by reducing the fee on postal notes for less than one cent to one cent. By a vote of 27 to 17 it was decided not to consider the fisheries treaty in open session. In the House the session was occupied in discussing the Civil-Service bill.

In the Senate on the 23d some routine matters were disposed of after which the adjournment was taken that Senators might attend the funeral of the wife of Senator Sawyer. In the House the time was occupied in discussing the Post-office Appropriation bill, but no action was taken.

MR. STANWELL (Nev.) called up in the Senate on the 24th the joint resolution for a constitutional amendment reducing to a simple majority the vote necessary to override a Presidential veto, and spoke at length thereon. He said that the Government was now one-man power, and lamented the fact that the advice of Congress was not followed in the appointment of officeholders. In the House the bill for the admission of South Dakota into the Union was considered. The Senate on the 23d passed the bill for the admission of South Dakota into the Union.

The bill for the admission of South Dakota into the Union was considered. The Senate on the 23d passed the bill for the admission of South Dakota into the Union.
