THIS IS THE MAN

BENJAMIN HARRISON.

OF DESTINY!

The Grandson of his Grandfather Will Guide the Ship of State for Four Years!

GLORIOUS VICTORY!

The glad tidings of Harrison's election are flashing across the country and free trade has received a staggering blow it will not soon recover from. Michigan has gone back to her old-time majority and two or three Congressmen are gained by the defeat of Ford, Tarsney and Fisher. The next House of Congress is probably republican and it is thought New Jersey's next senator will not be from the ranks of the democracy.

The people have triumphed in this election over the entrenched power of the office holders who worked their positions to the utmost. The campaign in the main has been one of principles, not of abuse. The COURIER has made no use of unjust charges or unfair criticisms on the administration even when in numerous instances abundant opportunities offered themselves.

In one case only have we deemed it best to use harsh terms, that of Stearns, who at the outset forfeited the right to be treated as a gentleman by his scurrilous abuse of all differing from him. The verdict of the people of this district shows that our position is backed up by the heavy plurality they gave Capt. Allen and relegating Stearns to the shades of overwhelming defeat.

We believe it for the best interests of this country that Harrison and republican principles have prevailed. So we congratulate all our readers irrespective of party on the result.

Let the Rooster Crow!

FREE WOOL! FREE LUMBER! FREE SALT! REPUDIATED!

MICHIGAN SETS HARD ON BURT!

AND THE ENTIRE NATION SETS DOWN ON CLEVELAND'S FREE TRADE!

The People all take "Sugar in Their."

The very latest dispatches indicate the sure election of Harrison and Morton. They carry New York and Indiana, and President Cleveland himself concedes his defeat. It is a democratic W. term.

As we go to press 100 Days are being fired in front of the COURIER office in honor of the Great Victory.

Table with columns for candidates and counties, listing names like Allen, Stearns, and various counties.

VOTE OF WASHTEENAW COUNTY.

The total Vote on State officers in this county is as follows: Lieutenant-governor—Moran 5461; McDonald, 4569. Secretary of State—Moran, 5458; Osmond, 4578. State Treasurer—Norton, 5462; Malz, 4564. Auditor General—Breen, 5419; Aplin, 4585.

Teachers had odd ways of punishing pupils on these days, and one kind-hearted schoolmistress threatened to hang some of the little ones if they were mischievous, or did not keep still in their seats. I was naturally mischievous, and it was the hardest thing in the world for me to keep still. One day I incurred the penalty. I have no doubt her object was to frighten us into obedience, and save her the necessity of inflicting actual pain.

Harrison Goes to the White House

Michigan has made choice of the following congressmen: 1st. J. Logan Chipman, D. 2d. Edward P. Allen, R. 3d. James O'Donnell, R. 4th. Julius C. Barrows, R. 5th. Charles E. Belknap, R. 6th. Mark S. Brewer, R. 7th. Justin E. Whiting, D. 8th. Aaron T. Bliss, R. 9th. Byron M. Cutchener, R. 10th. S. O. Fisher, D. 11th. S. M. Stephenson, R.

Editor COURIER—Allow me to call your attention to the article in your last issue relating to my work in the High School. In the first place I have but one Class in Pol. Economy instead of two as stated that class numbers 24 pupils your article makes the two numbers 338 boys. In the second place there had been no vote taken on the subjects of Free Trade or Protection or Prohibition. We do not bring politics into our classes and we respect your statement and much obliged. Yours truly, B. E. Nichols.

Women Who Go to College.

Under the above title Arthur Gilman writes in the Century: "I have been told even in cultured, intellectual circles, that a young woman had better be in the kitchen or laundry than in the laboratory or class-room of a college. 'Women should be trained,' such persons say, 'to be wives and mothers. The finger of scorn has been lightly pointed at the mentally cultivated mothers and daughters who are unable to cook and sew, to mend and make a mince-pie or a plum-pudding. Such persons forget with surprising facility all the cases of women who neglect the kitchen to the detriment of the love sick sentimentality to which they have been trained; who think too much of possible matrimonial chances to endanger them by scrubbing, or by giving ground for the suspicion that they outgave any other faculty than the power to apostrophize the moonlight and to long for a lover. They do not care to remember that it is the influence of ignorance or sentiment, to cultivate a fondness for 'gush,' than to dry up the sensibility to remember that it is going to extremes. The mass of men choose the golden mean, and we may trust extravagance in the pursuit of learning. We may and ought to be her every day, and I believe that the women shall be taught and the subjects that they shall study are of minor importance at the moment, and time will settle them in a natural way. The great desideratum is that they be given the collegiate education when they need it, and that they be the judges of their own needs."

FROM THE PEOPLE.

GRAND RAPIDS, Mich., Nov. 1, '88. Editor COURIER—Referring to the reply of W. Stearns to my communication touching his "war record" I see no occasion to do more than brand this last as I have already done his first attack on Col. Brown and others, as utterly and maliciously false.
