Our City Schools. To the School Board of Ann Arbor: GENTLEMEN—I herewith present the following report of the city schools for the term commencing August 31, 1863, and ending December 4th:

Table with columns: SCHOOLS, No. Scholars, Per Cent of At, Average Attend. Rows include First Ward, Second Ward, Third & Fourth Wards, Fifth Ward, Grammar School, Boys' Department, High School, Ladies' Department, Young Men's Department.

The per cent of attendance in the above tables shows with what degree of regularity the scholars attended school while they were members, and the average attendance shows how many were present every day during the whole term.

The reason why the average number is so much less than the sum total, is not that the scholars are irregular in their attendance...

U. W. LAWTON. We hope that our readers in this city will give careful attention to the above report of the Superintendent of Schools...

The Sabbath School Convention is to convene at Dexter, on the evening of the 28th, instead of the 27th as published in our last issue.

The Atlantic for January brings articles from the pens of Longfellow, Lowell, Bryant, Holmes, Agassiz, Hazewell, Hillard, J. Quincy, George E. Ellis, Mrs. Stowe, Harriet E. Prescott, Gail Hamilton, and the "Author of Margaret Howth."
