"GIVE US A CALL."
BY ELLA WHEELER.

(Suggested by seeing these words in a saloon advertisement in a family paper.)

Give us a call, we keep good beer,
Wine, and brandy, and Whisky here;
Our doors are open to boys and men,
And even to women, now and then.
We sell you the best of our bottled ales,
We sell you the best of our bottled ales,
We sell you the best of our bottled ales,
We sell you the best of our bottled ales.

As James took it in all at once, he greatly wondered at the frugal yet comfortable way of living. How his wife had been able to make the small amount of money last so long was a mystery to him, and yet he could not help wishing inwardly that she had been more economical; then, perhaps, the rent might have been paid, and he felt that it would be better to have subsisted on one crust of bread rather than to be turned out of doors, homeless.

From Blackwood's Magazine.
GERTY'S NECKLACE.
A Gerty skirt from baby to girl,
Year after year it slowly grew;
But every birthday gave her two,
And this completes the rotation,
And now her necklace glimmers there.

There prevails all over Russia a whimsical mode of perpetrating the sounder of the roof. The better wood fences nor stone walls, hedges nor trenches in all the vast country. The land lies open. Hardened men must always attend the cattle, and swine, and the sheep, and the chickens, to prevent their damaging the crops and straying from home. Artificial mounds of earth define the limits of land. Upon these mounds, whenever land is to be sold or a division takes place, a new survey is made. Just as possible, however, the second was the weightier reason, although it has a flavor of the policy of Brigham Young.

WOMAN SUFFRAGE IN WYOMING.
Correspondence of the New York Tribune.
CHEYENNE, Dec. 12.—In view of the effort just made by the Legislature of the Territory to repeal the Woman Suffrage Act, which failed on its final passage over the veto of the Governor in the Council, a review of the practical workings of this institution in our Territory for the past two years will be of interest at this time to an Eastern public, whose knowledge of Woman Suffrage is entirely one of theory.

BUSINESS DIRECTORY.

at the primary called to nominate delegates to the Territorial Convention for the nomination of delegates to Congress in 1870. This was held at McDaniel's Theater in Cheyenne. The United States Marshal and one of the Territorial Judges were candidates for the nomination of the Republican party. Partisan spirit, engendered by personal hatred, ran wild, and nearly every male voter in the city had his own quarrel between the rival candidates and their friends. The result of this primary virtually decided the Territorial election, and every effort was made by both parties to secure the delegation. The Democrats had not made their nomination, and used the most active exertion to secure the Marshal's nomination, as he was the weaker of the Republican candidates. The Democrats consequently promised the Marshal their support at the polls, and that they would vote for a candidate if he secured the Republican nomination. By virtue of this promise, the Democrats headed by the Marshal and his friends, prepared to fill the hall at an early hour of the morning. The Democrats, the Judge's friends, anticipating this strategy, counted noses and found they would be in the minority should they be unable to include Democratic voters, and every effort was made by both parties to secure the delegation. The Democrats had not made their nomination, and used the most active exertion to secure the Marshal's nomination, as he was the weaker of the Republican candidates. The Democrats consequently promised the Marshal their support at the polls, and that they would vote for a candidate if he secured the Republican nomination. By virtue of this promise, the Democrats headed by the Marshal and his friends, prepared to fill the hall at an early hour of the morning. ANN ARBOR.
FRIDAY MORNING, FEB. 2, 1872.

Local and Other Briefs.
—Old Bill is soon to give a concert in Ann Arbor.
—Planches are reported killed in this vicinity by the Deer river snip.
—Wool and coal dealers find their business in other people's hands—just now.
—Now is the winter of our discontent—made endurable by a rousing fire.
—The Jackson Citizen reports 25 Jackson county boys in the several departments of the University.
—Jack Frost has again been making a raid on Mercury, fanning him down to nothing and below.
—Throw no more ashes in the streets; that's what the city ordinance and the police unite in saying.
—Collector GOYLE has advertised certain property of the Rock Island Watch Company for sale, for non-payment of taxes.
—An excellent crop of loaves, or a crop of excellent loaves—take your choice—is being prepared. Which will undoubtedly enhance the value of your loaf next summer.
—A fine entertainment is promised our citizens next Friday evening at the Opera House, a concert by the Detroit Choral Union, the programme including the ever popular May Queen.
—G. W. SEAVEY, who graduated at the University, class of 1871, is one of the authors and publishers of the North Verillion Chronicle, published at Hoopes town, Ill., a new journal.
—A French Dramatic entertainment will be given in the Union School chapel, on Saturday evening, February 10th, commencing at half-past seven o'clock. Admission 25 cents. Tickets at the door.
—A new Democratic paper is threatened because the Argus chooses to hold and express opinions of its own upon moral and social questions. Well, somebody besides yourself will have the bills to pay. That's all just now.
—We notice by the County Superintendent's report, published last week, that the average monthly wages paid male teachers in the Union Schools of the county, is \$17.44, while the females are paid but \$13.47 for the same length of time. Isn't the difference too great?
—That well-known troupe, the Peak Family, Swiss Bell Ringers, are to give an entertainment in the M. E. Church on Friday evening, for the benefit of the Ladies' Benevolent Society. A more worthy object could not be found, and we hope that the Society will not get a good amount.
—Last Friday night a man having climbed a little too much "forty foot light," or some other equally bad apple, in a three-penny dogcart on North Main Street, endeavored to walk out of doors, but losing his balance he fell through the window in the door, cutting his face and neck severely.
—The dwelling house of JAMES LINDON, at Highwater, was burned at 3 o'clock A. M. on Tuesday last—a cold morning to be turned out of doors. The fire originated, it is supposed, from a defective fire in the room over the kitchen. But little furniture was saved. Insured in Washtenaw Mutual for \$1,200. Total loss not known.
—Several suits brought against Reverend WENSTON, to recover moneys paid him under the license ordinance, have been tried by Justice TAYLOR without the aid of a jury, and verdicts rendered for the plaintiffs. The city appealed, and the constitutional points are en route for the Supreme Court, despite the potent writ of *habeas corpus*.
—The Rock Island Watch Company has commenced a suit against the Mozart Watch Company of this city, in the United States Court at Detroit. A recision of contract is granted, for alleged fraud in sale; also an injunction restraining the defendants from proceedings to collect notes made in payment of patents, machinery, etc. The case is set down for Tuesday next.
—The small pox excitement has nearly subsided. In fact we can not hear that there has been a single case of genuine small pox in our city, though a case or two of varioloid are reported. As small pox can be spread from varicoid it is well to resort to general vaccination. The School Board has ordered that all scholars be vaccinated, unless successful vaccination has been recent.

The New City Ordinances.
At the last meeting of the Common Council two new ordinances were passed: one relating to licensing billiard tables, saloons, etc., and another to prevent the violation of the Sabbath—or in other words, to prevent the opening of saloons and the sale of liquors upon that day.

THE LICENSE ORDINANCE.
The main provisions of the license ordinance are:
Sec. 1.—Provides that no person shall keep a billiard table, victualing house, saloon, or other house or place for furnishing meals, food, or drink, within the limits of the city, without first obtaining a license.
Sec. 2.—Defines a billiard table keeper.
Sec. 3.—Authorizes the Recorder to issue a license in the name of the Common Council, to all billiard table keepers, upon the payment to the City Treasurer of \$5 per quarter, each keeper to issue a bond to the Mayor, Recorder and Aldermen, in the sum of \$100, with two sureties who shall justify in the sum of \$500 each, for the faithful observance of the charter and ordinances of the city.
Sec. 4.—Authorizes the Recorder, in like manner, to issue a license to any person or persons to keep a victualing house, saloon, or other house or place for furnishing meals, food or drink, on the payment of \$25 per quarter, and the execution of a bond of \$200, with two sureties of \$1,000 each.
Sec. 5.—Provides that no person so licensed shall permit any gaming for moneys or other value on any table kept by him, or allow any drunkenness, fighting, or other disorderly conduct, or keep any such establishment open, or permit any playing on such tables upon the Sabbath, or after the hour of 11 o'clock P. M., or before 4 o'clock A. M. of any day, or permit any minor or student to play after they have been notified by the parent, guardian, or teacher of the school or institution at which such student attends not to permit such playing. It also requires the saloon keepers to close at the hour above named.
Sec. 6.—Imposes a fine not to exceed \$100, or imprisonment not to exceed 90 days, for the violation of any of the requirements.
Sec. 7.—Repeals "An Ordinance relative to billiard tables, saloons, etc., and all ordinances amendatory thereof."
Sec. 8.—States that it shall take effect fifteen days after its first publication.

THE SUNDAY ORDINANCE.
In the ordinance to prevent the violation of the Sabbath, the following are the main provisions:

Sec. 1.—Ordains that no person shall keep open, or permit to be kept open his or her store, ordinary, saloon, bar-room, beer-hall, restaurant, pleasure garden, victualing house, billiard saloon, ball alley, grocery, barber shop or other place of business, pleasure or amusement, or give or make or be present at or take part in any public diversion, show, theatrical representation, ball, dance, game of play, or the Sabbath. The section not to be construed to prevent druggists from furnishing medicines, nor to prevent the furnishing of meals and lodgings to travelers and boarders; but not authorizing the furnishing of intoxicating liquors to any person.
Sec. 2.—Provides for the imposition of a fine of not less than \$10 or exceeding \$100, or imprisonment not exceeding 90 days, for every violation of the provisions.
Sec. 3.—Repeals a former ordinance for the preservation of order and quiet in the city of Ann Arbor; the repeal not to effect any proceedings which have been taken under it.
Sec. 4.—Provides for the immediate enforcement of the ordinance.
The city authorities think that they have two ordinances which are "iron-clad," and will withstand all the "ring's" batteries. And for the good of the community we hope their opinions are correct ones.

Prof. WINCHELL has been recently making some lecture engagements in the East, and as usual is warmly welcomed and his lectures commended in no sparing terms. We copy from a recent number of the Lynn (Mass.) Daily Reporter:
SCIENCE AND THE BIBLE.—A large audience assembled last Sunday evening in the First Methodist Church, to listen to a discourse from Dr. A. Winchell, of the Michigan State University, upon the Mosaic and geologic histories of creation. Dr. Winchell is well known among scientific men as a geologist, and he is also, as was shown in his discourse, a student of the Mosaic, and an earnest and devout believer in the truth and inspiration of the Scriptures. Like Robinson, he expounded the first chapter of Genesis as a hymn of creation, written in poetic prose, but, unlike him, he held that there is a perfect parallelism between the six days of the narrative and six well marked epochs in the geologic history. Prof. Winchell adopts, like Dana, the nebular hypothesis of Kant and Laplace, and finds the primal "fire-mist" in the "light"—that is, flame—that was created. He traces the successive stages of the cosmic evolution, briefly but clearly, showing that on the third day, or epoch, the lowest forms of vegetable life began, quickened by the light and heat from the sun, not visible yet from this planet, but shedding a twilight glow over the earth, through the cloud veil of heavy vapors which yet encompassed it. On the fourth creative day ("made") he sets in the terrestrial firmament by dispersing these vapors, so that the present order of day and night began. The professor showed that the most recent discoveries of geology and astronomy (for instance the investigations in the Laurentian strata) made the Mosaic narrative appear more precise and truthful than ever before. Incidentally he dissected from the popular theory of the conservation of force, showing that there has been a steady wasting of force into the celestial voids from the beginning. Prof. Winchell's learning, great scientific enthusiasm, and earnest religious faith, united with a vivid imagination and great facility of expression, have made him a popular lecturer upon this and kindred themes in the West and Northwest, and we heartily wish that he were better known in the East. He is a rising man, from whom science and the Christian church has yet much to hope.

The Kalamazoo Telegraph makes our general friend C. K. BACKUS, of the Detroit Tribune, the subject of the following justly complimentary paragraph:
The election of Charles K. Backus, Esq., Editor of the Detroit Tribune, to the Presidency of the Detroit Board of Education is a high compliment to that gentleman and a wise selection. Mr. Backus, though one of the youngest journalists of our metropolitan press, is one of the most capable and versatile. As an editorial writer and newspaper editor he has no superior in Michigan. In the Spring of 1869 he was made Managing Editor of the Tribune, and discharged the duties of that responsible post with enterprising efficiency and complete success. Upon the resignation of Mr. Conover last summer Mr. Backus became Editor in Chief, and in that position he has shown additional proofs of his journalistic talent and address to his country in his reports in newspapers etc. A finished scholar himself and an earnest friend of education, he has for the past four years as an influential member of the Board of Education devoted much attention to the details of the school system of Detroit, and is thoroughly qualified for the honorable place to which his fellow members on the Board have chosen him.

It gives us pleasure to note signs of enterprise and prosperity wherever found, and the forward step just taken by the Chicago Railway Review deserves more than a passing notice. It comes to us in quarto form, greatly enlarged and improved in arrangement. The new heading is a view of the future Chicago, neatly engraved, and in typographical appearance the journal will stand A. No. 1, being very neat and tasty. Its contents are such as would not fail to interest those interested in railroads, navigation, finance, or the productive industries. The name of A. S. HIGGINS will hereafter be associated with that of D. C. BROWN in its publication; Mr. Brown still retaining the editorial chair, while the new partner takes the general business. May the Review meet with the success it so richly deserves.

The January number of the *Printers' Circular* comes to hand, and is a model of neatness and good workmanship. Its table of contents will not fail to interest printers and publishers. Subscription price, \$1.00 per year. R. S. MEXAMER, Editor and Publisher, 517 and 519 Minor St., New York.

The *Typographic Messenger*, published by JAMES CONNER'S SONS, New York City quarterly, comes to us with an October date—but none the less acceptable for that. It has a list of all the printing offices burned out in Chicago at the great fire, and much other matter of interest to the "craft." \$1.00 per year.

A Typographical Union was organized in this city, on Tuesday evening, January 23d, when the following officers were elected:
President—FRANK BYRKT.
Vice President—Rob't. G. McCracken.
Recording and Corresponding Secretary—John Harris, Jr.
Financial Secretary—Frank Campbell.
Treasurer—Robert Shannon.
Sergeant-at-Arms—Dane B. Dunn.
Business Committee—Frank Byrkt, John Harris, Jr., and Robert Shannon.

From the publishers we have received the *Usual Almanac for 1872*, containing the usual astronomical calculations, and a table of political and statistical contents which every politician and business man will find very valuable. Price, 20 cents. Address, "The Tribune," New York City.

"Woman as a Rough" is the heading of an article in an exchange, commenting on the recent charge made upon the Senate Judiciary Committee by the woman-suffragers. "Man's Hooker," Stanton, Anthony, Woodhull & Co. be permitted to eclipse "the gallant 60" without being maligned thusly?

The sheriff broke up a baptism on the bank of Lake Erie, saying that the water was too cold, and that if the minister persisted he would prosecute him for murder.

The February Magazines.
The February number of the *Eclectic* has a fine steel portrait of Lord Lisgar, Governor General of Canada, and a table of contents containing its usual amount of foreign literature. The following are the papers: Church and State in Italy; Samuel Taylor Coleridge; A Persian Passion Play; The Last Tournament; A morning in the Tulleries; The Kemble, Part I.—Mrs. Siddons; Hawthorne's Italian Note-Books; The Voyage and Loss of the "Megera"; Gerty's Necklace, poem; The Arts in Captivity; A Frenchman's Voyage round the World in 136 days; Forster's Life of Dickens; Paper Making in Japan; "Come" a poem; Lord Lisgar; Literary Notices; Foreign Literary Notes; Science; Art; and Varieties. \$5 a year. Address, E. R. Peizton, Publisher, 108 Fulton Street, Boston.

The *Ladies Repository*, for February, has a landscape engraving entitled "The Evening Place," which is such a beauty that any one would be perfectly excusable for going into raptures over it, and using all the adjectives of delight which may come within their vocabulary. There is also a fine steel portrait of Victoria, Crown Princess of Germany. The reading matter in this magazine is always pure gold, and will tend to elevate and enlighten every household whose good fortune it is to have it. Among the articles in the current number are: Luther in Captivity; A Trip to Cheops; Mrs. Kenyon's Neighbors; An Old Story; The Tides; Ye Legend of Roseres; The Sea-Shore Hermit; John Bunyan—Number 1; besides numerous other readable and interesting articles. Address, FERRYBROOK & WALKER, Cincinnati, Ohio. \$3.50 a year.

From the same we have the *Golden Hours*, a magazine devoted to the instruction and entertainment of our boys and girls, which mission it performs, and performs it well. "The Little Folks at Work" is the subject of the frontispiece, and the table of contents is one which, while it furnishes instruction, combines with it entertainment, making it a favorite. \$3 per year. Address as above.

The February number of the *Herald of Health* contains: Thoughts upon the Cause and Cure of Pulmonary Consumption, in 1800, by Benjamin Rush, M. D.; Soul and Body, by Rev. Charles H. Brigham, denying that the latter is to be regarded as mere partner, dwelling-place, garment, servant or enemy of the soul, as many have considered it, or that either can be cured for separately; Husbands and Wives; The Cause of Scarlet Fever; Our Crimes against Crimes; The Lesson of a Royal Sick-Bed, etc. \$1.25 a year. Wood & Holzmann, New York, Publishers.

CITY DIRECTORY.—We are pleased to learn that the new City Directory which has been canvassed for by Messrs. Cole & Keating is being patronized by our business men and citizens generally; and that we may soon look for its appearance among us. We wish the compilers every success in this public enterprise.

"HOW TO GO WEST."
Forty years ago, Illinois was as far West as most people wished to go, and journeys were made in the legendary "Prairie Schooner," but in these days of Progress and Improvement, the word West has come to mean Iowa, Nebraska, California, and the Territories, and the traveler reaches almost any point therein by a splendid line of Railroad.

This line of Railroad is the Burlington Route, which starts from Chicago by the Chicago, Burlington & Quincy Railroad, and running through Burlington, reaches Omaha, Lincoln, Nebraska City, St. Joseph, Atchison, Leavenworth and Kansas City, connecting with the Union Pacific, Kansas Pacific, and other railroads running from those cities.

People going to Iowa, Nebraska, Kansas, California or any point in the Territories, will study their own interests by going "By way of Burlington," for the rates of that line are always as low as any other, and it is the best route in the West, therefore you are more sure of your safety and comfort.

The Burlington Route has admirably answered the question "How to go West?" by the publication of an excellent Pamphlet, containing a large, detailed map of the Great West, and much interesting information which can be obtained, free of charge, by addressing General Passenger Agent, R. M. R. R., Burlington, Iowa.

COMMERCIAL.
NEW YORK, Jan. 30.

The dry goods market excites increased interest from day to day. Prices are steadily advancing, and a strong operative feeling is abroad. Desirable seasons fabrics are moving rather freely southward, but northern buyers are acting cautiously. Cotton has advanced to 27 1/2, which, of course, affects the prices of goods. It is an easy matter, however, for a dozen or two of jobs to put up a margin of 45 cents on cotton; if their united effort will raise the price 1/2 cent lb., each one's stock of dry goods will be sure to appreciate that much in value as a consequence. There is no question but that sufficient cottons and woolsens made or to be made in the country, for all legitimate purposes until new crops of cotton and wool come in, and if speculators could only be discouraged in their nefarious efforts, good prices would prevail. There is talk of further advances in hardware. Provisions have been strong, but they close weak; new mess pork, 14.50@14.62 1/2. Lard is active at 9 1/2@9 3/4. Dressed hogs 66@68. Flour is very dull. Wheat also dull; amber winter 1.69@1.70; white do. 1.67@1.75. Corn 73@74. Oats 53@55 1/2. Gold steady, touched 110; to-day closed at 109 1/2. Money, 100 days, 5/8 per cent; on call, 3/4 per cent.

DEMONY, Jan. 31.

Business continues very quiet, which, however, is no more than might be expected at this time of year. Values are generally steady. Hardware, in all its departments, is firm. Tin is 25c per box higher. Dry goods have been marked up all around. Lined silks are 25c up, and turpentine promises to go still higher. Foreign drugs, like gold, are on the outside margin. Essential oils, pomades, etc., are easier. A large importation of this class of goods was made by Farrand, Williams & Co. last week, as an initial movement, and has been encouraged by dealers. Balm is in some inquiry, but not much in demand. Lumber is held very firm. In produce there is a minimum trade. Wheat is a little firmer as usual at the end of the month, when the settlement of operations is in order. The prospect for the succeeding thirty days is not encouraging. This afternoon the market opened firm but closed weak, as follows: Extra, 1.56@1.56 1/2; No. 1 white, 1.41; Treadwell, 1.40; amber, 1.44. Corn is dull at 71 at the upper elevator, and 71 1/2 at the lower one. No. 1 State oats are offered at 41; No. 1 western selling at 40. Barley is steady at 1.60 per cent for No. 1. Rye is neglected. Apples dull at 1.25@1.30 per bushel. Beans offered freely at 2.62@3.10. Butter is dull and unchanged; fresh butter, 18@18 1/2; cream and fresh 9 1/2. Clover seed in demand at 6.25. Dressed hogs are so scarce that nothing is doing; packers offer 6.25 and shippers 6.50. Live hogs firm at 4.00@4.25. Sheep full at 4.80@5.25 per pair to a prime. Cattle quiet at 2.40 for well fed. Eggs are a little more steady, owing to the cold weather, sales at 28@30. Onions dull at 50c per bu. Potatoes are slow sale, potatoes, 30@35. Tallow, 7 1/2. Money plenty at per cent.

ANN ARBOR, THURSDAY, Feb. 1.

APPLES—50c per bu., with little doing.
BEAN—Brings 7 1/2c.
BUTTER—Prices are declining, 18@20c being paid.
CUCUMBER—Prices have declined to 50c per bu.
DRESS—41-45 per bu. is paid for good quality.
CORN—Brings 66@68c per bu.
CHECKS—Dressed 80c.
EGGS—Are very scarce, and command most any price not asked, from 25c upwards.
HAY—\$18@19 per ton, according to quality.
HONEY—In cap, 18@20c.
LARD—The market stands at 9 1/2c.
MONEY—In cap, 18@20c.
POTATOES—Are some lower, 7 1/2c. being the paying price.
TALLOW—In dressed hogs the market remains quite firm at 7 1/2c.
WHEAT—The market is not very active. White we quote at 1.35@1.45, and red at 1.32@1.38.

THE RUSH STILL CONTINUES
AT
THE NEW MILLINERY STORE!
Where Everything is Going Strictly at New York Cost.

As I am determined to make an extensive alteration in my business by the 1st of March I am very desirous of clearing out my entire stock before that time.

All Winter Millinery to be cleared out, REGARDLESS OF PRICE. On Monday Jan. 22nd, I will upon sale my remaining stock of Parasols which will be offered below New York Cost. Also a fine lot of Lace Shawls, which will be offered at a sacrifice to close. French Corsets, 60c., warranted whalebone. Good Corsets for 25 cents. Thompson Glove-Fitting, Letter G. Brand, \$1.50.

Hose, from 10 cents a Pair, Upwards.

Towels, from 9 cents a piece, upwards.

Handkerchiefs, from 5 cents a piece, upwards.

Hoop Skirts, Wool Skirts, Towels, Napkins, Fans, Perfumery, Furs, Woolen Goods and White Goods, Woolen Yarns, Linens, and a great many other articles too numerous to mention.

H. COHEN, 47 South Main Street.

1358

VINEGAR BITTERS
PURELY VEGETABLE
FREE FROM ALCOHOL
DIETETIC
PURELY VEGETABLE
FREE FROM ALCOHOL
DIETETIC

They are not a vile Fancy Drink, made of Poor Wine, Whiskey, Proof Spirits and Refuse Liquors, distilled, aged and sweetened to please the taste called "Tonic," "Aperitif," "Restorative," etc., but are the Hygienic and the most valuable and reliable of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE. A perfect Restorative and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing, also, the special merit of acting as a powerful agent in relieving Constipation or Indigestion of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, in young or old, married or single, at the dawn of womanhood or at the term of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Lumbago of the Lungs, Pain in the Regions of the Back, and a hundred other painful symptoms, are the evidences of Dyspepsia.

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pustules, Boils, Carbuncles, Ringworm, Scald Head, Sore Eyes, Erythema, Itch, Scurf, Discolorations of the Skin, Humors and all the Skin, of whatever nature or origin, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in each case will convince the most incredulous of their curative powers.

Cleanses the Vitiated Blood wherever you find its impurities lurking, through the skin in Pimples, Eruptions or Sores; cleanses it when you find it obstructed and sluggish in the veins; cleanses it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Pile, Tape, and other Worms, lurking in the systems of so many thousands, are effectually destroyed and removed. Beware of cheaply imitations. The name is prominently displayed on the wrapper of each bottle. It is not upon the healthy elements of the blood, but upon the scales of filth which are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in each case will convince the most incredulous of their curative powers.

Wm. Wagner is now ready for the Fall Trade. Having received a Large Stock of FALL AND WINTER GOODS, INCLUDING CLOTHS, CASSIMERES, VESTINGS, &c. of the BEST STYLES and QUALITIES, WHICH HE WILL MANUFACTURE on terms to suit.
