Weather is Spring—at last, but not so warm as we had hoped for.
The Railroad Agent is actively getting the right of way through the city.
The subject of Rev. L. R. Fisk's dismission next Sunday evening will be "Prisoners in private and public life."

Col. Goodhue broke ground on his railroad contract at Milan yesterday, and will probably report a jubilee next week.
The sub-contractors for the first eight miles of the Toledo, Ann Arbor & North Branch Railroad are on hand ready to throw up the rails.
C. H. MILLEN, Treasurer of the T. A. C. & N. R. R., requests us to say that the annual meeting of the association will be on Monday next.

Rev. S. S. HORTON, Secretary of the Michigan Association for the West, will preach in the Unitarian Church on the 30th Sunday, morning and evening.
We noticed a flock of birds one day last week flying from tree to tree with an easy twitter, as though they lamented their banishment in leaving the "Sunny South."
Hon. JOHN N. INGERSOLL, of the Congress, was in our city a day or two ago, and dropped into our sanctum. He was exhibiting "Block Coal" and talking of the railroad.

The Junior Exhibition of the High School, on Friday evening last, was largely attended, and the several members of the school acquitted themselves with credit in their respective departments.
A. C. BISS is the "irregular" Republican candidate for Constable in the First Ward, and not CHAS. BRYAN, as we had been having a head pat on us.

The whole "North County" is arranged to come down upon Ann Arbor on Wednesday next, April 3d, to talk railroad matters and "light it out on that line." Mr. Stagnan Coruna, Owens, Flushing, Burton, Hartland, and we don't know how many other places promise to be represented. Well, let them come.
We had intended a leader on the local "Political Situation," but judging by the results of the caucuses on Wednesday evening we are not one of the individuals whose opinions will have any material influence in shaping the action of the Democratic convention to-morrow evening. We, therefore, omit our say, and trust to the better judgment of the delegates when convened.

We have only one other word to say in this connection. In 1862 the Democracy of this county and State were fore-led by Union movements, adopted Union tickets, and were not mined. In 1866 the Democracy of the State again accepted the same situation. The Democracy of "Chicago" or the better part—pursued the same course at their last charter election, and in N. Y., HON. THOMAS S. BRANT, SAM. J. TILDEN, CHAS. S. O'CONNOR and thousands of other leading Democrats did not think themselves bound by the whims of Tammany. We mean by this that no Democrat or no Republican should at the coming election consider himself bound to vote for any man just because he is a party candidate. Don't vote for an inopportune man or for a man engaged in making his neighbors interdependent, continual, persistent violators of law or not fit men to make or execute law, or for a man lacking respectability, good habits or thorough fitness for the duties which will devolve upon him, just because he has been nominated by the Democracy, by the Republicans, or by the "Citizens."

There will be candidates enough to select from. Vote conscientiously and for the best men and you will subscribe the best interests of our city as well as of the party to which you belong.
Both parties could have avoided complications and kept their organizations intact for a campaign involving great political issues, but that course not having been chosen, the responsibility rests upon each individual. With no party tickets in the field, nobody could have been branded as a bolter, but don't let the fear of the "bolter's brand" compel you to vote against your better judgment.

The members of the "saloon ring," the "cheer trade in whisky ring," the "Prohibition (against restraint) ring," the "anti-liquor Ordinance ring," or by whatever other name called, and of whatever political persuasion, have not hesitated to manipulate caucuses and construct ward tickets to suit their own notions, and will not hesitate next Monday to cut and carve regardless of party, as they have never hesitated to cut and carve in the interest of their coalition, and good citizens may for some follow their example.
We say these things in no factious or doctrinal spirit, but in full view of our long-continued convictions as a Democrat, our conviction as a citizen, and above all, our duty as a journalist. The latter compel us to speak when we would be silent, and speaking, we must speak what we think.

In what we have said we make no reflection upon the candidates to be nominated to-night. They may—and we hope will—be fit men in every respect, and well worthy to receive the vote of every Democrat in the city.
Unless your name is found on the registry list of the ward in which you reside on Monday next, you will lose your vote. Therefore, if you have moved into the city, changed your residence from one ward to another, been naturalized or become of age during the last year, see that your name is properly registered. This must be done on or before the 10th of 8 o'clock A. M., and 8 o'clock P. M., at the following places:
1st Ward—at Sorgh's Paint Shop.
2d "—at Eberbach & Co.'s Drug Store.
3d "—at the Sheriff's office in Court House.
4th "—at Fremen's Hall.
5th "—at the shop of Geo. H. Rhodes.
6th "—at McDonald's store.

Don't depend upon any one else, but attend to it yourself.
The Free Press says that a double track of steel rails is to be laid on the Central road between Detroit and Ypsilanti and between Niles and Lake Station the present season; and that within sixty days the track will be all steel between Detroit and Ypsilanti.

Democratic Nominations.
Democratic ward caucuses were held on Wednesday evening, pursuant to call, candidates nominated for Aldermen and Constables, delegates elected to the City Convention, to be held this evening, and Ward Committees appointed.
The candidates nominated are:
For Aldermen—
1st Ward—Martin Clark.
2d "—George F. Lutz.
3d "—John B. Dow.
4th "—John Clancy for full term; John George Miller for vacancy.
5th Ward—no nomination.
6th "—no nomination.
For Constables—
1st Ward—Emilus M. Richardson.
2d "—Thomas F. Leonard.
3d "—Thomas J. Hoakins.
4th "—John Laughlin.
5th "—no nomination.
6th "—no nomination.

Some of these candidates are good men and would make good officers; but truth compels us to say that some of them are nominations not fit to be made, and reflect no credit either upon the party at large or those who engineered the caucuses. Saying this much, the electors who know them are at liberty to "sort them out" each for himself.
The Ward Committees are:
1st Ward—A. Widenmann, J. J. Parshall, J. J. Robinson.
2d Ward—John N. Gott, Thomas F. Leonard, John G. Grossman.
3d Ward—Henry Paul, Luke Coyle, Benj. F. Watts.
4th Ward—L. R. Sawson, John Eisale, Peter Carey.
5th Ward—Martin Seabolt, Frank Ortman, S. Owen.
6th Ward—Theodore F. McDonald, H. P. Finley, Geo. H. Pond.

At the "irregular" Republican convention held on Thursday evening of last week, the following candidates for city and district officers were nominated:
For Mayor—RANSOM S. SMITH.
For Recorder—LEONARD GRUBNER.
For Justice of the Peace—FRANKLIN CATE for full term; JAMES DONOVAN for vacancy.
For Supervisors—
1st and 2d Wards—Conrad Krapf.
3d " 4th "—Alonso A. Gregory.
5th " 6th "—Robert P. Glazier.
For Collectors—
1st and 2d Wards—Charles B. Thompson.
3d and 4th Wards—George A. Gilbert.
5th " 6th "—Eli Manly.

The list of candidates for Aldermen and Constables—"irregular"—was published last week.
The Coruna American of the 21st inst. says: "We speak advisedly when we say that measures are now being taken to commence at once the construction of the East Saginaw and Ann Arbor Railroad, to connect with the Toledo road at the latter place—work to commence simultaneously north and south of Coruna. Gentlemen of capital are to enter into the work on Monday next, and not cease their labors until the road is an acknowledged fact and the cars running." That is the kind of talk our readers will be glad to hear.

The Democrats of the 3d and 4th Wards, thinking their district unfairly dealt by in the nomination of a Supervisor on the Citizens' Ticket, will make an extra effort to elect a Democrat. The Citizens' Committee should have regarded the politics of wards and districts a little more closely, and would have strengthened their ticket by doing so. The district named is entitled to a Democratic Supervisor, and we hope will elect a good one.

"HOW TO GO WEST."
Forty years ago, Illinois was as far West as most people wished to go, and journeys were made in the legendary "Prairie Schooner," but in these days of Progress and Improvement, the word West has come to mean Iowa, Nebraska, California, and the Territories, and the traveler reaches almost any point therein by a splendid Line of Railroad.
The Line of Railroad is the Burlington Route, which starts from Chicago by the Chicago, Burlington & Quincy Railroad, and, running through Burlington, reaches Omaha, Lincoln, Nebraska City, St. Joseph, Atchison, Leavenworth and Kansas City, connecting with the Union Pacific, Kansas Pacific, and other railroads running from those cities.
People going to Iowa, Nebraska, Kansas, California, or any point in the Territories, will study their own interests by going "By way of Burlington," for the rates of that line are always as low as any other, and it is the best route in the West, therefore you are more sure of your safety and comfort.
The Burlington Route has admirably answered the question "How to go West?" by the publication of an excellent Pamphlet, containing a large truthful map of the Great West, and much interesting information which can be obtained, free of charge, by addressing General Passenger Agent, B. & M. R. R., Burlington, Iowa.

DIED.
In Ann Arbor, March 29th, Mrs. SEVEL LAWRENCE, wife of Hon. EDWIN LAWRENCE, aged 53 years.
Mrs. SEVEL LAWRENCE was the daughter of JOHN and HANNA FURN, she was born January 28, 1825, at Somerville, Cayuga Co., N. Y. She came with her mother to this city in 1839, but spent considerable time afterward at Miss Upham's Seminary in Canandaigua. She was married to Judge LAWRENCE in November, 1843, and her wedding and her funeral were in the same room. She was the mother of MARY M. LAWRENCE and EDWIN B. LAWRENCE, who are deceased, and of JOHN F. LAWRENCE, now of this city. Her mother is still living, aged 82.
The death of such a rare woman as Mrs. LAWRENCE ought not to be left with a merely formal mention. Men and women of all sects and ranks and social circles consented in praising one whose love was so large, whose heart was so strong, whose tongue was so truthful, whose labors in every cause of charity and righteousness were so unselfish, so prompt and so constant. She was the light of her home, in her faithfulness as wife and mother and daughter and sister, and in her welcome to the many guests who were so glad to come when they could look upon her bright face and see her happy smile and hear her cheerful voice. In every kind of well-doing she was never weary. She loved her neighbor better than herself, and would sacrifice her own comfort to help any suffering from need. Her rule was the rule of honesty and charity. While she never tried to conceal her opinions, religious or social, she was not harsh or intolerant in expressing them, and allowed to all around her the liberty which she claimed and used. Her clear intellect was quick to see mistakes, and would have a reason for its belief; yet she made not much profession, but always showed her faith by her service. Her spirit was hopeful, and she looked for a better time to come, and for a nobler world. Her serene and happy death proved that she had not erred in choosing his way of truth and duty. Who will be more missed than she who practiced Christian work to be done? Who will be remembered more lovingly by the large company who had looked for her counsel and cheerful and inspiring aid? Who more sure of greeting from the angels who are in God's errands of mercy?

The April number of the Ladies' Repository is a little later than its cotemporaries, but none the less welcome. Its steel engravings are: "Lake Pepin, Mississippi River," and a portrait of Hon. Geo. T. Cobb, and besides these four articles have very fine wood illustrations—not hatchet cuts and daubs, "Make me to understand Thy Word," "A Ramble in Peru," "Gerard Mercator," "Luterworth Chuck and John Wickliffe." The table of contents covers the usual wide range, and includes many readable articles. \$3.50 a year. HIRCOCOCK & WALDEN, Cincinnati.
From the same we have the April Golden Hours, a capital number of a capital magazine, every page of which the girls and boys may and will read with avidity. \$2 a year. Address as above.
In the Young Folks for April our young folks and all other fortunate possessors of it find a host of good things. Trowbridge gives three more chapters of "A Chance for Himself," in which Jack Hazard gets deeper into trouble. Sarah Chester relates the trials of "Tommy the Peilder," Rev. R. D. Carter gives three more chapters of "Crucial Life," and the other contributors are in their best mood. \$2 a year. JAMES R. OSGOOD & Co., Boston.
Arthur's Lady's Magazine for April is a very readable number. "The Rich Heirs" and "Six in All" are continued, the lesser papers are attractive, while the several departments are full of matter for the home- or parents and children. \$2 a year. T. S. ARTHUR & SONS, Philadelphia.
From the same we have the April Children's Hour, each number of which, in story, verse and picture, is a gem for the little ones. \$1.25 a year. Address as above.
The April number of The Nursery is before us, with beautiful print, bright pictures, and stories and verses so told and fanned as to severely strain the buttons of little jackets and dresses. The Nursery ought to be in every family where there are little ones. \$1.50 a year. Childs, or Boston.

Coruna and the Railroad.
The following private letter from Coruna is not devoid of interest to the public at this time, and so we give it to our readers:
CORUNNA, March 23d, 1878.
E. B. POND, Dear Sir:
Mr. CUMMINS and some others here wanted me to write to you, as I have had previously written. There is much Railroad excitement here, but not of the kind of which the Ohio gentlemen spoke at the meeting in Ann Arbor, when there was but "a thimble full of substance and a hog's-head of wind." We have no CRAWFORD among us to blow. What our folks say they mean, and they will perform to the utmost of their ability. It is sincere, earnest labor they mean. We have had a committee appointed for several weeks, which was to visit Ann Arbor, to travel north from Ann Arbor to East Saginaw, by the way of Coruna, to see how the feeling was along said route, and how much it was possible to get subscribed. In order to get right down to the work which must be done to build the road south from here. The road north is a sure thing, and the great trouble will be to get sufficient subscription to grade and tie the road south of here.
They wish me to say to you that they are at work, and that they design to be in Ann Arbor at the meeting appointed for the 30th of April. They want the friends of this route south to understand that the Coruna people mean work, and have no idea of yielding anything in this enterprise; and that they are determined to fight all these side movements, gotten up for the purpose of tying up the people by getting subscriptions to other routes, thereby weakening and defeating this.
Mr. CUMMINS just informed me that he would ship a barrel of coal to E. W. MORGAN to exhibit in Ann Arbor at the meeting. I am told that the coal company are now shipping daily about 40 tons—some days more, and that it is impossible to fill orders. The demand is constantly increasing.
As to the great blow made by the Plushing people about their stone quarry, we have the same quality of stone here, which extends all over the coal fields and has furnished the base for most of our brick and many other buildings, and has been used to a considerable extent for thirty years, and if the owners of the land would quarry or allow others to quarry there would be more of this stone used. Those who have got out stone and used them have been trespassers. The time will come when the stone will be extensively used. I think I have said enough this time.
C. P.

29, 29! WHAT DOES IT MEAN!
This question has been asked many times lately and one of Eric's sons said, "It would take an educated man to tell that." But it means that E. COLEBY, who has for the last three years been a partner in a large wholesale house in Chicago and although the terrible fire of last fall has left that city in ruins, he still lives, and like BARNABY'S CROW, Never says die, but has opened a fine stock of new clean GROCERIES, at No. 29 SOUTH MAIN ST., between the fashionable Dry Goods Store of Hon. J. C. H. and the Mammoth Hardware Store of Lewis C. Hinton. I will say to citizens of Ann Arbor and surrounding country, that I will sell Groceries, Provisions, Crockery, Glass-ware, at a low figure for Cash or ready pay only. I always pay Cash Down for Goods, and must have pay for them when delivered. Do not ask me to treat you, even if you are worth a million. BUT I WILL SELL GOODS LOWER THAN ANY MAN CAN WHO TAKES CREDIT FOR PAY. All kinds of Produce taken in Exchange. Goods delivered in the City free of charge. Come in and examine my goods. I will SHOW YOU AROUND, with the greatest of pleasure, and if you do not buy, I promise you I will not look cross, specially inducements to Boarding Houses and Clubs. Look for the sign of the FARMERS' STORE, March 14th, 1878. 1865

COLEBY, who has for the last three years been a partner in a large wholesale house in Chicago and although the terrible fire of last fall has left that city in ruins, he still lives, and like BARNABY'S CROW, Never says die, but has opened a fine stock of new clean GROCERIES, at No. 29 SOUTH MAIN ST., between the fashionable Dry Goods Store of Hon. J. C. H. and the Mammoth Hardware Store of Lewis C. Hinton. I will say to citizens of Ann Arbor and surrounding country, that I will sell Groceries, Provisions, Crockery, Glass-ware, at a low figure for Cash or ready pay only.
