Falling to get liberal contributions from their radical friends the colored collectors "boned" the Democrats for two or three days, and thereby succeeded in raising money enough to pay a band for yesterday's performance.

In noticing the show of grapes made by Mr. STELLING, of Monroe, at the Ypsilanti Fair, we credited with him 19 varieties and said that no exhibitor at the County Fair had as many. Mr. C. H. WOODRUFF takes us to do for the statement, and says that he exhibited 29 varieties. We cheerfully give him the benefit of the correction.

"Old Probabilities" who now-a-days dictates the weather from his office at Washington, took mercy on the colored Republicans of this city who were unable to get money enough out of their white political bed fellows to secure the Opera House for their "State Mass Convention."

House for their "State Mass Convention," fixed them up a beautiful day, and made them independent of their ever sympathetic but always economical - of material - aid brethren. Words are cheaper and more plentiful than greenbacks.

JAMES T. FIELDS, of Boston, is to lecture before the S. L. A. this evening, in the M. E. Church. Mr. FIELDS is well known to the reading public as the late editor of the Atlantic Monthly, in which appeared his popular and readable sketches or reminiscences of HAWTHORNE, DICKENS and other deceased authors of note. His subject this evening is "Tennyson the Man and Poet," and we have no doubt that a rich treat is in store for the lecture-going public.

The M. E. Church was so crowded on Saturday evening last that many were unable to get in. We were among the tardy ones, and, therefore, cannot give even a brief synopsis of President ANGELL'S very entertaining lecture. In this connection let us suggest to the officers of the S. L. A. that if ushers would see that the seats near the platform are all well filled before chairs or benches are put in the aisles the seating capacity of the church would be largely increased. The pews will easily seat four and five each, and from two to four should not be allowed to spread unnecessarily unless they pay for extra accommodations.

We copy the following paragraph from the proceedings of the late meeting of the Michigan Synod: "Rev. Samuel W. Duffield, pastor of the church at Ann Arbor, gave an account of what he had accomplished there. When he came there, there were but few students of the University in attendance. Last Sunday evening fully one-third of the congregation were students. He proceeded at some length, giving the results of his work at that place.

"At the close of his remarks the Moderator called upon Rev. Mr. Northrop to lead in prayer for the Ann Arbor church and its pastor."

The Courier seeks to make capital against Mr. ROGERS, the Democratic candidate for Senator, on the score of his being comparatively a new resident of the county. If we recollect aright the Republicans made ORAFFO Senator before he had fairly attained a residence in the State, and then made him Governor to the exclusion of candidates born and bred in the State. Mr. ROGERS is a citizen and eligible. The only question is one of qualifications, and we can assure the electors of Washtenaw county that he is not lacking in that respect. The "old resident" dodge is in favor of the only argument which is used in behalf of CHILDS, and is not worth considering a moment. No Democrat should listen to such boah.

In the Supreme Court on Wednesday a decision was made in the case of the People ex rel. JOHN HEDGEMAN vs. Board of Registration of the First Ward of Detroit. The relator, JOHN HEDGEMAN, was refused registration by the Ward Board of Registration and applied for a mandamus. The record showed that the relator was born in Canada of colored parents who had been slaves, and who still reside in Canada. The court held that the parents were not recognized as citizens before they migrated from Virginia into Canada in 1834, that they were not citizens when the relator was born, were not made citizens by the fourteenth amendment, being non-residents, and that, therefore, the relator had acquired no right under the naturalization laws which make a child of an American citizen residing abroad also a citizen. The mandamus was, therefore, denied.

HOW TO GO WEST. This is an inquiry which every one should have readily answered before he starts on his journey and a little care taken in examination of Routes will in many cases save much trouble, time and money.

The C. B. & Q. R. R., running from Chicago through Galena to Burlington, has achieved a splendid reputation in the last two years as the leading Passenger Route to the west. At Burlington it connects with the great Burlington Route to the west, through Southern, Iowa, Nebraska, and Kansas, with close connections to California and the Territories; and passengers starting from Washtenaw County, on their way westward, cannot do better than to take the C. B. & Q. and Burlington Route.

This line has published a pamphlet called "How to go West," which contains much valuable information; a large correct map of the Great West, which can be obtained free of charge by addressing the General Passenger Agent B. & M. R. R. Burlington Iowa.

Deshler's Fever and Ague Pills. is a new remedy, but one that has stood the test of twenty years' use. They contain no mercury, arsenic, or quinine, and instead of reducing the system, strength and invigorate it and leave the patient in a healthy and sound condition. From a multitude of letters we insert the following:

"I take pleasure in bearing witness to the efficacy of Deshler's Fever and Ague Pills, having used them in my family with complete success for the last two years, and cheerfully recommend them to any one afflicted with Fever and Ague."

And this, be it remembered, is only One-Seventh of the Entire Exposition.
