A Fruit Garden. A correspondent wishes to have a list of varieties to plant an acre with fruit for the use of his family...

In order to obtain a succession, we will begin with the beginning of summer and name the strawberry first...

Next will come currants. A row across the garden; certainly fifty bushes will bear a large supply...

Raspberry. This comes at midsummer, and is one of the best and most wholesome of all fruits...

Blackberries. The Black-caps are most universally successful, and among them would mention the varieties...

Apples. The hardy American grapes begin to ripen in the Northern States about the first of autumn...

Plums ripen at the North through August and September. They should not be planted by any one who is not resolved...

For autumn apples, take Autumn Strawberry, Porter, Gravenstein, Fameuse and Twenty-Ounce...

This subject is an endless one, and we could go on and write a volume. We will only remark, in conclusion...

Rabbits and Mice Eating Trees. In answer to a correspondent who inquires as to the best methods...

Insurance Agency. Office in new block, North of Court House. Money collected and promptly paid over.

Real Estate. I have 35 acres of land 1/2 of a mile from the city limits...

The "Domestic". "Acc" writes the Country Gentleman as follows: All my horses have been attacked with the prevailing disease...

THE BRIGHT SIDE AND FAMILY CIRCLE. Will be published weekly in 1878, better and prettier than ever...
