

Collision at Sea—226 Lives Lost.

LONDON, Dec. 1.—The ship Trimountain, from New York, arrived at Cardiff early this morning, with intelligence of a dreadful disaster to the steamship Ville du Havre, which left New York on the morning of the 23d, the Ville du Havre came in collision with the British ship Loch Earn from London, on New York.

Among the passengers in the Ville du Havre are the following members of the late Evangelical Alliance, returning to their homes: Rev. Antonio Cossentino, of Spain; F. E. P. de Gouveia; and the Rev. N. Wess, Emile Cook and Mr. Lorrie of Paris. Alfred Burbanson, of the Belgian legation at Washington, was also a passenger.

The survivors of the Ville du Havre reached Bristol to-day. They were all saved by the boats of the Loch Earn and transferred to the Trimountain, which carried them to Cardiff. There is great excitement in London over the loss of the vessel.

The Ville du Havre was formerly the Napoleon Third. She was altered and enlarged last winter, and came here for the first time as the Ville du Havre on April 9, making the passage from New York in 23 days and 23 hours. With the exception of the Great Eastern, she was the largest steamer that ever entered this port. Her dimensions were 430 feet by 48 feet; her carrying capacity was 3,500 tons, weight and measurement. Her engines were fitted up with marine wainwrights of three varieties, her upholstery was in velvet, and her wood-work was carved in the most unique design. Her engines were compound, direct-acting, 320 horse power, made in England.

CONDITION OF THE LOCH EARN. LONDON, Dec. 1.—The Loch Earn was so badly damaged by the collision with the steamship Ville du Havre that the persons rescued by her from the wreck requested to be put on board the Trimountain. All were safely transferred, with the exception of three persons, who were too badly injured to be removed. After the collision the Loch Earn put about for Queenstown, at which port she was due about the 29th ult. Nothing has been heard of her.

Later.—The following additional particulars of the loss of the Ville du Havre have been gathered from the officers and passengers at Cardiff. The Ville du Havre experienced a thick fog on the 23d. At the time of the collision the weather was clear and little wind blowing, but there was a heavy sea. The captain had just retired, and the second officer was in charge. The lights on the steamer were all right. The Loch Earn struck the steamer amidship, and made a chasm 12 feet deep and from 15 to 20 feet wide. The exact position of the Ville du Havre at the time was latitude 47° 20' N. and longitude 12° 10' W. She had a full possession of the passengers. Five minutes after the collision the main and mizzen masts fell across two large boats which were filled with people and ready for launching. The boats were crushed to pieces and their occupants killed and injured. In the brief interval between the collision and sinking of the steamer, the crew were able to launch only a whale-boat and the captain's gig. The Loch Earn went a mile before stopping. She then got out four boats to pick up people struggling in the water. Meanwhile the whale-boat, under command of the second lieutenant, and the other boats were clinging to planks, spars, etc., and took them to the Loch Earn. She returned to the scene and rescued another boat from the Loch Earn. A total of 226 lives were lost. The bodies of the disaster until there was no hope of saving more lives. The cold was intense. Many of the survivors were immersed two hours, and were almost lifeless when rescued. The ship Trimountain, which left Cardiff at 7 A. M., six hours after the sinking of the steamer, and received the survivors as reported. The saved speak in the highest terms of the kindness of Captain Bristow, and of the crew of the Loch Earn. Later accounts make the date of the collision the 22d instead of the 23d ult. A vessel which arrived at Bristol reports speaking the Loch Earn with ten survivors of the Ville du Havre on board.

THE VIRGINIA IMBROGLIO. A Washington dispatch of the 29th ult., says: The negotiations between the United States and Spain, with regard to questions growing out of the capture of the Virginia, were brought to a conclusion to-day, Secretary Fish and Admiral Polo having agreed upon and signed a protocol, which the latter soon after telegraphed to his government. It can now be stated that the terms are substantially as follows: 1. Immediate delivery to the United States of the ship Virginia and all the surviving passengers and crew. 2. Salute to our flag on the 29th of December next, unless the meaning Spain shall satisfy the United States that the American flag was improperly borne on that vessel, and further that she had no right to the American flag or American colors in this case. The salute is to be conspicuously withdrawn and Spain is to formally disclaim any intentional indignity to the flag in the acts committed by Spain against the Virginia. 3. If it shall appear that the Virginia had no right to carry the American flag and papers the United States will institute proceedings against the vessel and surviving parties who have violated the laws of the United States, and Spain agrees to indemnify the United States against any of her authorities who may have violated either law or treaty stipulations.

4. The matter of reclamation for damages reserved for consideration. 5. In addition to the salute to our flag, stated positively that with the next day Secretary Fish and the Spanish Minister will determine the post at which the Virginia and all surviving passengers and crew shall be delivered to the United States. The words, "immediate release," as applicable to the delivering of the Virginia and the surviving passengers and crew implies, of course, a reasonable time for its execution, as some days must elapse before Havana and Santiago de Cuba can be reached. The agreement is regarded in official quarters as covering all the points of our original demands, though in a face of the matter it has been considered respectful and honorable to both countries. The fixing of the 29th of December as the time of saluting our flag is to allow the necessary opportunity to Spain to make any claim which she may improperly carry the American flag and American papers.

—Col. Bristow, of Ky., has been appointed Attorney-General, ex officio, until the death of the Chief-Justice.

Michigan Argus. ANN ARBOR. FRIDAY MORNING, DEC. 5, 1873.

ON TUESDAY the President nominated Attorney-General WILLIAMS to be Chief-Justice, thus settling a vexed question, but not very satisfactory to the country. In fact the nomination was coldly received by the Senate and laid over for the day, in face of the long-time practice of promptly confirming a Senator or ex-Senator without sending him to a committee. It is reported that GRANT preferred to appoint Associate-Justice MILLER, and intended to do so (to be taken with some grants of allowance), but yielded to "social pressure" which explains a sentence in a recent gossip-Washington letter to the New York Graphic, concerning "wives of public men." "Some women drive their husbands up to the breach of chastity, like a certain cabinet officer's wife, of whom it is currently said 'She is a very prominent candidate for the Chief-Justiceship.'"

Mr. WILLIAMS is a native of New York and about 50 years old. At the early age of 24 years he was elected to the District Judgeship in Iowa, and in 1853 was sent to Oregon by President PIERCE as Chief-Justice of that Territory. At the organization of the Republican party he withdrew from the Democracy, and was rewarded with an election to the Senate in 1864. At the expiration of his term he was retired to private life at the demand of his State, but was quartered upon the nation at large as Attorney-General, in accordance with a Republican rule,—to provide for all partisans repudiated by their constituents. His career of Attorney-General has not marked him as a great lawyer, but has furnished evidence that he is ready to interpret and construe both constitution and law in the interest of party.

—The appointment of Mr. WILLIAMS to be Chief-Justice is not a very overwhelming argument in favor of amending the Constitution of one State in the manner proposed by the Constitutional Convention.

THE President indorses the recommendation of the Postmaster-General for sundry amendments of the postal laws, among them one providing for or requiring "prepayment of postage on newspapers and other printed matter of the second class." The postal legislation will open the questions of free circulation in the country and free exchange of papers and periodicals. Now we do not propose to clamor in favor of any dead-heads, but we wish to warn Michigan members at least that they are watched, and that Michigan publishers protest earnestly against being slaughtered to gratify the spite of congressmen for the loss of the franking privilege, or in the interest of publishers in the large cities of the East or West. It is an outrage no better than robbery to tax a small country paper in Michigan the same postage for four to 10 miles that is levied upon a mammoth New York journal carried across the continent. In the new postal law let both distance and weight be considered in fixing rates, or there will be a day of reckoning when next congressmen are voted for.

PRESIDENT GRANT proposes and recommends two amendments to the Constitution: the first to authorize the veto of separate sections or provisions of bills, and to prohibit local laws, and the second to prohibit the passage of bills which are more radical amendment (radical in the direction of reform), and one absolutely necessary, would require every bill to have but a single object, and that to be expressed in its title.—The yeas and nays to be called on the final passage of every bill, and a majority vote of all the members elect required. This would kill the corrupt omnibus system of legislation, and stop absenteeism and minority legislation. The suggested twenty-four hours' limitation strikes us as desirable. The second proposed amendment, limiting legislation to an extra session of Congress to subjects named in the convening proclamation or presented by special message from time to time is a good one, and corresponds with most of the State Constitutions,—certainly with all the newer ones.

DISCUSSING the President's message, the Detroit Tribune is constrained to remark: "We notice with regard to the President endorses Mr. CRAWFORD's postal telegraph and postal savings banks schemes, the proposed National University 'job,' and the useless, quinquennial census project of Secretary DELANO, and he—to his shame be it—dubs a cost of white-wash over the rotten performances of the District of Columbia ring." The Tribune, while its hand was in, should have dissented from the various recommendations which look to quartering any number of plundering enterprises, canals, etc., upon the treasury for the benefit of "producers and consumers"—especially the consumers of the tribute money the government will have to levy on the hard-pressed tax-payers of the country.

ON Wednesday we gave our city readers the President's Message in a supplement, and to-day our country subscribers will get it in the same form. We have no time for a general review, but touch upon several of its recommendations in paragraphs. It is not a strong paper.

TWEED'S VISIT TO THE UTICA ASYLUM.—When William M. Tweed was in the height of his power he visited the Insane Asylum at Utica. His first request was to be shown to the quarters of a patient once noted as a local politician in New York. He found the man on the ground floor of a hospital, and in the arms of his old shrewdness and vigilance. Mind and body were utterly wrecked. Tweed glanced at the poor fellow for a moment, and then his face suddenly paled, and turning with swift steps he walked out through the nearest door, and so left the asylum. Nothing could induce him to return or continue his inspection. "I have seen enough," he said simply. "It shows what we may all come to, if we do not take care of ourselves." Now, when Tweed does the striped suit of the convict and takes his place with the outlaws in prison, many visitors in Sing Sing will be asked to be shown to the quarters of a patient once noted as a local politician in New York. Tweed glanced at the poor fellow for a moment, and then his face suddenly paled, and turning with swift steps he walked out through the nearest door, and so left the asylum. Nothing could induce him to return or continue his inspection. "I have seen enough," he said simply. "It shows what we may all come to, if we do not take care of ourselves." Now, when Tweed does the striped suit of the convict and takes his place with the outlaws in prison, many visitors in Sing Sing will be asked to be shown to the quarters of a patient once noted as a local politician in New York. He found the man on the ground floor of a hospital, and in the arms of his old shrewdness and vigilance. Mind and body were utterly wrecked. If you wish to have your Probate or other legal advertising done in the ARGUS, do not forget to ask the Judge of Probate and Circuit Court Commissioners to make their orders accordingly. A request will be granted.

TAX RECEIPTS. Township Treasurers can get Tax receipts at the Asses Office, at an hour's notice, with the name of the town printed in. Good paper, improved form, and bottom prices—for CASH.

Local Brevities.

CARDS. Circulars. Letter-Heads. Shipping Tags. Printed at the ARGUS office. In the best style and cheaply. Don't order elsewhere before calling. Satisfaction guaranteed in every respect. Make ready for the tax collector. A. H. Partridge has removed to Austin, Texas. The philosopher's stone: Advertise—in the ARGUS. The sleighing got seriously "whipped" on Tuesday.

See the advertisement of Jacob Haller in our column. He has a fine stock of Holiday goods. The high wind of Wednesday night made sal, roofs, etc.

The tax gatherer has his headquarters at the Store of C. Bliss & Sons, from 9 A. M. to 5 P. M., each day. On Saturday morning last the City Ward, of M. E. Seabolt, in the Fifth Ward, was consumed by fire. The Circuit Court adjourned on Tuesday morning. Cause: the death of an nephew of Judge Crane.

The letter of J. M. Wheeler, descriptive of Holland cities and scenery—in this ARGUS—will be found exceedingly interesting. It is if it blows any "bigger gun" at us during Wednesday night than at the south end of State Street, we are glad we are on land. The examination of ex-City Treasurer Webster on the charge of embezzlement—set down for Friday morning last—was postponed for 30 days.

The Supervisors allowed themselves for 28 days service and the janitors for 20 days. Which members of the Board "swept and fixed up" the other eight days. The prosecution was conducted by Prosecuting Attorney Allen, assisted by A. J. Sawyer, and the prisoners defended by R. E. Frazer, D. Camer, and E. D. Kinne.

The trial developed new facts not already before our readers, except that Ezra Marsh, by his own statement struck the fatal blow, and not Walter Metcalf as testified to by Mr. Cassidy. A friend has furnished us a very interesting abstract of the remarks of Rev. Dr. Wines, Secretary of the National Prison Reform Association, made on Tuesday evening at the Baptist Church.

On Friday afternoon last the horse attached to the delivery sleigh of L. C. Rison, took fright, near the northeast corner of the Court House square, upsetting the sleigh and considerably injuring the driver, Wm. Kennedy.

On Thanksgiving evening the Gleaner students in the several departments of the University, gave a supper at Cook's Hotel, to the Faculty and a few invited guests. The usual number of after supper speeches were made.

Dr. Holland is to lecture at the University Hall this evening—in the S. L. A. course. Subject: "The Elements of Personal Power." Dr. Holland is so well known as lecturer and writer that no words of advice are necessary to the lecture-going public.

Paper costs money, pork and potatoes ditto, and printers must be paid in cash every Saturday night; and yet the subscribers to the ARGUS—or a large portion of them—act as though we could furnish them a paper indefinitely without pay. Why is this?

The Camilla Uro concert troupe—vocal and instrumental—appear in the S. L. A. course, at University Hall, next Wednesday evening. Dec. 10th. Camilla Uro has a world-wide reputation as a violinist, and the accompanying artists are said to be first-class.

In the Circuit Court on Monday last young Warren who shot his cousin, Hiram Warren, in Salem, in September last, just to scare "him," having previously plead guilty to a charge of manslaughter in the degree, was sentenced to imprisonment in the Detroit House of Correction for one year and six months.

A petition was presented to the Common Council on Monday evening, in the interest of a rather troublesome and reckless student (of the law department we believe), demanding the abolition of the police force. Perhaps non-residents ought to be permitted to take the government of the city into their keeping.

Dr. Sager started for the South on Wednesday, in pursuit of health and rest, accompanied by his wife. Their first stopping place will be Atlanta, Georgia, where, we believe, a former partner of Dr. Sager resides. From there they will go to Savannah, and then probably to Florida. We shall hope to welcome the Dr. back next spring greatly improved in condition.

State Street, south of its junction with North University Avenue, is now a legalized macadam road from 2 o'clock P. M. to 5 P. M., each afternoon (Sunday, perhaps, excepted), that is, if it is not suspended or suspended or amended by ordinance or resolution. If the City Fathers put themselves in front of the First Ward school house as its three hundred children are dismissed in the afternoon, they might get an idea that their action was hasty and unwise.

Considerable excitement was created in our city on Saturday last by the announcement that the Messrs. Whitaker, of Lima, had failed. I. M. and Byron C. being carried down by indebtedness to their brother, S. D., who has been a large cattle buyer for some years. The Dexter correspondent of the Detroit Tribune notices the failure in this wise:

Stephen D. Whitaker, residing in the township of Lima, near Chelsea, has failed with liabilities amounting to about \$20,000, including a mortgage on his farm for about \$5,000. Mr. Whitaker is nominally a farmer, but for many years has operated as a dealer in cattle, horses, and a driver, and in this way he lost his money. The worst feature of this failure is that it involved two younger brothers in ruin, Isaac M. Whitaker and Byron C. Whitaker, who have been endorsing Stephen D.'s paper for some time back, and at the time of his failure were on his paper to the amount of about \$10,000, which added to an equal indebtedness of their own, makes a liability on their part of over \$32,000. They are thus coming to their knowledge, they looked up their creditors, and, on showing, under their condition, both debtors and creditors thought it best to make an assignment, which is about being accomplished, to Messrs. Noyes & Co. of Chelsea; Charles S. Gregory, of Dexter; and W. D. Harriman, of Ann Arbor. The total net worth of the firm is about \$35,000, or \$4,000 more than liabilities.

In another column we will find a notice of the annual meeting of the Washington County Agricultural and Horticultural Society, to be held at the Court House in this city, on Tuesday, the 10th inst. It is desirable and important that there be a large attendance of the members and a full and frank discussion of the interests of the Society. For want of harmony among officers, and a general apathy of the fair-going public, the recent year of the Society cannot be pronounced a success. New life and better feeling must be created or it is nearly useless to "go through the motions" of an annual fair. The farmers, stock-breeders, and wool-growers of this county—as well as the horse men—should be on hand at the annual meeting.

Doings of the Common Council. Council met on Monday evening—absent the Mayor and Ald. Deuel. Ald. Leland in the chair.

A petition was received from J. E. Sumner and others, asking that the ordinance prohibiting driving faster than six miles an hour might be suspended, so as not to apply to State street. On motion it was ordered that said ordinance should not apply to State street between the hours of two and five each afternoon.

W. H. Harper presented a petition, signed by himself and others, making charges against the City Attorney and Policemen Seabolt and Felch, and demanding their removal. Laid on the table, and a committee appointed to investigate.

The examination of Webster was postponed for 30 days. The Supervisors allowed themselves for 28 days service and the janitors for 20 days. Which members of the Board "swept and fixed up" the other eight days.

Whitaker, who have been endorsing Stephen D.'s paper for some time back, and at the time of his failure were on his paper to the amount of about \$10,000, which added to an equal indebtedness of their own, makes a liability on their part of over \$32,000. They are thus coming to their knowledge, they looked up their creditors, and, on showing, under their condition, both debtors and creditors thought it best to make an assignment, which is about being accomplished, to Messrs. Noyes & Co. of Chelsea; Charles S. Gregory, of Dexter; and W. D. Harriman, of Ann Arbor. The total net worth of the firm is about \$35,000, or \$4,000 more than liabilities.

In another column we will find a notice of the annual meeting of the Washington County Agricultural and Horticultural Society, to be held at the Court House in this city, on Tuesday, the 10th inst. It is desirable and important that there be a large attendance of the members and a full and frank discussion of the interests of the Society. For want of harmony among officers, and a general apathy of the fair-going public, the recent year of the Society cannot be pronounced a success. New life and better feeling must be created or it is nearly useless to "go through the motions" of an annual fair. The farmers, stock-breeders, and wool-growers of this county—as well as the horse men—should be on hand at the annual meeting.

Dr. Sager started for the South on Wednesday, in pursuit of health and rest, accompanied by his wife. Their first stopping place will be Atlanta, Georgia, where, we believe, a former partner of Dr. Sager resides. From there they will go to Savannah, and then probably to Florida. We shall hope to welcome the Dr. back next spring greatly improved in condition.

State Street, south of its junction with North University Avenue, is now a legalized macadam road from 2 o'clock P. M. to 5 P. M., each afternoon (Sunday, perhaps, excepted), that is, if it is not suspended or suspended or amended by ordinance or resolution. If the City Fathers put themselves in front of the First Ward school house as its three hundred children are dismissed in the afternoon, they might get an idea that their action was hasty and unwise.

Considerable excitement was created in our city on Saturday last by the announcement that the Messrs. Whitaker, of Lima, had failed. I. M. and Byron C. being carried down by indebtedness to their brother, S. D., who has been a large cattle buyer for some years. The Dexter correspondent of the Detroit Tribune notices the failure in this wise:

Stephen D. Whitaker, residing in the township of Lima, near Chelsea, has failed with liabilities amounting to about \$20,000, including a mortgage on his farm for about \$5,000. Mr. Whitaker is nominally a farmer, but for many years has operated as a dealer in cattle, horses, and a driver, and in this way he lost his money. The worst feature of this failure is that it involved two younger brothers in ruin, Isaac M. Whitaker and Byron C. Whitaker, who have been endorsing Stephen D.'s paper for some time back, and at the time of his failure were on his paper to the amount of about \$10,000, which added to an equal indebtedness of their own, makes a liability on their part of over \$32,000. They are thus coming to their knowledge, they looked up their creditors, and, on showing, under their condition, both debtors and creditors thought it best to make an assignment, which is about being accomplished, to Messrs. Noyes & Co. of Chelsea; Charles S. Gregory, of Dexter; and W. D. Harriman, of Ann Arbor. The total net worth of the firm is about \$35,000, or \$4,000 more than liabilities.

Thirty years' experience of an old nurse. Mrs. Winslow's Soothing Syrup is the prescription of one of the best Female Physicians and Nurses in the United States, and has been used for thirty years with never failing safety and success by millions of mothers and children, from the feeble infant of one week old to the adult. It cures colic, soothes the stomach, relieves wind, regulates the bowels, and gives rest, health and comfort to mother and child. We believe it to be the best of all remedies in the world in all cases of DYSENTERY and DIARRHOEA IN CHILDREN, whether arising from Teething or by other causes. Full directions for using will accompany each bottle. Some Sentinels unless the facsimile of CURTIS & BROWN is on the outside wrapper. Sold by all Medicine Dealers. 14391

Centaur Liniment. There is no pain which the Centaur Liniment will not relieve, no swelling it will not subside, and no lameness which it will not cure. This is strong language, but it is true. Where the parts are not gone, its effects are marvelous. It has produced more cures of rheumatism, neuralgia, lock-jaw, palsy, sprains, swellings, caked breasts, scalds, burns, salt-rheum, ear-ache, etc., upon the human frame, and of strains, sprains, galls, &c., upon animals in one year than have had all other pretended remedies since the world began. Cripples throw away their crutches, the lame walk, poisonous bites are rendered harmless and the wounded are healed without a scar. It is no humbug. The recipe is published around each bottle. It is selling as no article ever before sold, and it sells because it does just what it pretends to do. Those who now suffer from rheumatism, pain or swelling deserve to suffer if they will not use Centaur Liniment. More than 1,000 certificates of remarkable cures, including frozen limbs, chronic-rheumatism, gout, running tumors, &c., have been received. We will send a circular containing certificates, the recipe, &c., gratis, to any one requesting it. One bottle of the yellow paper Centaur Liniment is worth one hundred dollars for spavin or sweated horses and mules, or for screw-worm in sheep. Stock-owners—this liniment is worth your attention. No family should be without Centaur Liniment. Price 50 cts, large bottles \$1. J. B. Rose & Co., 35 Broadway, New York.

CASTORIA is more than a substitute for Castor Oil. It is the only safe article in existence which is certain to assimilate the food, regulate the bowels, cure wind-colic and produce natural sleep. DIED. At the residence of her son Jacob H. Hicks, of Lodi Plains, Mich., very suddenly, Mrs. SARAH HICKS, aged 78 years. A native of Ulster Co., N. Y., she moved with her parents to Seneca, near Geneva, N. Y., in 1812. During the next year was married to Col. Jas. S. Hicks, with whom she lived most happily for 57 years and whom she survived about three years. In 1850 they settled in Lodi, Mich. Soon after her marriage she and her husband united with the Presbyterian church in Geneva, and during the remainder of her life her earnest attachment to Christ and Christian people knew no abatement. Her family circle and the place of public worship were of all places most pleasant to her. So complete was her confidence in her blessed Redeemer, she often expressed a desire to be called home to rest before the weariness of age became a burden. Retiring for the night in apparently good health, she was found in the morning as all who knew her best believed, asleep in Jesus, blessed sleep from which none ever wake to weep.

Detroit Live Stock Market. From the Detroit Free Press. MICHIGAN CENTRAL CATTLE YARDS } Monday, Dec. 1. There has been no change in the character of the shipments for the past week, and local operators continue to enjoy a monopoly in the offerings. The absence of cattle from outside markets forms a remarkable period in the history of this market, and the cause thereof is not yet made manifest. Hogs arrive in liberal quantities via the Detroit & El River Railroad and a medium quantity from the Chicago market. At the present time every farmer's leisure brings in his stock instead of selling to the drover, thus entirely changing the order of things and making droving close work. Receipts for the past week and the corresponding week last year were as follows: Cattle. Hogs. Sheep. Week ending December 1, 346 8,247 2,136 Week ending Dec. 2, 1872, 301 7,962 1,900 Receipts in cattle from Chicago have almost entirely fallen off, and in hogs stand 1,634 against—head last week.

King of the Blood. SCROFULOUS SORES. Case.—I was for several months unable to walk without crutches in consequence of Scrofulous Sores upon my ankles. They were indolent ulcers of a very bad character. I was cured by the use of DeWitt's King of the Blood, and I used several bottles as directed. I am now entirely recovered from my lameness, although my ankle is badly scarred. G. W. HOLLENSBROOK, Toledo, Ohio. See advertisement in another column.
