If you wish for a good smoke, call at W. W. Blue's, where he has put in a fine line of shag and cigars, and has the finest fire cut pipe to be found in the city. Look out for a lot of clothing that he is to sell at auction this week, or at your own prices at private sale.

One hundred and seventy-five thousand dollars worth of moving machines at one shipment shows the popularity of the implement and as harvest is drawing nigh, farmers intending to buy will do well to look into the merits of the Champion, sold in this city by Messrs. Rogers.

Last Friday evening Washington Lodge No. 9, I. O. O. F., elected the following officers for the ensuing term: Chas. H. Manly, N. G.; John Harris, Jr., V. G.; Hudson T. Morton, Secy.; Dr. P. B. Rose, Treas.; Dr. C. George, P. M. The installation of officers takes place this evening.

David Gore, of this city, after trying in vain every mild measure to persuade Jake Etilebas to pay a small debt, gave up in despair, and meeting Etilebas on the street Wednesday last, proceeded to fight it out. Justice McMahon happened that way and separated the combatants, but not until Etilebas had received a severe chastisement.

Prof. A. K. Spence of Fisk University, Nashville, Tenn., will give some account, at the Congregational church, on Sunday afternoon at 4 o'clock, of the educational and religious work done among the colored people of the South. We are sure that the many friends of Prof. Spence in this city will be glad of this opportunity to hear him.

A genuine ghost is reported to be roaming through the woods, between the railroad and McMahon mill dam, two miles above the city. To the great annoyance of fishermen who insist that region evenings, none of whom desire to go there a second time. The "old fellow" was said to be a first-class orator and displays his eloquence each evening.

Wood has been coming in more freely during the past week, the prices paid being from 25 to 40 cents per pound, the latter being for extra mild grades. Quite an amount of smoking wood has been sold at 45 cents. The total purchases for the season by the principal buyers up to last evening, was: Mack & Schmidt, 28,000 lbs.; Bach & Abel, 35,000 lbs.

At a late hour on Wednesday evening, R. F. Frazer was interviewed at his residence by several students, who stated that their trunks had been seized by boarding house keepers for reasons of board, and wanted to know what the law would do in their behalf. They were told that the "grab" was perfectly regular, and there was no remedy but to "come down" with the cash.

Thomas White, Sheriff Fleming's Turnkey, while playing with the hired girl at the jail one day last week, was thrown against the door in the kitchen, and considerably hurt. No serious was anticipated as the result of the "little good time" until the young man called on Dr. Lewis, when it was discovered that one rib was broken, and other severe bruises sustained.

John Nehouse, of Chelsea, came to town Saturday, got drunk and used naughty language upon the street. The "Chief" happened around, took possession of him and started for the jail. When about half way thence John seized the baton and his guide. He was compelled, however, to finish the trip, and Monday it cost him \$35 to foot the bill.

THE GLORIOUS FOURTH.

PREPARATIONS FOR ITS CELEBRATION.

Six Military Companies to Take Part.

The committees are still at work perfecting arrangements for the coming celebration of the birthday of our nation, and it promises to be one of the finest ever held in this region and every worthy day and our city. The committee offers a programme which will be ample for the entertainment and enjoyment of all.

To begin with, we have an able and polished speaker to deliver the oration, who will give us something new and worth hearing. Second, five military companies will be here from abroad—company C. of Detroit, company D. of Adrian, company E. of Ypsilanti, company F. of Ypsilanti, and company G. of Ypsilanti.

These companies are all well versed in military tactics, and some fine drilling may be expected, in which they will be handsomely aided by company B. of this city, under command of Colonel W. H. Withington of the 1st Regiment.

The military procession will be something grand, and worth coming miles to see. Third, the German Workingmen's Society of this city, and the Father Matthew Temperance Society of Detroit, will hold picnics at Relief and Turn Verein parks in the afternoon and evening, at which there will be sports, games and dancing.

The Pioneer Society will also hold a picnic in the Opera House during the day. Fourth, there will be a grand display of fireworks in the evening, consisting of rare and beautiful triumphs of pyrotechnical science, such as have never before been witnessed in this city. These are only some of the leading features of the day and its pleasures.

The railroads all run trains at half-fare rates, which will bring the trip to our beautiful city financially within the reach of all.

We once more extend a hearty invitation to our neighbors, far and near, to come and join with us in celebrating and enjoying the 99th anniversary of the birth of our Republic, and we are sure that nothing will be left undone that will tend to their full pleasure and enjoyment.

High School "Commencement."

The graduating exercises of the Senior class of the High School took place on Friday morning last at the Union School Hall, commencing at 10 o'clock A. M. The hall was tastefully decorated with wreaths and festoons of evergreens, hanging baskets of flowers, and pictures.

The platform was occupied by the teachers of the High School, members of the School Board, and other prominent citizens. The exercises were conducted according to the following programme:

Wool Time Again.
Now as wool time is around again for her annual tour, and that time has promised me money, I want every man that owes me to make the quickest time possible to pay me the amount due. You have had my goods; now I am after the pay. Your sacking more time, on account of poor crops or low prices, will do you no good, and is of no use to me—it don't pay my debts, nor buy my bread and butter. Now I mean business, and just this kind of business too, because there is but very little of any other kind, and this must be attended to without delay. Give this call your early attention, or the next call will be delivered to you at your door, or any other place where you may be found.

Letters from Druggists.
There is no case of Dyspepsia that Green's August Flower will not cure. Come to the Drug Store of Eberbach & Co. and inquire about it. If you suffer from Constipation, Sick Headache, Sour Stomach, Indigestion, Liver Complaint, or derangement of the Stomach or Liver, try it. Two or three doses will relieve you. Boecher's German Syrup is now sold by Eberbach & Co. It is a great remedy for Cough, Croup, Whooping Cough, and all the ailments of the throat and lungs. We have not less than five hundred letters from Druggists, saying it is the best medicine they ever sold for Consumption, Throat or Lung disease. Sample bottles of both 10 cents each. Regular size 75 cents.

WEEKLY MARKET REVIEW.

Foreign Markets.

The Mark Lane Express speaks of advances in wheat in some of the English markets, and reports the supply in Britain at only 4,433 qrs. more than last year at this time, but with prices 19 3/4 less than at that time. This showing would, on the whole, be favorable to a strong market on the basis of present prices—that is, that present prices ought to be maintained. But yet this fact should be borne in mind, that last year the supply of coarse grains was short, causing a large draft upon the wheat supply to meet the shortage. Yet the decline on the year was as stated. With a market of a full stock of coarse grains the coming season, and with the stock of wheat slightly in excess of what was a year ago, reasoning from cause to effect would lead us to look for still lower prices, but the market is subject to so many contingencies that it would be unsafe to accept that conclusion simply upon those premises.

Eastern Markets.

Comparative quotations show a decline on the week on all grains in the New York market. The present week, however, opened with an improved feeling, but it is not likely there will be very much interest to the market until the growing crop begins to be harvested, and in the southern portion of the wheat-growing belt will be very soon. Live stock was weak in New York on Monday, at 25a50c off from the previous Monday, native steers and oxen being at the range of \$9a31 1/2. Sheep were very dull at \$4 1/2a5 1/2. Hogs were slightly better. The eastern wool market has nothing of interest.

Detroit Markets.

Prices of grain ruled quiet steady during last week at about \$1 1/2 for white wheat, \$1 1/2 for No. 1, and \$1 1/2 for amber. On Saturday, however, there was a better demand, with an advance of 1c, the market opening the present week with the advance sustained. Limited receipts, consequent upon the present busy season with farmers, is no doubt one reason for this. Corn nominal at 50c, and oats at 52a53 for mixed. Butter is rather weak at 18a20, the latter only for a few lots of choice. Cheese at 10a11 1/2. Eggs remain firm at 7c, with the supply of strictly fresh rather short from a week ago. Reports of the wool market from different parts of the State do not vary from those of last week. The city is in fact sold at 30a40 for clothing wools, and 45a60 for combing. The cattle market is greatly depressed, the sales being at 10c, and the supply is in excess of the demand just at this time. One sale of 4 extra Michigan steers at \$6, with the average of transactions at \$5a5 1/2. Inferior grades at \$3a5. Fat sheep, 7a9 1/2, \$4 1/2a5 1/2.
