GREAT preparations are being made for the thirtieth annual fair of the Michigan State Agricultural Society to be held in Detroit September 16-20. All the railroads give half fare.

The ninth annual fair of the State Pomological Society is to be held in Detroit September 16-20, in connection with the State Fair. The premium list for fruits and flowers aggregates \$1,000.

THE Allegan Democrat having kicked over the traces and joined the National-Greenback party a new Democratic paper is proposed. The sturdy Democracy of Allegan don't propose to follow the skekdaddler.

THE First National Bank of Grand Rapids has applied for an increase of its circulation from \$100,000 to \$200,000. This is one of the national banks in which Henry S. Smith, the National-Greenback candidate for Governor, is a stockholder. Is Smith after more of the sinews of war?

LIKE the Frenchman, Bro. Clute, of the Three Rivers Reporter, an original greenbacker, is "very much disgusted" because Thomas R. Sherwood, a Kalamazoo lawyer, carried too many guns for him in the Congressional Convention. Clute don't consider life worth living longer: that is politically.

JAMES S. UPTON, of Battle Creek, is the Democratic candidate for Congress in the Third district. Mr. Upton is a threshing machine manufacturer and ought to be able to give both his Republican and Greenback opponents a model threshing. Just run them through one of your machines Mr. U.

FOR CONGRESS, IRA B. CARD. The Democratic Congressional Convention which met at Adrian on Friday last did a sensible thing thing in nominating Hon. Ira B. Card, of Hillsdale, for Congress.

Mr. Card is an old resident of Hillsdale, where his reputation is that of an honorable and successful business man, and of an honest and clear-headed politician. He is reputed sound on the important political issues of the day, is in full sympathy with the Democracy of the country in condemning the measures of the Republican party which have brought ruin upon the country, and especially in the denunciation of the great frauds which placed a fraudulent President in the White House.

He is also on record in favor of honest money, and against the perpetuation and further issue of an irredeemable currency, believing in the language of the State Convention of which he was an active member, that "gold and silver coin is the money of the Constitution, and that all paper currency should be convertible into such coin at the will of the holder."

WE anticipate that Mr. Card will make a good showing in Hillsdale county, despite the boasts of the new convert to greenbackism, Mr. Thomas, and commend him to the cordial support of the Washtenaw Democracy.

If THERE is financial wisdom and financial honesty in the National-Greenback demand that the Government shall immediately call in all the bonds issued by authority of Congress, paying them in greenbacks, and that in the future no interest-bearing bonds shall ever be authorized or issued, the Board of Supervisors of this county has a duty to perform to the taxpayers at the coming annual session which cannot be well ignored. Let it pass a resolution calling upon the holders of the \$24,000 of bonds issued in aid of the new Court House to surrender the same and accept in lieu thereof the non-interest bearing warrants of the county, with no date or place of payment.

THE President has surrendered the entire patronage of the government in the State of New York to Mr. Conkling, and thrown in New England as a peace offering, it would have made little difference. The unpardonable sin was committed in Cincinnati in receiving a fraction which the Senator coveted, and to which he felt entitled.

WALTER H. SHUPE, of the Advocate, a New York Journal of the National-Greenback-Labor persuasion, and M. M., better known as Brick Pomeroy, the great mogul of the same party in the West, evidently don't feel very brotherly toward each other. In his issue of July 17, Mr. Shupe gives publication to a letter over his own signature, ordering a \$100 advertisement into the Democrat, Pomeroy's organ.

CONGRESSIONAL CONVENTION. Pursuant to call the Democratic delegates from the several counties constituting the Second Congressional district met at Dean's Opera House in Adrian on Friday, August 2.

Hon. Charles S. Gregory, of Washtenaw, was temporary presiding officer, and Hon. W. D. Harriman, of the same county, permanent chairman.

On the first informal ballot, Ira B. Card, of Hillsdale, and Willard Stearns, of Lenawee, having been presented to the Convention as candidates, the vote stood:

Card, 23; Stearns, 17. Total, 40.

Mr. Card appeared before the convention, returned thanks for the nomination, and promised a faithful discharge of the duties of the office if elected.

Mr. Gregory, of Washtenaw, in accordance with the instructions of the Third Representative district convention, offered the following resolutions which were adopted:

Resolved, That the Democracy of this Congressional District are unalterably opposed to those pet institutions of the Republican party, the national banks, whose bills are neither a legal tender for debts between man and man, nor redeemable in coin.

Resolved, That the Democracy of this Congressional District are unalterably opposed to those pet institutions of the Republican party, the national banks, whose bills are neither a legal tender for debts between man and man, nor redeemable in coin.

It was probably due to the unselfish and patriotic labors of James G. Blaine that all reference to President Hayes was kept out of the Maine Republican platform.

THE annual reunion of the Eighteenth Michigan Infantry will be held at Hillsdale, August 28.

MR. Peter Hackett, of Ionia, has brought for the agent Daniel B. Dixon, paying damages at \$100.

THE first patient received at the new Pontiac insane asylum was Mrs. S. V. Warden, of Unadilla, Livingston county.

The Courier may pitch into and vilify private citizens, officials, residents and non-residents, week in and week out of the year through, and the Register may scatter its compliments about as impartially and promiscuously, and yet the sun, moon, and stars continue their routine work; but just because the Anous permitted a correspondent to obey the injunction of Mr. Chick and "make an effort" to puncture somewhat inflated notions, or dash cold water on one whose noble motto has been "Politics needs missionaries more than the heathen" (and such a missionary, with all its "to pay no heed to heat") and a new daily and weekly Democratic party is advertised. Such is life and such is luck. It remains to be seen, however, whether or no the proposed publisher knows what "sound" or "true" Democracy is. Up to this time the public is decidedly in doubt on that point; his numerous brilliant speeches made in utter darkness of 1875 having led it in during darkness, and no subsequent enunciations having thrown a single ray of light upon the subject.

—On Friday last the delegates from this city to the Democratic Congressional Convention at Adrian went by the T. & A. and M. S. —Judging from the number of houses reported deserted and searched by burglars, with "nothing missing," one would be led to suppose that the marauders are either very particular, are practicing, or are idiots bent on mischief instead of plunder. In other houses family clothing and stores have been overhauled and left.

—Sometimes ago we advised the ANOUS readers that a joint discussion of the financial questions of the day had been agreed upon between W. S. —George Colt, Jr., University graduate of Chicago has ever attempted to approach it in its equipment of Pullman Hotel and Sleeping Coach. It alone, of all the western roads, is expected to have the date and hour of this line open to the traveler between Chicago and the Missouri river procure the comforts and luxuries that there are along can furnish. Other lines may talk of dining cars, and six-wheeled coaches, but no other of them can offer you a Pullman or any other form of Hotel car. These cars combine great luxury with the greatest obtainable comfort, and at no increase in expense over the common old fashioned and ordinary sleeping car. The arrival of those that travel on this line to know how those cars afford to run them and how comfortable and pleasant it is to travel in the old fashioned sleeper. The answer is found in the great volume of travel this road is carrying. The thousands flock to its lines where the hundreds seek its company. We are sure that no one who has once seen these cars would ever use any other if traveling in this direction.

—They are not for the exclusive use of the rich, but are just as comfortable and elegant for the poorer traveler—costing to occupy these cars, no more than does the occupancy of the old fashioned sleeper, no one need for fear of expense, be prevented from using them. In fact, the traveling public who speak, with the Californians, and have attracted the majority of that class of travel. George P. Glazer to Mary A. Durand, lot in block 3, Chelsea, \$5,000.

—In the last number of the Ypsilanti Commercial Bro. Patterson announces that he has leased the Commercial office in all its departments until March 1, 1880, to Charles Moore. His "resumes" of his connection with the Commercial and of the big jobs he has had on his hands is all over pattern.

—George Colt, Jr., University graduate of Chicago has ever attempted to approach it in its equipment of Pullman Hotel and Sleeping Coach. It alone, of all the western roads, is expected to have the date and hour of this line open to the traveler between Chicago and the Missouri river procure the comforts and luxuries that there are along can furnish. Other lines may talk of dining cars, and six-wheeled coaches, but no other of them can offer you a Pullman or any other form of Hotel car. These cars combine great luxury with the greatest obtainable comfort, and at no increase in expense over the common old fashioned and ordinary sleeping car. The arrival of those that travel on this line to know how those cars afford to run them and how comfortable and pleasant it is to travel in the old fashioned sleeper. The answer is found in the great volume of travel this road is carrying. The thousands flock to its lines where the hundreds seek its company. We are sure that no one who has once seen these cars would ever use any other if traveling in this direction.

—They are not for the exclusive use of the rich, but are just as comfortable and elegant for the poorer traveler—costing to occupy these cars, no more than does the occupancy of the old fashioned sleeper, no one need for fear of expense, be prevented from using them. In fact, the traveling public who speak, with the Californians, and have attracted the majority of that class of travel. George P. Glazer to Mary A. Durand, lot in block 3, Chelsea, \$5,000.

—A prominent greenbacker from a corner town in this city a few days ago, and very ungraciously poked fun at the financial resolutions of the Democratic Congressional Convention recently held at Adrian. He said greenbackers were not to be caught with such thin bait.

—On Tuesday two hundred male patients were transferred from the insane asylum at Kalamazoo to the new asylum at Pontiac. One hundred female patients will be soon transferred. Among the transfers, as we understand, are the Washtenaw patients.

—It is announced, we are not advised on what authority, that Prof. Ten Brook, late librarian of the University, will in the coming October "open a boarding school for American ladies at Geneva, Switzerland, the great resort for European tourists."

—Michael Donahue has been elected 3d Vice-President of the Reform Club.

—J. A. Parks, Esq., of Toledo, will address the Reform Club next Sunday evening.

—R. E. Frerz had a good audience at the Opera House on Sunday evening. Extra seating was necessary. After the speech a dozen or so new members were enrolled.

—There has been a session from the Ypsilanti Reform Club, caused by the adoption of a resolution closing the card and billiard rooms, and a new club organized, with M. M. Corey President and M. T. Woodruff Secretary.

—The date of that temperance picnic at Whitmore Lake has been changed from August 17 to August 24, and will be a combined temperance and Sunday School picnic. Jerome Murray, of Toledo; Rev. R. B. Pope, of this city, and others are expected to speak.

—Rev. Henry Church, preached in the Presbyterian Church last Sunday last.

—Rev. M. C. Stanley, of the diocese of Indiana, who preaches every Sunday at Three Rivers, dividing his labors with the church at Mishawaka, Ind., is to reside in this city.

—A Chance to Invest Capital. We have one or twice called attention to the combined reaper and mower, invented by our townsman Frank Howard and manufactured by the Ann Arbor Agricultural Company.

—RANDOM NOTES. The Courier may pitch into and vilify private citizens, officials, residents and non-residents, week in and week out of the year through, and the Register may scatter its compliments about as impartially and promiscuously, and yet the sun, moon, and stars continue their routine work; but just because the Anous permitted a correspondent to obey the injunction of Mr. Chick and "make an effort" to puncture somewhat inflated notions, or dash cold water on one whose noble motto has been "Politics needs missionaries more than the heathen" (and such a missionary, with all its "to pay no heed to heat") and a new daily and weekly Democratic party is advertised. Such is life and such is luck. It remains to be seen, however, whether or no the proposed publisher knows what "sound" or "true" Democracy is. Up to this time the public is decidedly in doubt on that point; his numerous brilliant speeches made in utter darkness of 1875 having led it in during darkness, and no subsequent enunciations having thrown a single ray of light upon the subject.

—A Dealer Leader "Joseph Connor, well known in this village, was busy treading on Wednesday (July 31). In the evening he complained of not feeling very well and retired early. He died about one o'clock Thursday morning.

—On Wednesday morning Watson Geer, of Superior built a blood vessel on his right leg sore, and before he could reach his physician, seven miles away, came near bleeding to death.

—In Justice Granger's court on Monday a jury rendered a verdict of guilty against Daniel Maroney, of Northfield, a man over 60 years old, charged with an indecent assault upon a little girl 10 years old. Fined \$60 and costs, and an appeal taken.

—We saw a farmer in town a day or two ago who complained that he hadn't room to store his grain, and must either enlarge his storage or sell his wheat before he could bin his oats. And that farmer is not alone. With such a crop to sell, even at 90c, or 95c, a bushel the average farmer of Washtenaw County is better off than the middle man or the mechanic.

—On Friday last the delegates from this city to the Democratic Congressional Convention at Adrian went by the T. & A. and M. S. Railroad, spent nearly five hours in Adrian and returned the same day, reaching home about 7 p. m. An arrangement of time-tables could not make that possible every day Ann Arbor and Adrian could afford to be neighbors.

—Judging from the number of houses reported deserted and searched by burglars, with "nothing missing," one would be led to suppose that the marauders are either very particular, are practicing, or are idiots bent on mischief instead of plunder. In one instance a pailish shawl, a black lace shawl, a fine silk dress, solid silver spoons, and other valuables were left untouched, and the only articles missed were two napkin rings and a lady's pin. In other houses family clothing and stores have been overhauled and left.
