—None of our readers can afford to fail to read the address of President Angell, elsewhere published in this issue of the ARGUS. It is one of the most brilliant and argumentative addresses ever delivered in behalf of the higher education of the poor and middle classes of the young men who are striving to acquire a degree of intelligence above that attainable in the inferior schools.—One cannot peruse it without feeling a sense of pride rise up within him over the fact that we have such educational facilities in our midst, and at its head, a gentleman so competent to lead, to speak, and urge upon the people of Michigan the necessity of maintaining the wide reputation she has acquired in the liberal education of her children. No apology is needed for the space it occupies.

Have you ever examined Bach & Abel's Black Silks? They are 20 per cent cheaper than any other house in the city—reason why? They buy direct from the importer and save a middleman's profit. Their \$1.17 and \$1.39 Black Silk astonishes every one. 12-1f

All through the year Bach & Abel will be constantly receiving new goods, and large quantities of jobs, and would be pleased to have you test what would appear to be bold assertions on their part. 12-1f

The reason why Bach & Abel sell more Ties, Handkerchiefs, Ruchings, Collars and Cuffs than any other house in the city, is because a lady can find just what she wants by going there.

Bach & Abel guarantee their 50c Corsets just as good as sold in other houses for 75c.

The White has self-setting needles, self threading shuttle feed on both side of the needle, and makes the fastest time on record. Its sales are already greater than the sales of all the other machines combined. It is of course sold by L. L. Grinnell, the most successful agent ever in the county and one who has had more experience already in new machines than any other agent in the county will have had in any ten years.

Bach & Abel offer for the next thirty days, 3 cases of Bleached Muslin, equal in value to Fruit of the Loom, Wamsutter or New York Mills, at 9c per yard 5 bars of the best Brown Cottons in the market at 8 cents per yard. Never before have such inducements been offered in this line as are offered this month.

The White is not only the stiffest but it is also the lightest running shuttle machine in the world, besides it never oils the work being nearly as clean as a hand needle.

Bach & Abel have just received 25 dozen more of their magnificent Kid Gloves at 50 cents per pair; same quality as retailed elsewhere at 75 cents and \$1.

Bach & Abel's is the first house in Ann Arbor to pull down that fatal sign "credit" and hold it in place that other that wins every time, Cash Down. Big bargains in store for the ladies of Ann Arbor at Bach & Abel's for 1873. 12-1f

The exercises are to begin at 11 A. M., and at 1 P. M. a dinner will be served in the vestry by the ladies of the church. A time of general interest is expected.
