

My Upsidedown World!

Darkness... A flash from the stars. Then
my world appears and tells me their name.

I hear "Nora! Hi Nora!"
It all comes into focus...

11 years later

Ring! The bottom of shoes press against
the cold, hard stone. I see Sara sitting
under a tree working on her math
homework. Her light blond hair twirls
around her finger. The sun shimmers
against her bright green eyes. I walk over.

She looks up at me then stands up.

"Ready to walk home?"

She nods.

We start walking toward our neighborhood.

The trees dance in the wind.

I glimpse something in the sky.

Then I realize it was heading right toward
us! It was a meteor!

"Run!" calls Sara.

I run toward home.

I look back and see it's following me! I run faster and faster!

CRASH!

The meteor crashes right in front of me! I was about to touch it but Sara pulls me back.

"You could have been killed!" I could see her face was as pale as stone.

I shrug. I turn back to touch it.

But Sara grabs my hand

"Stop. Don't touch it. Please.

Before you make your decision I have to tell you something...

She trailed off.

"It's that... well **I'M ONLY HALF HUMAN!**" My mouth flung open.

"The star gods told me that I should come to tell you... you're in danger!"

"Well I'm not now! The meteor already crashed!"

"Trust me don't touch it!"

"How can I trust you now!?"

I turned and touch the meteor.

Slowly I lead my fingers down and
down until.. Click! Confused I took my
fingers off.
Then it all went black...
To be continued...
